Admiral Linc Plans Mexico Coast Cruise

Mexico's colorful seacoast is to be skirted in a leisurely fourteen-day cruise by the Admiral liner Dorothy Alexander, according to plans announced yesterday by R. R. Schutten, assistant general passenger agent of the line. Mazatlan is to be the southern terminus of the trip and the start is scheduled for May 18, next.

A two-day visit will be paid Mazatlan, while stops en route will include Guaymas, La Paz and Ensenada. Schutten states the cruise is limited to 200 first-class passengers and reservations already have begun.

Special accommodations have been arranged for family groups, and an educational director will accompany the party, to instruct children.

Mme. Delius, 90-year-old mother of Frederick Delius, a famous British composer, recently flew by airplane from La Bourget, France, to Croydon, England.

FILM CZAR FILES SUIT

Will Hays Asks for Divorce

Incompatibility Asserted and Custody of Son Requested

Journey for Wife Reports Proper Settlements Have Been Agreed On

SULLIVAN (Ind.) April 18. (AP)—Will H. Hays, president of the Motion Picture Producers and Distributors of America, today filed a petition in Circuit Court for divorce from Helen Thomas Hays of this city to whom he was married in 1905.

Incompatibility was given as the basis by the divorce petition. Hays asked custody of their 14-year-old son.

SEPARATED FOR YEARS

Mr. and Mrs. Hays were married at Crawfordsville, Ind., where Mrs. Hays's father, Judge A. D. Thomas, resided. They have not lived together for several years.

Mr. Hays was Republican national chairman in 1920, and was Postmaster-General under President Harding.

He left this post to become head of the motion-picture producers' association. He formerly was chairman of the Republican State committee in Indiana.

H. E. Foley, an Indianapolis attorney, entered an appearance for Mr. Hays. Foley was a classmate of Hays at Wabash College and for a time was the law partner of Judge Thomas.

SETTLEMENTS MADE

In a statement Foley said: "I am familiar with all the circumstances in the case. For several years, because of incompatibility, they have not lived together. Proper settlements have been agreed upon and the custody of the son is to be given to the father."

The petition was filed in behalf of Hays by Alonzo G. Owens of the law firm of Hays by Sullivan.

...iver Parley Will Reconvene at Yuma Today

YUMA, April 18. (AP)—The Colorado River Commission will reconvene here tomorrow morning for the first time since informal conferences with members of the California Colorado River Commission relative to a tri-State agreement for the development of the river will be recommenced.

The conferences which will last for two days is a continuation of an informal meeting held in Los Angeles recently.

CYRIL MAUDE IMPROVES

LONDON, April 18. (AP)—The celebrated English actor and theatrical manager, Cyril Maude, who is seriously ill with inflammation of the lungs was reported slightly improved this afternoon.

Will Rogers Remarks:

BOSTON, April 18.—[To the Editor of The Times:] This city of Boston has a holiday tomorrow. It's Clarence de Mar Day. He celebrates Paul Revere Day by running the same course quicker on foot than Paul did on a horse.

I see where the Democratic campaign deficit department has called a meeting to be held at the Ritz in New York. We never thought we would ever see the day that we would see Democrats meeting at a Ritz hotel. They are just living above their means, that's all the matter with them.

Yours,
WILL ROGERS.

SUPERMEN IN OFFING

Nature's Work to be Improved

Science's Tools to Remake Human Kind Described at Meeting in East

Giants of Body and Mind and Disease-Resisting Types Forecast

PHILADELPHIA, April 18. (AP)—Tools that science is making to change human beings were described at the annual meeting of the American Philosophical Society today by Dr. Oscar Riddle of Carnegie Institution, Cold Springs Harbor, N. Y.

Changes forecast are increased stature at will, types of men specially resistant to disease, men with "overtowering intellect" and a "new and mellow tint to every outlook upon life."

Expected to control size is the hormone of the pituitary gland, an organ common to men and animals. After describing how feeding it to salamanders and rats nearly doubles their size, Dr. Riddle said:

LARGE STATURE HORMONE

"In these cases very large stature is a gift within the power of the experimentalist who is learning the use and special power of a specific hormone even while this substance is obtainable only in a very crude form. But this internal secretion is of much significance, since active and able attempts now are being made to isolate it in pure form; and because, when that is accomplished, this product will be used unquestionably and immediately, to increase the growth of human beings.

SUN LEAVES BYRD CAMP

Antarctic Night Creeps Down

Long Eerie Gray Twilight Lighted by Blaze of Aurora

Crack Appears in Ice Barrier as Cold Grows Intense With Darkness

BY RUSSELL OWEN

(Copyright, 1929, by the Los Angeles Times, New York Times and St. Louis Post Dispatch. All rights for publication reserved throughout the world.)

LITTLE AMERICA (Antarctica) April 18. (Exclusive)—The sun disappeared from our camp today. Yesterday it crawled along the horizon formed by the barrier to the north, a round ball of dull fire, as if seen through a thin haze and slid slowly out of sight. Today the upper part of it might have appeared again but there were clouds in the northern sky and only a red spot crept slowly westward, grew fainter and went away leaving a chill sunset. It may be visible a day or two more from the barrier top or the bay ice, but it will be next August before it shines again on our little hollow.

It has left a long twilight, an eerie gray light which almost imperceptibly fades into night, and this light will be with us in the middle of the day for some time. And it is curious that our sunset is in the north now and that in the south where the golden rays used to light the rolling barrier surface is the grim black line of approaching night.

AURORA LIGHTS NIGHT

With the going of the sun the cold has increased and last night it was again 40 deg. below zero, a calm clear night with the aurora blazing overhead. The magnificent and mysterious glow palpitating as if alive, sending its shivering curtains and streamers across the sky is an occurrence of almost every night and a night watchman has been appointed to note its volume and direction and character.

The watchman makes his headquarters in the library of the large house—which has been named after Edgar Barratt, the designer of it, the mess hall being named after his son Roswell—and in addition to keeping track of the aurora he keeps one eye on the wind and in the morning builds the fires. If he has time he washes his clothes and if in a particularly luxurious mood he takes a bath. As this duty is allotted alphabetically to everyone in camp, Commander Byrd had his turn early and only dropped two stove lids while making the kitchen fire.

BARRIER CRACKS

We have been interested the last few days in a crack which appeared some time ago in the barrier north of the camp. The general line of the camp is east and west and the barrier after a sweep north and then east turns northward for about thirteen miles. This crack appeared first during an easterly storm and was only a few inches wide at first and about 300 yards long.

It has now widened a few inches but it has not become perceptibly longer. It is about halfway up the slope of the hill to the north and only a short distance from camp.

Its general direction is east and west, but the western end turns after crossing a trail and heads toward the camp for a short distance before closing. Commander Byrd is under the impression that it is a contracting crack common to ice fields such as we are living on. An attempt has been made to plumb it, but the line goes down only about forty feet, indicating that it narrows at the bottom and that the greatest contraction is at the top where the temperature is lowest.

The aurora has probably been responsible for some radio vagaries which have occurred recently. Larry Gould, for instance, wished to communicate with the University of Michigan, but it was found that it was easier to reach Michigan through the university's short-wave station at Mt. Evans, Greenland, than direct. It is hoped that it will be possible during the periods of darkness at Mt. Evans and Little America to compare auroral phenomena by radio and learn something new about it. It never yet has been possible to know whether it occurred at the same time at both poles.

pre view

You will be startled by the revelations made in Los Angeles Times Annual Motion Picture Pre-View, out next Tuesday, April 23. Your friends back east will want to know all about the revolution in filmland. Order your extra copies now. Printed in beautiful rotogravure.

BOUT BOOSTERS ASSAILED

New York Editor Raps Newspapers for Giving Dempsey's Miami Venture Ballyhoo

WASHINGTON, April 18. (AP)—The attitude of American newspapers toward the Sharkey-Stribling fight at Miami last February was sharply criticised today by W. P. Beazell, assistant managing editor of the New York World, before the convention of the American Society of Newspaper Editors.

Addressing a group of several score editors and publishers from practically every section of the country, Mr. Beazell declared that "In no sense of the word was there any real sporting reason for that bout."

NEWSPAPERS ASSAILED

It was planned, he said, "to save, if possible, a foundering amusement venture of Jack Dempsey's and Tex Rickard's which could not have been 'put over' if the newspapers had not 'come to the rescue.'"

Mr. Beazell said a special train was run by the promoters from New York to Miami for correspondents covering the fight, and that the promoters paid for the newspaper men's board bills and entertainment.

"You may not know that just one New York newspaper failed to accept the hospitality," he added.

"Most of the stories from Miami," Mr. Beazell continued, "couldn't have been more on the boost side if the promoters themselves had written them. I tell you that newspapers that fall for things like that make a sad show of themselves when they talk about the menace of press agents."

WARNED OF LAW

The New York World editor declared newspapers are losing their sense of proportion about sporting news, and urged editors to scrutinize such news with the same attitude and restrictions as other news.

Walter M. Harrison, editor of the Daily Oklahoman and Oklahoma City Times, who is president of the society, urged the society to adopt an amendment to its constitution which would permit it to discipline or expel any member editor whose newspaper violated the ethics of the profession. He also warned editors to be on guard against any legislation such as the Minnesota injunction law which would limit the freedom of the press.

APACHE LAKE TO OPEN

PHOENIX, April 18. (AP)—Apache Lake on Horse Mesa Dam will be opened to Arizona anglers beginning April 25, it was announced by the Fish and Game Commission, members of which have made a close study of the situation.

EIGHT RACE HORSES DIE IN BLAZE

Loss of Others in Fire at Maryland Track Likely; Stable Boy Missing

HAVRE DE GRACE (Md.) April 18. (AP)—Eight racers are known to have perished tonight in a fire which destroyed three stables at the Havre De Grace race track. A stable boy is reported missing.

The horses known to have been killed were Shasta Klan, El Cano, O'Gowrie and Parchesi, owned by H. F. Wolfe and William Benham. Several other horses are believed Hot Time, Goulash, Inlaid, Lass to have lost their lives.

The Nut, owned by Harry Payne Whitney, broke its leg in the excitement during the blaze and had to be destroyed.

The stable boy was noted as missing shortly after the flames had been extinguished, and the ruins of the barn searched, but no trace of his body was found. His name is not known.

Smith Declines Club's Fete Bid

NEW YORK, April 19. (AP)—The New York World said today ex-Gov. Smith has declined to attend the annual Jefferson Day dinner of the National Democratic Club at the Hotel Commodore Saturday. His decision, said the newspaper, is due to a desire to keep in the background of the political picture at present.

Smith, however, is expected to attend a joint meeting tomorrow of the executive and advisory committees of the Democratic National Committee, called by John J. Raskob, national chairman. The meeting was called to discuss ways and means to wipe out the party's deficit, amounting approximately to $1,100,000.

New Pensions Chief Appointed

WASHINGTON, April 18. (AP)—E. D. Church, a prominent insurance man of Hartford, Ct., has been selected by President Hoover as Commissioner of Pensions.

He will succeed Winfield Scott, whose resignation as commissioner has been accepted.

FARMER ARRESTED IN FOUR DEATHS BY FIRE

SALEM (Ark.) April 18. (AP)—Ed Burris, a farmer, is under arrest here in connection with the burning to death of his World War bride and their three children in their home near here on March 18. Officers say he will be charged with murder. They also are seeking a woman in connection with the case.

H. L. DOHERTY NO LONGER BACHELOR

Wealthiest "Catch" Wed to Nurse Last December; Friends Surprised

NEW YORK, April 18. (AP)—The secret marriage last December in Toronto, Can., of Henry L. Doherty, public utility and oil magnate, and Mrs. Percy F. Eames, a widow who supervised his nursing during a two-year attack of arthritis, was disclosed today in an announcement from Mr. Doherty's office here.

Mr. Doherty, who is 58 years of age, is president and director of the Cities' Service Company and long had been regarded as one of America's wealthiest bachelors. More than two years ago, he fell seriously ill and friends despaired of his life. Recently, however, he left the Battle Creek Sanatorium practically cured.

The ceremony was performed December 31, last, by Canon Lawrence E. Skey, rector of St. Anne's Episcopal Church of Toronto. Mr. and Mrs. Doherty, who are now in Atlantic City, N. J., expect to travel for a time before deciding on their future home.

Radio Health Talks Scored

SAN FRANCISCO, April 18. (Exclusive) — Asserting trat many health talks given over the radio here are "outbursts from ignorant men" and in direct conflict with public recommendations of the Board of Health, Dr. William C. Hassler, health officer, today asked the board to take steps to curb the "evil."

The board passed a resolution appealing for the aid of the State Medical Society.

Bodies of Ride Victims Found

KANSAS CITY, April 18. (AP)—Bodies of two men, shot to death, today were found in widely separated districts near Kansas City.

Police believe each had been "taken for a ride" as the result of dealings in corn sugar, used in the manufacture of whisky.

KEYES AIDED EVANGELIST, RYAN TELLS SENATORS

Ex-Deputy Says Mrs. McPherson Was Carmel Cottage Woman; Hardy Begins Defense

BY C. A. JONES
"Times" Staff Representative

SACRAMENTO, April 18. (Exclusive)—That Aimee Semple McPherson was the companion of Kenneth Ormiston, radio man in the Benedict cottage at Carmel-by-the-Sea, in the May days of 1926 when her body was being sought in the waves off Ocean Park was the opinion expressed to the Senate today, sitting as a court of impeachment, by Joe Ryan, former deputy District Attorney of Los Angeles, as one of the first defense witnesses for Superior Judge Hardy of Los Angeles.

Ryan was sent to Carmel by former Dist.-Atty. Keyes and obtained witnesses who could identify the pair as the two who went under the name of George McIntyre and wife.

He was placed on the stand, as was Forrest Murray, who once was Keyes's chief deputy, to testify that Judge Hardy never interfered with the investigation of the McPherson case. He made his statements concerning Mrs. McPherson's presence at Carmel when he was under cross-examination by Assemblyman Little who brought out that Burns detectives, under the direction of Judge Hardy, according to the latter's admission, were trailing Ryan in his pursuit of evidence.

BLAMES KEYES

Incidentally, Ryan gave the Senate an insight into the state of affairs which reigned in the District Attorney's office under Keyes now under prison sentence for accepting a bribe in "fixing" the Julian case.

His enmity for Keyes stood out all during his testimony and he continued, by inference, to blame Keyes and other deputies for the failure of the McPherson case. He said he was "hampered" in the investigation by Deputies Murray and Dennison.

Ryan first was questioned by Rex Hardy of defense counsel. He said that in his investigation he did not come in contact with any interference on the part of Judge Hardy.

Little then asked him about two of the Carmel witnesses he obtained, Mrs. Daisy Bostick, who said she rented the cottage to Ormiston, and Ralph Swanson, the grocer boy, who said Mrs. McPherson was the woman in the cottage.

"REACHED" WITNESSES

At this point the defense raised objections to this line of questioning and Assemblyman Little explained his motive. He said he intended to show the importance of these witnesses to the State and shortly thereafter a Burns detective who has testified that he reported to Hardy and received telegrams from him directing his actions, reported that there was "nothing to fear from these witnesses." Mr. Little contended that the detective, Judge Hardy's agent, had "reached" them, and that this bore out the Assembly contention that Judge Hardy was obstructing justice.

Lieut.-Gov. Carnahan permitted him to continue this mode of inquisition and Little then showed that Ryan interviewed the parents of Ormiston, with a Burns man at his heels. The Carmel witnesses were not called before the grand jury, Ryan said, and he declared he knew why, but was not asked to tell it. He said that Keyes was the District Attorney and his chief.

"If I had been District Attorney there would have been action," he said. He was positive Judge Hardy exercised no influence over Keyes to drop the grand jury investigation, but he had to admit on cross-examination that he never learned of Judge Hardy's detectives.

EVANGELIST MAY APPEAR

As to the appearance of Mrs. McPherson on the stand, this apparently is unsettled, although Rex Hardy was quoted today as saying the defense will call her. The managers, Assemblymen Little, Sewell, Woolwine, Cronin and Hornblower, released her until next Tuesday, holding her as a rebuttal witness.

The unofficial jury, which sits outside the Senate rail and follows the testimony with an interest keener than the dignitaries, seems to be of the opinion that she will go on the stand to deny the testimony of Ryan and Wallace Moore that she was Ormiston's companion, and repeat before the Senate her story of her kidnaping and imprisonment in Mexico.

HOAX AGAIN UP

Mrs. Mae Darley of Los Angeles was the next witness and was called to contradict a statement by Mrs. Lorraine Wiseman-Sielaff, who tes-

(Continued on Page 2, Column 3)

BREAK END OF PARLEY

Failure Met on Reparations

Allies and Germany Unable to Agree on Payments at Paris Session

Subcommittee Will Prepare Report Setting Forth Rupture Details

PARIS, April 18. (AP)—The second Dawes committee has failed in its purpose to redelimit German reparations for the damage of the World War.

The conference, which for ten weeks has been engaged in an effort to set a figure mutually acceptable to the Allied nations and to the German republic, tonight seems definitely wrecked.

A subcommittee will be appointed tomorrow to prepare a report to the several governments stating the "why" of the failure. This subcommittee, conceivably, may furnish a loophole through which revival of the conference can be sought but the general opinion tonight does not anticipate such a development.

Dr. Hjalmar Schacht, chief of the German delegation, today made continuation of the conference hopeless, when he stated definitely that payment of even one-half the total sums demanded must be conditional on abolition of the Danzig corridor, revision of the frontier of upper Silesia and immediate return of the Saar Valley to Germany.

AGREEMENT EFFORT

A subcommittee headed by Lord Revelstoke had met today to endeavor to bring about an agreement between the Germans and the Allies on the first ten or fifteen annuities. Discussion never got beyond the first annuity. Dr. Schacht, taking the floor at once, declared that Germany never under any circumstances would pay annuities greater than 1,650,000,000 marks (approximately $396,000,000) and for no longer than thirty-seven years. She would make these payments, he concluded, only if the Allies made it possible for her to increase her ability to pay by giving her access to raw materials and other resources, of which she now is deprived.

"Germany will pay an average of 1,650,000,000 marks yearly for thirty-seven years," Dr. Schacht informed his colleagues, "providing these political considerations are satisfied and providing she benefits from the protective transfer clause."

One of the Allied experts immediately remarked that "Dr. Schacht wants the experts to revise the Treaty of Versailles, which certainly was not comprised in our terms of reference."

RESULT OF ATTITUDE

The chief of the German delegation then was told plainly that his attitude led fatally toward breaking up the conference, with the result that reparations payments will revert to the Dawes plan, under which Germany must pay 2,500,000,000 marks annually (approximately $625,000,000) instead of 1,800,000,000 marks (approximately $450,000,000) demanded by the Allies for the first annuities.

"I understand," replied Dr.

(Continued on Page 2, Column 4)

HOOVER NAMES JUDGES

Eight Nominated by Coolidge, Including Wilbur, Returned by President to Senate for Action

WASHINGTON, April 18. (AP)—President Hoover returned to the Senate today the names of eight of the ten men selected by President Coolidge as Circuit and District judges and whose confirmation was blocked by the legislative jam in the closing days of the Seventieth Congress.

They included Curtis D. Wilbur of California, Secretary of the Navy in the Coolidge Cabinet, to be United States Circuit judge for the Ninth Circuit.

CURTIS D. WILBUR

Those who failed of selection by the new Chief Executive were Lloyd B. Stryker as additional District judge for Southern New York and Henry H. Glassie of Maryland, a former member of the Tariff Commission, who was nominated by Mr. Coolidge as a justice of the District of Columbia Supreme Court.

Stryker was replaced by Alfred C. Coxe of New York, while Alfred A. Wheat of New York, acting solicitor-general of the United States, was nominated in place of Mr. Glassie. Mr. Wheat had been chosen by Mr. Coolidge as an additional judge for the Eastern New York District, but since he is not a legal resident of the district, Mr. Hoover chose for that place Clarence G. Galston, a New York attorney.

The Circuit judges renominated by President Hoover, besides Mr. Wilbur, are Archibald K. Gardner of South Dakota; George T. McDermott, of Kansas, and Orie L. Phillips of New Mexico.

Besides Galston and Coxe, the additional District judges named for New York State are Frances G. Caffey and John M. Woolsey, both

AUTHOR JAILED IN MAIL FRAUD

Woman Listed in "Who's Who" Held at San Jose

Texas Officers Ask Arrest on Postal Charge

Difficulties With Laws of Other States Told

SAN JOSE, April 18. (AP)—Charged with using the mails with intent to defraud by a Federal grand jury in Fort Worth, Tex., Elizabeth Murray, listed as an author and lecturer in "Who's Who," is in the City Jail here tonight, being held until postal inspectors return her there to face the charges.

A telegraphic communication from Fort Worth postal officials and a circular regarding her operations which had been on file with inspectors here caused her arrest this afternoon by Federal authorities and San Jose police.

Registered at a fashionable hotel here as "Mrs. E. J. Tarkington," she produced, when arrested, credentials showing she is a friend of Henry Meade Bland, California poet, and had an invitation to address the meeting of the Poetry English Society next Saturday at the home of former Senator Phelan, near Los Gatos.

NAME SOUNDS LITERARY

When asked why she was registered as "Mrs. Tarkington," she told postal authorities she selected the name as it "had a literary sound." Efforts of police to fingerprint and photograph her after the arrest were futile, they said.

Mrs. Murray is listed in "Who's Who" as a member of a prominent Des Moines (Iowa) family, and her father, now dead, is said to have been an Iowa State Senator.

In the indictment returned in Fort Worth, she is charged with having written a letter to Mrs. Lela Isley Barnum, Amarillo, Tex., offering Mrs. Barnum, for $1000, membership in three societies she organized. This, she is asserted to have said, was one-third of the regular price.

NOTABLES LISTED

Postal authorities here say the circular they received indicates she operated extensively in various sections of the country. Her letterheads, they said, had a list of prominent persons as members of her "organizations," none of whom, in investigation, ever heard of the woman's organizing activities.

The circular also indicated that her policy was to enter a town, give speeches before women's clubs, and then leave, afterward writing letters offering memberships in the organizations. Because she received no money from Mrs. Barnum, she is charged with "intent to defraud," the inspectors said.

She was arrested in Columbus, O., in connection with passing worthless checks at a hotel, postal authorities said, and was released when the checks were made good. She also was arrested last June in Denver, in connection with an asserted land fraud in Tampa, Fla., and was released.

FREIGHT SCHEDULE CUT

CHICAGO, April 18. (AP)—Freight service from New York and other eastern cities to Chicago will return to prewar schedule of three days, beginning May 1. The change, which cuts twenty-four hours from the present schedule, will be in effect on all larger eastern railroads.

D.A.R. CHOOSES NEW PRESIDENT-GENERAL

[A. P. photo]
Mrs. Lowell Hobart

WASHINGTON, April 18. (AP)—The Daughters of the American Revolution Congress tonight elected Mrs. Lowell Fletcher Hobart of Cincinnati president-general. She defeated Mrs. Julius Y. Talmadge of Athens, Ga.

Other officers elected are:

Chaplain General, Mrs. W. Painter of Missouri; Recording Secretary-General, Mrs. Charles Humphrey Bissell of Connecticut; Corresponding Secretary-General, Miss Margaret B. Barnett of Pennsylvania; Organizing Secretary-General, Mrs. William A. Becker of New Jersey; Treasurer-General, Mrs. Harriet Vaughn Rigdon of Indiana; Registrar-General, Mrs. Josiah A. Van Orsdel of District of Columbia; Historian-General, Mrs. Flora Myers Gillentine of Tennessee; Recorder-General to the Smithsonian Institution, Miss Anne Lang of Oregon; Librarian-General, Mrs. Russel W. Magna of Massachusetts; Curator-General, Samuel Jackson Kramer of New York.

Vice-Presidents-General, Mrs. Daniel Garrison of Maryland; Mrs. Ralph Van Landingham of North Carolina; Mrs. William L. McNamester of Rhode Island; Mrs. Katharine Kittredge of Vermont; Mrs. William Smith Shaw of Maine; Mrs. Robert B. Campbell of Kansas; Mrs. N. Howland Brown of Pennsylvania; Mrs. Herbert Backus of Ohio.

Mrs. Hobart received 1321 out of 2249 votes.

JUDGES NAMED BY PRESIDENT

(Continued from First Page)

of New York City, who will serve on the District bench for Manhattan and the Bronx. Another renomination of a District judge was that of A. Lee Wyman of South Dakota as an additional judge for the District of South Dakota.

CAROLINAN NAMED

J. Lyles Glenn of South Carolina was appointed an additional judge to serve in the eastern and western district of South Carolina.

President Hoover still has to name an additional judge for the Eastern New York District and an associate judge of the Court of Customs Appeals. Former Senator Lenroot of Wisconsin was selected for the Customs Court by President Coolidge, and can have the nomination from President Hoover if he so desires. He has not decided yet, however, whether he will have his name returned to the Senate, where some opposition to his appointment arose at the last session.

Upon receiving the judicial nominations, the Senate referred them to the Judiciary Committee, which will consider them either tomorrow or Monday.

RHOADS CONFIRMED

At the same time the Senate confirmed the nomination of Charles J. Rhoads, a Philadelphia banker, as Commissioner of Indian Affairs, which previously had been approved by the Senate Indian Committee.

While his nomination was not transmitted today, it became known that President Hoover has selected E. S. Church, a Hartford (Ct.) insurance man, as Commissioner of Pensions to succeed Winfield Scott, whose resignation has been accepted.

While no opposition has developed in either case, the Senate Interstate Commerce Committee decided today to hold brief hearings on two of the nominations made yesterday by President Hoover, Maj.-Gen. Charles McK. Saltzman, retired, as a member of the Radio Commission, and C. R. Colquitt of Texas as a member of the Railway Mediation Board.

Schacht, "but it will be impossible for Germany to execute the Dawes plan and she necessarily will demand that the clause giving protection against ruinous transfers come into play."

"But the German budget already is under water," was the only reply.

"On first annuities the difference is only 150,000,000 marks," said one expert. "Isn't it possible for Germany to meet her creditors to that extent so that we can get along toward a compromise?"

FIRM IN STAND

Dr. Schacht gravely and firmly replied that Germany cannot "offer a single mark above 1,650,000,000 and then only on condition that political considerations mentioned in our memorandum are considered."

Dr. Schacht himself was the first to announce news of the rupture.

"The subcommittee has met with a check," he said when leaving the Hotel George V before the other delegates. "The full committee will meet tomorrow to decide how to break the news."

Word of the rupture between the Germans and the Allies spread rapidly through Paris and caused a great sensation despite the fact that the difficulties facing the committee have been considered formidable for several days.

The Allied and American experts now are unanimous in agreeing that there is no further hope of coming to terms with the Germans.

PLENARY SESSION

It was decided to call a plenary session of the second Dawes committee for tomorrow morning, in order to appoint a subcommittee to draw up a report to the several governments explaining the reasons for the failure of the conference.

Unless an unexpected reaction in Germany should provoke a change in attitude on the part of the German delegation before that report has been completed, the second effort of the world's great financial figures to settle the reparations problem will have gone for naught.

The general opinion of the experts, including the Americans, is that while the break is bad for everybody, it is worst of all for the Germans. It is forecast that German credit will suffer from a formal declaration of her inability to pay reparations.

Dr. Schacht was told during the afternoon discussion that a gradual increase of 25,000,000 gold marks on the annuities proposed by the Allies would amount only to one-half of 1 per cent on the German budget.

YOUNG IN CONFERENCE

Owen D. Young, chairman of the second Dawes committee, and Thomas W. Lamont, American delegate, conferred lengthily with the experts of the creditor nations after the Revelstoke subcommittee had adjourned, with reference to further procedure.

It was decided that a drafting committee should make an ample, detailed report, taking all the time necessary in order that the Germans might be able to revise their attitude in case the reaction to today's break should provoke a movement to that effect.

The impression that the rupture will make on the money market is regarded as an important factor in the question. Financiers observing the work of the expert committee openly expressed their doubt that Germany will be able to borrow any more money abroad unless she can patch up the break and remove the impression that credits granted her are likely to be affected by an unfavorable budget.

Morgan Loses Zoning Battle

NEW YORK, April 18. (Exclusive)—The long fight which J. P. Morgan, George F. Baker and other prominent residents of Murray Hill have waged to keep business off the blocks adjoining their homes ended in defeat today when the Board of Estimate, with only two members dissenting, passed the retail zoning plan permitting retail stores to invade the district.

Storage Sheds Burn in Bay City

SAN FRANCISCO, April 18. (AP)—A spectacular blaze early today destroyed a block of frame storage sheds and scorched a string of freight cars in the warehouse district here. The sheds were the property of the National Ice and Cold Storage Company and were empty.

WILBUR INSPECTS DAM SITE

Former Navy Secretary Also Makes Call on Boys in San Gabriel Health Camp

Curtis D. Wilbur, former Secretary of the Navy, whose appointment as United States Circuit Judge for the Ninth Circuit was sent to the Senate yesterday by President Hoover for confirmation, varied his program of inspection of the San Gabriel dam site with a visit to the preventorium, where seventy-eight boys are taking the fresh-air cure.

"I am very much pleased with the appointment by President Hoover," Wilbur said, "but I do not care to discuss the new position until after formal confirmation by the Senate."

Wilbur was accompanied on his trip to the home conducted by the Los Angeles Tuberculosis Prevention Association by Mrs. Wilbur, and they were escorted over the dam site by E. C. Eaton, engineer of the County Flood Control District, and Roy Dowds, flood control counsel. The party was shown over the territory by Andrew Cassell, resident engineer and general manager of the project for Ross-Fisher-McDonald and Kahn, contractors.

Lined up in military formation on the parade ground of their combination school and sanatorium, the young patients of the preventorium loudly cheered the former Secretary, then sang "America," and recited the pledge to the flag.

"It is the spirit of boys like you that has made America great," Mr. Wilbur said. "I hope you will soon be in condition to go back to your homes. I know you will be, because Miss Maguire tells me the average time here for each boy is seven months."

Mr. Wilbur ended his talk by asking how many of the boys present would like to join the navy. A majority of his hearers enthusiastically assented.

KEYES ACCUSED AT HARDY TRIAL

McPherson Case Hampered, Former Aide States

Two Judges Aid Defense of Accused Jurist

Evangelist May Yet Testify Before Senate

(Continued from First Page)

tified substantially that Judge Hardy took a part in the "Miss X" hoax, whereby a woman was to be produced who would admit being Ormiston's companion at Carmel. Mrs. Darley said that while she was guarding Mrs. Sielaff before her appearance as a State's witness against Mrs. McPherson in the preliminary hearing in October, 1926, Mrs. Sielaff told her she said to Judge Hardy that she could produce the "real woman at the cottage," Mrs. Sielaff denied telling the witness this when under cross-examination. She said she didn't talk to the woman as a number of deputies of Keyes's warned her against bringing in Judge Hardy's name.

Sewell questioned her on cross-examination and the result was that this statement was the only thing she could recall as having transpired during the conversation.

Murray said he went into the case just before the complaint was filed in September and never came across any interference by Judge Hardy. He identified the statement read in court when Keyes dropped the McPherson case, wherein the District Attorney took Mrs. McPherson's explanation of her five weeks' disappearance as an "unbelievable story," but requested a dismissal because Mrs. Sielaff changed her account daily and he could not vouch for her testimony. This statement, he said, was prepared by Keyes and Harold Davis, also an ex-chief deputy for Keyes.

NEVER CHANGED STORY

Little asked him on cross-examination if he knew Judge Hardy had detectives working on the case, talked to grand jurors, witnesses and figures in the case and Murray said he didn't know it at the time. He also admitted that Mrs. Sielaff never changed her story or contradicted herself so far as it related to her conversations with Judge Hardy.

Judge Stephens of Los Angeles was a defense witness and testified that Judge Hardy had never approached him in connection with the McPherson case. When it came to the Superior Court for setting it was disposed of in the regular routine, which kept it out of Judge Hardy's court, he said. This was discussed, he added, at a conference of judges at which Judge Hardy was not present.

"We have no objection to this hearsay testimony," stated Little, with a grin, at this point.

After leaving the office of Presiding Judge, it so happened that Judge Stephens took the court in which the McPherson case fell and it was his lot to dismiss it on the motion of Keyes. He said he did not know whether or not Mrs. Sielaff was a contradictory witness, but relied on the District Attorney.

DEFENSE BEGINS

Defense Attorney Nimmo waived the submission of a motion to dismiss and did not make an opening statement, rushing into the presentation of defense testimony immediately on the closing of the Assembly case.

He stated that the hearing is in the nature of a criminal case and as such the defendant is entitled to the theory of reasonable doubt and need not take the stand. Judge Hardy, however, will testify for himself, Nimmo said, and will explain all the facts heretofore introduced by the managers on behalf of the Assembly. He declared that in his opinion the managers have failed to prove a prima facie case.

Superior Judge Keetch of Los Angeles went on the stand as the first witness for his colleague, and testified that as presiding criminal judge in 1926 he discharged the grand jury, which had been investigating the McPherson case, but that Judge Hardy never approached him on the matter and never exerted any influence on him in the matter.

Hornblower interposed at this point and stated that the articles of impeachment do not charge that Judge Hardy obstructed justice by attempting to influence the actions of Judge Keetch.

WAS DISQUALIFIED

Judge Keetch testified on direct examination by Mr. Nimmo that he would never have permitted Judge Hardy to try the McPherson case had former Dist.-Atty. Keyes allowed it to get as far as the Superior Court because he considered Judge Hardy to be disqualified.

On cross-examination by Hornblower he said he considered Judge Hardy disqualified because it was common knowledge he was interested in Angelus Temple and the McPherson affair, and added he did not care to talk to Judge Hardy about it and excluded Judge Hardy from a conference of the other judges discussing the situation.

In answer to defense questions he recounted that he resented articles in the newspapers, radio speeches and general talk, linking his name with that of Judge Hardy in connection with the McPherson case, and gossip grew to the point where he held a conference with Judge Hardy and flatly told him of this resentment. As a result he received a letter from Judge Hardy which the witness read from the stand, in which the accused jurist wrote that the criticism voiced against Judge Keetch for his dismissal of the grand jury was unwarranted and unjust and that the linking of the names was uncalled for. Judge Hardy wrote in the letter that he had never communicated or spoken to Judge Keetch concerning the McPherson affair and wrote this letter in justice to Judge Keetch.

Judge Keetch was asked to go into the dismissal of the first 1926 grand jury and did so by reading the statement he issued at the time of the dismissal, September 2, 1926. In this statement he expressed his dissatisfaction with the manner in which the grand jury was conducting its investigations and deplored leaks to the newspapers as well as the discord which marked its sessions.

The statement further relates that certain documentary evidence disappeared, presumably destroyed by a member, that this was a matter for investigation and prosecution by the District Attorney and that news of it appeared almost immediately in the newspapers. He added that in spite of this situation the District Attorney said there was insufficient evidence to prosecute and the grand jury passed a vote of confidence in the accused member.

On cross-examination Hornblower led Judge Keetch to say that the destroyed evidence was the Carmel grocery slips. At the time of the destruction the grand jury had before it some soiled bits of paper, on which was a list of groceries, given to a store at Carmel for delivery at the much-discussed Benedict cottage, where Mrs. McPherson was accused of living for ten days with Kenneth Ormiston, the radio man. According to accounts at the time, a woman member of the grand jury tossed the slips down a drain in the grand jury room. Photostatic copies of the list remained, however.

When Mr. Hornblower pressed Judge Keetch for his reasons for regarding Judge Hardy as disqualified from hearing the McPherson case, the witness replied that it was because it was well known Judge Hardy talked over the temple radio and was linked with the McPherson affair in the newspapers. "The air was full of it," he added.

He said to Hornblower that he did not know of all the incidents connecting Judge Hardy with the case, such as the employment of detectives and the interviewing of Mrs. Lorraine Wiseman-Sielaff and other witnesses.

Tomorrow's witnesses probably will be Colfax Bell, member of the grand jury; Dennison, Milton Cohen, R. R. Woolley and H. L. Giesler, McPherson attorneys; J. A. Bardin, who was present at the signing of the Miss X. affidavit, and Russell Scott, the notary.

There will be no session of the court Monday, as Carnahan must settle up his receivership of the Julian properties in Los Angeles that day. This indicates that termination of the trial can hardly be expected before the end of next week. The Senate conducted another night session tonight, trying to clear its file.

MRS. McPHERSON REFUSES $225 TO USE AUDITORIUM

OAKLAND, April 18. (Exclusive) Projected plans of Aimee Semple McPherson, Los Angeles evangelist, to conduct services here Sunday evening, fell through, at least temporarily, when she refused today to pay the $225 which was asked for use of the Municipal Auditorium. Mrs. McPherson, accompanied by her secretary, an attorney, the latter's wife and a chauffeur, then announced she was motoring to Stockton for a meeting tonight and her plans for an Oakland meeting were "off" for the time being.

KEYES INDIGNANTLY DENIES CHARGES MADE BY RYAN

Asa Keyes, former District Attorney, now in the County Jail awaiting action on his appeal from the conviction of soliciting and accepting bribes in connection with the Julian Petroleum Corporation stock overissue trial, last night denied inferences made at Judge Hardy's impeachment trial yesterday that he "laid down" on the McPherson case.

"I don't know just what Joe Ryan testified at Sacramento, but if he indicated that I in any way interfered with the prosecution of the McPherson case he is not stating the truth," Keyes said.

"During the preliminary hearing of Mrs. McPherson and her mother, Mrs. Kennedy, and also during the grand jury investigation into Mrs. McPherson's kidnaping story, I told my deputies to put every bit of evidence they could find before the court and the inquisitorial body.

"I do not recall some of the names Ryan is said to have mentioned, nor their connection with the case, but any statement or inference to the effect that I in any way stood in the way of justice in arriving at a truthful decision of that case is nothing but a malicious lie," Keyes heatedly concluded.

SAM HARRIS'S WIFE DIES

SAN FRANCISCO, April 18. (Exclusive)—Mrs. Tillie Harris, 54 years of age, wife of Sam Harris of the Pacific Coast theatrical concern of Ackerman, Harris & Oppen, died here today at her home after a long illness.

SCHOOL BALLOT BOX STOLEN

Boys' Popularity Contest Can't be Settled at College

SAN MATEO, April 18. (Exclusive)—San Mateo Junior College conducted an election today to determine whether Ernest Worth of Palo Alto or Gordon Estes of San Francisco is the most popular student in the school. They had emerged as the two leading contestants.

The ballots were nearly all cast and it was just a question of counting them and deciding the momentous question when five youths dashed in, picked up the ballot box, dashed out and disappeared in one of those "high-powered cars" the writers write about.

At press time, discovery of the thieves was expected at any moment.

SCIENCE PLANS FOR SUPERMEN

Improvements on Nature's Work in Prospect

"Made" Giants in Body and Mind Forecast

Remodeling Methods Topic at Meeting in East

(Continued from First Page)

The medical profession doubtless will use it first to bless the diminutive among us; but there is much reason to expect that with this agent the physician, or perhaps the experimentalist, also will be able to add a cubit or two to the stature of the offspring of all of us."

Developmental mechanics is the scientific name of one method described for improving men.

ANOTHER NEW METHOD

"Developmental mechanics of today and tomorrow," Dr. Riddle said, "is a direct and frontal attack on the control of structure size, proportions, characteristics and capacities of organisms and parts of organisms—man included."

He listed technique perfected or anticipated. They include taking the first sixteen formed cells of an embryo and making sixteen embryos in place of one; and using a piece of skin from the back of an embryo to make the lens of an eye. He told of experiments on birds indicating that perhaps development of male birds is unnecessarily hampered in nature's present process. He suggested that what men call "normal" may not be so in fact. He sketched control of sex in lowly organisms simply by use of high or low temperatures. He told of fish produced with one or two eyes at will by using anesthetic on their eggs.

ENVIRONMENT FACTOR

Environment, he held, is so important that it should not be considered apart from heredity. Special conditions are likely to be found for making environment an effective control even before young are conceived.

He said that developmental mechanics, genetics and endocrinology, three young sciences, will help bring about "a sort of super-medicine, a super-education, and a continuous and very personal application of a great body of knowledge. It will be recurrent work, necessary in every generation. The development of a generation of giants for example would mean no transmission of inheritance or giganticism.

"If man may meet the man-made giant, or the man rendered specially resistant to most forms of disease, or a man with overtowering intellect—all specially perfected by the knowledge, skill and effort of man himself—will he not take cheer in the greatness and power of man? And with such added capacities what limits are set to the things which the superior men of that generation may do to complete man's conquest of nature, to transform his method of living, and to provide a new and mellow tint to every outlook upon life?

Spry Suffers Slight Stroke

WASHINGTON, April 18. (AP)—Commissioner Spry of the United States Land Office is seriously ill following a slight stroke brought on, his physicians say, from overwork.

The commissioner's office has received word that while the illness is considered serious, Mr. Spry's physicians feel that there is considerable hope for recovery. The stroke is the second he has suffered within the past two years.

ALASKA FLYERS DOWN

PRINCE GEORGE (B. C.) April 18. (AP)—Capt. Parker Cramer and W. S. Gamble, on an airplane flight from Chicago to Alaska, were reported today to have made a forced landing at McBride, B. C., on the Alberta British Columbia boundary. McBride is on the main line of the Canadian National Railway.

FITZGERALD'S
FOR THE ADVANCEMENT OF MUSIC

Marjorie Dodge
Soprano
By David Bingham
There are, comparatively, only a few singers whose voices give genuine pleasure to the listener. Even more rare are the singers who are good musicians. It is always gratifying, however, to listen to Marjorie Dodge, first, because of her flawless voice of crystalline beauty, and, secondly, everything she sings bears the stamp of splendid musicianship. When she was a child she devoted several years to violin study, and the foundaton which was laid at that time has been of inestimable value throughout her entire career. Miss Dodge is equally at home in concert, opera or oratorio. She has appeared as soloist with the great orchestras of America, with the prominent opera companies, and has had many extensive tours. A real artist and charming little lady is Miss Dodge. In company with the most prominent artists of the city, she has purchased a

NOGALES GIVEN AIR RAID SCARE

Seven Bombs Explode Near Edge of City

No Damage Done But Woman Dies of Fright

Rebel Federal Army Ready to Push After Rebels

NOGALES (Ariz.) April 18. (AP)—The rebel town of Nogales, Son., Mex., was surprised this morning when a Federal bombing plane flew over the city, dropping bombs on the outskirts, has settled back into its regular routine of rebel troop movements and continued the work of fortifying the near-by hills surrounding the city.

Military observers here believe that the air raid today was a warning rather than an attempt to exact toll from a rebellious city, and to give the people an idea of what may be expected in the future. No damage was done by the explosions of the bombs. All of them fell at the edge of the city, exploding with a tremendous noise and throwing the populace of the twin cities of Nogales into near panic.

WOMAN DIES

Mrs. Isabel De Ballesteros, wife of a roadmaster of the Southern Pacific Railway of Mexico, died from fright immediately after reaching her quarters in Nogales, Ariz., after crossing the border line from Mexico.

During the afternoon three scout planes of the American army patrolled the border, flying east and west for many miles.

The Federal plane making the raid on Nogales this morning, evidently came here from the Federal base at Naco. Rebels have stationed lookouts on the high hills surrounding the city to warn of other attempted attacks from the air.

MAIN ARMY AT SAN BLAS

From Southern Sonora comes the information that the main Federal army has concentrated at San Blas, Sin., preparatory to pushing into the rebel State of Sonora. At Navojoa, Son., the main force of the rebels, under Gen. Fausto Topete, has been concentrated. The seventy miles of intervening rail line between the two opposing military bases has been damaged to such an extent that traffic over it is impossible.

While rebel headquarters in Nogales, Son., will give no information as to troop movements, it is reliably reported that a large number of rebel troops from the camp near Naco will arrive here in the near future.

MORROW REPORTS RAIL LINE OPEN

WASHINGTON, April 18. (AP)—Ambassador Morrow at Mexico City informed the State Department today he was advised by officials of the Southern Pacific Railway that railway communications to San Blas were completed yesterday afternoon.

San Blas is in the State of Sinaloa near the Sonora border and recently was evacuated by the Mexican rebel forces.

SOLDIER EXECUTED FOR ATTACKING WOMAN

JUAREZ (Chih.) April 18. (AP)—Execution of one soldier and the arrest of two others was announced today by Gen. Andreu Almazan of the Federal army. The execution of Dolores Garcia Lopez took place at Villa Ahumada, south of here, following an attack on a woman. The summary court-martial was accorded the soldier and his execution was ordered by Gen. Jesus Lopez.

REBEL APED UNIONS IN MAZATLAN BATTLE

Rebels in the recent attack on Mazatlan fought only during "union" hours, insisted on time and a half for overtime and double pay on Sunday. They stopped firing for meals and never let the battle interfere with sleep.

At least that is the report brought back on the Panama Mail liner Venezuela yesterday by George B. Hull, manager of the Sinaloa Land Company, and Charles Tozer, manager of Allan Hancock's holdings at Mazatlan.

Innocent bystanders suffered in the battle almost equally with combatants, they said, eighteen being wounded, whereas casualties among the armed forces were estimated at forty.

Gen. Jose L. Rico was regarded as the savior of Mazatlan. He just happened along with 250 government troops when things were going badly for 2000 defenders, but he turned defeat into victory. Tozer and Hull are to buy an expensive watch for him here as an appreciation from Mazatlan's foreign colony.

BRAKES PUT ON NEW JONES LAW

Mrs. Willebrandt Rules Out Unwise Prosecutions

Wants Penalties Invoked in Flagrant Cases Only

Wise Discretion Demanded of Federal Officials

WASHINGTON, April 18. (AP)—Prosecution of violations of the national prohibition law under the Jones Act, permitting maximum sentence of five years in prison and fines of $10,000, will be made only on strong cases involving commercialism which warrant a sentence of more than a year in prison, Mrs. Mabel Walker Willebrandt, assistant Attorney-General in charge of prohibition enforcement, announced today that she had so instructed United States Attorneys in a letter accompanying copies of the Jones Act passed by Congress last March 2. Mrs. Willebrandt told the prosecutors that, to give the new law a fair test, they should use "wise discretion" as to the character of the cases and not prosecute under the Jones Act those of minor character.

MABEL WALKER WILLEBRANDT.

TEXT OF LETTER

The complete text of Mrs. Willebrandt's letter was:

"You will note that by virtue of the prison sentences authorized by that act, (Jones law) the offenses of illegal manufacture, sale, transportation, importation and exportation of intoxicating liquors under the national prohibition act have been raised to the status of felonies, and therefore, if committed after the passage o fthe act, may be prosecuted only upon an indictment or presentment by a grand jury. If committed prior to the act, such offenses are subject to the same penalties and may be prosecuted in the same manner as though the act had not been passed.

"All other offenses under the national prohibition act, including first and second offenses of possession of intoxicating liquor, maintenance of common nuisance, violation of the terms of a permit, and the making of a false record, report, or affidavit remain misdemeanors and may be prosecuted as heretofore by criminal information.

WANTS FAIR TEST

"In order that this new legislation may be given a fair test, it is suggested that you use a wise discretion as to the character of cases in which you seek indictments for violations coming within its purview. Only good strong cases involving commercialism should be made the basis for these. Initial te sts. Isolated violations, cases in which evidence renders conviction doubtful and cases in which the offense is of such a minor character as does not in your judgment warrant more than a twelve months' sentence, should, if practicable, be prosecuted by criminal information upon a charge of possession, common nuisance or other misdemeanor charge under the national prohibition act. Your discretion in these matters should, however, be carefully exercised with a view to the best interests of justice and the creation in the public mind of a confidence in the effectiveness of the new law as an enforcement measure."

FEDERAL LIQUOR SQUAD GETTING REINFORCEMENTS

WASHINGTON, April 18. (AP)—Additional increases in the prohibition enforcement squads throughout the country are being made as rapidly as agents can be obtained, Prohibition Commissioner Doran said today in announcing that fifteen new agents had been assigned to New York City and about twenty to upstate New York.

An increase of about fifteen in the number of dry agents in the Kentucky-Tennessee district was announced yesterday.

Commissioner Doran said the exact number of increases in other cities could not be made public, but added that the staffs of the enforcement bureaus in San Francisco, Detroit, St. Louis, New Orleans, Chicago and other large cities were being increased.

RENDEZVOUS OF STRIKERS DEMOLISHED

Masked Men Also Destroy Relief Store Maintained by Textile Union

GASTONIA (N. C.) April 18. (AP) Strike headquarters of the National Textile Workers' Union, from which union organizers have been directing a strike at the Loray mill, was demolished early today by a band of masked men.

A relief store, established by the union next door to the headquarters building, also was destroyed.

So far as can be learned, none was injured, although reports told of several fist fights and the firing of scattered shots.

County and national guard officers, who are guarding the mill property, said they had no clews to the perpetrators. Union leaders, including Fred Erwin Beal, organizer for the National Textile Workers' Union, who called the strike and who has been directing it, and George Pershing, staff employee of the Daily Worker, New York Communist organ, could not be located.

Persons who saw the crowd of men make kindling wood of the two buildings said they numbered several dozen. All wore white masks.

BULGAR KING SAVED FROM BOMB DEATH

Deadly Missiles Found in Ruler's Railroad Car; Reds Linked to Plot

SOFIA (Bulgaria) April 18. (AP)—Police announced today they had frustrated an attempt to assassinate King Boris when he returns to Bulgaria by discovery of two unexploded bombs in the King's private railway coach last night.

The bombs are of obsolete type, but sufficiently powerful to wreck the railway coach, police said. Their statement added that they had received warning certain Communists intended to take the life of the King if the bombs failed to explode.

King Boris was welcomed to Brussels yesterday by King Albert of Belgium, who met him at the railroad station as he arrived from Berlin. He has visited various European courts during his trip, with gossip of a possible engagement to Princess Giovanna of Italy recently negatived by reports that religious obstacles will prevent the marriage.

Speedy Action in Document Forgery Urged

WASHINGTON, April 18. (AP)—The American Embassy in Berlin has been instructed to urge the German government to expedite the prosecution of the group of asserted forgers indicted there in connection with documents accusing Senators Borah and Norris of acceptance of soviet government money.

Secretary Stimson said today the instructions were sent at the request of Senator Borah. Former Secretary Kellogg had asked the Embassy in Berlin to request the German government to keep the United States informed on the progress of the prosecutions. Mr. Stimson said the position of the administration in regard to libels made abroad on American public men would be the same as that of the previous administration.

Vladimir Orloff and his partner, Sumarakoff, were arrested in Berlin for fraud after trying to sell to a New York newspaper a letter linking Senator Borah with the soviet. Alexander Gumanski, who is asserted to be a member of the gang, was held in Berlin for deportation.

PAYMASTER-GENERAL OF NAVY TO RETIRE

WASHINGTON, April 18. (AP)—Rear-Admiral Charles Morris, paymaster-general of the Navy, will be retired the 27th inst., at his own request.

CHAOTIC CRISIS RENDS AUSTRIA

Political Groups Back Up Threats With Arms

Failure to Agree on Rent Law Creates Tenseness

Only Iron Hand Now Can Save Situation

VIENNA, April 18. (AP)—Political chaos prevailed in Austria today with both sides in a tense situation possessing large, well-armed irregular military organizations to back up their threats.

The failure of Chancellor Seipel's Clerical party and the Socialists to agree upon a modified rent law has created a constitutional crisis of the first magnitude, with Christian Socialists, who control the national government, threatening to create a dictatorship unless they have their way.

They are aligned particularly against the Social Democrats, who rule Vienna, and whom they accuse as legislative obstructionists. Most of their threats have been made through Fascist adherents in Parliament.

The Social Democrats have countered with statements they will defend to the last ditch "the cause of the working masses."

Even the soberest observers see no way out of the situation except through suspension of the constitution and dissolution of Parliament. They declare it will be utterly impossible to find a government to work under existing legislative conditions and that only an iron hand can save the situation.

In anticipation of a coup d'etat by those opposing the Socialists, Arbeiter Zeitung, a paper of considerable popularity among the working classes, today printed a stirring appeal to Socialist adherents to be ready to defend the constitution of the republic at all costs.

HUNTINGTON PALISADES

"on Santa Monica Bay"

Why Prices are so Low for Homesites here!

Huntington Palisades prices at present contradict the law of supply and demand.

We have based prices on fundamental costs. Huntington Palisades has changed hands but twice in 30 years. Hence, the profit of frequent turnover, so prevalent in most Southern California developments, is entirely absent. This company purchased the land at a price sufficient only to pay the previous owners a reasonable return on the original investment. All we expect is a fair return on our investment.

We have no syndicate members to pay 100 per cent profit to. And our own organization conducts the selling at a small cost, in comparison with the usual large per cent paid to outside sales organizations who have no other interest in a property than to make their commissions.

Realty investors and homesite buyers instantly appreciate the superiority of location, of beauty and of character of improvements that Huntington Palisades offers. A comparison must convince you that here is the place to buy . . . and Buy NOW!

SOCIETY BRAND CLOTHES

EMBASSIES HIT IN DRY BILLS

WASHINGTON, April 18. (Exclusive)—Wet cases in the great American Sahara will become nothing but pleasant memories if bills and resolutions presented in the Senate today are passed in the face of the administration edict of no general legislation at the special session.

Senator Blease, Democrat of South Carolina, foe of foreign diplomatic liquor privileges in Washington, presented two resolutions, either of which is guaranteed to make foreign legations and embassies as dry as the rest of the United States.

The liner Leviathan and other American-flag vessels which sell liquor on westbound voyages would be dry cleansed under a third resolution presented by the South Carolinian, who would call upon the President and dry-law officials to see that the prohibition law is enforced as strictly aboard American ships as on American soil.

An ultimatum of "obey the prohibition law or leave the country," couched in blunt terms would be handed every foreign diplomatic and consular official in the United States under the terms of the third Blease resolution.

Jury trials would be dispensed with under the Harris plan if the defendant elected to be tried before a commissioner instead of languishing in jail awaiting a court and jury trial.

Senator King of Utah, another Democrat, reintroduced his bill providing for transfer of dry law enforcement activities from the Treasury to the Department of Justice. Although this is an administration project there is little likelihood of action at the special session as the President has indicated that he expects to let the matter go over until the regular session, which meets in December.

The first of Senator Blease's resolutions would submit to the States a proposal to add a fourth section to the Eighteenth Amendment to the Constitution. The new section would read:

"After one month from the ratification of this amendment the manufacture, sale, transportation, possession, purchase, importation or exportation of intoxicating liquors by any person or persons whatsoever native or foreign-born, citizen, resident, visitor, foreign representative or temporary resident as a representative of any country, officially or otherwise, upon any soil or territory whether the place is or shall be a private or public place, such as an embassy, consulate or otherwise, is hereby prohibited and the Congress shall have power and it shall be its duty to enforce by appropriate legislation the provisions of this section of the Constitution."

BALDWIN OPENS DRIVE OF PARTY

Conservatives for Progress, He Tells Throng

Make No Foolish Promises, Premier Declares

Sober Thought, Not Posters Win, He Believes

LONDON, April 18. (AP)—Premier Baldwin launched the election campaign of the Conservative party today with an address before 2000 representative Conservatives from all parts of the country, in which he characterized the policy of his party as a steady going forward and promised its continuance and development.

"Ours is a policy of sobriety which you can see through," he said, "of nursing our trade into better conditions, of looking after the education and health of our people and particularly of our women and children, a policy which goes into every home and every cottage throughout the country.

"From end to end it is a policy which you know will be carried out to the utmost of our ability and I will promise nothing more. People who think prewar electioneering is going to win a post-war election are making a mistake, our people think. They want to learn and, above all, they want to do the right thing.

"I cannot stand up and I will not stand up before a people like that and go one iota beyond what I know I can perform if I have the opportunity. It is that deep sense of responsibility of our people which wil make them deaf to appeals of cupidity on the one hand or appeals of credulity which will reach them on the other."

The Prime Minister declared that the Conservative party had been pursuing for some years a consistent policy aimed at the development of the country's industries and the placing in them of men in permanent employment.

"We have not neglected any of those services that make for the happiness and welfare of our own people," said the Premier, while the assemblage stamped and cheered him. "You may judge us by what we have done. You may judge us by this—that we do not promise more than we can perform."

Replying to a vote of thanks which expressed the firm conviction that the Conservative party under his leadership will again achieve victory, Premier Baldwin said:

"The battle has now begun. Noise and posters count for a lot in elections, but the two things that count for most are unity and faith, and we have both."

SUIT OF WIFE BASED ON DOG

Woman Charges Mate Caused Pet to Bite Her After Family Row

CHICAGO, April 18. (Exclusive)—Charging that she was unable to take her part in family quarrels because of a Boston bull dog which zealously guarded her husband, Dr. Edward Von Borries, plastic surgeon, Mrs. Thelma Von Borries today sued for separate maintenance. She charges cruelty.

Mrs. Von Borries charged that her husband urged the dog to attack her when she resented his cruelty. She left Von Borries yesterday after the dog bit her on the right foot at his command, she stated.

BRITISH CAMEL READY TO RACE

Drys Have Hopes of Gains at General Elections

Old Anti-Saloon Tactics to be Used in Fight

Questions on Local Option Put to Candidates

LONDON, April 18. (AP)—H. C. Heath, general secretary of the United Kingdom Temperance Alliance, issued a statement today on the status and hopes of the prohibition movement in the coming British general elections.

Heath is one of the leading figures of an alliance of twenty national and seminational temperance organizations throughout England and Wales. The organizations, for the first time in British history, are fighting side by side in an electoral campaign in an effort to place as many persons as possible in Parliament pledged to support a nation local option bill.

HOOVER AIDS CAUSE

Heath said that, in his opinion, the election of Herbert Hoover to the Presidency of the United States had done more than anything since the local option election of 1908 to help the cause of prohibition in England.

He declared Mr. Hoover's "election on a platform of strict enforcement of the American prohibition laws" had created a tremendous impression on this side of the Atlantic.

SAME TACTICS USED

"We are pursuing virtually the same tactics here the Anti-Saloon League followed in America years ago," he said. "We are asking each candidate to answer yes or no to this question: 'If elected will you support a local option measure including an option for no license at all?' We judge where to throw our united support according to the way the questions are answered."

He defined the position of England's three great political parties on prohibition as follows: "The Liberal party is definitely friendly. In the Labor party more than half are friendly. Only a small minority of the Conservative party, of which Lady Astor is one of the leaders, is friendly toward prohibition."

Heath said no help had been solicited or accepted from American sources.

APPROVED HOSPITALS — SERVICE TO HUMANITY

What is Meant by an Approved Hospital?

GOOD HEALTH and life are priceless. We would not knowingly entrust their protection to any but the most competent authority. In time of health, it is your responsibility to yourself and to those near and dear to you to inform yourself as to where you can get qualified, responsible hospital service when the need arises.

Science has been alert for generations developing advanced methods of diagnosis and the treatment of human ills. Our government, supported by ablest scientific minds, has gone far in standardizing methods for the protection of public health.

Out of all that has been accomplished, national scientific organizations have set up a code of standards for responsible hospital operation. These standards are exacting. They require a high degree of efficiency as to equipment, personnel, staff, system and every detail of hospital procedure. They are set up for your protection.

Any hospital that conforms its practice to these scientific standards may secure a certificate designating it as "An Approved Hospital". This designation is extremely important to you. It assures responsibility, made certain by periodic and exacting inspection. It means that you can rely on any hospital which displays a certificate qualifying it as "An Approved Hospital".

This information is published as an educational message for the benefit of the general public.

It is sponsored by the following members of the Association of Approved Hospitals of Southern California:

TROOPS TO AID FIGHT ON FLIES

Four Companies Backing Florida Quarantine

Fruit Burned and Sprays Busy in Pest War

Appearance of African Insect First in North America

ORLANDO (Fla.) April 18. (AP)—With vigorous control methods already applied and with four companies of State troops ordered mobilized to reinforce the quarantine, Florida officials felt more confident today they would be able to exterminate the Mediterranean fruit fly within the area now infested.

Discovery several days ago of the new pest in an area approximately twelve miles north and south and six miles east and west in Orange and parts of Lake and Seminole counties, moved the State plant board and Federal inspectors to set into motion machinery for eradication.

QUARANTINE STRICT

A strict quarantine was clamped on the infested area and no shipments of fruits and vegetables will be allowed from that section. Clean-up work was started in the groves with the fruit being destroyed with quick lime and trees sprayed to kill the grown flies.

The fruit fly, which originally came from West Africa, is virtually omnivorous so far as fruits and vegetables are concerned, only a few varieties not appealing to its taste. Commissioner of Agriculture Mayo said it would infest 71 of 80 varieties of fruits and vegetables grown in Florida. This is its first appearance on the North American continent, but how it came to reach Florida is not known.

TROOPS GET ORDERS

Use of the State troops will not be in a police or military capacity but as a reinforcement of the quarantine personnel of the State plant board and the Federal department of agriculture.

Lieut. Preston Ayers of the One Hundred Twenty-fourth Infantry, said he had received verbal orders from Adjt.-Gen. Colins for mobilization of the guard companies and expected formal orders from headquarters at St. Augustine today.

Troops will be stationed at posts along the fifteen highways leading out of the section and will halt all shipments of fruits and vegetables.

TELEVISION AND TALKIES TO WED

William Allen White Says We'll Hear and See News While It's Happening

MILWAUKEE, April 17. William Allen White, Emporia (Kan.) editor, in an address here last night said the day may come ultimately when newspapers will be displaced by television records delivered at one's front door like milk and cream.

"We'll have the baseball game on the screen and we will hear the crash of the bat against the ball," he said. "We'll have the fire in the twenty-story building and we'll hear the thud of human bodies on the sidewalks, and we'll have delivered to us the testimony of the beautiful young woman who murdered her husband."

HOW FOCH AIDED PERSHING TOLD

Marshal Said to Have Backed General in Dispute

Clemenceau Pictured as Foe of American Leader

War Incident Disclosed in Series of Interviews

PARIS, April 18. (AP)—The Havas News Agency says Raymond Recouly, French journalist, shortly will publish a series of interviews with the late Marshal Foch in which he says that the generalissimo of the Allied armies prevented a move to replace Gen. John J. Pershing as commander-in-chief of the American Expeditionary Force.

Extracts of the interviews printed by Le Temps relate that Marshal Foch had a disagreement with Premier Clemenceau, who reproached him for showing too much indulgence toward Gen. Pershing.

The marshal is stated, however, to have held to his patient attitude "because of the military inexperience of the Americans" and to have rejected a suggestion by Premier Clemenceau that he write directly to President Wilson concerning the matter.

M. Recouly quoted Marshal Foch as saying that Premier Clemenceau considered Gen. Pershing's effort to build up an autonomous army acting by itself was preventing the Americans from giving the Allies the aid they should have given. The Premier is said to have accused Gen. Pershing of being too stubborn.

It is understood Clemenceau will give his version of the affair after publication of the interviews which will appear in a book called "The Memorial of Foch."

Gen. Pershing said he has nothing to say at the present time.

Liner Aground for Second Time

LONDON, April 18. (AP)—The French liner Paris, fresh from a day and a half on a mud bank in New York Harbor, went aground on the rocks at Eddystone Light in the English Channel this morning, but several hours later pulled itself off without assistance and proceeded toward Plymouth.

The ship left Havre early today for New York but found the fog in the channel so heavy that it lost its course fourteen miles from Plymouth and struck the treacherous rocks near the lighthouse.

MONKS HELD UP

BUDAPEST (Hungary) April 18. (AP)—Gypsies raided a historic abbey at Mesic today, binding and gagging the 70-year-old abbot Father Theodosius and his brother monks. Before the marauders could seize any plunder they were frightened off.

HELEN MORGAN FREED BY JURY

Rival of Tex Guinan Held Not Guilty in New York

NEW YORK, April 18. (Exclusive) Helen Morgan, who shares the New York night club spotlight with Texas Guinan, was found not guilty of maintaining a common nuisance by a jury in Federal Court here tonight.

The diminutive actress, who earlier phoned the "Show Boat" management that she, as a result of her breakdown at the third day of her trial, would be unable to appear in the evening performance, was overjoyed at the verdict.

PARLIAMENT MEMBER DIES

SCIENCE LEARNS CAUSE OF MOST HUMAN ILLS

Recent Discoveries by Medical Science Prove Conclusively that Constipation—Indigestion—Dyspepsia—Biliousness—Hyperacidity—Auto-Intoxication—Disturbed Heart Action—Overloading of Kidneys with Consequent Excess of Uric Acid in the Blood—Headaches—Nervousness—Sleeplessness—Mental Depression—Dizziness—Bad Breath—Coated Tongue—Sallow Complexion—Sluggishness—Sour Stomach—Loss of Weight—Loss of Vitality—Loss of Appetite—Rheumatic Pains Due to Toxic Poisoning—and Mental and Physical Inefficiency Can be Traced, in Most Cases, to One of Three Things, a Sluggish Liver, Impoverished Blood or Improper Glandular Activity.

If These Vital Organs and Fluids Are Not Performing Their Proper Functions—Sickness—Suffering and Ill Health are the Inevitable Results.

The commonest and greatest curse of any of these is constipation. It is man's greatest enemy. It poisons him, slows him up mentally and physically, breaks down youthful strength and vigor, ages him prematurely, and leaves him an easy victim to the attack of almost countless diseases.

EVER since the dawn of civilization, mankind has been searching for drugs and medicines that would give relief from these common ills.

Two thousand years ago, Hippocrates, history's first physician, was trying to cure constipation by using purgatives. And until recently, millions of people throughout the civilized world have been trying to do the same thing—with the same lack of success that Hippocrates had.

Purgatives and laxative drugs have never cured constipation—and never will.

Within the past few years Medical Science has made some amazing discoveries—discoveries that will have a far-reaching effect upon the health and well-being of mankind. These discoveries absolutely disprove many of the beliefs, practices and theories that we have known for a life-time.

For centuries we have believed that bile was harmful, nauseating substance that made us sick, or bilious. Medical science has now proven conclusively that bile is in reality and in fact, a veritable health-giving and life-sustaining fluid with many all-important functions—and that biliousness is not due to too much bile, but to a lack of it.

In attempting to stimulate the liver and increase the bile flow, Calomel is the drug that has been most widely used throughout the world for many years. And now science has proven that this poisonous, nauseating chemical has no action whatever on the liver or bile flow and that it confines its action to the intestinal tract. It is a purgative and nothing else.

Here is what an eminent authority has to say about Calomel:

"Contrary to the belief adhered to for many years, Calomel has no action on the liver or bile flow. This belief existed and was based on the color of the stools after administration of calomel. It has, however, been thoroughly demonstrated that the characteristic greenish stools are colored by the calomel itself, and does not indicate the presence of bile.

"Calomel is a mercury compound which exerts a cathartic action through the irritating effects of small quantities of mercury which are liberated from it. Large doses of calomel probably favor bacterial increase by lessening intestinal resistance. It is not suited to long use because of its systemic action."

Having made this discovery, scientists then began a world-wide search for something that would stimulate and invigorate a sluggish liver to action.

This search has been rewarded. They have found a substance which, according to the highest authorities, is the most powerful stimulant to the secretory, or bile-producing, activity of the liver known to materia medica.

Unlike Calomel, it does not shock or upset the system, cause nausea or any other ill effects so common to calomel. On the other hand, it is designed to stimulate a sluggish liver to the normal production of bile demanded by Nature for good health.

Neither is this substance in any sense of the word a purgative. It is a liver tonic and does its work by the simple method of causing the liver to secrete and deliver into the gastro-intestinal tract a normal flow of bile—which is a more natural and effective laxative than can ever be devised by man.

This amazing substance is one of the principal ingredients in Sargon, the new and revolutionary formula which is lifting tens of thousands out of the throes of ill health, despondency and inefficiency into vigorous, exuberant health.

This amazing substance, which does the one thing that calomel was supposed to do—that is, stimulate the liver and increase the flow of bile—without purging or upsetting the system, is contained in greater concentration in Sargon Soft Mass Pills, which are a necessary and integral part of the Sargon treatment.

Another great discovery that has been made by medical science is the astounding fact that there is no drug or medicine which is an effective "blood purifier." Although millions upon millions of dollars have been spent for drugs and medicines in the belief that they were effective "blood purifiers."

One of the three basic ingredients contained in Sargon is designed to build up the vigor and richness of the blood stream by aiding Nature to increase the amount of haemoglobin which the red blood corpuscles contain and thus enable the blood to purify itself.

Sargon is also designed to stimulate the secretions of the glandular system which forms a network throughout the body. It is now recognized that our outlook on life is largely governed by the chemicals which these glands distil and pour into our blood.

In other words, gland secretions make us either alert and ambitious or dull and depressed.

The efficiency of every cell of the body is apparent either directly or indirectly, supervised by the secretions of these glands.

Sargon also contains other ingredients of recognized therapeutic value which impart tone and strength to the entire system and are valuable for their influence upon the appetite, digestion and assimilation.

Sargon is fulfilling its great mission. It's doing it in a new and revolutionary way—the way that the men of science who labored for years to perfect this new and epoch-making formula intended it to be done.

From all sections of the country where Sargon is available, reports are pouring in to leading druggists telling of the amazing powers of this new and epoch-making formula. This mass of evidence verifies the claim of science that good health is largely maintained by the three vital organs and fluids of the body which are stimulated and invigorated by the basic elements contained in Sargon.

Sargon can now be obtained in Los Angeles and other cities at all Owl Drug Stores.

14 Astounding Facts!

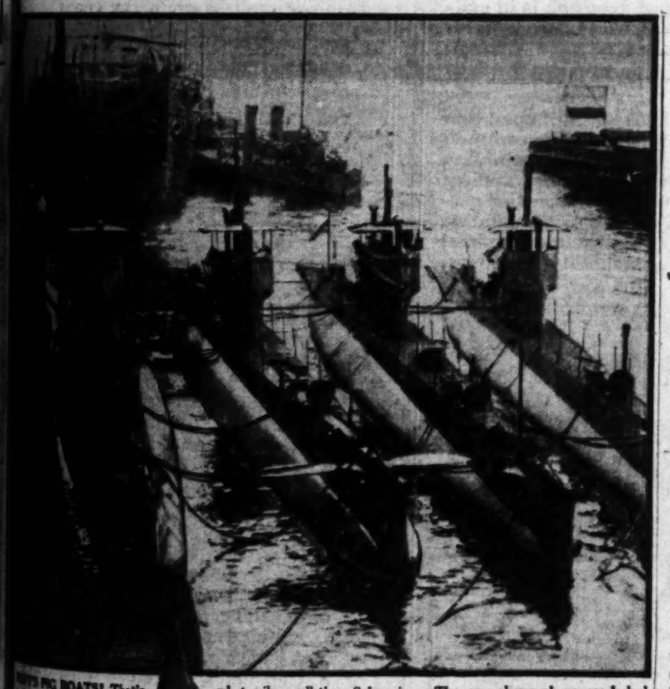
As a result of world-wide medical research, Science has learned the following important facts:

1. That the cause of eight out of ten cases of stomach trouble has nothing whatever to do with the stomach itself.
2. That indigestion, dyspepsia and constipation are due, in the great majority of cases, to an insufficient flow of bile caused by a sluggish liver.
3. That Calomel has no effect whatever on the liver or bile flow and confines its action to the intestinal tract.
4. That biliousness is not due to too much bile, but to a lack of it.
5. That to enjoy good health, the liver must manufacture an average of three pints of bile every twenty-four hours.
6. That bile, in place of being a harmful substance which makes us sick, has many all-important functions.
7. That bile is a powerful digestant without which food cannot be properly assimilated.
8. That bile is Nature's own laxative, so certain in its action that people with a normal flow of bile are practically immune to constipation.
9. That bile is antiseptic and lessens bacterial growth in the intestines and combats putrefraction and the formation of gas. It is also an alkaline and counteracts hyperacidity.
10. That bile is, in short, a veritable life-sustaining fluid. If we lack it, the process of digestion, assimilation and elimination become deranged, causing many gastro-intestinal disturbances.
11. That seven out of every ten people past the age of thirty suffer from an insufficient flow of bile caused by a sluggish liver.
12. That there is no drug or medicine which is an effective "blood purifier," although millions upon millions of dollars have been spent for medicines in the belief that they were "blood purifiers."
13. That the secretions of the endocrine glands affect mental as well as physical efficiency and that they make us either ambitious and alert or dull and depressed.
14. That good health is largely maintained by three vital organs and fluids of the human body, which can be stimulated and invigorated by certain basic elements.

Science has succeeded in combining these elements in the new and revolutionary formula called Sargon, which may well be considered the greatest health-giving remedy of the age. In all leading cities where Sargon has been introduced, dealers are buying it in solid carload lots to supply the phenomenal and overwhelming demand.

Rundown and debilated people by the thousands are reporting prompt recovery of health and bodily vigor through methods undreamed of a few years ago. Never before has any medicine aroused such widespread interest as Sargon and hundreds of Los Angeles people are consulting the Sargon representative at the Owl Drug Store, Sixth and Broadway, to learn more about this epoch-making new medicine.

"NERVES OF STEEL! THAT'S WHAT IT TAKES" UNDERSEA SAILORS TELL CIGARETTE CHECKERS



PIG BOATS! That's Sailor Talk for "Submarine Ship," but soon "Sailor to the sea" with the Pig Boats and other smoke Tareytons. That's what sailors call these Submarines. The ones, shown above, are lashed they'll be out maneuvering with the Fleet in battle practice. Going takes a steady nerve. And the Bluejackets aren't taking any chances... what investigators found in the recent New London check-up.

New London Quiz Shows That Tareytons Are A Big Favorite Among Men in U. S. Submarine Service

"STEADY NERVES THE CHIEF REASON" THESE NAVY MEN SAY

NEW LONDON, CONN. A cigarette check-up at the Submarine Base here today shows Tareyton popularity growing in leaps and bounds.

It's a big favorite among Navy Men ... there's no getting away from that.

The largest cigar store in New London, where sailors buy their cigarettes, reports a 320% increase in sales during the last 60 days.

"Nerve-strain did it," a Chief Petty Officer declared. Submarine Men have got to keep fit. The risk is too big ... the hazard too great. Diving under the sea's no place to gamble with jumpy, ragged nerves.

Make 7-Day Nerve Test

"Smoke ... but keep fit" ... that's the reason for this big switch to Tareytons. Not only among seamen, but among men and women in every walk of life.

Today's high-tension pace demands steady nerves, and smokers turn to Tareyton. If you haven't smoked Tareytons ... it will pay you to try them for your health's sake. Just to discover the genuine 'health benefits' they offer.

Test them for seven full days ... smoke all you want, but be sure to smoke nothing else.

Then, check the results. Note the difference in how you feel. See if your nerves aren't steadier. Surely, it's worth a test ... when the reward is steady nerves.

BATTLE PRACTICE! A sub gun crew getting target practice. Steady nerves are needed here. That's why they always stick to Tareytons.

ON THE TOWER! Seamen Second Class, shown above, were assigned to the Conning Tower of a submarine. They need steady nerves when they're submerged, all right. That's why they stick to Tareytons exclusively, they say.

(AT RIGHT) HERE'S A LIGHT, SAILOR! And it's a Tareyton he's smoking, that's certain. This picture made during the New London check-up. You can see yourself how popular Tareytons are with the Navy. Why not try the famous Tareyton 7-Day Nerve Test ... just for your health's sake? Smoke all you want, but smoke nothing else. Then see if they don't make a great big improvement in the steadiness of your nerves.

Reg. U. S. Pat. Off.

5 SUCCESS REASONS

1. "Steady nerves." 2. Humidor package. 3. Heavy foil. 4. Quality Tobaccos. 5. Sealed perforated top. That's why there's no dryness ... no crushing. The heavy foil used in Tareyton's famous humidor package assures you a fresh full-flavored smoke.

SHAREHOLDERS' LIABILITY FIXED

Assessing Stocks of Closed Banks Held Illegal

Supreme Court Rules Section of Act Invalid

Merced Case Viewed as Bar to "Nursing" Tactics

SAN FRANCISCO, April 18. (AP) The State Supreme Court today held unconstitutional sections of the California Banking Act which permit assessment of stockholders of banks in liquidation to make up corporate liabilities.

The decision was in a case appealed from a lower court by Will C. Wood, Superintendent of Banks, acting as trustee for the First Bank of Livingston, Merced county. The lower court had held the assessment clauses unconstitutional and today's decision confirmed that decision.

Wood had sought to assess stockholders of the bank approximately $100 a share to cover the bank's liabilities while it was in liquidation.

DECISION UPHELD

The Supreme Court held that the Banking Act is not to be construed as treating a personal liability of stockholders for corporation debts which would be in excess of constitional provisions.

The State Supreme Court upheld the decision of the Merced county Superior Court, where the case was tried.

Mr. Wood had little comment to make on the situation created by the opinion.

"As I understand the opinion, without having read it carefully," he said, "it prohibits the banking superintendent from levying assessments on stockholders in banks that are closed, but does not preclude him from making assessments to repair the capital of banks that are to continue in operation."

"NURSING" MUST END

A. A. Rosenshine, attorney for the State Banking Department, said the decision created an unfortunate situation with regard to banks in liquidation.

"I have not read the opinion," he said, "but from what I have heard I can see nothing else to do when a bank is wobbly but to close it. The opinion, I believe, will preclude the State Banking Department from nursing along financial institutions."

COURT'S COMMENT

Attorneys here today said they are not aware of how much money is involved in the ocurt action but pointed out it is a comparatively small amount, as most of the stockholders have paid the assessment. Two of the largest stockholders in the bank, they said, were fighting the assessment.

In commenting on the section of the Banking Act it held unconstitutional, the Supreme Court said:

"We cannot hold that the public power of the State is unrestrained by the constitutional provision which limits the liability of the stockholders."

ALL-STATE GAMES BODY PROPOSED

Steps Taken to Retain Entire Olympics Program Within California

SACRAMENTO, April 18. (AP)—Protesting vigorously against predicted action by the International Olympiad Committee, who might allocate to eastern States many events of California's 1932 Olympic Games, the Assembly today received a resolution creating a counterbody to be known as the Olympiad State-wide Co-operating Commission.

The resolution, introduced by Assemblymen Coombs of Napa and Sewall of Whittier, called attention to the popular vote of last November by which the people authorized issuance of $1,000,000 in bonds to finance the Olympic Games, presumably to be held in California. It was further pointed out that there is no precedent or reason for scattering the events over the nation, since there is no contest on the program for which suitable grounds could not be found within the boundaries of the State.

The California commission, appointees of the Governor, would co-operate with the international body in seeking proper spots within the State for holding of all events and, the resolution inferred, would defend the right of the people to have every event produced in California.

Bills Passed by Assembly

SACRAMENTO, April 18. (AP)—The Assembly today passed the following bills:

Assembly Bill No. 1113, Heisinger, requiring that the State print all elementary text books required in excess of 3000 copies.

Assembly Bill No. 406, Crittenden, permitting increase in the salaries of officers of San Joaquin county.

Assembly Bill No. 925, Byrne, providing for the establishment of an additional state insane hospital, to be situated in Southern California.

Assembly Bill No. 961, Clowdsley, slightly amending the powers of supervisors in condemning and moving cemeteries.

Assembly Bill No. 175, Woolwine, extending weed eradication powers to counties.

Assembly Bill No. 982, Just, slightly amending the Political Code as it relates to powers of supervisors.

Assembly Bill No. 1015, Coombs, containing minor amendments to the law relating to the disqualification of judges.

Senate Bill No. 1471, Shortridge, providing for additional compensation for employees when there is 70 per cent disability or more, creating a subsequent injuries fund for the purpose, to be administered by the Industrial Accident Commission.

Senate Bill No. 226, Murphy, containing a slight amendment to the Workmen's Compensation Act.

Senate Bill No. 358, Lyon, containing slight amendments to the Street Improvement Act.

Senate Bill No. 287, Young, prohibiting the catching of animals with teeth-bearing traps.

Senate Bill No. 987, Cassidy, localizing hunting of animals with dogs.

Senate Bill No. 34, Inman, requiring that architectural services rendered in supporting State bodies shall be paid for.

Senate Bill No. 452, McKinley, empowering supervisors to appropriate money for National Guard purposes.

LINDBERGH SHRINE PLANNED

DETROIT, April 18. (AP)—The three-story brick house in which Col. Charles A. Lindbergh was born has been purchased by the Swedish Engineering Society of Detroit and is to be preserved as a memorial to the flyer.

TWO AUTO TAX BILLS REPORTED

Contest Passed to Floor of Assembly

Opposing Factions Battle in Committee

Referendum Proposed by Murphy Plan

SACRAMENTO, April 18. (AP)—The State administration backers of one plan for revision of automobile taxes, and the faction supporting the opposition plan introduced by Senator Murphy of San Francisco battled today in the Assembly Committee on Constitutional Amendments.

Officially considering the Murphy amendment, the committee early became involved in a discussion of both bills, with the result that the Murphy constitutional amendment was passed out only on the assurance of the committee that the two measures will land simultaneously on the Assembly floor.

MURPHY PLAN

The Murphy amendment provides that the people be allowed in 1930 to vote on a new motor vehicle tax which would be collected at the same time license fees are paid. Under the plan, the State Division of Motor Vehicles allowed a deduction of 5 per cent of the gross for expenses, would enforce the motor vehicle taxation, then turn the proceeds over to the counties. The measure was fought by speakers for the division, who complained that it would necessitate an additional clerical burden.

The administration-favored bill, introduced by Senator Nelson of Eureka, would keep automobile taxes in the personal property classification under county enforcement, but would require that when such taxes become delinquent the motor vehicle division be notified and recall offenders' licenses, tags not to be reissued until back taxes are paid, then at the cost of a new tag.

Administration forces sought first to have the Murphy amendment carried over, then to have it passed out on the proviso that the Nelson bill "be first disposed of" before the Murphy amendment was taken up by the Assembly. The compromise was effected after a debate lasting more than an hour and a half.

County assessors of the State are in favor of the Murphy amendment. The Southern California Automobile Club prefers the Nelson bill.

BOON TO AGED

The committee voted a boon to aged firemen in passing the amendment proposed by Senator Rochester of Los Angeles, providing that the State be empowered to give not more than half of funds collected as taxes on fire insurance premiums to firemen's benefit funds.

Another potential financial aid was voted when the committee passed the amendment proposed by Senator McKinley of Los Angeles, empowering the Legislature to fix salaries of all elective State officers except the Governor and Lieutenant-Governor.

WHITE HOUSE GIFT PLANNED

Permanent Library to be Given by Booksellers; Action Approved at Bay City Convention

SAN FRANCISCO, April 18. (Exclusive)—Establishment of a permanent library in the White House through the gift of 500 volumes as a start, to be augmented by fifty volumes annually thereafter, was suggested and approved today by members of the American Booksellers' Association at the closing session of their convention here.

John Howell of this city, sponsor of the plan, declared the White House has no permanent library, each President being forced to supply his own books and remove them on his departure from Washington. He declared he has it on good authority that when President Hoover assumed office his own library had not been transferred and the Chief Executive had to borrow a book he needed from one of the White House guards.

The resolution adopted embodies a clause calling for a committee of experts to select the books and consider the adoption of a special White House library book plate, with a place for the donor's signature.

TEXTBOOK BILL GETS APPROVAL

Heisinger Measure Requires State Do Printing

SACRAMENTO, April 18. — The Assembly today passed the Heisinger bill requiring that the bulk of elementary school textbooks be printed in future by the State.

The measure, which originally drew much opposition from educators, was amended so that high schools are not affected, and a clause inserted which allows education boards to buy books elsewhere if they cannot be furnished by the State.

A TRIUMPH —in care-free Refrigeration

17,000 hours of perfect operation without a call for service

The marvel of women everywhere today is the amazing improvements in Automatic Refrigeration introduced by Zerozone.

Not alone because Zerozone ends the inconvenience of old time methods. Not alone because it insures the scientifically correct temperature for food preservation. Other Automatic Refrigerators have reached these goals.

In Zerozone, however, science has perfected a refrigerator that operates at an extremely low cost. Even in the winter it is an economy. And in the warm weather its upkeep is far less than was formerly paid for ice.

But the greatest triumph is in ending mechanical worry. Once Zerozone is installed in your kitchen, your refrigeration problem is solved for all time.

As many as 17,000 hours of operation without needing service is common with Zerozone. That dependability is what you want. Come in and see the refrigerator that makes this possible. You'll thank us for guiding you to ultimate satisfaction—to real economy, dependability and convenience.

GENERAL ELECTRIC Refrigerator

15,000 California Users Have Paid NOTHING for Service

"Over two hundred thousand American families—one million men, women and children—already enjoy the convenience and health-guarding service of the "General Electric" Refrigerator. Not a single one of these owners has ever spent as much as one dollar for service—a new record in the industry."

T. K. Quinn, Manager Electric Refrigeration Department, General Electric Company, Broadcast over K P I and National Network March 25, 1929.

When Buying Your Electric Refrigerator Get These Features:—

1. An easily accessible temperature control.
2. A mechanism that requires no oiling.
3. A sanitary, full porcelain chilling chamber.
4. Complete freedom from radio interference.
5. An hermetically sealed, dust-proof mechanism.
6. A cabinet with legs for easy cleaning underneath.
7. All the mechanism mounted on top.
8. Completely portable without installation problems.
9. Continuously-quiet operation.
10. Maximum food storage space in the cabinet.
11. No troublesome machinery to need adjusting.
12. An unusually small current consumption.
13. An all-steel, everlasting cabinet.
14. An unqualified two-year guarantee

Only General Electric Refrigerators offer these vital advantages.

Your Municipal Electric
System will operate your new

Electric Refrigerator

... at a cost of

$1.50 a month *... or less*

THE magic of electric refrigeration now fits your purse! If you have a radio in your living room, you can afford an electric refrigerator in your kitchen. For no

more than the cost of an up-to-date radio instrument, you can buy and operate a gleaming, snow-white electric refrigerator. The modern refrigerator is not an expensive luxury ... at low Municipal rates, it becomes a household economy, a source of comfort and convenience for years to come ... Again your Department of Water and Power demonstrates its eagerness to make Los Angeles home life happier.

Pays for Itself in Savings

Because foods keep longer in the dry, even cold of an electric refrigerator, you need shop less often. ...Then, too, there is the sensible economy of buying in larger quantities. Left-overs are never wasted. Foods in the chilling chamber keep at their best for long periods. In addition to all these advantages ...Municipal rates keep the operating cost at $1.50 a month or *less!*

Plugs into any Floor Outlet

The modern refrigerator requires no special meter. You plug

it into a convenient outlet just as simply as a floor lamp or electric iron. It operates automatically ... quietly keeping foods at the right temperature...a uniform, dry-cold, always under 50 degrees. When you move, you take it with you, like any other high class piece of furniture.

Safe Food Preservation

An electric refrigerator is an investment in health, protection and food preservation. Milk and cream keep pure, sweet and safe! Fruits placed in an electric refrigerator become a surprising delight. Vegetables and salads gather a freshness and crispness never before experienced. Meat maintains its healthy wholesomeness.

All foods are more palatable when preserved in the dry cold of an electric refrigerator.

Convenient Terms From Your Local Dealer

You can buy an electric refrigerator in exactly the same way as you do a radio ... a little down and the balance in convenient, monthly terms.

Within a few hours after your order is accepted, your refrigerator

is delivered to your home, ready for work ... without additional service or attention from you.

All Makes Demonstrated
at Appliance Display Room
209 South Broadway

At 209 South Broadway, your Municipal Department of Water and Power maintains a demonstration room for all standard makes of electric refrigerators. Trained experts tell you about the new features of each. They will compare prices. In fact all there is to know about electric refrigeration will be told you. *This is not a sales room.* Your name will *not* be given to any selling agency.

REDISTRICTING BILL EXPLAINED

Senate Committee Hears Vandenberg

Would Fix Congress Status Permanently

Measure Compared With Fenn Plan

WASHINGTON, April 18. (Exclusive)—The campaign to reapportion Congress in accordance with the mandate of the Constitution got under way today when Senator Vandenberg, Republican, Michigan, author of the newly introduced reapportionment bill, appeared before the Senate Commerce Committee, now holding hearings on the census and reapportionment measures in the Senate, and made a statement clarifying the differences between the Vandenberg reapportionment bill and the Fenn bill, passed by the House and killed in the Senate during the last session of Congress. The committee will hold an executive session Saturday morning when it will decide whether these measures will be sent to the floor of the Senate or held in committee. Opinion in Washington is that the bills will be sent to the Senate.

PERMANENT LAW

The Vandenberg measure is designed to be permanent law, affecting all future censuses and reapportionments. For that reason the author has eliminated any set figure for the number of Congressmen and eliminated any mention of a particular system of allocation of Representatives to a State. These two factors largely were responsible for the defeat of the reapportionment bill last session, as they enabled opponents to carry on a bitter fight based on the size of Congress and the methods of dividing the total number of Congressmen between the States.

One other change from the Fenn bill is made in the Vandenberg bill. Instead of the Secretary of Commerce calling on Congress to pass reapportionment at each decennial census, the President of the United States, under the new bill, furnishes the Congress with the census figures and the number of Representatives due each State. If the Congress does not pass the necessary legislation, the succeeding Congress is automatically based on the Presidential report. For this reason the bill is known as an enabling act, inasmuch as it enables the President to reapportion Congress, and because it does not specify numbers and methods, is, according to the intention of the author, a permanent bill affecting all future Congresses.

FLEXIBLE RULE

In order that Congress will not be set in hard and fast rules making it inadaptable to future conditions, Senator Vandenberg has written in the proposed law that the Congress newly made up after the decennial census shall contain the same number as the previous body. Thus if it seems wise to Congress to increase its number it may do so by extra legislation without affecting the enabling or Vandenberg measure. Also Congress may choose any method it sees fit to apportion the members of Congress under the Vandenberg bill, as the only criterion is that the same method shall be used as was used in obtaining the numbers of the last Congress. By this move Senator Vandenberg hopes to silence the minorities which have been crying aloud for different mathematical schemes of reapportionment in the hopes of defeating any legislation on reapportionment in Congress.

In his strong statement today Senator Vandenberg outlined the differences in his bill and the defunct Penn measure of last session and explained the reasons for these changes, emphasizing his intention to draw the bill so that the fiasco of the States being without representation as provided by the basic law of the land could never be repeated.

Engineer Pleads for Breakwater

WASHINGTON, April 18. (AP)—H. W. Crozier, engineer employed by Monterey, Cal., in its effort to obtain a reversal of the action of the district engineer, who reported adversely on the proposal for a $1,900,000 breakwater in Monterey Bay, conferred today with members of the board of engineers for rivers and harbors.

Various points were gone into detail with Mr. Crozier, who was questioned on the engineering as well as the economic aspects of the project. Mr. Crozier's opinion was sought as to the location of the proposed jetty and on its probable effect in stopping the surge action of the sea in the harbor.

HOOVER RESISTS FARM-AID PLAN

President to Strike Back at Debenture Scheme

Rolls Up Sleeves to Fight Defying Senators

House Shows Solidity for Campaign Outline

WASHINGTON, April 18. (Exclusive)—The Senate Agricultural Committee having defied him by inserting the export debenture plan in the farm relief bill introduced today, President Hoover is considering striking back in the next few days with a public statement designed to kill this subsidy feature. In preparation for a possible move of that nature Mr. Hoover, it became known today, is having financial experts of the Treasury compile statistics showing just what the debenture plan would mean to the government in loss of tariff revenues. He also has officials of the Agricultural Department at work on arguments showing the debenture scheme to be unsound.

Just what Mr. Hoover will do he has not decided, it was indicated at the White House, but it is quite plain that the President is unalterably opposed to the debenture clause and may take vigorous steps to see that it is not incorporated in farm legislation.

CALLS IN FAVOR

When members of the Senate Committee called on him last week to discuss farm relief, the President did not express himself directly on the debenture plan but made it clear he was against all subsidies. In the absence of a direct statement, however, the Senate Committee proceeded to write the debenture amendment into the McNary bill. The result has been to array the Senate against the President in the first test of his administration.

President Hoover discussed the debenture scheme today with Louis J. Taber, head of the National Grange, its principal originator, and it was following this conference that word was given that a statement dealing with the subject shortly may be given out at the White House.

Meanwhile the House this afternoon started debate on its farm bill with the expectation the measure will be passed by the middle of next week. The bill does not contain the old equalization fee, the debenture plan or any other controversial feature, following in all major respects the known conservative views of President Hoover and Secretary Hyde. General debate in the House will end Saturday and on Monday the bill will be taken up under the five-minute rule for amendments. Administration leaders expect it will be passed by Wednesday and sent to the Senate, where it will collide with the McNary bill containing the debenture amendment.

HOUSE OF ONE ACCORD

The House discussion today was marked by unusual equanimity of views, members of both parties and of all shades of opinions on the questions agreeing that the moderate measure reported by the Agricultural Committee should be adopted and that there is no need for extended or heated argument. If the champions of the equalization fee were disappointed with the new bill, they did not show it.

What is proposed under the House bill is substantially what Mr. Hoover recommended in his campaign speeches and more in particular through his Secretary of Agriculture. It is in short a program which encompasses a farm board with the broadest powers ever conferred upon any government agency, to guide and assist the farmers, and having at its disposal $500,000,000 for loans at low interest rates so that crop surpluses can be removed temporarily from the market.

Much of the controversy which previously had marked House discussion of the farm issue has been removed, speakers said today, by the general disposition to construe the results of the last election as a repudiation of the equalization-fee principle of the old McNary-Haugen bill. And much more has been eliminated by the fact the new bill practically turns the entire job of relieving the farmer over to the President.

UP TO PRESIDENT

These views, generally held in the House were brought out in today's debate by Representative Aswell, Democrat, of Louisiana, who is a member of the Agricultural Committee and who said he personally knows the House bill has the approval of President Hoover.

"President Hoover," he said, "has been commissioned by the people to take the leadership on this question and I readily accept the verdict. The President is given unusual authority and the whole plan is placed properly in his hands. The success of the plan will depend primarily on him. The job is his. He is to be held responsible for its success or failure."

The equalization fee hardly entered into the discussion, it was passed over, the committee explained in its report, because "it is entirely obvious after the recent election" that such methods can not be enacted into law.

APPEAL ORDERED IN WURZBACH CASE

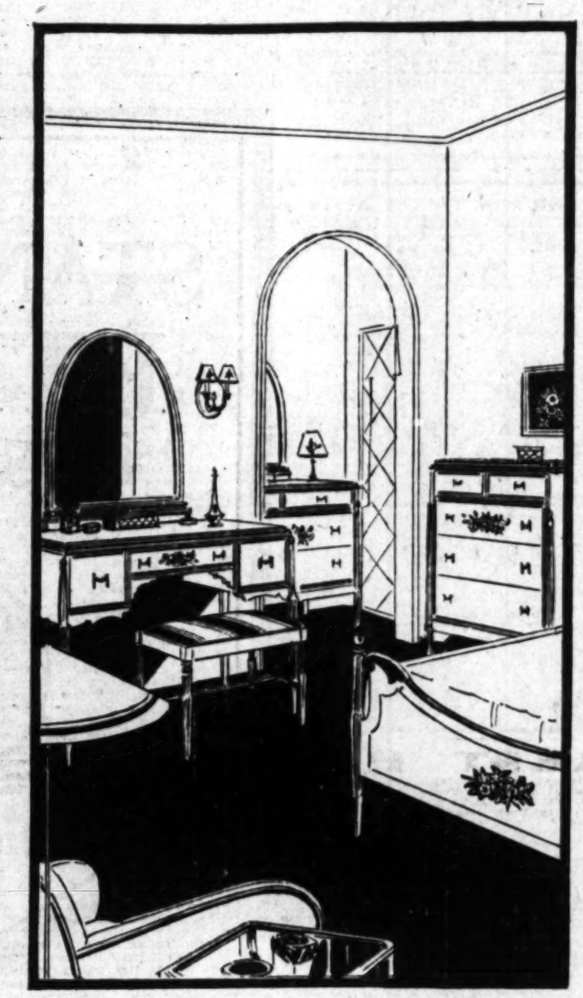
WASHINGTON, April 18. (AP)—The Department of Justice has authorized the United States District Attorney for the Western District of Texas to appeal from the dismissal of an indictment against Representative Wurzbach, charged with violating Section 118 of the Criminal Code prohibiting any member of Congress or government employee from soliciting contributions for political purposes.

McNUTT OUTLINES PROGRAM OF LEGION

PRESCOTT (Ariz.) April 18. (AP)—Introduced by Past Department Commander Paul W. Geary of Holbrook as a "scholar, educator, and citizen," National Commander Paul V. McNutt of the American Legion outlined to a large audience here last night the rehabilitation, law liberalization and adequate hospitalization program toward which the national organization is bending its efforts.

Outstanding Values

selected because they offer the most *at these extremely low prices!*



Groups selected for their style appeal and bought as only Barker Bros. can buy with their tremendous purchasing power—style at very low price!

Modern Art in a Bedroom Group 3 pcs. $145

Interest in modern furniture continues. Hundreds of California homes are furnished in the modern manner. Because Barker Bros. recognize this demand, they designed this group, "The Parisian"—typical of the fine simplicity and directness that marks the best modern groups. Without sacrificing quality, production costs were carefully watched to keep this group within our most popular price range. It's an eminently practical set (1) because the design, so smartly simple would suit any type of home. (2) because the color—antique beige—with soft coral and green contrasts—will always be practical and in demand—will stay in style and its new grain effect gives a softness that most painted groups lack. (3) because it is all hardwood and has a fine lacquer finish for permanence. Complete group available. Three large pieces—bed, dresser or dressing table, $145.

3 Pc. Bedroom Group

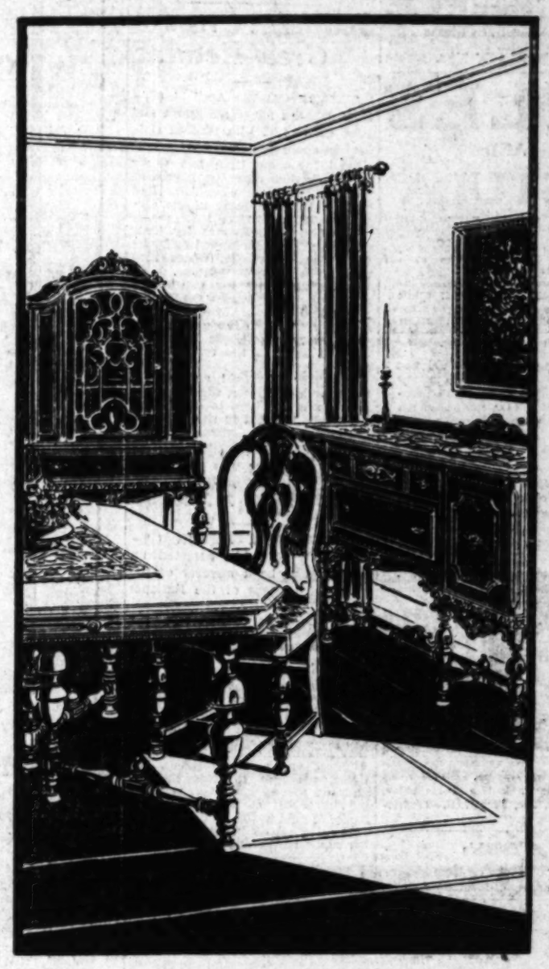
Another unusual value for those who know style! One of those handsome, massive groups that beautifully combine rich woods. Three pieces: Bed, Chest, Vanity or Dresser..... $159

FOURTH FLOOR

A Barker Bros.' Quality Purchase Special

Dining Group 8 pcs. $198.50

Fashionable dining groups—the very type seen in smart homes, well made, too—yet see the low price! We had to buy in quantity to get the reduction! That is the advantage of large purchasing power! The group shown, is typical of the three styles. An impressive set—the buffet, a dignified piece with fine maple veneers, and butt walnut fronts combined with rich carving. The table with shaped apron, extends to eight feet. The chairs are unusually large and comfortable with the new shaped back much in demand. All dust-proof construction with oak interiors. Really an exceptional value at this price! 8 pieces, buffet, table, five side chairs and arm chair, $198.50. The handsome china cabinet, and now china cabinets are included in all smart groups, $75.



Two Other Values!

Of the same special purchase, another group in walnut—a little less elaborate but very impressive. 60-in. buffet, 8-ft. extension table, 5 side chairs and an arm chair $179

A very massive set, very heavily carved — very impressive—the third group of the special purchase, 8 pieces, buffet, table, 5 side chairs, and arm chair —value at $279.50

UNEMPLOYED CENSUS URGED

Secretary Lamont Sees Need for Federal Survey

Appears Before Committee in Senate With Request

Appeal on First Appearance Meets With Favor

WASHINGTON, April 18. (Exclusive)—Strong indorsement of a Federal census on unemployment was made before the Senate Commerce Committee today by Secretary of Commerce Lamont. It was the Chicagoan's first appearance before a Congressional committee as a Cabinet member and the Secretary's succinct businesslike discussion of the need for an unemployment census made a decidedly favorable impression upon the committee members.

"There is a great need for some knowledge about employment," Secretary Lamont told the committee members who met today to draft the general census-taking legislation intended at the special session.

"Considerable talk has been going on in recent years concerning the amount of unemployment but we don't know the real situation. There has been a big shift of men in industry displaced by machinery. This shift in employment is going on at a greater rate than ever before and definite statistics on the subject would be very valuable."

These statistics, he explained, "will be helpful in determining whether something might not be done to help the situation.

"If we know long enough in advance we can watch the trend of the use of machines in certain large groups and perhaps work out some shifts in employment.

"We hear so much about the displacement of men; if we had the facts it would be very helpful. If it is not as large as reported, that is worth knowing and the census will stop lots of argument."

Besides arguing in favor of the unemployment census Secretary Lamont said many of the prominent agricultural organizations have appealed to the Commerce Department to have the census taken in November instead of May.

TRADE COUNCIL PICKS THIS CITY

Foreign Commerce Session to Meet Here in 1930

Two Rail Chiefs Stress Aid Roads Give Business

Latin America Pictured as Fertile Territory

BALTIMORE, April 18. (AP)—The National Foreign Trade Council tonight voted to hold the 1930 national foreign trade convention in Los Angeles. The month of the convention has not been decided.

Heads of two railroad systems today pointed out the aid railroads give to developing foreign trade in addresses before the convention.

Daniel Willard, president of the Baltimore and Ohio Railroad, gave a conservative estimate that the country's productive capacity exceeds consumption by at least 25 per cent, and that the development of markets to care for this production is a factor in determining whether the country has good or bad times in employment conditions.

LATIN TRADE STRESSED

Lawrence A. Downs, president of the Illinois Central system, gave special attention to Latin America as a field for trade with the United States, which he described as "the best customer Latin America has today." He referred also to extension of transportation facilities in South American countries with resulting increased production and new markets.

Lindsay Crawford, trade commissioner of the Irish Free State, urged establishment of agencies there for American business, and E. W. Fraarn, a Tokio merchant, declared that the existence of Japan depends upon its being an industrial nation.

Lynn W. Meekins, United States commercial attache to Canada, told the convention of the great commercial lines extended to that country by the United States, and termed Canada a contiguous export market, rather than a domestic or overseas one. He said that there are more than 1000 manufacturing plants in Canada, put there and owned by United States capitalists, and declared that American business is making huge gains in that country.

WARNING ISSUED

In a statement issued today, John Barrett, former director-general of the Pan-American Union and former United States Ambassador to Argentina, warned against legislation which might "kill the healthy Pan-American goose that is laying more and larger golden eggs for the United States." He declared that the consideration of increase of import duties on commodities from the Latin-American countries is the chief subject of commercial conversation in those sections, and might lead to bitter feeling and a withdrawal of much of the business from there, now held by concerns of the United States.

Dean Henry Gratton Doyle of George Washington University urged the teaching of foreign languages, particularly Spanish, in schools of the United States, declaring that a great deal of business is brought to this country by the ability of the people to converse in foreign languages, and that there is a great commercial opportunity in the Latin-American countries as yet untouched.

Southern Cross Crew Returns

SYDNEY (N.S.W.) April 18. (AP)—Capt. Charles Kingsford-Smith and Pilot Charles T. Ulm reached civilization again today after being marooned for more than two weeks on a mud flat near the mouth of the Glenelg River after they had made a forced landing in the airplane Southern Cross.

The two men, famous for their trans-Pacific flight, landed at Derby in Western Australia, where they were given a warm welcome.

Accompanied by the two rescue machines, the Southern Cross soon reached the Port George Mission station over which the airmen flew as a gesture of gratitude for the efforts to assist in the relief operations.

Navigator Litchfield and Radio Operator McWilliams, the two other members of the crew of the Southern Cross, traveled in the escorting planes in order to lighten her load.

Coolidge Will Become Trustee

WASHINGTON, April 18. (AP)—Calvin Coolidge has accepted an invitation to be a member of the board of trustees of the National Geographic Society.

Dr. Gilbert Grosvenor, president of the society, announced today he had received a letter from Mr. Coolidge, accepting an invitation extended to him on the 13th inst. and that the formal election probably will take place at a meeting of the board this month.

Dr. Grosvenor and the former President have been friends since they attended college together at Amherst and while President, Mr. Coolidge appeared before the society on several occasions, presenting in behalf of the society the Hubbard gold medal to Commander Richard E. Byrd in recognition of his flight across the North Pole.

De Valera Party Arming, Says Spy

DUBLIN (Irish Free State) April 18. (AP)—A statement that the Fianna Fail, political party of Eamon De Valera, had in its possession firearms and ammunition dumps was made in the Dail last night by Minister of Justice Fitzgerald Kenny.

In answer to a question the Minister admitted a detective posing as Sean McGuinness, attached to the self-styled Irish Republican army, had gained the confidence of the Fianna Fail leader, Andrew O'Donovan, and other party members. From them he learned the plans of their organization and of arms and ammunition at their disposal, later giving his information to the government.

El Rey de Bulgaria Salvado de la Muerte por Bomba

SOFIA (Bulgaria), Abril 18.—Hoy ha anunciado la policía que, por su intervención, hubo de frustrarse el plan de asesinar al rey Boris cuando este soberano regrese a Bulgaria. Anoche fueron descubiertas en el vagón particular del rey dos bombas sin disparar. Son éstas de tipo anticuado, pero de suficiente fuerza para destruir el citado vagón, según el sentir de la policía. Agrega ésta en sus declaraciones que ha recibido aviso de que ciertos comunistas tenían el propósito de quitarle la vida al rey caso de que no estallaran las bombas.

Al rey Boris le dio ayer la bienvenida el rey Alberto de Bélgica, que fue a recibirlo a la estación a la llegada del primero, procedente de Berlín. El soberano búlgaro ha visitado durante su viaje varias cortes europeas, y se rumora que ha contraído compromiso con la princesa Giovanna, de Italia. Estos rumores han sido desmentidos por algunos, añadiendo los que no les dan crédito que existen obstáculos religiosos para que se pueda llevar a cabo la boda entre los dos citados personajes reales.

Vuelve la Tripulación del "Southern Cross"

SIDNEY (Nueva Gales del Sur), Abril 18.—El capitán Charles Kingsford-Smith y el piloto Charles T. Ulm regresaron hoy a la civilización, después de haber quedado más de dos semanas presos en unos bajos cenagosos cerca de la desembocadura del río Gleneig. Hicieron allí un aterrizaje forzoso con su avión "Southern Cross".

Los dos viajeros, famosos ya por su vuelo transpacífico, tomaron tierra en Derby, Australia occidental, donde se les recibió con gran entusiasmo.

Acompañado de dos aparatos de rescate, el Southern Cross pronto llegó a la Misión de Port George, sobre la que volaron los aviadores en manifestación de gratitud por los esfuerzos que hizo la gente de allí para coadyuvar a los trabajos de rescate.

El navegante Litchfield y el radiotelegrafista McWilliams, que son los otros dos tripulantes del Southern Cross, viajaron en los aviones de escolta para aligerar la carga del primero.

Dice un Espía que los Valeristas se Están Armando

DUBLIN (Estado Libre Irlandés) Abril 18.—El ministro de Justicia Fitzgerald Kenny hizo anoche en el Dail la declaración de que el Fianna Fail, que es el parlamento político de Eamon de Valera, tenía en su poder armas de fuego y pilas de municiones.

En respuesta a una interrogación, el ministro convino en que un detective, que se había hecho pasar por Sean McGuinness, agregado al llamado ejército republicano irlandés, se ganó la confianza de Andrew Donovan, líder del Fianna Fail, y de otros miembros de dicho partido. Por ellos supo los planes de esta organización y se enteró de la cantidad de armas y municiones de que disponían. Más adelante, pudo rendir al gobierno un informe sobre ese particular.

NOTAS LOCALES

Han Quedado Arreglados los Funerales de Sebastian

Las cenizas de Charles E. Sebastian, después de cremado el cuerpo de este ex-alcalde y ex-jefe de policía, serán depositadas en el sitio donde han de descansar, no sin que el acto sea solemnizado con todos los honores de la masonería.

La ceremonia fúnebre se efectuará bajo los auspicios de la Logia Mirpah, para cuya organización tanto ayudó Sebastian en el apogeo de su carrera. Comenzará a las 2:30 p.m. y se llevará a cabo en la capilla fúnebre de Robinson y Adair, en el número 817 del bulevar de Venice Oeste.

Marco Saldrá esta Noche con Rumbo al Presidio

El subsheriff Eugene W. Biscailuz ha anunciado que esta noche partirá para el penal de San Quintín, Albert Marco, convicto de dos acusaciones de asalto a mano armada, y sentenciado a condena que puede variar entre dos y veinte años, y que purgará en el mencionado establecimiento penal.

Al confirmar esta noticia, Tom White, defensor de Marco, manifiesta que ya tiene agotados todos los recursos legales para aplazar la ejecutoria, y que ya no se hará ningún esfuerzo más por detener al preso en la cárcel de este condado.

Tan pronto como Marco sea dado de alta en la prisión de San Quintín, se habrá escrito el capítulo final de una larga lucha [illegible]

"When So Many Who Know Are Coming—Should Anyone Stay Away?"

Tomorrow—Final Day of This Great Event

It is difficult to give space in this announcement to all of the impressive values assembled for this important closing day. However, a few of them are listed below to give you some fair impression of what you may expect tomorrow.

Coats will be $25. There will be coats at $38 and coats at $55. Hundreds of the smartest and newest coat adaptations with beautiful fur trimmings in cloths and silks of wide, interesting variety—certainly little emphasis is needed to know that this is a rare coat buying opportunity—Saturday.

Dresses will be $18.75. Also a very choice selection of dresses at $25 and $10.95. Doubtless the most inclusive assemblage of delightful dresses that Bedell has ever gathered together for an event. Silk ensembles, Lace dresses, Prints, Georgettes, Chiffons—evening, afternoon and Sports models—a profusion of styles and values that no woman should overlook.

Lovely Fox Fur Scarfs $38. Certainly this value should be taken quickly enough. Fur Scarfs at $38 of Red Fox, Dyed Fox, brown Fox. Also Wolf scarfs. Large, beautiful, full skins.

Silk Ensembles will be $12.95 and very remarkable they are. Summery printed georgette frocks with matching printed flat crepe coat, or white and pastel sports frocks with gay coats in the same or harmonizing color. These ensembles arrived just in time to be featured for tomorrow—Saturday.

Fur Coats. Less than manufacturer's cost. Every coat that was formerly priced up to $275—now $100. Every coat formerly priced up to $395—now $150. Every coat formerly priced up to $500—now $200. Choose from Hudson seal, caracul, broadtail, Harbor seal, muskrat, calf, pony, sealine and others.

Sports Dresses—a great variety, $14.98—a splendid opportunity to select a smart sports costume in either silk or sports fabrics in both straight line, sleeveless, two-piece or ensemble effects—a pronounced variety of distinct colors and combinations.

Lustrous Flat Crepe Skirts—only $2.98—and if you know the usual price of fine quality silk skirts, you will realize that this is a rare value indeed! In the season's smart pleats, hung on a bodice top—available in all the sports colorings and white. Also wool crepe and flannel tailored skirts at $3.98.

Gay Sweaters—$2.98—In Slipon styles, woolens and novelty sweaters—unusual in design, unusual in color, unusual in styling. Innumerable sports colors and combinations. Special values also in lovely sweaters at $5.00.

Millinery will be $5.00—a notably choice collection of lovely spring hats at $5.00—doubtless some of the most distinctive and charming hats one would care to encounter. Sheer braids, Toyos, Crochets, Pastel Felts, Novelty Straw Braids, Silk hats, Dress hats—all particularly priced for National Bedell Sales Week.

Rayon Underwear at 89c which included a large variety of styles in Chemise, Skirts, Stepins, Shorts, Slips and Vests in tailored or lace trimmed types—many, many new and dainty styles in the desired pastel shades—at 89c.

Silk Underwear at $2.89 — beautiful gowns and chemise and dance sets and stepins and bloomers in dainty lace trimmed or tailored types—every one new and fresh. Also excellent silk chemise and stepins at $1.79—trimmed in lovely laces.

Silk Slips at $1.79 and $2.89 — full cut, excellently fitting slips in crepe de chine either lace trimmed or tailored. Every color to choose from and a smart variety of dainty styles.

Negligees at $4.98—Also Pajamas at $4.98—presents a splendid opportunity to secure a real value. Negligees are developed in crepe de chine with lace trimming or flowered Rayon. Pajamas in Rayon and novelties.

Handbags will be $2.65 and $5.00—pouch with back- strap, underarm and top handle styles—all silk lined and many have compartments with fittings and mirrors. In Morocco, Goat, Pin Seal, combinations with snake, shoe Calf and a splendid range of colors.

TAX FIGHTS UP TO HIGH COURT

Gas and Common Carrier Appeals Argued

State Impost on Fuel Held Not to be "Toll"

Bekins Case Charges Also in Supreme Tribunal

WASHINGTON, April 18. (AP)—Two appeals attacking California taxes were argued today in the United States Supreme Court. One was brought by George B. Williams and other operators of motor vehicles challenging the validity of the Motor Vehicle Fuel License Act, and the other by the Bekins Van and Storage Company and other common carriers operating motor vehicles on the road over fixed routes or between fixed termini.

GUERENA ARGUES

Dep. Atty.-Gen. Frank Guerena argued both cases for the State. He contended that the tax on motor vehicle fuel imposed by the acts of 1927 and 1923 did not constitute a "toll" as contended by the first operators, who were not represented by counsel in the oral arguments.

He asserted that the entire opposition to the tax is based on the theory that the Federal law granting aid in road construction prohibits tolls.

The State, in his opinion, clearly had the right to tax fuel and such a tax he contended cannot be held to be tolls.

Samuel T. Bush, for the common carriers, insisted in the other case that the present tax imposed on their business is a discrimination in favor of competitors who operated under contract or are common carriers with no fixed routes and regular termini.

These competitors jumped in, he asserted, and took away the cream of the business although under the taxing system they are not burdened with more than one-fourth of the taxes the regular common carriers operating over fixed routes have to pay.

DENIES DISCRIMINATION

Guerena denied that the law discriminated against the appellants, insisting that the State extended to them many privileges not enjoyed by the contract carriers and those common carriers who do not operate over fixed routes.

He declared that in a sense, they had a monopoly of the business, and insisted that they should bear a heavier burden than other carriers, who do not use the road as much.

KIDNAPING INFORMANT MURDERED

Perconti, Said to Have Helped Police in Ranieri Case, Shot to Death

JOLIET (Ill.) April 18. (AP)—Joseph Perconti said to have aided police in their investigations of the Billy Ranieri kidnaping case, was shot to death here tonight. The assassins drove past the Perconti home in an automobile and fired a volley at him as he stood in his yard.

Perconti's body was literally torn to pieces by the slugs.

Perconti was arrested with Angelo Petitti and Andrew Capellano, convicted as the kidnapers. Perconti later was dismissed. The inference was drawn that he furnished officials with information that aided in the conviction.

Amarillo Will Pay Deficit on Visit of Opera

AMARILLO (Tex.) April 18. (AP)—The $2500 deficit sustained by the Amarillo guarantors of the Chicago Civic Opera Company's presentation of "Thais" here a month ago will be paid.

Mayor Ernest Thompson, spokesman for the guarantors, who two days ago declared Amarillo patrons of the opera had been duped, and "dared" the Chicago company to sue for the balance due under its guarantee, said late today he and the other sixteen guarantors had changed their minds.

"We have made our protest, we have accomplished our purpose, and the $2500 is too trivial to argue over," he said.

Leader of Wets Seeks Recruits

SAN FRANCISCO, April 18. (Exclusive)—William H. Stayton, national champion of the Association Against the Prohibition Amendment, arrived here today for the double purpose of adding twenty-three Californians to the present State representation of two and to stir up enthusiasm for modification or repeal of State and national liquor enforcement laws.

He conferred with William H. Metson and Daniel C. Jackling, the two Californians now represented on the national board, and spoke at a dinner tendered him at the Bohemian Club, in which he severely flayed efforts to enforce prohibition, asserting it never can be done.

Beery's Plane Forced Down

RED BLUFF, April 18. (AP)—Skimming a fence by a matter of inches, a six-passenger cabin monoplane occupied by Wallace Beery, film actor, and his pilot, George Mays, alighted safely in a rock-strewn horse pasture in the mountains fourteen miles east of Red Bluff tonight.

Beery was returning to Los Angeles from Medford, Or., where he had been fishing. The pilot said he flew at an altitude of 17,000 feet to avoid a snowstorm and ran into rain. Finally he was forced down by darkness.

ESCAPED MONKEY BEATS ESPEE TRAINMEN AT TAG

RENO, April 18. (AP)—No. 9, the fast mail train of the Southern Pacific, was made a monkey of when it rushed through Eastern Nevada, according to trainmen going through here.

When the train left Ogden there were fourteen monkeys in a cage on one of the baggage cars. When the train reached Lakeside there were only thirteen monkeys in the cage while the fourteenth, not satisfied with the manner in which the train was proceeding, was out doing its best to help.

The monkey scampered over cars and under cars and the sixty-mile-an-hour rate of speed maintained by the train had no terror for the animal. For 200 miles the monkey played tag with the train crew. Then at Carlin the animal left the conveyance and played games with Carlin residents. Most of Carlin's population turned out to help capture the truant, and it took all of them to do it.

Eventually Mr. Monk was overtaken and placed on No. 19 of the Southern Pacific for transportation to San Francisco. The monkey was none the worse for its vacation.

Gun Blast Kills Pair of Soldiers

HONOLULU, April 18. (AP)—Two soldiers were killed and six injured in the explosion of a 115-millimeter gun during target practice at Fort Kamehameha on Oahu Island today.

The dead are Sergt. K. R. Webb and Private H. Clark. They were members of Battery B of the Fifty-fifth Coast Artillery.

PHOENIX "GAZETTE" CONTROL CHANGES

PHOENIX, April 18. (AP)—Marco Morrow, former assistant publisher of the Capper publications in the Midwest, and N. L. Naylor, advertising agency executive, today became publishers of the Phoenix Evening Gazette through the purchase of the majority of stock in the Arizona Gazette Company from Joseph I. Haldiman and Dean Stanley.

Knights Templar Begin Conclave

SAN FRANCISCO, April 18. (AP) The seventy-first annual conclave of the California Grand Commandery, Knights Templar, started here today. More than 200 delegates representing sixty-five commanderies attended.

This convention is held in conjunction with the conclaves of the Grand Chapter, Royal Arch Masons, and Royal and Select Masters.

California Commandery No. 1 won the first prize in the Class A division of the annual drill competition.

Golden West Commandery No. 43 of Los Angeles took second place with Monrovia Commandery No. 63 winning third.

In the Class B division first place went to Alhambra Commandery No. 48. Second place was won by Riverside Commandery No. 28; third by Pasadena Commandery No. 31 and fourth by San Diego Commandery No. 26.

POSSE SEEKS WIFE SLAYER

Young Rancher Accused of Shooting Spouse

Man Linked in Triangle Hides for Safety

Officers Scour Mountains Hunting Husband

RIVERSIDE, April 18. (Exclusive) Sheriff's posses tonight were scouring the mountains in search of Ernest Rice, a rancher, accused of shooting and killing his wife this afternoon on the main street of Fallbrook. Jealousy of a young rancher named Alec Porrell of Temecula was reported to the officers as the motive of the killing. Following the shooting, Rice is reported to have set out, presumably, in search of Porrell.

Porrell appeared following the killing and appealed to the Riverside authorities for protection. Sheriff Sweeters ordered his deputy at Fallbrook to conceal Porrell.

Rice's wife was walking along the main street in Fallbrook this afternoon when, according to report to the Sheriff, Rice confronted her, shouted an accusation and shot her dead.

AUTO INJURIES KILL EDITOR

TWIN FALLS (Idaho) April 18. (AP)—Parker Branin, 26 years of age, associate editor of the Twin Falls Times, died today from injuries received in an automobile accident last Saturday night. His father, Charles E. Branin, day State editor for the Associated Press in Portland, Or., was at his bedside.

HERRINGBONE WEAVES IN

MARLTON

Specialized Worsteds

$38

YOU'VE a happy surprise in store for you. Here-to-fore, you've perhaps encountered difficulty in finding soft, close-weave, richly-colored worsted fabrics that are priced moderately. No. 9 in a Series explaining the "Added Values" of Palos Verdes Estates

800 ACRES OF PARKS
an "Added Value"
.....in which every homesite owner shares — and profits, too!

PALOS VERDES ESTATES will always be a garden suburb because the entire area was planned as such prior to construction. Thus its value as residential property can never diminish.

It was possible to make exceptional provision for open spaces and for recreation. It was also possible to ensure a greater privacy for the householder. Consequently the management planned the Park System now in force which sets aside one-fourth of the Estates to be landscaped and beautified for the exclusive use and the recreation of the community. Thus permanent provisions were made to ensure the proper environment for the single family dwelling.

One item of these provisions is the 213-acre park and golf course, with all-grass greens and fairways. Another is the 4½-mile strip of ocean shore front. Still another, the 200 acres of smaller neighborhood parks, canyons and bridle trails—and a further 100 acres which is set aside for additional elementary, junior and senior high school playground sites. In all, 800 acres of park land is deeded to the community, for the common use of the people. None of this property can pass into private ownership.

What does all this mean for you? It means that if you own property in Palos Verdes, you get the "Added Value" of the use of these 800 acres which not only furnishes a highly desirable background for your home, but also assures a substantial increase on your investment. Future profits are certain because the value of a home depends on the desirabilty of its surroundings—not on its intrinsic value as the house in which you live.

Any seaside residence lot, if well located, will make money for you—its value will rise in proportion as the supply is exhausted. For this reason, Palos Verdes with its unique location, its Park System and its many other "Added Values" is outstandingly your best and safest investment today!

And remember, if you act NOW, all these "Added Values" can be secured for no more than the nominal "frontage" price of the land.

Visit Palos Verdes—45 minutes from Los Angeles. Ask our representatives to show you homesites still available for purchase. Then decide while selection is good.

WIFE WILLING TO FORGIVE

San Diego Matron Offers to Start Over Again

Husband Tried to End Her Life With Bullet

Small Son Safe from Father's Wrath

SAN DIEGO, April 18.—Despite her firm conviction that her husband meant to kill her in Fallbrook last night when he held a rifle to her side and fired a steel-jacket bullet into her body, Mrs. Frances Rice, pretty blonde 22-year-old matron, expressed willingness to return to him if she recovers and "everything comes out all right," she declared on the operating table at the County Hospital early this morning.

She made the statement to Undersheriff Ed Cooper and others as Drs. Roy Stevenson and Paul E. Wedgwood of the hospital staff prepared to probe for the bullet.

Today as she came out of the coma induced by ether, she was visibly relieved to be informed that her little son, aged 4 years is safe with a Fallbrook family. It had been reported that just before Ernest Rice 42 years of age, the husband and father, fled into the forested mountain country north, he threatened to take the life of the youngster. No reason for his threat was ascribed, either by the wife or others, except that Rice was believed to intend to shoot himself as well after slaying his family.

He was being sought throughout the night by a posse of officers in this and Riverside counties, particularly in the vicinity of Temecula, where Mrs. Rice was acquainted. With the posse of sheriff deputies, state traffic officers, constables and north county police, including some citizens was being formed for the man hunt, Undersheriff Cooper entertained a theory that jealousy was the motive for the shooting. This theory was somewhat borne out by statements attributed to Mrs. Rice, made just before she succumbed to the drug on the operating table.

"I was true, according to the statement, that Rice was inspired by jealousy. But this jealousy was needless, the wife said. She had been estranged from Rice for some time, and had accepted the friendship of a youth of her acquaintance in Temecula, but the relationships were no more than that, she declared. She had met her husband in Fallbrook last night, and a misunderstanding developed into a serious quarrel, although she had intended reconciliation, it was stated.

Optimists Flock to Convention

GLENDALE, April 18.—Optimists from all up and down the Pacific coast are flocking to Glendale today for the opening of the fifth annual district convention of Optimist clubs that is scheduled to open formally tomorrow. More than 1000 visitors are expected to attend the convention sessions which are to be held in the Masonic Temple here Friday and Saturday, and which the district officers of the Pacific Coast division a number of officers of Optimist International are also scheduled to attend.

Headquarters for the Optimists have been established in the California Hotel. Harlington Wood of Elmhurst, Ill., international president, will be the principal speaker at the opening session, and others who will have a place on the program are Warren Bovard, Los Angeles, vice-president, and Holmes Sperb, San Francisco, governor of the fourteenth district.

George E. Farmer, past president of the Glendale Optimist Club and past governor, is general chairman of the convention, and the highest officer who will have charge of the meeting is Fred H. Gardiner of Los Angeles, district president. Other district officers include Dr. Don Ross, San Jose, first vice-president; Fred Braun, San Francisco, second vice-president; Will Severyns, Seattle, third vice-president, and Charles Norris, Northwest Club, Los Angeles, secretary-treasurer.

Besides the routine business of the convention a program of social activities has been arranged that will keep the delegates amused until the close of the conference Saturday night, when a dance will be held at Oakmont Country Club.

PROMINENT MASON DIES BY OWN HAND

SOUTH PASADENA, April 18.—Albert M. Eddy, past master of the Crescent Lodge, F. & A. M., Los Angeles, died this morning at his home, 1000 Milan avenue, as the result of a self-inflicted gunshot wound, police reported.

Mrs. Velma Eddy heard a muffled report at 6:15 a.m., and running to her father's room, she discovered him unconscious on the floor of his bedroom.

Chief of Police Frank Higgins said following an investigation of the case that Eddy had been in poor health for the last year and had made frequent threats to take his own life.

The gunshot victim leaves a widow, Mrs. Fanny B. Eddy; four daughters, Fern, Velma, Bernice and Frances, all of whom reside in this city.

ACROBATIC AUTOMOBILE

HUNTINGTON PARK, April 18.—While Roy Richardson of Los Angeles and Don Rose of Huntington Park were riding in an automobile along Pacific avenue, near Los Angeles, one of the wheels of the machine broke, causing the car to turn over two or three times. Richardson suffered a fractured skull and broken nose, according to Police Officer Harry Smith. Rubie was badly cut and bruised. Both were taken to the County Hospital. They

NEWS OF SOUTHERN COUNTIES

WIFE WILLING TO FORGIVE

San Diego Matron Offers to Start Over Again

Husband Tried to End Her Life With Bullet

Child Safe from Father's Wrath

SAN DIEGO, April 18.—Despite the conviction that her husband tried to kill her in Fallbrook last week when he held a rifle to her head and fired a steel-jacket bullet into her body, Mrs. Frances Rice, pretty blonde 23-year-old matron, declared willingness to return to the caresses and "everything will be all right," she declared on the operating table at the County Hospital early this morning.

She made the statement to Undersheriff Cooper and others as Drs. Simmons and Paul E. Wedgwood of the hospital staff prepared to operate for the bullet.

Just as she came out of the ether, she was visited by her son, aged 4 years, is to be informed that his mother had died.

The child is with a Fallbrook family. It has been reported that just before Mrs. Rice, 23 years of age, the husband and father, fled into the mountainous country north, he returned to take the life of the woman for his threat to do so, either by the wife or himself. It appears that Rice was becoming worried to shoot himself as he was being sought throughout the county by a posse of officers in San Diego and Riverside counties, particularly in the vicinity of Temecula, where Mrs. Rice was acquainted.

Deputy sheriff officers, constables and a large posse of sheriff deputies, city police officers, constables and others formed for the search, the sheriff Cooper entertaining a theory that jealousy was the motive for the shooting. This theory was somewhat borne out by statements attributed to Mrs. Rice, who before she succumbed to the effects of the operating table.

Rice, according to the story, said Rice was inspired to the deed by jealousy. But this jealousy was unfounded, the wife said, she had resigned from Rice for some time and accepted the friendship and assistance of her acquaintance. Rice's relationships were no other than that, she declared, she met her husband in Fallbrook last night, and a misunderstanding developed into a serious affair, although she had intended no harm, it was stated.

Optimists Flock to Convention

OCEANSIDE, April 18.—Optimists from all up and down the Pacific coast are flocking to Glendale today to be present at the opening of the fifth annual convention of Optimist International, which is scheduled to open tomorrow. More than 1000 visitors are expected to attend the various sessions which are to be held in the Masonic Temple Friday and Saturday, and the district officers of the Pacific coast division a number of Optimist International are scheduled to attend.

Plans for the Optimists' convention, established in the California headquarters of Burlington Wood of Glendale, international president, will be the principal speaker at the opening session, and others who have a place on the program are Verna Boyard, Los Angeles, vice-president, and Holmes Whitmore, San Francisco, governor of the district.

Ralph E. Bauer, past president of the Los Angeles Optimist Club and chairman of the general committee in charge of the convention, and the other officers who will have charge of the meeting is Fred R. Hall of Los Angeles, district governor. Other district officers include Don Rose, San Jose, first vice-president; Fred Braun, San Diego, second vice-president; Ralph Seattle, third vice-president, and Charles Norris, Los Angeles, secretary-treasurer.

In the routine business of the convention a program of social activities has been arranged that will keep the delegates amused until the time of the conference Saturday night, when a dance will be held at the Country Club.

PRESIDENT MASON DIES BY OWN HAND

PASADENA, April 18.—Dr. Frank Mason, past master of the Pasadena, F. & A. M., Los Angeles, committed suicide this morning at his home, 1000 Sierra Madre avenue, as the result of a self-inflicted gunshot wound, police believe.

Mrs. Mason, Betty heard a muffled report at 6:15 a.m., and running to her father's room, she discovered his body on the floor with a gun beside it.

Coroner Frank Higgins is making an investigation of the case, but Mason had been in poor health for the last year and had frequently threatened to take his own life.

Besides the widow Mason leaves a daughter, Mrs. Betty B. Eddy; four sisters, Mrs. Nellie Yelma, Bernice Mason, all of whom reside in Pasadena.

TWO INJURED IN AUTOMOBILE CRASH

SANTA ANA, April 18.—While Roy Richardson of Los Angeles and Don Wilson of Huntington Park were driving in an automobile along the highway near Los Angeles, one of the machine broke, causing Richardson suffered a fractured leg and broken ribs, according to Police Records. Richardson was badly cut about the face. Both were taken to the Santa Ana Hospital. They

THRONGS TO ATTEND FETE

Record-Breaking Attendance Expected at Annual Production of Ramona Pageant at Hemet

HEMET, April 18.—With special motor-bus excursions to be run from Los Angeles, Long Beach and Santa Ana, predictions of a record opening-day crowd for the seventh annual presentation of the Ramona Pageant were made here today by Edward Poorman, president-manager of the outdoor spectacle glorifying early California romance.

The opening performance, starting at 3 o'clock Saturday afternoon, is specially designated as "Long Beach and Santa Ana Day", and automobile caravans headed by civic leaders will be run from both these cities direct to the bowl in addition to the stage excursions.

Reports from branch box offices in Los Angeles indicate that that city will send in the neighborhood of 3000 visitors to the inaugural showing of the 1929 presentation, including a large delegation of tourists who will take advantage of the opportunity to view the Southland's most famous and colorful outdoor play. The bowl seats 5400.

Onlookers in the picturesque concrete bowl will see Ramona, portrayed for the sixth year by Dorise Schukow, keep her tryst with Allessandro, played by Herbert Heyes, in the flower-bedecked hacienda garden, introducing Helen Hunt Jackson's famous romance.

The audience will view historic episodes of Ramona days presented by prominent citizens descended from the pioneers, glamorous fiestas at the old Camulos ranch house and finally the heart-touching scenes that mark the climax of the play, immortalizing the passing from glory of the red man.

The cast of more than 200 will hold their final dress rehearsals tomorrow afternoon under the direction of Phil Whiting. The vanguard of those who annually make the pilgrimage to Hemet the occasion for a prolonged outing already has arrived here and innkeepers are prepared to extend their accomodations to care for the anticipated throng.

Odd Fellows in Field Meet

VENTURA, April 18.—Ventura Odd Fellows will be hosts to 500 patriarchs militant of the I.O.O.F. at the fourth annual field meet Saturday and Sunday. The meet will be for the fourth regimens and second brigade.

There is to be a street parade Saturday evening at 8:30 and a reception for the visitors and their ladies. The parade, which is to form at the Athene clubhouse, will be led by Maj.-Gen. W. F. Neiman of Berkeley, State Department officer; Brig.-Gen. F. T. Toone of Los Angeles, Col. H. A. Hartman of San Diego, and Maj. J. H. Turner of Santa Paula.

Sunday morning there will be school at 10 o'clock. At the same hour Ladies Bay of Selma and Florence Gribble are to conduct an auxiliary school of instruction.

Sunday afternoon at 2 o'clock there will be an exhibition drill at Seaside Park.

SCHOOL WILL NAME FIELD FOR PRINCIPAL

NORTH HOLLYWOOD, April 18. When the large athletic field of the new North Hollywood High School is formally dedicated next month it will be named in honor of Claude W. Sandifur, the present and first principal of the school. Frank Boulle and Arthur Gould, superintendent and assistant superintendent of the Los Angeles school system, will be program speakers and honor guests. The field will be presented to the student body by George Hubert Clark, member of the Board of Education. Acceptance will be made by Edward Valdez, president of the student body. The dedication program will comprise numerous features, including athletic stunts, drills by girls, music and dance numbers, songs by the glee clubs, and Boy Scout exhibitions.

WOUNDED YOUTH DIES IN PASADENA

PASADENA, April 18.—Walter Wolfrom, Jr., 15-year-old Eagle Rock youth who was accidentally shot by his chum, Douglas Mills, last Friday while hunting near the Annandale Club, died at 6 a.m. today at the Pasadena Hospital.

The shot which fatally injured young Wolfrom ended tragically a day of "playing hookey" from Loyola College, Los Angeles, where the friends were classmates.

According to hospital officials, the Mills boy, heartbroken over the accident, has called each day to inquire as to whether there was "any chance that 'Walt' will live."

The Wolfrom family resides at 1050 Lanard avenue, Eagle Rock.

FORMER POLICEMAN IN SANTA ANA JAIL

SANTA ANA, April 18.—Fred Carter, 38 years of age, ex-police officer by his own statement, and bearing several bullet scars which he says he received in police work in Salt Lake City and elsewhere, today was in the County Jail, charged with operating a still.

Deputy Sheriffs A. L. Steward, Harry Carter, Jess Buckles and Don Mozley arrested Carter late yesterday in a house near Magnolia avenue and Orangethorpe avenue.

FIRE CHIEFS HOSTS AT DINNER PARTY

ONTARIO, April 18.—All is not smoke, heat and labor for members of Ontario volunteer fire department. They and their friends, as special guests of assistant fire chiefs of the community, were royally entertained with a dinner, and entertainment at Hotel Ontario.

The host fire chiefs were Paul Hoffer, Jack Stewart, John Cooley, Vincent Lucas, Harry Cook, William Hartley.

MERCHANT IS VICTIM OF SEPTICEMIA

Ventura Man Dies After Transfusions Fail to Arrest Disease

VENTURA, April 18.—George Daly, 52 years of age, for twenty-five years joint proprietor of a clothing store in this city, died last night at the Big Sisters' Hospital after a long fight against general blood poisoning.

A few days ago Daly's 18-year-old son Lawrence gave a pint of his blood in an effort to save his father. The latter rallied and it was thought he would live, but yesterday he grew weaker. His brother Charles and brother-in-law, Ed Walsh, each gave a pint of blood, but without avail.

Mr. Daly was born in Ventura January 1, 1877, and had lived all of his life here. He was for many years a member of the grammar school board of this city.

He was a member of the Elks' Lodge and a charter member of the Ventura chapter of the Native Sons of the Golden West. He was a veteran of the Spanish-American War. Deceased is survived by his widow, Mrs. Helen Nidever Daly; his son Lawrence; two sisters, Miss Minnie Daly and Mrs. Ed Walsh, both of Ventura; four brothers, Harry of Eureka, Frank and Dames of Los Angeles and Charles, Ventura deputy county auditor.

Woman Hurt in Gas Explosion

GLENDALE, April 18.—Gas that escaped from a disconnected hose leading to a heater in the bathroom is thought to have caused an explosion last night that inflicted injuries on Mrs. R. M. Bailey, 50 years of age, of 1150 North Columbus avenue, that may yet cause her death. Mrs. Bailey was taken to the Physicians' and Surgeons' Hospital, where examination showed that she was suffering from second and third-degree burns on her face, neck and body, and her physician, Dr. H. R. Boyer, states that her condition is critical.

The blast blew out all the windows in the house and lifted the ceiling, causing damage estimated at $850. Neighbors attracted by the explosion found Mrs. Bailey lying on the floor with her clothing ablaze and extinguished the fire before calling an ambulance. Firemen found that the gas had filled the house and had ignited when it came in contact with a pilot light in the kitchen stove.

WORKMAN KILLED BY FALL ON ROCKS

PALOS VERDES ESTATES, April 18.—D. A. Faulkner, 42 years of age, a workman employed in the construction of the Haggarty Pier at Malaga Cove here, was killed shortly before noon today when he lost his footing on the pier, falling a distance of fifteen feet to the rocky beach below. His death was caused by wounds inflicted in his head by the sharp rocks, upon which he fell and was almost instantaneous.

Faulkner had been living at an automobile camp at 1500 North Camino Real, and relatives had not been located tonight. The body is at the Cate Mortuary in Redondo Beach where an inquest will be held Saturday morning.

UPLAND GIRL STRUCK BY MOTOR CAR

UPLAND, April 18.—Wanda Campbell, 5 years of age, daughter of Mrs. Audrey Campbell, West Ninth street, was recovering today from injuries received when knocked to the pavement by the fender of an automobile driven by Charles Wilson, Upland pool-hall proprietor.

The little girl and her mother stepped from behind a parked automobile to cross the street, and Wilson was unable to stop quickly enough to prevent striking the child. Blood gushed from her nose, and it was feared she had received serious internal injuries and a fracture of the ankle, but both fears proved groundless, when a physician made an examination.

VENTURA HOSPITAL TO BE ENLARGED

VENTURA, April 18.—Plans are being prepared for the first unit of a new Big Sisters' Hospital for Ventura, to replace the present structure at Poli and Fir streets, it was announced today following a meeting of the board of directors of the hospital. The work is to go forward under the impetus of the $135,000 gift from Mr. and Mrs. E. P. Foster to the institution.

CLUB WINS CUP

ONTARIO, April 18.—Gaining three more members than their quota, members of the 20-30 Club last night received the Chamber of Commerce silver trophy for being victorious, in the annual Chamber of Commerce membership relay race. The trophy cup held last year by the Realty Board was presented by George H. Wellidon, president of the chamber, and B. W. Spencer, secretary. Vern Pittinger, president of the service club, received the cup.

Beauties Preside at Orange Show

A Pair of Queens

These two queens will help draw a full house at the ninth annual California Valencia Orange Show at Anaheim, May 23 to June 2. Voters, unable to decide whether they preferred a blond or brunette, elected both Mona Rico (left) and Dorothy Day to wield the scepter for the eleven-day exposition.

Sheriff Clark President of Peace Officers

VENTURA, April 18.—The Peace Officers' Association of Ventura county perfected an organization last night in the Superior courtroom at the Courthouse, with ninety-nine men and women in attendance, and elected Sheriff Robert Clark to head the group.

Howard Durley, undersheriff, was elected first vice-president, with the chiefs of police of each incorporated city in the county serving as the other vice-presidents. Carl Wallace, deputy sheriff in charge of the County Bureau of Identification was named secretary and treasurer.

NEW WATER SUPPLY FOR CITY OF UPLAND

UPLAND, April 18.—To secure more water for the needs of Upland, the City Engineering Department today began the project of "tying in" with the Mountain View Water Company with a two-inch main to be tapped near the intersection of Mountain avenue and Foothill Boulevard.

Application is to be made for permission to place the water pipes under the pavement at the intersection of the two highways while the pavement is torn up during the construction of underground culverts.

B. A. Switzer, representative of the Department of Public Works, division of highways, visited the scene of the proposed connection today with Richard Manley, Upland City Engineer, and W. E. Estes of the Upland city water department, and drew up details for the work.

A four-inch main now runs from Upland west along Foothill Boulevard to within 400 feet of Mountain avenue.

It is planned to extend the main across Mountain avenue.

SUIT SEEKS TO STOP POLLUTION OF BEACH

SANTA BARBARA, April 18.—Suit alleging that the tideland oil wells of the Submarine Oil Company and George F. Becker were polluting the Summerland Beach waters, and asking a court order to force the defendants to stop the asserted leaks in their wells or shut down was taken under advisement by Judge H. S. Gans in extra session of Superior Court yesterday.

Several months ago, when the action, sponsored by the State Fish and Game Commission, first was filed, the Seaside Oil Company and J. E. Lillis also were made defendants. Since then, the Seaside and Mr. Lillis have repaired their wells to meet the demands of the commission.

The defense maintained the tideland wells were not polluting the beaches and introduced evidence to show that oil seepage had been found on the beach waters a mile out to sea. It was maintained that the oil seeped up from the rock structures.

LONG-DELAYED BRIDGE

VAN NUYS, April 18.—A bridge is to be built over Los Angeles River on Kester avenue at once, it is announced by the engineer's office, and plans are being made. The bridge will be inexpensive, serving to connect up Kester avenue which has been paved for some time. Later a more permanent structure will be erected. The completion of the bridge is important to Van Nuys as it will open up a main paved thoroughfare that has been badly needed for two years.

TWO QUEENS REIGN OVER EXPOSITION

Newspaper Men Choose Beauties to be Honored at Anaheim Classic

ANAHEIM, April 18.—Two queens will reign over the California Valencia Orange Show here from May 23 to June 2.

This was determined by newspaper men, news reel executives and radio broadcasters when they voted Dorothy Day, blond, and Mona Rica, brunette, to wield the scepter at the famous midsummer exposition. The balloting resulted in a tie, each of the beauties receiving an equal number of votes. As a consequence, the unprecedented novelty of having two of Southern California's most beautiful girls chosen as "Queen Valencia," was decided upon by unanimous vote.

Miss Day, whose blond beauty bids fair to win her further pulchritudinous honors, is a local girl who has gained more than a local reputation as a dancer. She has appeared on Los Angeles stages a number of times. Miss Rica, whose Spanish loveliness is regarded as typically Southern California, is a newcomer to the screen but startled the film world by playing the feminine lead opposite John Barrymore in her very first picture. She is a 1929 Wampas baby star.

The court of the two queens, comprising seven beautiful girls selected from a list of 250, are Zedna Parley, Della Peterson, Frances Gentry, Dorothy Calhoun, Betty Rochet, Winifred Colton and Patricia Archer.

Boost for Road Over Mountains

INDIO, April 18.—If enthusiasm and co-operation will get it, this end of the Coachella Valley intends to have a new road over the mountains to Idyllwild and the coast providing a place to which residents may escape quickly from the summer heat. This week the Riverside County Board of Supervisors has been inspecting two proposed routes through the San Jacinto Mountains to the valley, one through Palm Canyon and the other via what is known as Pinon Flats and Keen Camp. When they reached the trial marking the route through Pinon Flats Wednesday, they were greeted by 150 residents of the valley who had arranged for horses' luncheon and guides and told them how much the valley needed the road.

In the party with the Supervisors were representatives of the Automobile Club of Southern California, the Federal park department, the forestry service and several county officials.

This route if accepted will form the basis of a practical and beautiful route from the Coast to Salt Lake City and will be known as the Utah Trail.

GLENDALE WOMAN LOSES FIGHT FOR LIFE

INDIO, April 18. (AP)—Mrs. Augusta Carothers of 344 Milford street, Glendale, who was injured last Saturday in an automobile collision on the State highway and who has been fighting for life in the Coachella Valley Community Hospital, died last night from her injuries. Mrs. Carothers had suffered a gashed throat, crushed chest and fractured shoulder. The body was shipped to Glendale.

WHY POLICE GO CRAZY

Mysterious Disappearance of Three North Hollywood Children Reads Like Comedy of Errors

NORTH HOLLYWOOD, April 18.—Local police within the last two or three days have been called upon by worried parents to locate three various sets of children, all of whom eventually turned up with different stories to tell.

Willard Lombard, 15 years of age, son of Mr. and Mrs. E. H. Lombard, 5232 Corteen Place, was mourned a day as dead. He is a high-spirited lad and sometimes suffers fits of depression, his mother told police. When Willard failed to show up there was some talk and a belief he may have made away with himself. Later he returned to his home, with the statement that he had spent the night in the local Community Church, lunching on food found in the church's kitchen pantry. The family car he had used was found on Magnolia avenue.

Victor Halberg, 17 years of age, son of Mrs. Myra Halberg of 12727 Landale street, left his home early in the evening to attend a local theater. For hours and hours he remained away. When he finally showed up, he told his mother and police he had forgotten the number of the house and the name of the street his home was on and kept wandering around till he finally found it. The Halbergs have just moved in on Landale street.

Nancy Barker, 4 years of age, daughter of Mrs. George Barker of 4601 Clybourn avenue, figures in the third mysterious disappearance. While playing with her dog, the two wandered into a vacant house on Hefferon street, and Nancy walked into a closet and sat down. As she did so the dog brushed against the door causing it to shut and lock. Mrs. Barker and three policemen searched five hours before various clews led to the little girl asleep behind the closed door. The dog also was dozing outside the door.

NERVY BANDIT ROBS HOME

Burglar Enters San Diego Residence, Awakens Occupants and Escapes With Loot

SAN DIEGO, April 18.—An unidentified bandit who terrorized Dr. and Mrs. W. W. Russell in their home at 1015 Myrtle Way early this morning and escaped with jewelry valued at $250 and $20 cash was being sought by police of Southern California today.

The thug stole into the physician's home through an unlocked dining-room door. He ate a meal in the kitchen and went to the bedroom occupied by Dr. Russell and his wife and awoke them. After searching the house, the burglar fled and disappeared in an automobile.

Dr. Russell told police he was awakened by the burglar shortly before 4 a.m., when the latter tickled his feet.

"Where is your coat?" the robber gruffly asked of his victim. "In the closet," was the reply. After searching the clothing the bandit went through several dresser drawers, obtaining a diamond barpin, a stickpin and several other pieces of jewelry.

After ransacking the closet and dresser drawers, the burglar began searching the physician's trousers.

"Don't take my watch. It's no good, but it is a valuable keepsake," Dr. Russell interrupted.

"Keep quiet or I'll slug you with this gun," came the retort. The watch was not taken.

Before leaving, the burglar approached Mrs. Russell and asked, "where is your ring?" Mrs. Russell replied that it was at the jeweler's.

After cautioning his victims to lie on their stomachs and not to move, the burglar left the house.

When the incident was reported to the police, a cordon of officers was thrown into the neighborhood. An extensive search was made without results.

At no time during the robbery were the victims able to obtain a good look at the bandit, the physician reported to police.

FLOOD RUIN GREATEST IN HISTORY

Damage in St. Francis Dam Disaster is $23,000,000 in Ventura County

SANTA PAULA, April 18.—Making the start of the first definite action toward settlement of approximately $13,000,000 in river hazard claims, representatives of the city of Los Angeles and the river hazard committee of Ventura county have reached an agreement on procedure to be followed, it was revealed today by the legal representatives of the city of Los Angeles. Within a few days notices will be sent to the claimants setting forth the basis of settlement and urging that they sign the agreements as soon as possible referring to the $13,000,000 worth of river hazard claims.

One Los Angeles official said today "It is the greatest amount of flood claims ever presented in the world's history. Even the floods of biblical times did not cause such damage, if the total amount of claims is considered."

The river hazard claims are in addition to approximately $10,000,000 already settled for actual flood damage. It is believed that the property owners having river hazard claims will sign promptly.

Protection work along the Santa Clara River as agreed upon by engineers, can be completed by November 15 or before the possibility of winter floods next year. The agreement reached between the city of Los Angeles and the Ventura county committee has resulted from months of negotiations between both bodies and a careful survey of the entire river area by engineers for both parties.

It provides for certain jetty and levy work and extensive river protection work. The work to be done for river protection will cost about $300,000 and cover an area about nineteen miles long. Assistant City Attorney L. P. Green, representing the city of Los Angeles, and District Attorney James Hollingsworth, representing the county of Ventura, worked out the legal details for the agreement, while County Engineer Charles Petit and Engineer Van Norman of Los Angeles agreed on the actual work to be done.

Prison Term for "Stool Pigeon"

SAN DIEGO, April 18.—Denied probation after conviction on a charge of possession of a still, E. C. Linthicum, said to be an "undercover" man for the Federal dry forces here, has been sentenced to San Quentin by Judge Spencer M. Marsh in Superior Court. The judge also denied release on bail to Linthicum pending outcome of an appeal.

Paul J. Holland, Federal prohibition officer, and formerly in charge of the local offices of that department, told the court that Linthicum had served as an "undercover" man for the government, and had aided him in a number of cases.

King J. Powell, head of the Sheriff's dry squad, told the court that the defendant had violated the law regardless of what connection he might have with the government, and the court accepted this view of the case.

YOUNG MOTHER HELD ON BIGAMY CHARGE

SANTA MONICA, April 18.—Mrs. Ethel Hoving, 21 years of age, mother of a daughter of 3 years, was held to answer to the Superior Court by Police Judge Spencer late yesterday, on a charge of having contracted a bigamous marriage at Yuma, Ariz., on March 30, last, with Carl Dalton, who was released, with no charge placed against him, to appear as a material witness. The charge against the young woman was brought by her husband, R. J. Hoving of 2022½ Broadway, this city.

BANKER CHOSEN PRESIDENT

UPLAND, April 18.—Earl W. Paul, prominent Upland banker, today is president of San Antonio Community Hospital board of trustees for another year, having been re-elected to the post at the annual meeting of the board last night.

E. H. Richardson, Ontario, is vice-president; Charles Tuttle, Ontario, is secretary; W. K. Beattie, Upland, treasurer; Mrs. C. S. Lehman, superintendent of nurses, and Mrs. Mae Cable, business manager.

PASTOR QUITS SOUTH GATE

SOUTH GATE, April 18.—Rev. J. D. Brigham, who has been pastor of the Community Presbyterian Church here for the past eight years, its first and only pastor, having assisted in the organization of the church, has closed his work here, and with his family, left this week for Placentia, where he will begin his duties Sunday as pastor of the Presbyterian Church there. Rev. Brigham, for several years, was a member of the Rotary Club at Huntington Park.

NEW RACE TRACK IN PROSPECT

SAN DIEGO, April 18. (AP)—Wirt G. Bowman, Baron Long and James N. Crofton, who head the Agua Caliente Company, conducting a large amusement and hotel resort in Mexican territory near Tia Juana, announced today that they would build a fine new race track at Agua Caliente and have it ready for racing next Christmas. The cost is set at $1,500,000.

Bail Jumper Under Arrest in Michigan

REDLANDS, April 18.—Franklin A. Murray, wanted here on a charge of swindling Mrs. Elsie Rollins, widow of this city, out of $3000, is in jail in Detroit. He was arrested under the name of P. A. Murphy but has admitted his identity, it is said. His arrest was something of a surprise to officers here, who had received word that he had gone to England.

Murray disappeared after his conviction in June, 1927, before Superior Judge Allison and while at liberty under $5000 bonds pending an appeal of his case. A search was not launched, however, until after the Appellate Court had affirmed his conviction in January, 1928. In the meantime the county secured a judgment against Murray's bondsmen for Murray's failure to surrender himself after his appeal was denied. The entire $5000 was paid by the bonding company.

Murray, formerly president of the Sunlite Products Company of Santa Ana, was accused of exchanging worthless stock in hi scompany with Mrs. Elsie Rollins, a widow of Redlands, for mining stock valued at approximately $3000.

Murray at his trial stated that his company collapsed after the exchange of the stock with Mrs. Rollins, but added that he had offered to return her stock. The State contended that this offer was made after the warrant for Murray's arrest had been issued and also that Murray was unable to return all the stock he had secured from Mrs. Rollins.

BUCKSKIN COAT IN HALL OF FAME

SANTA BARBARA, April 18.—A buckskin coat, elaborately beaded and fringed, once the property of the late Col. William Cody (Buffalo Bill) and worn by him during his campaign with Gen. Crook against the Cheyenne Indians, and also at the time when he shot the notorious Indian Chief Yellow Hand, was added to the Indian relics in the Santa Barbara Museum of Natural History yesterday. It was bequeathed to the museum by its late owner, May M. Mudge, formerly May Belford of English stage fame, a few days before her death in a local hospital on March 29.

The unique garment was given to Mrs. Mudge's husband, R. C. Mudge, October 20, 1896, by Col. Cody shortly after he had worn it when he was presented to Queen Victoria in Buckingham Palace. Refusing a princely offer for the coat from the Prince of Wales and his millionaire yachting rival, George Gould, Col. Cody gave the garment to Mr. Mudge, who some time before had been associated with him in a "Wild West" show.

REGATTA PLANNED FOR SALTON SEA

COACHELLA, April 18.—The Salton Sea Yacht Club is planning a spring regatta for local talent, to be held on the sea May 12 in conjunction with the spring festival given by the Woman's Club of the Coachella Valley, May 11. The yacht club, feeling that it was too late in the season to attempt an official sanctioned meet, has decided it will give the local boating enthusiasts an opportunity to show their stuff, although a number of the men who raced in February, when three world records were broken, will be invited to take part. There also will be aquaplane riding by several local girls, rowing races and probably some sail boats.

The yacht club has already asked for a date early in November, when the annual official regatta will take place, and has been assured that prominent outboard racing men from all parts of the coast will enter their boats. The club recently was reorganized with some of the most prominent men in the valley on the board of directors, and it intends to develop to the utmost the aquatic sports possibilities of the great body of salt water.

AID REQUESTED FOR EMERGENCY

Association Members to See Supervisors

Salaried Fire Fighting Force is Suggested

Would Make Entire County Share Expense

ARCADIA, April 18.—In an effort to secure county aid for forest protection, the Angeles Protective Association has appointed a committee to confer with the County Board of Supervisors, Chief of Police A. N. Coberly, appointee, revealed today.

Others on the committee are Fire Chief Harry Stevens of Monrovia, J. M. Paige, Pomona, and F. Ritzler of Pasadena. Mayor A. N. Mutter of Arcadia will obtain a hearing with the Board of Supervisors, and will represent Coberly on the committee, Coberly said.

It has been decided by the association that a salaried fire-fighting force, to be available on holidays, Sundays and periods during serious fire hazard, is necessary for the proper protection of the forest, and it is further recommended by the association that the entire county should bear the expense equitably for prevention and control of watershed fires, by levying a tax of not more than 2 cents on $100 county valuation, officials stated.

The fire camp cook houses would form the nucleus of any necessary fire camp, the duties of which would include construction and maintenance of firebreaks, fire trails, telephone lines, water protection systems, fire prevention roads and road side clearing of existing roads in and within the forest front.

According to authorities, a construction gang of thirty men on a fire control measure and those regularly hired crews would develop the necessary crew leader material which is so vital on a fire.

It is felt by the association that a method of equitable taxation should be worked out to enable placing in the field a standing force of men ready and equipped at all times to take action against any conflagration.

This latter proposition can only successfully be accomplished with the establishment of this force of fire fighters under the Forest Service, which would be able to use crews throughout the year in fire prevention work, officials stated. H. T. Gilman of San Dimas is president of the association.

Extortion is Charged in Assault Case

SANTA ANA, April 18.—Hereafter, Paul Giles, Long Beach auto mechanic, will probably look gift horses in the face.

Giles, who is alleged to have promised Joe Fox of Placentia, accused of an attack upon Giles's wife, that he would "control" the District Attorney's office and obtain dismissal of the charge, if he was paid $500, today is in the County Jail under a charge of attempted extortion.

Fox and his attorney, W. F. Hodge, appeared to accept Giles's asserted proposition. They didn't have the money, they said, but Fox had a friend who would produce it. Giles was introduced a little later to the "gift horse," for the purpose of transferring the money.

Giles didn't ask the stranger's name. He got right down to business.

"But how do we know that you can get the charge dismissed?" the stranger asked him, before handing over the $500.

"Oh, I can control the District Attorney. My wife is complaining witness in this case, you see, and I can handle it. They'll do just what I tell them," Giles assured the stranger, whose face began to turn red.

"Do you know who you are talking to?" the stranger demanded.

"No, I don't," Giles responded, beginning to scrutinize the other.

"I am the District Attorney, and you are going to jail," Dist.-Atty. Z. B. West, Jr., informed him. West escorted Giles across the street and booked him in the County Jail. The formal complaint of attempted extortion was announced today.

GOVERNOR RECEIVES FRUIT BY AIRPLANE

WHITTIER, April 18.—E. C. Dutton of Anaheim, president of the California Avocado Association and district manager for the Calavo Growers of California, and M. C. Lautrup of Whittier, chairman of the sixth annual California Avocado Show at Whittier, May 6 to 12, inclusive, this afternoon flew to Sacramento to personally deliver a box of avocados to Gov. C. C. Young and to give him a verbal invitation to the coming show.

Arrangements to meet Gov. Young were made by Harry F. Sewell of Whittier, Assemblyman for this district, and he, too, is to be presented with a box of the luscious fruit, carried by airplane.

With Pilot C. H. Childaw, a Command-Aire, an airplane owned by R. O. Lewis, left the landing field near Pico with the two passengers and boxes of fruit, this afternoon, and is scheduled to arrive at the Municipal Airport at Sacramento at 5 o'clock. The return trip will be made Friday afternoon.

Mr. Lewis, owner of the plane, is president of the Progress Club of Whittier, the originators of the avocado show some six years ago, and under whose auspices the show is given annually.

CONSTABLE RESIGNS

HUNTINGTON PARK, April 18. A. D. Leavitt has resigned his position as a deputy constable in San Antonio township, and Elmer Weynant of 1248 East Eighty-eighth Place has been appointed to fill the vacancy. Weynant has been assigned to the Goodyear territory.

FINANCIAL

RIO GRANDE OIL STATUS BRIGHT

Improved Facilities Expected to Boost Profits

Cracking Plant and Loading Depot Ready Soon

Two Months' Gross Earnings Set at $1,477,860

With the completion of facilities that will permit the Rio Grande Oil Company to refine possibly all of the Elwood field crude oil output by the end of this year, important economies will be effected that should be reflected in the earnings, according to officials of the company.

Charles S. Jones, vice-president, yesterday said that the new marine loading station at Long Beach would be completed within sixty days and that the new cracking plant would be finished in thirty days. He added that enlargement of the company's refinery will place it in the position to refine the Elwood field output but explained that in event production from the company's other fields became sufficient to meet the demands of the refinery, the company might find it desirable to continue to sell crude oil from the Elwood wells. Existing contracts for this crude output will expire during the curent year.

While the Los Angeles office of the company has not released any earnings report for this year to date, dispatches from New York yesterday stated that net income of $820,079 for the two months ended February 28, last, was shown in the application for the listing of 18,000 additional shares of stock on the New York Stock Exchange to take care of the payment of the stock dividend. On 1,200,000 shares, the net of $820,079 would be equal to about 68 cents a share.

SALES REPORTED

Sales were reported for the two-month period at $3,426,532 and costs of sales were $1,948,672, leaving gross profits of $1,477,860. After expenses of $187,071, operating profits totaled $1,290,789 with other income amounting to $7924. Interest charges were listed at $7662; reserve depletion, $314,837; depreciation, $56,146, and reserve for Federal income tax, $100,000.

The consolidated balance sheet as of February 28, last, showed current assets of $3,436,955 as against $2,869,285 on December 31, last, while current liabilities were given at $3,322,483 as against $3,047,201 on December 31, last.

Net income of the company as shown in the 1928 annual report was $1,649,600.20 after all charges which was equal to $11 a share on the average number of shares outstanding before the stock was split five for one. Total sales in 1928 amounted to $10,146,662.70.

Production of the company, according to the listing application,

(Continued on Page 17, Column 6)

A Preferred Stock

with common stock opportunities in industry of large earnings and bright future.

The prior preferred stock, with common stock purchase warrants, offers investors a definite yield of 6% plus opportunity to share in additional earnings of an established company.

CHESAPEAKE RAIL MELON SCHEDULED

Rights Offer on Basis of One for Four Covers 300,000 Shares

NEW YORK, April 18. (AP)—The Chesapeake and Ohio Railway today offered common stockholders the right to subscribe to additional common shares at $100 a share in the ratio of one new share for each four held. On the basis of yesterday's closing price of $236.75, the rights are worth about $35 per share of the common now outstanding.

This issue, which amounts to 300,000 new shares, has been authorized by the Interstate Commerce Commission to provide $3,000,000 with which to purchase a controlling stock interest in the Pere Marquette at $133.33 a share.

Of approximately 1,200,000 shares of the outstanding Chesapeake and Ohio common stock, 600,000 shares are held by the Chesapeake Corporation, a holding company controlled by the Van Sweringen interests.

The rights to the additional stock are offered to holders of record the 30th inst., and expire July 1. Holders of the Series A convertible share for share into common, must convert their stock by the 30th inst. to avail themselves of the rights. The original issue of this stock, made in 1922, consisted of 125,585 shares.

Farm Field Day Set by Bankers

Arrangements for an agricultural field day for the bankers of Los Angeles county to be held the 25th inst., have been completed, according to an announcement made by Arch W. Anderson, vice-president of the Security-First National Bank and chairman of Group No. 5, California Bankers' Association. The association is sponsoring the tour in co-operation with the farm adviser of Los Angeles county.

The trip will be in the form of a caravan tour of the San Fernando Valley, including visits to certain farm projects and demonstrations by agricultural authorities. Starting at Van Nuys in the morning, visits will be made to poultry ranches, deciduous fruit and walnut orchards, citrus groves, dairies and other outstanding farm projects. The purpose of the tour is to acquaint bankers with the work of the agricultural extension service in Los Angeles county.

Allied Motors Earnings Gain

Consolidated net profits of the Allied Motor Industries, Inc., for the quarter ended March 31, last, amounted to $171,062.56 before Federal taxes, as against $123,985.09 for the same period of 1928, a gain of $47,007.47, or about 38 per cent, it war announced yesterday by the company. Net sales increased by more than 37 per cent at an increased selling cost of less than 4½ per cent, it was stated.

These figures do not include any income from the Great Lakes Aircraft Corporation, two-thirds of the Class B stock of which is owned by Allied Motors. It is officially reported that the Great Lakes Aircraft Corporation booked in excess o. $4,000,000 of new business at the recent Detroit aircraft show.

Magma Copper Tells Earnings

NEW YORK, April 18. (Exclusive) Magma Copper Company's net income for the quarter ended March 31, last, reached a total of $992,037 after depreciation but before Federal income taxes, which was more than double earnings reported for the same quarter of last year, it was announced here today.

The year's earnings were equivalent, before Federal taxes, to $2.43 a share on the 408,155 shares of capital stock outstanding, as against $440,970 earned in the first quarter of 1928, equal to $1.08 a share. The earnings for the first quarter last year are before depreciation charges.

RIBBON MILL NET OFF

NEW YORK, April 18. (Exclusive)—Century Ribbon Mills reported today March quarter net profits of $53,577, equal after preferred dividends to 28 cents a share on 100,000 common shares against $80,933 for the March, 1928, quarter or 53 cents a share.

OIL ALLIANCES DRAW NEAR

Union and Richfield, Last of Independents, Hold Firm Ideas on Value; Offers Numerous

BY EARLE E. CROWE

Before the year is over it would not be surprising to see both the Union Oil Company and the Richfield Oil Company entering into some form of alliance with other oil companies. That both companies, the last of the larger independents on the Pacific Coast, have received numerous attractive invitations is a well-established fact, but it is also well known that the Union and the Richfield managements have very definite ideas on the value of their companies.

Union's first quarterly statement was an admirable reflection of the company's earning ability in the face of unfavorable conditions in the retail gasoline market. Nothing has been forthcoming as yet on Richfield's first quarter, but it is understood that a sizeable increase will be reported. The Richfield picture, however, will not be fully blocked out until the physical consolidation with Pan American Western is effected, and this development should materialize shortly.

RICHFIELD'S OUTLOOK

With the inclusion of Pan Western the potentialities of Richfield take on proportions that undoubtedly account for the ideas of the Richfield management on value. Unofficially it is reported that last year the Richfield company earned approximately 16 per cent on a gross volume of about $53,000,000, while Pan American Western, on a gross of approximately $33,000,000 was not able to show any earnings. Operated as one unit under the Richfield direction it is entirely possible that the same percentage of earnings will be shown on the combined gross volume of business.

While these two companies are going along in their own way with considerable success there has never been a company yet that would not sell or consolidate at the right price. When the right prices will be offered depends on how badly some of the eastern companies want representation in the California gasoline market and in the California oil fields.

LIMITS ABANDONED

In this connection there is a marked tendency among the larger eastern companies to look upon the whole United States as their natural domestic market. Since Standard of New York, Texas Corporation and Tidewater entered the Pacific Coast field the old ideas about restricted marketing territory have been thrown overboard. Standard of Indiana, Sinclair Consolidated, Mariand, Atlantic Refining, Gulf, Standard of New Jersey and others are more than willing to take similar steps, according to proposals coming to the remaining California independents at intervals in the last few years.

There is always the possibility, however, that the destiny of Union and Richfield will be settled without outside help, provided the Federal Trade Commission is willing. A combination of Union and Richfield has been mentioned frequently as a development that would create a powerful unit in the industry and at the same time would go a long way toward stabilizing the competitive situation in the State.

If the Federal Trade Commission is favorable to such combinations the Standard Oil Company of California may have something to say. It is not at all improbable for Standard Oil to entertain the hope of working out a trade with either Union or Richfield as a good business proposition and as a beneficial move for the industry.

Net Profits of Atlantic Refining Sharply Higher

PHILADELPHIA, April 18. (Exclusive)—Consolidated net income of the Atlantic Refining Company for the quarter ended March 31, last, amounted to $3,892,600 after interest, depreciation, depletion and Federal income taxes, as compared with $1,357,300 after all charges for the same quarter last year, an increase of $2,535,300, or more than 185 per cent, it was announced here today.

After deductions for preferred dividends the earning for the period was equivalent to $1.77 a share on the 2,000,000 shares of common stock outstanding. This compares with 50 cents a share earned in the same quarter of 1928 based on the same capitalization.

Stockholders at the annual meeting May 7 will vote upon a stock purchasing plan for employees of the company and of certain of its subsidiaries involving 133,333 shares of unissued common stock at prices to be fixed from time to time by directors at prices less than the market but not less than par value.

Independent Oil Earnings Down

TULSA, April 18. (AP)—Consolidated net income of the Independent Oil and Gas Company amounted to $2,018,850 after depreciation, depletion and Federal income taxes, equal to $1.51 a share on 1,333,572 shares of capital stock outstanding, it was announced here today.

This compares with earnings in the previous quarter ending December 31, last, of $2,953,885, or $2.08 a share on 989,457 shares and a net loss after all charges of $419,398 in the first quarter of last year.

SECURITY NATIONAL TO MERGE BRANCHES

Brentwood Heights branch of the Security-First National Bank on San Vicente Boulevard will be discontinued on Saturday and the business merged with the Sawtelle branch, Herbert H. Smock, vice-president and cashier, announced yesterday. Wylie E. Dumm, manager of the Second Wilmington branch, has been appointed manager of the Anaheim and American branch, it was also announced.

BORROWINGS OF BROKERS SHADE DOWN

Federal Reserve Loans on Security Collateral Off Slightly

WASHINGTON, April 18. (Exclusive)—Loans to brokers held by the New York Federal Reserve member banks for the week ending the 17th inst. were announced by the Federal Reserve Board today as $5,425,000,000 representing a decrease of $2,000,000 for the total for the preceding week announced by the board and a decrease of $3,000,000 when adjustments were made to the preceding week's total for odd hundred-thousands not appearing in the published figures.

The loans for the week ending April 18, 1928, were $4,129,000,000.

The detailed distribution of the loans over the three weeks dealt with in the board's report was:

	April 17	April 10	April 18, 1928
For own account:			
$	877,000,000	$ 915,000,000	$1,184,000,000
For account of out-of-town banks:			
	$1,682,000,000	$1,631,000,000	$1,703,000,000
For account of others:			
	$2,866,000,000	$2,852,000,000	$1,263,000,000

Comparative weekly figures of brokers' loans with corresponding periods of last year follow:

	1929	1928
Jan. 2	$3,125,103,000	$3,140,923,000
Jan. 9	3,112,730,000	3,119,372,000
Jan. 16	3,042,000,000	3,785,000,000
Jan. 23	3,041,000,000	3,814,000,000
Jan. 30	3,260,000,000	3,814,000,000
Feb. 6	3,388,000,000	3,813,000,000
Feb. 13	3,568,000,000	3,813,000,000
Feb. 20	3,477,000,000	3,728,000,000
Feb. 27	3,647,000,000	3,728,000,000
Mar. 6	3,647,000,000	3,604,000,000
Mar. 13	3,597,000,000	3,749,000,000
Mar. 20	3,597,000,000	3,749,000,000
Mar. 27	3,646,000,000	3,825,000,000
Apr. 3	3,646,000,000	3,825,000,000
Apr. 10	3,425,000,000	3,994,000,000
Apr. 17	3,425,000,000	4,129,000,000

LOCAL LOANS SHOW DECREASE

A total of $39,861,635, or a decrease of $367,109 from the preceding week, was shown in brokers' loans as reported by sixty-six members of the Los Angeles Stock Exchange for the week ending April 17, it was announced yesterday. The drop was the second consecutive decline.

The comparative tabulation follows:

Week ending:	
January 2	$40,943,177
January 9	41,265,707
January 16	38,814,400
January 23	38,027,466
January 30	40,274,672
February 6	42,525,000
February 13	42,774,533
February 20	43,014,200
February 27	40,611,965
March 6	38,731,317
March 13	39,969,600
March 20	39,563,070
March 27	40,623,100
April 3	41,184,014
April 10	40,228,944
April 17	39,861,635

Bay City Steel Plant Forecast

SAN FRANCISCO, April 18. (Exclusive)—John E. Morris, investment banker, speaking today at a luncheon of the Investors' Mutual organization, predicted a $179,000,000 basic steel plant for the San Francisco Bay area, but declared he cannot disclose the details at this time.

"We have no basic steel industry here," he said, "although more than $165,000,000 is sent east from the Pacific Coast each year. I happen to know that in the immediate future a group of eastern steel men and western capitalists plan to launch a basic steel plant on San Francisco Bay with a capital program amounting to $179,000,000. Surveys and reconnaisance have been completed at a cost approaching $1,500,000."

Milk Products Declares Extra

Directors of the Golden State Milk Products Company yesterday announced the declaration of two stock dividends of 1 per cent each, the first payable September 1 to stock of record August 15, and the second payable December 1 to stock of record November 15.

These dividends are in addition to the regular quarterly dividends of 40 cents a share.

BROKER HOUSE OPENS OFFICE AT SAN DIEGO

Opening of a San Diego office was announced yesterday by Drake, Riley & Thomas, one of the oldest investment houses in California. J. Frank Knoche, who has been prominent in the business and financial circles of San Diego for twenty years, has been appointed resident manager of the new office. Mr. Knoche is secretary and treasurer of Palomar Laundries, Inc., and is also treasurer and on the board of governors of the San Diego Stock Exchange.

MATHIESON ALKALI NET PROFITS GAIN

NEW YORK, April 18.—Net profits of the Mathieson Alkali Works for the quarter ended March 31, last, totaled $506,674 after all charges including taxes, against $429,463 in the same quarter of 1928, a gain of $77,211, or 18 per cent, it was announced here today. Total operating earnings aggregated $831,314 as against $736,571 last year, an increase of $94,743.

PROFITS OF ELECTRICAL UTILITY UP

Great Western Company Reports 9 Per Cent Net Increase for Year

Great Western Power Company of California, controlled by the Western Power Corporation which in turn is owned by North American Company, made substantial increases in business and extensive additions to service facilities in 1928 with gross revenues and capital expenditures exceeding any previous year, Guy C. Earle, president, stated in the annual pamphlet report issued yesterday.

Gross operating revenues aggregated $9,459,973 of which 95.72 per cent was from the sale of electric energy. Operating expenses totaled $2,976,123, leaving a total income of $6,516,748. Net profits after interest and reserves amounted to $2,601,215.02, an increase of about $236,000, or more than 9 per cent over 1927. Preferred dividend requirements amounted to $1,369,813.-69.

Surplus account at the close of the year totaled $6,143,317.68 as against $5,623,210.17 on December 31, 1927, an increase of $520,107.51. No major financing was undertaken during the year.

The income account includes the operations of the Feather River Power Company's Bucks Creek plant acquired last March, while the plant and property investment account on the balance sheet at $118,863,956.62 includes the sum of $11,417,329.97, representing new construction and acquisition of the properties and plants of the Feather River Power Company, the Fair Oaks Electric Company and the Quincy Light and Power Company. Work has been started on a new steam-power plant on San Francisco Bay.

Republic Steel Reports Sharp Earning Gain

YOUNGSTOWN (O.) April 18. (Exclusive)—Republic Iron and Steel Company today announced that the first quarter's net earnings of $2,-877,127 after all charges, were equal to $2.04 a share on the common stock outstanding. This compares with $2.16 a share on 670,000 shares of common outstanding in the fourth quarter of 1928, and represents the best quarterly earnings of any three-months' period in about six years. Net income in the first quarter of 1928 totaled $487,331, or 16 cents a share on the common stock.

The unfilled orders March 31, last, totaled 425,569 tons, against 405,929 tons in the three previous months. President E. T. McCleary stated that the company will expend $10,-000,000 in improvements of the plant in the Youngstown district, most of which will be used for the erection of an electrical pipe-welding unit to be finished in a year and which will be built on the Johnson patent obtained in the acquisition of Steel & Tubes, Inc.

Directors of the company re-elected the same officers.

Miami Copper Head Reports Outlook Rosy

NEW YORK, April 18. (AP)—Stockholders of Miami Copper Company were told today by E. H. Westlake, vice-president, that with an average price of 20 cents for copper during 1929 the company would earn about $8 a share this year. Despite the recent drop in the price of the metal, he said it was not impossible that Miami would average 18 1-2 to 19 cents a pound for its 1929 output.

Mr. Westlake thought copper might again show an appreciable advance from its present price of 18 cents, and asserted that a settlement of the reparations problem favorable to European business expansion would increase the demand for the metal.

The Miami mine, he reported, was operating at 17,000 tons of ore a day without considering oxide ore, the possibility of retreating accumulated tailings or the probability of developing additional new ore. Increased output, improved metallurgy and lower power charges, he predicted, would bring the company's production cost to less than 11 cents a pound.

Bank Dividend Rate Announced

Dividends on the capital stock of the Security-First National Bank will be inaugurated at the rate of $1.12 quarterly, according to the present intention of the directors, J. F. Sartori, president, announced yesterday. This is at the annual rate of $4.48, or the same amount the stockholders of the Los Angeles-First National formerly received. Under the terms of exchange the Los Angeles-First National stockholders received share for share.

Stockholders of the Security Trust and Savings Bank, who received four and four-tenths shares of the new stock under the terms of the consolidation, will receive the equivalent of $4.93 annually in dividends on the basis of the quarterly rate of $1.12 a share. This will compare with the quarterly distribution of $4.50 on the old stock.

PHONE EARNINGS DROP

SAN FRANCISCO, April 18. (Exclusive)—Santa Barbara Telephone Company's annual operating report to the Railroad Commission shows an increase in 1928 operating expenses and taxes more than offsetting the increase in operating revenue, with the result that income, after taxes, dropped from $10,391 in 1927 to $101,370 in 1928. Gross corporate income was $110,721 last year and $98,377 the year before.

BANK STOCKS GAIN IN FAVOR

Wider Distribution and Appreciation in Value Attributed to Mergers and Capital Split-ups

BY JOHN F. SINCLAIR

[Copyright, 1929, by North American Newspaper Alliance.]

NEW YORK, April 18.—What effect has the present merger tendency on the value of bank stocks? The market price of twenty-five leading New York bank stocks more than doubled in 1927 and 1928. The market price of stock in the Chicago 'loop' banks has more than doubled in the past two years. Bank stocks are in great demand. Witness the case of the Sterling National Bank and Trust Company of New York, offered to the public last month, and oversubscribed twenty-two times. Even country bank stock today is in demand.

Bank stocks have always been high-priced. Are they worth the prices asked today?

Often banks carry large secret resources and sell from five to fifteen times their par value. The stock of the First National Bank of New York was recently quoted at $7000 a share.

CAPITAL SPLIT

Now, as bank stocks rise in value, fewer people can afford to buy them, so a number of banks have taken advantage of the amendment to the National Act, and have split their stock into smaller units, $25 par instead of $100. The National City Bank of New York has done this. This has tended to increase the number of stockholders, and also lift the price. Some banks are listed on the stock exchange, but the majority of bankers are of the opinion that such listing is a mistake.

Charles E. Mitchell, the National City president, removed that bank's stock from the New York Stock Exchange and gave as his reason the possible effect that a sharp break in the market price of bank stock might have on public confidence in the bank.

But this is yet to be proven. The Bank of Italy stock fell sharply in 1928 from 311 in March to 125 in June. There was much selling, but it had little effect on the bank's activities.

DATA LACKING

No authoritative data are available to show how large the volume of bank stocks through the country really is, but such as is available shows a remarkable increase in bank stock buying.

San Francisco, with complete records, shows that in 1927 for the year ending September 20, 259,219 shares were traded in. The following year the sales rose to 3,712,886 shares. In other words, for every share dealt in in 1927 about fifteen shares were dealt in during the next year.

Every bank stock has a "double liability" feature. That is to say, that should a bank get into trouble, a stockholder can be called upon to the extent of the par value for an additional liability to meet the banking claims. This double liability feature has been the source of much embarrassment to country bank investors in recent years, during which, since 1921, more than 4450 banks have closed. Yet today Frank Werner, secretary of the Iowa Bankers' Association, estimates that there are approximately 100,000 bank stockholders in Iowa.

Not all bankers are in favor of boosting values beyond the point where they yield a fair return. Inflated bank stock values must be treated like the inflation of any other stock.

SARTORI GIVES VIEWS

J. F. Sartori, prominent Los Angeles banker, makes this statement: "The real banker regrets exceedingly to see bank stock sold on an uneconomic basis, and does not propose to be forced into dangerous or speculative banking in order to make fair earnings on inflated or doomed prices.

There has been considerable activity on the part of speculators in bank shares. Decreasing the par value of a bank stock from $100 to $25 or $10 a share has tended somewhat to greater speculation.

The United States has always been a country of small banks. This change in the past decade is particularly significant.

Rudolph S. Hetch, New Orleans banker, believes it would be an irreparable loss to the nation should individualism in banking give way to centralization of banking power in the hands of a very few strong institutions.

BRANCHES INCREASE

Nevertheless, branch banking is on the increase. In 1900 there were fifty branch banks in the United States. In 1910 there were 339; in 1920 the figure had reached 1052; in 1927 it had risen to 2969, and the latest figures show 3230.

A large holding company, organized to control the stock of many banks, is the popular method through which banking control is concentrating.

Whatever may be our individual ideas about the good or evil of this movement, the fact stands out that there is a definite integration going on among the banks of the nation, and if it continues without interruption the next twenty-five years should see the banking power of the country in the hands of a very few large powerful groups.

Marland Oil Absorbs Texon

NEW YORK, April 18. (Exclusive) The Marland Oil Company has purchased control of the Texon Oil and Gas Company for $10,000,000, according to advices received here from El Paso. Texon owns jointly with the Marland Oil Company of Texas, which is a Marland subsidiary, important oil and gas leases on 85,100 acres in Texas.

Owing to the absence of Haymon Krupp, president of the Texon company, who is in Bermuda, details of the passing of control were not announced. It is said, however, that Frank T. Pickrell, vice-president of Texon, will receive about $6,000,000 for his holdings of stock. Texon Oil and Gas has an annual production capacity of more than 2,000,000 barrels.

SANTA MONICA BAY PHONE INCOME UP

SAN FRANCISCO, April 18. (Exclusive)—Substantial increases in returns for the Santa Monica Bay Telephone Company in 1928 are shown in the annual report filed with the Railroad Commission. Operating revenue rose from $515,-249 in 1927 to $580,057 and operating expenses, before taxes, were $301,988 last year against $272,-931 the year before. After taxes, however, operating income was $227,301 in 1928 against $196,330 the year before and gross corporate income was $223,796 last year against $195,032 in 1927.

STOCKS RECORD FRESH ADVANCE

Easing of Credit Condition Stimulates Buying

STOCKS RECORD FRESH ADVANCE

Easing of Credit Conditions Stimulates Buying

Favorable Trade News Lends Momentum

Turnover in Trading Shows Material Increase

NEW YORK, April 18. (Exclusive)—Operations for the advance were expanded to the largest proportions in more than a fortnight on the stock exchange today, as credit conditions showed further improvement and excellent first-quarter earnings reports of several of the independent steel makers gave indications that what the reports of the two largest producers will show when published next week.

There was further quickening in the pace of trading, total sales aggregating 3,768,650 shares. Call money renewed at 8 per cent after war shaded to 7½. A decline, particularly encouraging in view of indications was a drop to 6½ per cent in call-money rates for all maturities, still an abnormally high rate but indicating that the heavy strain on commercial credit requirements has largely been met.

Federal Reserve weekly brokers' loan compilation, released after the close of the market, however, was disappointing, showing a meager drop of only $2,000,000, leaving the volume of loans practically where it was a week ago, despite the sharp curtailment in stock-market activity.

LOAN CALL HEAVY

New York banks withdrew $5,000,000, but out-of-town banks increased their loans to an extent nearly canceling the New York withdrawals. The account of others increased but $4,000,000. In addition to their withdrawals, the New York banks increased their earnings at the Federal Reserve bank by $21,000,000, presumably to provide funds for the mid-month settlements.

The New York Federal Reserve Bank retained its 5 per cent discount rate and reported a further release of $13,461,000 in marked gold. Bank of England and Bank of France reported improved reserve ratios and no changes in rates. Traders have generally become convinced, however, that the Federal Reserve system stands ready to take effective steps should speculative activity break out of bounds.

BANK POLICY APPROVED

E. J. Cornish, president of National Lead Company, told stockholders at their annual meeting that he approved the attitude of the Federal Reserve bank toward speculation and intimated that he considered National Lead common high.

Prominent in the day's news was the first-quarter reports of Republic Steel and Youngstown Sheet & Tube, the former showing net equal to $2.03 per common share against 16 cents in the like period of the year and the latter $4.23 against $1.43. E. H. Westlake, vice-president of Miami Copper, said at the annual meeting that the company expected to get from 18½ to 19 cents a pound for its 1929 output.

RUMOR UNSETTLES

NEW YORK CURB STOCKS

NEW YORK, April 18. (Exclusive)—Extensive readjustment of speculative accounts, inspired in part by well-founded reports that the brokers' loan statement would be disappointing, turned the course of prices irregular in today's curb market, after an early display of strength. The drop in loans was only $2,000,000 as against early estimates of a decline of $50,000,000 to $100,000,000.

The credit situation was somewhat easier today, tending to confirm the belief that the peak of the spring commercial demands has been passed. Wall street, however, does not look for any sharp reduction in rates, but expects a gradual easing unless there should be a revival of wild speculation for the advance. Although pools have been struggling valiantly to attract an outside interest, small traders continue to exhibit an indifferent attitude.

Public utilities presented several points of strength as new market rumors cropped up in the financial district. United Gas Improvement again stood out by moving up more than 5 points, to 175⅞. Eastern States Power B, Electric Bond and Share, and United Light and Power A also were active by advancing prices, but the gains, as a rule, were small. American Commonwealth Power issues and American Superpower A were reactionary.

Aluminum Company of America moved up nearly 6 points to another new high at 190¾ in anticipation of an "important announcement," the nature of which was not revealed. Oliver Farms Equipment crossed 50 for the first time on a heavy turnover. General Laundry Machinery moved up 1½ points.

Except for the establishment of new highs by Humble, Lion and Indiana Pipe Line, the last-named jumping 15 points, and drop of 2¼ points in Standard Oil of Ohio, the oils presented few points of interest.

Western Air Express moved into new high ground and there was a good demand for Aviation Corporation of America, National Aviation and the new Wright stock, United States Steel "extras" changed hands in rather large volume around 6, preparatory to being transferred to the Big Board tomorrow.

Interstate Hosiery Mills sold within a fraction of the year's high on reports that first quarter shipments were 60 per cent above the same period last year. Sidney Blumenthal ran up more than 6 points, but forfeited part of its gain.

American Stores, Butlers of Delaware, Rainbow Luminous Products, Southern Stores and Union Tobacco sold at new low levels for the year.

The closing price is omitted when same as the low, and both low and close when same as the high.

STOCKS RECORD FRESH ADVANCE

(Continued from Sixteenth Page)

siderable hasty realizing. Another disquieting development was the breaking of a speculative bubble in Crex Carpet, which fell from its recent peak of 57 to 40. Also United Aircraft, after jumping to a new high at 111, fell back to 103½. Some of the high-priced specialties in which the market is thin fluctuated widely. Adams Express, after jumping about 30 points to a record price at 731, fell to 710. American Railway Express, after jumping 13 points to a new peak at 180, lost half its gain. American Express dropped 9 points.

Independent issues were strong. Bethlehem reaching its best price in years at 115 7-8, and Republic nearly duplicating its top at 100 5-8. Sloss Sheffield jumped 6 points. Some of the chemicals were bid up sharply. U. S. Industrial Alcohol, Commercial Solvents and Union Carbide reaching new high ground, but the last two losing much of their gains. Marmon was again a strong point touching a new high at 91 3-4 on reports that sales are running nearly double a year ago. Hershey Chocolate also broke into new high ground on buying in anticipation of inauguration of dividends.

OTHER GAINS SCORE

Ingersoll Rand, Johns-Manville, American Can, Nash, Warner Brothers, Foundation Company, Radio, New Haven, North American Company, International Paper and Sears, Roebuck were other issues making marked gains. Oils were still accumulated, Skelly and Pan American issues reaching new maximum prices. Some of the Standards, however, sagged, California yielding a point. Coppers moved in a narrow range.

Baldwin Locomotive, Bayuk Cigar, Curtiss Aero, Continental Baking A, Montgomery Ward, Graham Paige and Wright Aero fell back about 2 to 5 points, and National Lead lost 2½ points on Mr. Cornish's statement.

Commodities moved in narrow ranges, grains losing a cent or two a bushel on uneasiness over the outcome of farm relief measures, and cotton encountering some selling on bearish weather, but closing steady.

Foreign exchanges were dull but fairly steady on the Bank of England and Bank of France statements. Sterling Cables were a shade lower at $4.85 3-8.

Transcontinental Air

Fokker Aircraft

AT the time we first advised the purchase of Fokker, that stock was selling at $19. Recently it has sold at $44. We think it will sell higher. Listed on the New York and Los Angeles Curb Exchanges.

We have suggested the purchase of Transcontinental Air since it sold at $20. We believe that present buyers at today's prices will reap a splendid profit.

Principal stockholders in Transcontinental Air Transport, Inc. are said to be the Santa Fe and Pennsylvania Railroads and the Wright and Curtiss Airplane Companies. The company's executive personnel includes the illustrious Col. Chas. A. Lindbergh.

In combination with the Pennsylvania and Santa Fe, the company will operate a 48-hour service from coast to coast, to open sometime between May 1st and May 15th, it is said. Big 14-passenger planes will be used.

We believe that the inauguration of this service will bring a strong advance in the price of this stock.

Listed on New York Curb Exchange.

Grain Futures Turn Lower on Bearish Mart

CHICAGO, April 18. (Exclusive)—Absence of constructive news, with the greater array of bearish conditions and the poor buying support, except on the extreme breaks, made for a weak and lower set of grain markets, with the heaviest selling of pressure and decline in values in the last half-hour of trading. The finish was at practically the lowest of the day, with a break of around 3c from the high point on wheat, and corn, were the attractive features. In all, a liberal business was on, although mainly of a local character, and there was apparently nothing on wheat to base purchases, except in the way of profit-taking on previous sales on the lowering of values.

Crop news from the winter wheat section, particularly in the Southwest, were favorable, with claims that unless something unusual happens to the crop there, Kansas is likely to raise nearly as much wheat as last year when it had 177,000,000 bushels.

The most important factor that stood out strongly, with the limited demand for American wheat, which increased bearishness among the local traders, while Canadians were credited with selling 600,000 bushels for export. In Chicago there were withdrawals of 168,000 bushels of No. 2 hard winter wheat from public house, with shipments to Buffalo. At the same time there were reports from the Southwest that there is to be a fairly liberal movement to Chicago, despite claims of elevator interests that there is no available storage room here. One cash handler bought 25,000 bushels in the Southwest to come here.

Reports from Washington indicated that the farm-relief bill was likely to have a hard time, and may have to undergo some changes. Washington also sent a report that Senator Capper's bill amending the Grain Futures Act, which prohibits individual traders from being either long or short more than 2,000,000 bushels at any one time, had been introduced in the Senate. This bill was up last year and defeated.

May wheat at its lowest was 1.17, with the finish ⅛@¼c above that level, or a cent of the lowest of the season. July finished at 1.21@1.21⅛ and September 1.24@1.23¾.

Weakness and lower prices for wheat toward the last had a depressing influence on the corn market, with a decline in May of 93¾ to 91⅝, with the close 91¾@91⅞. July 90@90⅝. More increased pressure in May widened the spread between the two deliveries. Receiving houses in a few instances had advices of slightly larger country offers, but the cash market showed more strength and industries are buying more corn in outside markets than they are locally. Traders, who bought corn early in the day, generally unloaded at the last owing to the weakness in wheat.

Oats had their break in the last thirty minutes and May closed at 48, with July 43⅞@48 and September 43⅝@43¼.

Commission and cash interests were buyers early and local operators were sellers at the close. A little buying of May and selling of July at 2c spread was on.

Rye was under pressure at the last owing to the weakness in wheat. A feature of the trading was the selling of May and buying of July at 1c spread.

Liquidation in lard by commission houses and those affiliated with the packing industry, due to weakness, and a decline of 10@15c in hogs, with good receipts, the break in grains and a drop of around 10 points in cotton oils, carried prices down to a close 7½@10c lower. The impression of the trade is that there is more liquidation to follow.

Bellies were offered freely and closed 2½c lower on May and 2½c higher on distant futures, while ribs were 12½c lower for May and 2½c higher for July.

Duluth: Flaxseed on track, 2.39¾@2.43¾; to arrive, 2.39¾@2.43¾; May, 2.40¾; July, 2.43¾; September, 2.43¾; October, 2.43¾.

METAL MARKETS

CLEVELAND, April 18. (Exclusive)—Daily Metal Trade today says: At least one leading producer of semifinished steel has advanced prices on billets $2 a ton and on sheet bars $1 a ton to $36, Pittsburgh. The higher prices largely are nominal, however, since producers have nothing to sell. Specifications for strip steel are being placed at a slower pace at Pittsburgh, but this is considered normal in view of the recent active demand.

Shipments continue heavy. Industrial and rail steel fence post orders are being received steadily by steel rail, steel bar mills in the Chicago district, which continue to operate close to capacity.

Copper is firm and more active at 18c, Connecticut. Zinc is steady at 6.80c to 6.85c, East St. Louis. Lead is unchanged at 6.85c, East St. Louis and 7c, New York. Tin continues easy at 45.25c to 45.36c for spot and futures Straits.

SUGAR MARKET

NEW YORK, April 18. (Exclusive)—Raw sugar, 3.67; refined, 4.90.

Futures closed steady: approximate sales, 37,500 tons: May, 1.87; July, 1.99; September, 2.06; December, 2.12; March, 2.18.

LOS ANGELES EXCHANGE

Union and Rio Grande Lead Trading Activity as Prices Hold Generally Steady

Forces operating on the constructive side of the market appeared satisfied to hold prices to firm levels in yesterday's trading on the Los Angeles Stock Exchange as movements generally were confined to a narrow range. Although some irregularity crept in, flurries of selling were readily absorbed, and the improved tone of Wednesday's session was sustained on the whole with a trading activity comparing favorably with other recent sessions.

Union Oil issues continued to hold the spotlight with a brisk turnover, while Rio Grande, neglected of late, turned active once more to hold a large portion of the traders' interest. Stocks of both companies dropped fractionally lower. Richfield sold off 5-8 to 44 3-8, while Pacific Western moved up 3-8 to 20 1-8.

John Bean Manufacturing Company again scored a new high, up 1 1-4 points to 53 1-4 and closed later at 53. Jantzen Mills gained a point to 45 7-8 and Moreland Motors, usually inactive, jumped up 1 point to 3, and the preferred 1 1-4 points to 6, a new peak. Bank stocks, less active than on Wednesday, held firm, nevertheless, to the improved tone. California Bank and Security-First National, each at 138, were unchanged.

*—Prices in cents.

LOS ANGELES CURB

Security prices on the Los Angeles Curb Exchange yesterday held to the firmer levels of the previous session as no movement of consequence developed to disturb the even tenor of a quiet market. Total sales for the day, valued at only $490,038, were ample evidence of the slackened activity.

Fokker Aircraft and Samson Tire and Rubber, however, continued to play a prominent part in the day's activity. The former strengthened ½ point to 35 3-4, while the latter eased off 3-8 to 26, after touching 26 3-4. Pacific Indemnity, which jumped 15 points Wednesday, slipped back 10 points to 240. Pacific Mutual firmed up 1 1-4 points to 114.

Only a few fractional changes were recorded in the balance of the list. Oils were steady and North Star and Black Range dominated the activity of the mines.

NEW YORK BOND PRICES

NEW YORK, April 18. (AP)—With rails leading the upward march, the bond market scored another general advance today on the steady recovery that began last week after the peak of the credit stringency appeared to have been passed.

The advance was one of the widest bonds have made in a long time and virtually the entire list benefited. United States government obligations were exceptions. They turned soft in the late trading in a fairly large turnover.

Sales, totaling nearly $10,000,000, were the heaviest since the bond market soared to its lowest level of the year late in March when soaring money rates were forcing liquidation in stocks and bonds and offering stiff competition to the coupon securities.

Since the late March depression, bonds, measured by the Associated Press averages of forty bonds, have recovered nearly a point and the combined average is now 95.96, against 99.45 a month ago. The recovery of the first grade rails has been the most rapid.

Until the recent improvement, many of the rails were selling at what bond students considered bargain prices. Investors turning to bonds have hastened to take advantage of the situation, at the same time keeping in mind the stronger earning position of the railroads. Amendment of the New York banking law to broaden the list of legal rails for savings banks also has helped the carrier obligations.

Attorney general 4s moved up to a new high for the year at 94, but slipped back a fraction before the close. The 5 per cents rail bonds stood at 103 at the close, the Boston and Maine selling up a point and a half. Other strong rails were St. Paul 4s and adjustment 5s, Illinois Central 4½s, which gained more than 2 points, Missouri, Kansas and Texas adjustment 5s, New Haven issues, Southern Railways general 4s and Prisco issues. Numerous advances of a point or more were scattered in the list.

The industrials and utilities also commanded better prices, with Goodyear Tire 8s continuing to move into new high ground. New York City Traction issues again displayed weakness. The Third Avenue adjustment 5s sank to a new low at 47.

Foreign issues were in wider demand and mostly higher, but price movements were narrow compared with the domestic bonds.

The quotations represent sales of bonds (in thousands of dollars) and the high, low and closing prices in the order given. Opposite transmission, the close is omitted when the same as the low, and both low and close when same as high.

DAILY EASTERN CITRUS MARKETS

[By the Associated Press]

Carlot shipments of California citrus, compiled for the California Fruit Growers' Exchange from railroad passing reports, were reported as follows:

	Oranges.	Lemons.
SOUTHERN CALIFORNIA		
April 17	231	62
Season to date	23,772	8,075
Last season to date	17,380	3,109
CENTRAL CALIFORNIA		
April 17	32	79
Season to date	4,750	149
Last season to date	4,292	294
NORTHERN CALIFORNIA		
April 17	0	0
Season to date	481	47
Last season to date	284	94

California oranges ranged higher, lower and unchanged at eastern and middle western auction centers yesterday, with spotted markets prevalent. Lemons were reported somewhat more favorable than oranges, being lower, steady, and higher, with the latter condition most frequent.

Analysis of trading developed the following price ranges per box:

	ORANGES		LEMONS	
	Graded above choice.	Choice.	Graded above choice.	Choice.
New York	3.40@3.70	3.30@4.10	5.00@5.65	4.15@4.25

AND ACTIVITIES AT LOS ANGELES HARBOR

SERVICE BUREAU ACTIVE AT PORT

Marine Labor Agency Issues Quarterly Report

Total of 40,109 Men Put on Jobs During Period

Gain Over Similar Period in 1928 Set at 4360

BY WALDO DRAKE

Shoreside shipping activities at the port enjoyed the best employment situation during the first quarter of 1929 since the establishment of the Marine Service Bureau, in 1923, according to a report issued yesterday by Edwin Nichols, district manager. A total of 37,927 longshoremen were employed through the bureau on the water front during the last three months, while 2182 officers and men were assigned to ships calling at the port.

The figures indicate a marked increase in stevedoring activities over the first quarter for 1928, when 33,506 men were employed, an increase this year of 4360 workers. Seagoing personnel assignments made an increase of 621 over last year. The Long Beach area the past quarter drew only sixty-six workers, although stevedoring firms in numerous instances took longshore gangs to that district direct from the San Pedro-Wilmington area.

March, 1929, broke all records for waterfront employment, a total of 14,338 men being employed, as against 12,508 longshoremen assigned in March, last year. January, with 11,934 men, and February, with 11,655 men, both showed increases of more than 1000 workers over 1928.

ARROW-QUAKER LINE ALLIANCE DENIED

The Arrow Line, in which Sudden & Christensen and the Los Angeles Steamship Company jointly operate ten freighters in intercoastal trade, has no operating agreement or financial connection with the Quaker Line of Portland or any other intercoastal group, it was announced yesterday by Lasco officials in refuting reports from New York and Portland.

Identity of the Arrow and Quaker lines has been confused somewhat since Kenneth D. Dawson, Quaker Line head, withdrew three ships from Arrow Line operation two months ago and added them to his own service. The Arrow Line with four Lasco ships now has ten vessels, while the Quaker fleet now totals eighteen vessels.

The Admiral Line, operated coastwise in the passenger and freight trade, is looking forward to the greatest summer patronage in its existence, according to H. F. Alexander, president, who arrived yesterday from Seattle on a periodic visit to Southland agencies. The line last year made a material profit, the biggest in a number of years, and business has been good so far this year. Travel from Southern California to Alaska, by transfer at Seattle, was described as gaining tremendously and now constitutes an important factor in the line's operations. The liner H. F. Alexander, flagship of the fleet and fastest merchantman under the American flag, will resume her summer service in May, making round trips weekly between here, San Francisco and Seattle.

C. J. Lehman, local agent for the Holland-America Line, has gone to New York to witness the maiden arrival of the line's new passenger steamer Statendam, largest vessel under the Dutch flag. He will sail on her for Europe the 27th inst. The Statendam is 700 feet long, of 30,000 tons, carries a crew of 600 and has a passenger capacity of 1670.

Capt. Inar Petersen of San Francisco, representing Westfal-Larsen & Co., announced the recently beached steamer Evanger will discharge her 4000-ton cargo here and go to Bethlehem's dry dock Monday for a survey. Bids for repairs are expected from several Pacific Coast yards and will involve a new stern post and material repair to the ship's bottom.

Not more than half of the season's crop of perhaps 300,000 crates of early tomatoes produced this spring around Mazatlan, ever will reach markets, according to George B. Hull of the Sinaloa Land Company, returning from there yesterday on the Panama Mail liner Venezuela. Dislocation of the railroads from Mazatlan north to Arizona by the rebels is blamed for the growers' plight. One grower is said to have lost 125 carloads to date and stands to lose much more. All of the fruit for which transportation is available now is reaching the States by ships through Los Angeles, the Venezuela bringing 17,000 crates yesterday, and is being followed closely by the steamer Coquina with 25,000. Four small motorships are bringing cargoes of 6000 to 8000 crates regularly, but mostly from Cape San Lucas, and growers are seeking to induce owners to put large hook-and-line fishing boats on the run temporarily.

One hundred local Japanese, returning to Southland homes after visiting their fatherland, disembarked yesterday from the liner Taiyo Maru, largest vessel of Nippon Yusen Kaisha's fleet. The vessel will sail with 100 passengers for home tomorrow, after discharging and loading freight.

AIR MAIL SCHEDULE

Eastbound—Leaves Los Angeles, 7:35 a.m. daily, connecting at Salt Lake, 2 p.m., Mountain time, with eastern lines. Usual flight time to Chicago, 22 hours; to New York, 32 hours. (Closing time for eastbound mail: Arcade Station, 6:30 a.m.; airport, 7:35 a.m.) Main postoffice and substations, 5:30 a.m.

Westbound—Mail leaves Newark (N. J.) 12:15 p.m., Eastern time; arrives Chicago, 7 p.m.; arrives Salt Lake City, 10 a.m., Mountain time, second day; arrives Los Angeles, 8:23 a.m., Pacific time, second day.

Coastwise—Leave Los Angeles, 7:30 a.m. daily; arrives Bakersfield, 1:15 a.m.; Fresno, 2 a.m.; San Francisco, 5 a.m.; Medford (Ore.), 9 a.m.; Portland-Vancouver, 11:30 a.m.; Tacoma, 1:30 p.m.; Seattle, 2 p.m. Southbound mail leaves Seattle, 11:45 p.m.; San Francisco, 1:15 p.m.; arrives Los Angeles, 6:15 p.m. (Closing time for northbound mail: Arcade Station, 10:35 p.m.; air mail boxes, 9 to 10 p.m. Coast flight time, to San Francisco, 5 hours; to Seattle, 14 hours.

TRANS-PACIFIC MAIL

Following schedule of sailing is provided by the Los Angeles postoffice:

April 21, from Seattle. Mail for Japan, Siberia, China, Honolulu, Siam, French Indo-China, Dutch East Indies, Straits Settlements.

April 20, from Los Angeles. Mail for Honolulu.

April 26, from Los Angeles. Mail for Central and South American ports. (Specially addressed correspondence.)

April 21, from Los Angeles. Mail for Panama, Canal Zone, Peru, Bolivia, Chile, Ecuador, Cacua and Narino, Columbia.

April 21, from Seattle. Mail for Japan, Korea and Siberia.

For connections at Seattle, mail must leave Los Angeles the second day prior to date of sailing, not later than 7:10 a.m.

To connect at San Pedro for the Hawaiian Islands every other Saturday, mail leaves Los Angeles at 8:30 a.m. on Saturday.

Note—To connect at San Francisco, mail must leave Los Angeles on dispatch made not later than 2:30 p.m. the day prior, to date.

THE WEATHER
[Official Report]

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, April 18.—[Reported by H. D. Hersey, Meteorologist.] At 5 o'clock a.m. the barometer registered 29.88; at 5 p.m., 29.90. Thermometer for the corresponding hours showed 54 deg. and 68 deg. Relative humidity, 5 a.m., 88 per cent; 5 p.m., 76 per cent. Wind, 5 a.m., southeast, velocity 3 miles; 5 p.m., southwest, velocity 8 miles. Temperatures, highest, 61 deg.; lowest, 54 deg. Rainfall for season, 12.42 inches; normal to date, 14.48 inches; last season to date, 9.47 inches. Barometer reduced to sea level.

WEATHER CONDITIONS. — April 18: Light rain has fallen during the past twenty-four hours in New York and the New England States and in Kansas, Missouri, Arkansas and Western Tennessee and on the Washington coast, but no precipitation has occurred in other portions of the country. Moderate temperatures were reported over practically the whole country this morning. In Southern California cloudy or partly cloudy weather was experienced yesterday, with temperatures generally close to the normal. It was cloudy this morning at all stations, with temperatures a little above normal. An area of moderately low pressure is centered over Southern Nevada, and another depression is approaching the Northern California coast from the Pacific. Such conditions may be expected to give cloudy, unsettled weather in Los Angeles and vicinity Friday, with probably showers. Moderate temperature will continue.

SUN, MOON AND TIDES.—Los Angeles, April 19: Sun rises 5:17 a.m., sets 6:27 p.m. Moon rises 2:32 p.m., sets 12:2 a.m. Los Angeles Harbor, April 19: High tides, 6:11 a.m. and 7:16 p.m.; low tides, 12:29 a.m. and 12:54 p.m.

LOCAL TEMPERATURES. — April 18: Minimum and maximum temperatures from Southern California points, reported yesterday to the Los Angeles office of the U. S. Weather Bureau, were as follows:

Stations—	Max.	Min.
Imperial	95	58
Los Angeles Harbor	64	52
Mt. Wilson	68	45
Pasadena	69	51
Pomona	68	51
Porterville	81	50
Redlands	74	50
Riverside	73	50
San Bernardino	71	50
Santa Ana	71	54
Santa Barbara	57	46
Sierra Madre	69	50

LOCAL FORECAST

For Los Angeles and vicinity: Unsettled, with probable showers, today; cloudy tomorrow, with moderate temperature.

STATE FORECAST

SAN FRANCISCO, April 18. — Weather forecast:

San Francisco and vicinity: Showers, followed by clearing; moderate temperature; fresh westerly winds.

Northern California: Showers, followed by clearing; moderate temperature; fresh westerly winds on the coast.

Sacramento, Santa Clara and San Joaquin Valleys: Occasional showers, followed by clearing; moderate temperature; moderate variable winds.

Southern California: Cloudy and unsettled; probably showers in west portion; moderate temperature; moderate to fresh southwest and west winds.

ARIZONA FORECAST

PHOENIX (Ariz.) April 18.—Forecast for Arizona: Friday and Saturday partly cloudy; little change in temperature.

COLORADO RIVER

YUMA (Ariz.) April 18.—[Exclusive Dispatch from the U. S. Reclamation Service.] Gauge height Colorado River, 19.20 feet. Discharge, Thursday, 18,000 cubic feet.

FILM ISSUE DISCUSSIONS BEGIN TODAY

Effort Will be Made to Prevent French Lockout of American Pictures

[Copyright, 1929, by Chicago Tribune.]

PARIS, April 18. (Exclusive)—An attempt to prevent the necessity for carrying out the American film producers' threatened lockout in the French market due to the unreasonable three-for-one contingent system will be made in a series of conferences starting tomorrow and lasting for several weeks.

The United States will be represented by Henry C. MacLean, chief of the commercial division, United States Embassy, Paris, and Harold Smith, representing the film interests. Francois Poncat, Undersecretary of Fine Arts, and Charles Delac, head of the French film syndicate, will represent France.

The meetings will take the form of private and informal talks. The French promise to do all in their power to co-operate in reaching an agreement that will satisfy both American and French producers.

SOVIET PLAN ORDERED TO COMMITTEE

Opinion Sought if Arms Principles Fall Within Commission's Framework

GENEVA, April 18. (AP)—The principles underlying the soviet plan for extensive partial disarmament were sent to the steering committee by the Preparatory Disarmament Commission today for an opinion as to whether they fall within the framework of the commission's work as outlined by the Council and Assembly of the League of Nations.

The action was opposed by Maxim Litvinoff, vice-commissar for foreign affairs, who charged that it was another attempt of the commission to avoid its responsibility.

The motion to send the principles to the steering committee was made by the delegate of Czecho-Slovakia. Turkey abstained from voting, but all the other delegates voted for the motion.

REVISION OF RATE FIXING PROPOSED

Tariff Commission Head Gives Plan to Congress; Hoover Misquoted

WASHINGTON, April 18. (AP)—Chairman Marvin of the Tariff Commission has submitted to the House Ways and Means Committee a detailed plan for reorganization of commission procedure for handling the flexible provisions of the 1922 act and in obtaining information for Congress as a guide in rate making.

Details of the recommendations have been withheld, but it is understood that in the main they probably will meet with the approval of President Hoover. Whether they go as far as the Chief Executive proposed in his message to Congress is not quite clear.

At the White House today it was said that some newspapers had misconstrued the intent of the President with respect to tariff valuation. There had been suggestions in the press that Mr Hoover wanted to turn from foreign to American valuation as a basis for rate making.

It was stated he made no such proposal and that all he had suggested was legislation to enable the Treasury to meet certain specific cases of evasion of tariff laws by foreign corporations shipping direct to their subsidiaries in the United States.

WHAT'S DOING Today

ESCADRILLE FOUNDER TO BE HONORED

Tomb in Cathedral Provided for Hero Flier by Father's Donation

WASHINGTON, April 18. Norman Prince of Boston, founder of the Lafayette Escadrille, gave his life while flying with the American volunteer aviation corps with the French Army, is to be accorded sepulture in the Washington cathedral.

Announcement of the plan for entombment of the aviator's body in the cathedral was made today by Rt. Rev. James E. Freeman, bishop of Washington, simultaneously with the making public of the receipt of a gift from Frederick H. Prince of Boston, father of the flyer, which will provide for a memorial chapel on the south floor of the cathedral.

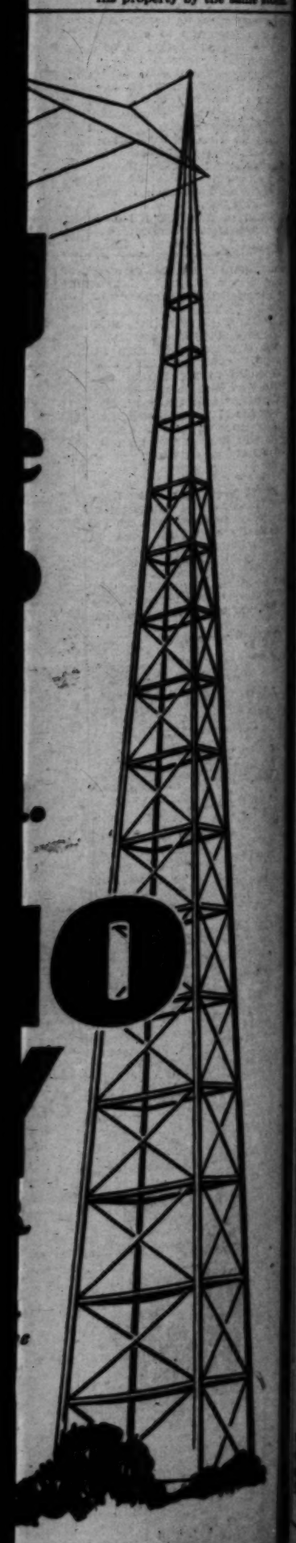
The chapel, which will be known as the Chapel of St. John, will contain the tomb of Prince, whose body now rests in the American cemetery Cathedral in Paris, and soon is to be brought back to this country. The cost of the chapel and the erection of the tomb, as estimated by the cathedral architects, will be in excess of $200,000.

Prince was one of the first Americans to volunteer for service with France during the World War. He was killed in a crash in October, 1916, after his return from an aerial encounter with German planes. During his service with the Escadrille Prince was credited with bringing down five enemy planes and was awarded the Croix de Guerre, the Medaille Militaire and the Legion of Honor.

Storm Damage Tax Cut Valid

WASHINGTON, April 18. The Board of Tax Appeals ruled today that storm damage may be deducted from gross income in computing income tax in the case of Mrs. Mary Cheney Davis, owner of Greystone farms at Dover, Mass., and the late Charles F. Choate, owner of a country home at Southboro, Mass.

Mrs. Davis sought to deduct $50,000 from her income for 1925 because of damages done her property by a severe ice storm in November of that year. Choate had sought to deduct $15,000 for damage done his property by the same storm.



"He thinks it's a joke when Betty's beau drops coin on the floor, but she always stops our Junior Guide!"

ROTARY DIVISION SESSION OPENED

Three Thousand Delegates Attend Conference

Question of Splitting Group Faces Convention

International Chief Cites Organization's Growth

[Illustration on Picture Page]

Many important questions affecting the organization, more than 3000 members of the Second District of Rotary International assembled yesterday morning in their fourth annual conference at the Shrine Auditorium. Convention headquarters are at the Biltmore.

The most important subject of discussion was the much-talked-of division of the Second District, which includes California, Nevada and the Hawaiian Islands, into two separate districts. The consensus of opinion among Rotary leaders is that the move will be decided upon, the fight against the division being led by Paul Rieger of San Francisco, former governor of the district, Charles B. Bills of Redlands, former governor, also opposing the separation.

MASS MEETING HELD

Other important matters to be taken up are the election of district officers, the question of Rotary extension, and the subject of civic responsibilities of the clubs.

With all the color and enthusiasm for which Rotary is noted, the convention swung into step this morning with a great get-together meeting in the auditorium before the convention was formally called to order by William R. Kilgore, president of the Los Angeles club and official host of the occasion, led in singing the visiting members.

The opening official meeting began with mass singing led by O. B. Brown of the Huntington Park Rotary Club and an organ recital by Ted Cralos. Following an invocation by Rev. Joseph Sullivan of Los Angeles, the address of welcome was delivered by Mr. Kilgore. Allen A. Johnston, president of the San Francisco Rotary Club, responding.

Outlining the aim of Rotary as an effort to instill and develop in business and professional men a broad international understanding, J. Sutton, president of Rotary International and the guest of honor of the conference, made a stirring keynote speech to the assembled delegates.

GROWTH REVIEWED

Rotary inspires a spirit of genuine fraternal brotherhood far above the barriers which rise between men of nations with the diversity of racial and physical relationships of one hand and nationalism on the other," Sutton declared. "We are endeavoring to develop the highest type of citizenship in every country in the world," he asserted.

Sutton pointed out the growth of the organization. "Rotary is being woven into some part of the world almost every day. A year ago there were 552 clubs in forty-four countries. On February 1 of this year the number had increased to 3047 clubs in forty-five countries.

"Rotary International is an important factor in the promotion of world peace by its establishment of better understanding between the various men of different nations, in the opinion of the president.

Stressing the importance of the building of Boulder Dam to insure the continued development of the Southwest, Herbert E. Harris of Phoenix, governor of the district, spoke on the civic problems affecting Rotary. He urged faithful support of the policies of President Hoover.

WIVES ENTERTAINED

Special tributes to the movement which bring the International Rotary convention to Los Angeles in 1932 were paid by Crombie Allen of Ontario, yesterday. He pointed out the importance of having the meeting here during the time of the Pacific Ocean. This question will be taken up at the business meeting of the conference this morning.

A luncheon sponsored by various clubs of California and Hawaii featured the midday entertainment. This was followed by divisional meetings on special subjects such as club service, vocational service, community service, and boys and girls work, membership expansion.

A fashion show for more than 1000 men and women friends of the delegates was directed by Peggy Hamilton of the Bals de Oro of the Ambassador, the late afternoon tea dance and Polly Ann Theater players, were presented. Tonight a vaudeville program featuring many prominent entertainers was given for the delegates and their wives.

YOUNGEST ENTRANT IN BLOOMS EXHIBIT

Sagash Okura

BABY BIDS FOR FLOWER SHOW HONOR

Junior Member of Okura Nursery Firm Enters Prize Sweet-Pea Specimens

A bid for both amateur and professional sweepstakes from one of the entries in the West Los Angeles Flower Show which opens at Sepulveda and Santa Monica boulevards on the 24th inst., had officials in charge of the event dipping into books on rules of order for such shows, yesterday.

It seems that Japanese Nurseryman Okura who has duly notified the show that he will enter in the professional class, is not the only flower raiser of importance in his establishment. For yesterday came notice that the junior member of the concern, Sagash Okura, 3½ years of age, also wishes to enter posies in the show in the amateur class.

Hence, it would seem that the Okura Company is taking no chances on not placing in the awards. And while baby Okura is the youngest amateur flower raiser entered in the show, the sweet peas which she displayed yesterday as samples of her gardening talent are closely akin to the specimens grown by professionals.

With the big tents on the show grounds now up, Director C. G. Groenewegen says that an additional crew of workmen will be busy until the opening evening, preparing for the big floral display which is being sponsored by the West Los Angeles branch of the Los Angeles Chamber of Commerce. Eight communities of the district will aid in presenting the show and more than 500 varieties of blooms will be on display.

Policeman Dies of Injuries From Fall in Traffic

Lewis Long, 45 years of age, a member of the Los Angeles Police Department since January 4, 1915, died yesterday morning at the Georgia Street Receiving Hospital as the result of injuries he received the day before when he fell against a moving automobile, according to a report made by brother officers.

The driver of the car at Pico and Georgia streets was J. A. Stauder of 1701 South Union avenue. An inquest will be conducted today.

Long leaves a widow and two grown children at 6612 Bonsallo street. Funeral arrangements will be made following the arrival of a brother, Ora Long, from Oklahoma Sunday morning.

INDIANS TAKEN AFTER BATTLE

Police Use Armored Truck to Capture Man and Wife

Officer Wounded by Asserted Demented Pair

Gas Bombs Used in Efforts to Storm "Fortress"

Fifteen deputy sheriffs last night were forced to resort to an armored truck to effect the capture of John D'Avili and his wife, Angelita, after the aged and asserted insane pair had successfully defied for seven hours the efforts of officers to incarcerate them in the psychopathic ward of the General Hospital.

The tiny four-room shack of the couple at 2213 East Thirty-seventh street was turned into a veritable fortress at 5 p.m., when the first attempt to take them into custody was made and from then until midnight they fired more than fifty shots.

As the officers reached the pair's trench in the armored truck, the aged couple were crouched side by side, their firearms in their hands, but offered no more resistance. They were placed in strait-jackets and taken to General Hospital.

As the officers time and time again were repulsed in their assaults upon the little fortress surrounded by a closely set picket fence, the 70-year-old Indian and his 60-year-old wife blazed away with a shotgun, 30-30 caliber rifle and .45 automatic pistol and succeeded in wounding Deputy Sheriff Tom Thompson. His wound in the elbow is not serious.

SHOTS GO ASTRAY

In his spectacular defiance of attempts by officials to incarcerate him and his wife in the psychopathic ward D'Avili unknowingly had the upper hand. The officers had been forbidden to harm the couple.

Purposely unaimed shots, tear bombs and a small deluge from a fire hose were useless in the face of D'Avili's determination to withstand the small army's efforts to place him in custody.

At midnight Deputy Sheriff Johnston succeeded in retrieving a police automobile which had been driven to the entrance to the inclosed yard earlier in the evening with lights turned on the house. D'Avili had turned his gun onto the car and officers in it made a dash for safety. After the car first was abandoned the crazed man crawled on his stomach to the car and broke out the lights. As Johnston made his midnight dash for the car he also hurled additional tear bombs into the improvised fortress. Thompson was wounded in a previous attempt to retrieve the automobile.

The man and his wife then abandoned the house and intrenched themselves several yards behind it, where previously they had torn into confetti $200 in $5 and $10 bills and had showered themselves in a fanatical ritual.

USE BULLET-PROOF TRUCK

As a last resort shortly after midnight, officers equipped a bullet-proof truck with which they crashed through the fence and made a dash for D'Avili's trenchwork.

Ed Damerier, manager of the Mount Transportation Company, volunteered one of his big hauling trucks which was lined with steel barrels and steel plating to protect the squad of officers who made the "over-the-top" dash and captured the couple.

Complaints charging insanity had been made against D'Avili and his wife by Police Chief Giles of Vernon. He had been informed by neighbors that the elderly people had been creating disturbances for weeks. They had threatened children, the neighbors reported. A trench in the form of a cross was dug in their yard.

Armed with a warrant for the D'Avili pair, Chief Constable Bosshard, Deputy Constables Ellis and Keys, and Matron Gates went to the shack at 5 p.m. yesterday. They were prepared to take them to the psychopathic ward of General Hospital. D'Avili met them in his yard and jerked a pistol from his waistband. He ordered the officers off the place, threatening to shoot if they did not go instantly. They went, notifying the Sheriff's office.

Five deputy sheriffs were sent to take the couple by force. The deputies decided that the best method would be to drive their car through the fence up to the shack door.

NEW JULIAN ARRESTS DUE

Nix Issues Forty-three Warrants in Usury Cases Arising from Oil Stock Fiasco

Warrants for the arrest of forty-three persons, charged with usury in connection with the orgy of money-lending which preceded the Julian Petroleum Corporation collapse, were issued yesterday by City Prosecutor Nix. A total of 143 usury complaints, issued in August, 1927, are outstanding and only a few arrests had been made up to yesterday. Names of the defendants are not released until they are taken into court, all of the complaints and warrants being of the John Doe variety.

Three defendants were arraigned before Municipal Judge Bogue just before court closed last night. Samuel Goodman, retired contractor, residing at 847 South Alvarado street, charged with forty-eight counts of usury on two complaints, was ordered held under $2000 bail to await his plea, which was set for 9:30 a.m. today by Judge Bogue.

Arthur Katz, merchant, of 535 South Broadway, is accused of eighteen counts of usury. He pleaded not guilty and asked for court trial, which Judge Bogue set for May 8, next, ordering him held under $1000 bail in the meantime.

E. M. Hackel, clothing manufacturer of 217 East Eighth street, charged with three counts of usury, asked time for plea. The court granted his request and ordered him to appear at 9:30 a.m. today. Bail was set at $500.

COUNCIL VOTES NEW USURY COMPLAINT FUND

Disregarding the majority report of its Finance Committee recommending that City Prosecutor Nix be required to submit a detailed statement of the expenditure of the special funds he requested to enable him to prosecute the 143 Julian Petroleum usury complaints, the City Council yesterday appropriated an additional $20,000 for this purpose without attaching any conditions to its action. The appropriation must be approved by the Mayor.

Yesterday's appropriation brings the total amount devoted by the Council for these prosecutions to

(Continued on Page 2, Column 5)

Distinguished Mystic and Poet in City

Among India's Foremost Men
S. Datta, Sir Rabindranath Tagore and A. K. Chand.

SAGE OF BENGAL GUEST HERE

Tagore, Outstanding Indian Philosopher, Nobel Prize Winner, Will Give Lecture to U.S.C. Students

Something of the soul of India, as revealed in her fascinating poetry, literature and philosophy so mystical to the occidental, will be interpreted to University of Southern California students in the next few weeks by he distinguished Tagore, one of India's greatest men of modern times, who arrived here yesterday as guest of the university.

The sage of Bengal was so wearied by his trip that he retired to his hotel for rest until today before he confers with university officials concerning his appearances. He rather understood yesterday that they will be in course of university class work and among student groups and that there will be no public appearance. President Von KleinSmid of the university, however, hopes to arrange an opportunity for Angelenos to hear the celebrated oriental. He is 67 years of age. His last visit to America was eight years ago.

STRIKING PATRIARCH

Tagore presented a striking picture as he alighted from the Southern Pacific train. He is more than six feet tall and is every inch the patriarch. He was clad in oriental costume with turban-like headdress and flowing robes of exotic fashion and exquisite material and workmanship. He has a long gray beard and dark eyes that flash keenly. He met newspaper men with courtesy and dignity, posing patiently for news photographers, but explaining that he did not then feel like giving an interview for the press. Dr. Von Klein-Smid met him at the depot.

When he was 24, Rabindranath Tagore went to the country to manage his father's estates. While there he did a great deal of writing and by the time he was 40 he had left the country and established at Santiniketan the Visva-Bharati, which is "The International Institution," a school of learning after the manner of the cultured people of India. It has been his life work since.

NOBEL PRIZE WINNER

Tagore won the Nobel prize for literature in 1913. He is known first for his poetry, especially that of a lyrical nature, much of which is founded on religion. However, he has written philosophy and plays and is something also of a music composer, having turned out some

(Continued on Page 2, Column 1)

SHOWERS FORECAST FOR TODAY

Southland Visited by Light Rains While North Counties Get Wetting

A light rain began falling here late last night and the prediction for today is probable showers and unsettled weather.

Two points reporting showers yesterday afternoon were Glendora with a fall of .04 of an inch and Redlands with .05 inches. This brought the Glendora season to 16.25 inches, as against 14.48 for last year. Redlands' totals were 10.58 for the season and 10.92 inches last year.

Saturday, the weather man predicts, will be cloudy with a moderate temperature. Clouds ruled yesterday, and only one hour and twenty-three minutes of sunshine was recorded out of a possible thirteen hours and eight minutes. The lowest temperature yesterday was 54 deg., the highest 61, approximately the same as on the same date one year ago.

Advices from Santa Barbara last night announced that a freak shower had visited that city and indications were that it would be prolonged. It measured .03 of an inch at 10 p.m., and was still going strong. The season's total thus far is 13.43 inches as against 12.25 for last year.

Santa Maria also reported .05 of an inch for the day, bringing the

LEGAL QUIRK ROBS HERO'S WIDOW

Family of Oscar Bayer, Policeman Who Died in Air Crash, Faces Dismal Future, as Survivors Cannot Draw Pension Because He Was Killed Off Duty

To the little abode at 3516 Eighth avenue, the widow of Oscar Bayer, heroic motorcycle officer who was killed in an airplane crash at Clover Field Tuesday, will return with her four young children after his funeral services today, and contemplate an unkind fate that has abandoned her to face a dismal future without benefit of a pension to provide for bread and a roof.

The young policeman—he was only 31 years of age—fell to his death at a time when he was not in line of duty, thereby excluding the family he leaves from the lifetime monthly allowance that otherwise would have insured their maintenance.

With the welfare of Mrs. Bayer and her children in mind friends of the dead officer met yesterday to discuss ways and means of assisting the widow to surmount the situation that confronts her. They included Lieut. Thomas S. Loftshause, in charge of the motor squad of which Bayer was a member; Nat Rothstein, advertising director, and Harry Blanchard, sound-recording engineer of Columbia Pictures Corporation.

Although they took no definite steps, they said it is possible they may petition the Police Pension Board to consider the case with a view of making an exception in Mrs. Bayer's favor.

"It is pitiful," said Rothstein, "to realize that the provisions regarding police pensions prohibit Mrs. Bayer from receiving enough for the bare necessities of life because Oscar was not on official duty when he was killed. While it is true technically that he was off duty, we who loved him for his bravery and the fine fellow he was, this man who risked his life many times during his seven years of service to the public, cannot help but feel that the fatal flight had more than a remote connection with his duty as an officer.

"It was his ambition, you see, to gain an appointment to the air-police squad that has been talked about, and it is not difficult for us to believe that with each flight he made off duty he was the better equipping himself to attain that goal."

The Police Pension Board consists of I. H. Hellman, president; Mrs. J. O. Colwell, vice-president;

BURGLAR SAVED BY DEAFNESS

Hard-of-Hearing Husband Sits in Study as Thief Takes Jewelry

While her husband, who is deaf, was engaged in writing scenarios in their home at 830 South Orange Grove avenue, Hollywood, a burglar entered the residence and obtained $5500 worth of jewelry, Mrs. Jane Winton Kenyon, screen actress, reported to police yesterday.

The burglary occurred some time during Wednesday afternoon, it is believed. The burglar effected entrance through a bedroom window, and ransacked the bedroom of Mrs. Kenyon while her husband was in his study.

FRONT-DRIVE CAR WILL BE SHOWN HERE

B. H. Dyas Store to Give First Exhibition of Auto in Hollywood Tomorrow

[Illustration on Picture Page]

An innovation in the motor world, a front-drive stock automobile sedan, to be manufactured in quantity by an eastern corporation, will have its premiere showing tomorrow in the sporting goods department of the B. H. Dyas Hollywood store. The Dyas Company will be the local distributor.

Although the name of the car and the builder and some mechanical details are to be kept secret until tomorrow, pictures and a general description of the new machine were available yesterday.

Outstanding, of course, is the front-wheel drive. All the mechanism of the car is in front of the driver. An eight-cylinder motor is reversed on the chassis and power applied directly to the front wheels by a short drive shaft using four universal joints.

The absence of the long-drive shaft underneath to the rear wheels has allowed the manufacturers to lower the body considerably below the average machine. The highest point on the car is five feet above ground. One may step directly from the ground into the front or back seats, eliminating running boards. The gear shift, while operating on the standard principle, is applied by means of a lever instead of the usual rod.

The manufacturers of the machine declare 30 per cent more power is developed through the front-drive principle. They say a speed of from 80 to 100 miles per hour is possible, with safety around corners at forty-five miles per hour.

The automobile otherwise has standard equipment, a wheel base of 130 inches and a weight of 2500 pounds. The company preparing to market the machine in quantity will be prepared to make deliveries by July 1, it is declared.

J.C. Lenk's Body Due Next Week for Rites Here

Mrs. John C. Lenk will leave Honolulu tomorrow on the steamship City of Honolulu with the body of her husband, vice-president of the Newmarket Company and pioneer resident of Los Angeles, who died last Sunday following a heart attack.

Funeral services will be conducted at the Little Church of the Flowers, Forest Lawn Memorial Park, probably at 3 p.m., the 27th inst. The ship is scheduled to arrive at Los Angeles Harbor the morning of the 26th inst. Interment will be in Forest Lawn Mausoleum.

Mr. Lenk, who was 68 years of age, retired from active business eighteen months ago. He had been associated with the Newmarket Company for twenty years. Besides his widow he leaves two sons, Frank and Arthur.

GRIMES JURY DEADLOCKED

Go to Hotel for Night With No Verdict in Sight

Report Says Majority in Favor of Conviction

Fate of Six Accused of Jacobson Plot Involved

After approximately eight hours spent in deliberation, the jury testing the evidence in the case of Mrs. Callie Grimes and five police officers charged with "framing" the morals arrest of Councilman Jacobson was deadlocked last night with a majority reported holding out for conviction.

At 10 o'clock Superior Judge Wood by telephone from his home, ordered the jury locked up for the night at a downtown hotel. No court poll of how the members stand as to numbers was taken by Judge Wood, but it is expected he may call the panel in today to determine their progress.

After the jury retired for the night the most reliable indications to court attaches showed the jury standing about eight to four for conviction, with the strong probability that no agreement on a verdict ever will be reached. Deliberations will be resumed at 9:30 a.m. today.

MILD SENSATION

Something of a mild sensation occurred on taking the jury away from the court's juryroom when Dep. Dist.-Atty. Bush requested the members be taken out a rear way to shield them from prying eyes.

When the jurors went to dinner they filed out the front way and were appraised in silence by a small group in the hall. Bush said there was some criticism of that procedure and requested the jury be removed through the rear door. He did not say who voiced the criticism.

The case was submitted to the jurors at 11:35 a.m. yesterday by Superior Judge Wood after Dep. Dist.-Atty. Dennison in a fiery closing argument for the state demanded the conviction of all defendants on the conspiracy charge.

Throughout the entire afternoon the jury remained undisturbed. The members of the panel made but one request. They asked that the lengthy instructions on the law of conspiracy delivered by Judge Wood be sent into the jury room.

ALTERNATE EXCUSED

As the group filed out to dinner in the custody of deputy sheriffs the demeanor of the individual jurors indicated that the arguments in the jury chambers were heated. The jurors showed their partisanship to either side plainly by their associations.

Before the jury retired Mrs. Charles Baird of Pacific Palisades, the alternate juror, was excused by the court. She declined to discuss the case on the orders of Judge Wood until after the verdict has been returned or the jury dismissed because of failure to agree.

The defendants, Captains of Detectives Wallis and Williams, Detective Cox, former Police Investigator Raymond and former Detective-Lieutenant Lucas, remained at the court attended by their counsel. Mrs. Grimes, also one of the accused, waited in the County Jail where she is held in lieu of $20,000 bail.

JUDGE'S INSTRUCTIONS

In his instructions, Judge Wood advised the jury on the following points:

(1.) That a verdict may be had on any two or all of the defendants by the conspiracy law under which they were tried, but each defendant must have separate consideration.

(2.) That the Los Angeles city resorting ordinance under which Jacobson was tried at his morals trial does not refer to private homes and residences, and that the Grimes home where the Councilman was arrested is not covered by the ordinance.

(3.) That the jury must determine the malice or good faith of the officers in arresting Jacobson.

LURE CITED

4.) That Jacobson was falsely arrested if the jury finds that Mrs. Grimes induced or inveigled him to her home so that the officers might effect the arrest.

(5.) That under the law police officers have no right to break in a house to arrest until after they have demanded admittance and stated their purpose.

(6.) That if they find that Jacobson demanded the specific charge

(Continued on Page 2, Column 3)

Y.W.C.A. LEADERS CONFER

Three National Officers Among Those Present at Southern California Regional Session

BY ALMA WHITAKER

The presence of three national officers enhanced the distinction of the Southern California Regional Conference of the Young Women's Christian Association at the Hollywood Studio Club yesterday.

The president of the national organization, Mrs. John M. Hanna of Dallas, Tex., gave an informal talk on "Leadership," Miss Charlotte Adams of the National Training School in New York opened the conference with a brief religious service, and Miss Emma P. Hirth, general secretary of the national Y. W. C. A., spoke on the whole association "in the large."

MRS. JOHN M. HANNA.

As Miss Hirth but recently has been promoted to this general secretaryship, she was received in special congratulatory vein. She told how fifteen years ago a New York superintendent of schools had said it was time to stop giving women soft jobs to handle. The Y.W.C.A. had undertaken to handle many tough jobs since then, she said, including such tough problems as the elimination of war, the removal of inter-racial prejudice, the dissolution of social injustice, unemployment, and intercommunity antagonism. She told how they had tackled them, what progress they had made and declared the joy of doing was more important than that of achieving.

Miss Hirth also said there is a "turnover" of membership every three years, so that the leaders constantly are dealing with a new membership. Some of the organization's problems were enumerated as "complexity," "leadership," "religion"—and this "turnover."

Miss Adams, in her preliminary religious service, told of the importance of "insight" as distinct

(Continued on Page 2, Column 4)

The Lancer

by Harry Carr

WHAT everybody loves Father Ricard for is his courage. A courage hidden by a gentle nature.

He is not afraid to be wrong. He never hedges; never qualifies and never straddles.

If he says it is going to rain at 2 o'clock next Fourth of July and the rain doesn't come—so much the worse for the rain. Often it does rain.

BULLETS

"Bullets?" said my friend, the dashing Col. Flores of the cavalry, in genuine astonishment. "Bullets never hit anybody. Bullets just make a noise."

In a way it would seem that the colonel was right. It passes all understanding how so many bullets could be fired in a battle at close range without hitting anything. For every man killed at Naco, there must have been a thousand bullets fired.

Nevertheless, the uncomfortable part is that the one bullet that happens to hit out of a thousand that do not, is distinctly disturbing to the human gizzard.

THE SMILING GUNNER

More than any other person in Mexico Gen. Topete will remember a smiling boy from Mexicali, who plays baseball and speaks English as well as he does Spanish. His name is Luis Lopez.

He handled the one-pounder cannon that put Topete's star tank out of action before the fight had been going twenty minutes. It was almost miraculous shooting. Lopez had an old Hotchkiss gun of a type used in the navy for small boats twenty-five years ago.

He told me that he got the range by using a machine gun. Then he cut loose with the Hotchkiss at 1200 meters. Two shells, one after another, went slam bang into the tank through the armor plate and that was the end of the tank.

Lopez gives credit for all he knows about artillery fire to his training at the Mexican West Point at Chapultepec.

WRECKED

The case of Gen. Topete is really a sad one.

Before this mad revolution broke out, he was making a great record as Governor of Sonora. His relations with the American corporations were fine. They liked him and respected him. He made it possible for them to do business.

Now he has wrecked not only his own future but thrown Sonora into chaos.

HOOVER

If Hoover can keep up the lick at which he has started he will be one of the greatest Presidents the United States ever has known.

It shows the philosophy of choosing for Chief Executive a man who has been an executive before.

I dare say that—except for the pulling and hauling and pestering of politicians—he has had many jobs that took more out of him. After all, the problems of the United States are the problems of any big corporation.

PROTESTS HEARD TODAY

Protests are scheduled to be heard today by Council against the ordinances of intention for the improvement of Oak Glen Place between Alvarado street and Alessandro street, Dalton avenue between Eighty-seventh and Ninety-second streets, Gardner street between Hollywood Boulvard and Fountain avenue, Twentieth street between Long Beach and Compton avenues, and Fletcher Drive between Casitas avenue and a point 602.83 feet southwest of Larga avenue.

MARCO OFF FOR PRISON TONIGHT

Officers Will Escort Him to San Quentin

Attorney Exhausts Means of Deferring Sentence

Term Imposed for Shooting in Venice Cafe

Albert Marco, convicted of two charges of assault with a deadly weapon and under sentence of from two to twenty years in San Quentin prison, is scheduled to start for prison tonight, according to Eugene W. Biscailuz, undersheriff.

Confirming this statement, Tom White, attorney for Marco, announced that he has exhausted every legal means of deferring Marco's sentence and there will be no further effort made to keep the prisoner in the County Jail.

As soon as Marco is committed to San Quentin prison it will mark the end of a long legal fight made by the asserted former vice baron to avoid execution of his sentence. All his appeals, which were carried to the State Supreme Court, were lost.

Marco was convicted of shooting Dominic Contarino and Harry Judson during an altercation in a Venice cafe June 27, 1928.

SAGE OF BENGAL HERE FOR VISIT

(Continued from First Page)

2000 pieces. He is a doctor of literature from Calcutta University.

With Tagore are Prof. A. K. Chand and S. Datta. Chand is of the Calcutta University faculty and holds a position in the Indian Educational Service under the English government. Datta is a poet and student of Tagore.

The party arrived in America the 8th inst. from India to attend the educational conference of the National Education Council of Canada in Vancouver and on its conclusion came here at the instance of U.S.C. Tagore had intended to return to India immediately on conclusion of his appearances here, but this was not so definitely established yesterday. Chand will return very shortly. Datta will cross the United States and return home through Europe.

Tagore talked at Vancouver on the philosophy of leisure and on Indian literature. Chand was a speaker at the conference also.

The party is at Chapman Park Hotel and B. W. Tucker, secretary to Tagore, is in charge of it.

Woman Doctor Placed on Trial

Dr. Florence B. Goodhall, 43 years of age, of 2318 West Washington Boulevard, was placed on trial in Judge Wood's court yesterday for murder and manslaughter growing out of an asserted illegal operation.

According to charges against Dr. Goodhall, a chiropractor, she performed an operation on Mrs. Zelah P. Mahan, 6523 Benson street, Huntington Park, January 2, last. The woman is asserted to have died January 10 as a result.

The manslaughter charge pertaining to the death of Mrs. Mahan and the murder charge is based on the illegal operation. Ray P. Mahan, husband of the dead woman, was placed on the stand yesterday. The trial will be resumed today.

CORONER'S EMPLOYEES VINDICATED

Sheriff's Office Inquiry Clears Nance's Aides of "Funeral Selling" Charge

Vindication of charges that certain employees of the Coroner's office had sold funeral privileges to several Los Angeles undertakers was revealed yesterday when Capt. Frank Dewar, chief of the Sheriff's robbery investigation detail, announced that he had closed his investigation of the accusations and found that they are unsubstantiated.

The charges were made a month ago when statements were obtained from witnesses concerned in the arrest of Hunter Albritton, who was shot while being taken into custody as a fugitive bank robber. At that time it was charged that a friend of Albritton's had been obtaining "cases" through friends in the Coroner's office and selling them to certain undertakers.

In the investigation that followed, according to Dewar, no evidence was found to support these charges. In fact, he said, the reports all were traced back to Dick Harris, asserted to have been a partner of Albritton and now a fugitive from justice.

Coroner Nance expressed pleasure at the outcome of the investigation. "It confirms my opinion that none of my employees would be a party to such proceedings," he said. "Should I ever find anyone guilty of such an act I will dismiss him at once." At the same time Coroner Nance announced that he has prepared a letter which will be sent to relatives of anyone killed accidentally asking them to report at once any effort by a Coroner's employee or any other person to solicit their patronage in an unethical manner for an undertaker.

WIDOW ROBBED BY LEGAL QUIRK

RITES TO BE CONDUCTED TODAY FOR OTHER VICTIM

Final rites for Leslie J. Johnson, who with Oscar Bayer of the Los Angeles Police Department was killed in an airplane crash in Clover Field Wednesday, will be conducted today at 1 p.m. at the Little Church of the Flowers in Glendale.

Johnson was an inspector of the Douglas airplane factory but was better known as a member of the Golden State Band, the Elks Greater 99 Band and the 160th Infantry Band. Members of these organizations will act as pallbearers and honorary pallbearers.

Lieut. Sweeley of Clover Field will circle overhead during the last rites.

Both Johnson and Bayer were members of the Los Angeles Lodge of Elks.

LIONS TO HEAR EDMUNDS

Dr. Charles K. Edmunds will be the principal speaker at the luncheon meeting of the Los Angeles Lions' Club in the music room of the Biltmore at noon today. He will speak on "Education, an Adventure." Miss Viola Davis, accompanied by Daisy Sinclair, will entertain. President Charles Decker will preside, with W. L. Stevens acting as chairman.

FIRST CHERRIES FROM NORTH

Dollar a Pound Paid for Consignment

Marian Skilken Tries Newly-Arrived Fruit

Pair Accused by Girls Soon to Learn Fate

A jury in Judge Wilson's court this morning is scheduled to receive the cases of Henry Leach, formerly an employee of the flood-control department, and Forest Huggins, both charged with contributing to the delinquency of two El Monte High School girls. At a previous trial the jury failed to agree.

According to the prosecution, the two men gave intoxicating liquor to Dorothy Workman, 16 years of age, and Etta Mae Bruton, 18. The defendants deny the charge and declare no liquor was given the girls. Taking the stand yesterday, Henry A. Keeley, principal of the school attended by the girls, testified that he had questioned the girls and caused the complaint against Leach and Huggins to be issued.

On Wednesday Judge Wilson fined Defense Attorney Arthur Rose $25 for contempt of court for his asserted conduct in the examination of one of the girls.

OIL PLANT WORKER HURT

When a heavy countershaft, part of a large lathe on which he was working, fell on him, Gilbert Arrosco of 3075 East Fourth street was seriously injured yesterday morning. He was taken to the Pasadena avenue Receiving Hospital with a possible fractured skull, police reported. The accident occurred at an oil-well supply company plant at 934 North Alameda street.

"CHEER up, cheer up—cherries soon will be ripe," ran the catch line of an old song that was popular in the mauve decade. Yesterday it was brought to light by old-timers around the Wholesale Terminal Building and was being whistled to herald the receipt by the Klein-Simpson Fruit Company of the first of this season's cherry crop from the north.

The consignment consisted of a ten-pound flat of Chinese cherries that were sold, it was said, at $1 a pound. They were grown by the P. B. McKevitt Company of Vacaville and were declared to be unusually luscious in the light of the frosts that attacked the orchards during the winter.

Y.W.C.A. HEADS AT ASSEMBLY

(Continued from First Page)

from knowledge and efficiency, quoting from St. Paul. "The Y.W.C.A. does not need efficiency, it has that," she said, "but if we fail in the insight, we have failed as an organization."

Mrs. Hanna told how she had studied the nation's magazines en route from Texas and found the predominant subjects to be religion, woman and youth. She considers the "Y" the one organization that knows how to give youth the things it will accept for its better development. Touching on finance, she pleaded for women like the Oklahoma lady who recently contributed $4000 for the training of employed secretaries so important to the work. According to her estimate there are fifteen volunteers to each of the 4000 trained secretaries—but the 60,000 volunteers sometimes are a bit elusive.

Mrs. Hanna told of her own difficulty in marching with the times, her reluctance anent changing the wording of the "purpose" of the organization from that originally established in Boston in 1866—but she said she is learning the necessity, the essential importance of "flexibility" in this work in these changing times and manners. She concluded with a quotation: "The man who serves best, serves with inconvenient devotion."

Mrs. Otto Hieneman presided, and seated on the platform was Mrs. E. M. Fowler of Pasadena, that much beloved little lady who so often proves the rescuing angel both financially and otherwise. Mrs. Chester Ashley, president of the local branch, did not speak but contented herself with making things pleasant for the many delegates, some of whom came from as far afield as Arizona and Oregon.

BOY'S RETURN ASKED

Eddie Shea, 19 years of age, was last seen October 28, 1928, when he left the home of his brother at 2916 East Randolph street, Huntington Park. His mother is ill, unable to work and wants him to come home as she needs him. Shea is 6 feet 1 inch tall, weighs 180 pounds, has blue eyes and brown hair. He has a sister, Mrs. Mary Winn, living at 828 Neptune street, Wilmington.

SEBASTIAN RITES ARRANGED

Body of Former Mayor Will be Cremated Tomorrow Following Full Masonic Services

The ashes of Charles E. Sebastian, former Mayor and ex-Chief of Police, will be laid to rest with full Masonic honors after cremation in the Rosedale Crematory tomorrow afternoon.

Services under the aupices of the Mizpah Lodge, which Sebastian helped to organize during the height of his career, will be conducted at 2:30 p.m., in the funeral chapel of Robinson and Adair, 817 West Venice Boulevard.

Dr. Glen MacWilliams, who served as secretary to Mr. Sebastian during his tenure of office as Mayor, will officiate during the ritual for his former friend and superior officer. Mrs. Nell Lockwood, contralto of the First Methodist Episcopal Church, will be soloist.

Upon completion of the service at the funeral chapel, the procession, escorted by an honor guard of policemen, mounted and unmounted, will move to Rosedale Cemetery for the burial ritual. Deputy Chief of Police Finlinson yesterday informed Dr. Charles F. Sebastian, police surgeon and son of Mr. Sebastian, that the police detail for the service is being selected from as many of the department who served under Sebastian as can be obtained.

Immediately following cremation of the body the ashes will be placed in an urn and deposited in the grave where Mr. Sebastian's mother was buried many years ago. Two sisters and a brother are buried nearby.

It was announced yesterday that the list of active and honorary pall bearers will not be completed until today. Officers of Mizpah Lodge, under direction of Earl Sturdevant, Worshipful Master, are trying to select for active pall bearers Masons, who also are members of the police department.

Despite the reclusive life he has led during the past few years, Charles Sebastian was not forgotten in death by his hundreds of friends, and throughout the day telephone calls continued to be received at both the home of Dr. Sebastian and the undertaking parlor.

Mr. Sebastian died Wednesday afternoon after a three-day illness with bronchial pneumonia. He had been in ill health, however, for several years.

NIX ORDERS NEW JULIAN ARRESTS

(Continued from First Page)

date to $35,000. So far court action has been started on only two of the complaints, but Nix told the Council yesterday that he was about to serve a large number of additional warrants.

SUM GIVEN ON 2ND INST.

On the 2nd inst., Council appropriated an additional $5000 for the purpose of initiating prosecutions, its action being the answer to a request from Nix for a $25,000 fund, mainly to pay the salaries and expenses of two special prosecutors, one of them being William J. Clark, who will be the chief of the prosecution.

At that time the Council provided that the City Prosecutor and the special prosecutor present to the Council a statement of the status of the cases and an estimated budget for the prosecutions. On Monday the City Prosecutor asked the Council for an additional $30,000, but did not submit the statement that had been requested.

NEW PLEA MADE

He appeared before the Council Wednesday and insisted that he showed his good faith by starting two cases last Saturday and that the work of his office would be nullified if appropriations were granted to him with strings necessitating periodic approval by the Council.

Nevertheless the majority report of the Finance Committee yesterday requested that he be granted at this time only $5000 and that he again be asked to inform the Council of the exact status of the cases and be required to submit a budget for further expenditures. Councilmen Alber and Hall signed this report.

The vote was 9 to 4 in favor of the adoption of the minority report. The negative votes were cast by Councilmen Alber, Hall, Davis and Sanborn.

GRIMES JURY IN DEADLOCK

(Continued from First Page)

of "resorting" be placed against him they must acquit the officers and Mrs. Grimes.

(7.) That evidence submitted against Albert Marco, indicted but dismissed, must not in anywise be considered in their deliberations, and that testimony permitted as against Mrs. Grimes must be used only against her.

KEYES TERMED PILATE

In closing the State's argument Dennison renewed his plea for the "sanctity of the American home against unprivileged and unwarranted searches and seizures," and denounced the officers as a group for the arrest of Jacobson, which the prosecution charged flatly was a "frame-up."

After arresting Jacobson, the testimony asserted, Jacobson was taken to the police intelligence bureau where he was invited to make a statement and to where Asa Keyes, then District Attorney, was called to question him. Dennison charged activities at the intelligence bureau to be a "midnight court."

"And Asa Keyes," he shouted, "took the part of Pontius Pilate in that midnight court of August 8, 1927, when the police cry of outraged justice went up."

CARE URGED IN COLLEGE PUBLICITY

Von KleinSmid Cautions Writers to Forego News of Student Whoopee

Newspaper readers get an impression of college life from college stories they read and so it behooves college news writers to see their matter is presented judiciously, President Von KleinSmid of University of Southern California said in a talk yesterday. He spoke to twenty-five or thirty young men and women who write publicity stories for Pacific Coast educational institutions.

In news of what university folk are doing, Dr. Von KleinSmid said, are indications of what the life of tomorrow will be like. He cautioned against putting out emphasized stories of relatively insignificant student whoopee-making in such a manner that the public will receive incorrect impressions of the great and serious work undertaken by the students.

Representatives of nine institutions attended the conference and heard local newspaper men discuss college news handling.

The U.S.C. news bureau was host to the gathering.

PLANE-TRAIN SERVICE SET FOR JULY 1

Officials Arrive Here to Complete Plans for Transcontinent Travel

Completion of final plans for the advent of the Transcontinental Air Transport service, the railroad-airways project on which Col. Lindbergh and others have been working for months, are under way in Los Angeles, it was revealed yesterday, following the arrival of several Transcontinental Air officials.

The first flight between Los Angeles and New York will be made July 1, according to T. B. Clement, general traffic manager, who arrived at the Biltmore yesterday. J. V. Magee, assistant general manager, and Jack Herlihy, another official, arrived by plane later.

Plans for the establishment of the Los Angeles offices of the company will be compiled before Mr. Clement's departure, he said.

"Our Washington office is being moved to St. Louis, where headquarters of the line will be located. St. Louis has been selected because of its central location and we will open there about the 29th inst.," Mr. Clement said.

"The service will be exclusively one of air and rail transport with our passengers traveling by air during daylight hours and by rail at night. Later, alternative schedules will be worked out to permit night flying," Mr. Clement said.

Conferences between Mr. Clement and other T.A.T. officials and J. B. Duffy of the Santa Fe and Maj. C. C. Mosley, vice-president of the T.A.T., will be held this week.

ROTARY DIVISION SESSION OPENED

(Continued from First Page)

in the Shrine Civic Auditorium by the Los Angeles club.

Included among the widely known guests of the conference are two past presidents of the international organization, Crawford McCullogh of Fort William, Ont., and Harry H. Rogers of Tulsa, Okla.

The election of officers and a business meeting will be held in the Philharmonic Auditorium today at 9 a.m. immediately following a breakfast for the delegates at the Biltmore.

Tully Divorce Suits Dismissed by Stipulation

The divorce action of Mrs. Margaret Tully against her husband, Jim Tully, writer of American hobo life, and the cross-complaint filed by Tully were dismissed yesterday by Superior Judge Haslett following a stipulation made by both sides to drop the matter.

The action in court yesterday followed reports in Hollywood that the writer and his wife patched up their differences and agreed to try living together again.

re-grinding OTHER BRANDS— does not produce a drip coffee

When you get your grocer to re-grind other brands of coffee for use in your Ben-Hur Healthful Coffee-Maker you do an injustice to both yourself and the other brands—because when coffee is finely GROUND in the ordinary electric coffee mill, the heat developed by friction on the grinding burrs (when set so close for fine grinding) scorches the delicately flavored aromatic oils in the coffee bean, producing a disagreeable metallic taste.

The NEW BEN-HUR Drip COFFEE

is not scorched in grinding—in fact it is not *ground* at all—it is steel-cut to the exact point of fineness required for full extraction by single filtration, by steel cutting machines built especially for this new *drip* coffee.

You can eliminate uncertainty by insisting on the genuine BEN-HUR *Drip* Coffee, for use in the Ben-Hur *Healthful* Coffee-Maker.

Remember There is only ONE coffee especially adapted to the filtration method of making.

They're Leaving for Vacation—Free from Worry

TUNE IN TONITE

and become acquainted with the Lanes, who are leaving this week for a tour of distant lands. You will enjoy "traveling" with them in a series of Bekins radio programs. Dialogue, music and sound effects will literally "transport" you to the interesting places described.

Before leaving; the Lanes, like thousands of others, have arranged to safeguard their valuables in one of Bekins depositories; thus insuring freedom from worry while away. May we have the pleasure of serving you also? Just phone the nearest office.

In the programs scheduled below, you will hear of many interesting places and strange peoples and how you can be assured of a joyous vacation, free from worry

GRAND JURORS PICKED TODAY

Court Scheduled to Complete Roster for Year

Nine Will be Selected from Group of Thirty

Ten Names Already Placed on Tentative List

Nine additional men will be chosen today by Superior Judge Doran for the 1929 grand jury to complete the group of nineteen persons who will serve throughout the coming year. Ten men already have been selected tentatively as jurors.

The nine men to be selected today will be chosen from a group of thirty subpoenaed to appear before Superior Judge Doran for questioning regarding the amount of time they can spare from their personal affairs to devote to grand jury duty. The names were drawn from a jury wheel which was filled with names of qualified citizens submitted by Superior Court judges.

Should the court be unable to find nine men among the thirty subpoenaed to appear today willing to serve on the grand jury it will be necessary to draw another list of thirty names and, in turn, to question them.

If the necessary nineteen men are chosen today, Judge Doran will appoint a foreman and the industrial body will go into session at once. Percy Hammon and Fred Shelley, deputy district attorneys in charge of grand jury matters, will name a secretary and organize for the year's work.

Following several days of organization work, the grand jury will be ready to take up its work of investigating any cases brought to its attention.

Wampas Star and Husband Admit Parting

A disconnected telephone yesterday led to the discovery that Gladys McConnell, Wampas Baby star, and her husband, Arthur Q. Hagerman, publicity man, are living apart.

The couple parted as friends, however, according to Miss McConnell. "We just did not get along." Miss McConnell said last night in confirming the reports of the separation. Hagerman said difference in the work and the fact he has to labor at night resulted in the parting. Miss McConnell, at present engaged at the Pathe Studio, is living with friends in Hollywood, while he is living at Glendale. She and Hagerman were married several years ago. No divorce is contemplated, she said.

Sewing at Home Seen Declining

Sewing at home is becoming a vanishing art due to bridge whist, automobiles and jazz, in the opinion of Frank H. Towle, manager of the Wilcox Gibbs Sewing Machine Company. He arrived yesterday on the liner Venezuela from New York.

"However, the fewer machines said housewives, the more we sell to clothing manufacturers," he declared, adding, "while women are wearing shorter dresses, they are wearing greater numbers of them." He said his company will introduce a device in thirty days to synchronize the feeding of the upper cloth with the lower, long lacking perfection, for which he anticipates big things.

GIRLS ENTER NEW AIR ACTIVITY

License Bureau Clerk Has Plenty to Do

Miss Irene Schwander and Earl Johnson

GIRLS, here is something new in positions!

While aviation is supposed to be a field of endeavor for men, Miss Irene Schwander is filling a position which is believed to be the only one of its kind in the country.

Miss Schwander is in charge of an aircraft license application bureau recently inaugurated by the Aero Corporation of California, Inc.

Under the Aircraft License Act, created by the aeronautics branch of the Department of Commerce in 1926, all airplanes, pilots and mechanics must be licensed by the Department of Commerce. Also, all students at flying schools must pass a physical examination and then enter application to the Department of Commerce for a student license.

Miss Schwander finds ample work in filling out and notarizing license applications for pilots, mechanics, students and planes, to be forwarded to Washington for approval.

In the past few months, license applications for more than 75 planes, 50 mechanics and 125 student pilots have been made out by Miss Schwander and her assistant.

TWO SHOT PROTECTING YOUNG WIFE

Mother Killed and Man Seriously Wounded When Jealous Husband Fires

By "Times" Staff Correspondent

LONG BEACH, April 18.—A pistol in the hands of a desperately jealous young husband brought death to one woman and probably fatal injury to a man who sought to circumvent the murder here tonight. His young wife, for whom the murderous bullet was intended, escaped injury, but her mother, Mrs. Rose Dyer, was slain in the act of trying to reconcile the estranged couple.

The husband, who was captured near the center of Long Beach after a desperate attempt to escape, is Lewis Rodriguez, 24 years of age, who has been under treatment at the naval hospital in San Diego. Jealous of the attention of another man to his wife, Mildred, according to her story, he appeared tonight at her mother's home, 458½ West Ninth street, calmly announcing that he was prepared to kill his wife. When Mrs. Dyer asked him to speak with her alone, he suddenly fired at her, the first shot proving fatal.

The girl then fled and took refuge in a room where Elmer Easling, a boarder, was reading. He barred the door against the infuriated pursuer but was felled with a shot through the door. He may not live.

Rodriguez then fled and was captured after a dragnet had been thrown over the city. He admitted the shooting. The young wife told police that she had been estranged from the man for a year, but had been unable to file suit for divorce.

Rodriguez was returned from China a year ago, where he had been serving in the Navy, suffering with tubercular trouble, his wife declared.

MISSING MAN FOUND DEAD IN GARAGE

Officers Find Engine of Car Running and Nance Orders Autopsy

Seated in his automobile in a small private garage at Manning avenue and Roundtree street, Sawtelle, A. L. Schoenborn, 38 years of age, wealthy business man, was found dead yesterday afternoon. The cause of death has not been determined. Officers called to the location by neighbors said they found the engine of the car running, the window of the coupe down and the doors of the garage closed. A bottle was found in the car, but it was not learned what liquid it might have contained.

Schoenborn was reported missing Wednesday by his father-in-law, O. S. Smith. The latter stated that his son-in-law arose from his bed in his home at 4447 Cromwell avenue about 4 a.m. and, dressed only in pajamas and an overcoat, took his automobile out of a garage and disappeared. He recently had suffered a nervous breakdown, Smith said, and was believed to be in a delirious condition when he left home.

The property on which the man was found dead is said to have been owned by him. An autopsy was ordered by Coroner Nance. The body was taken to the Price-Daniels undertaking establishment in Sawtelle.

Schoenborn was vice-president of the Pacific States Savings and Loan Association with offices at 214 Edwards and Wilcox Building. He leaves his widow, Veral Schoenborn, and a 7-year-old son Lawrence.

CHANGES IN LICENSING DEFEATED

Council Disapproves of Ordinance to Further Regulate Electricians

An ordinance sponsored by the Board of Building and Safety Commissioners changing the method of licensing electrical contractors and electricians failed of adoption by the City Council yesterday, the vote against it being 7 to 5. The Council's Building and Safety Committee will reconsider the ordinance with the object of changing it to meet yesterday's criticisms.

As explained by J. J. Backus, superintendent of the Department of Building and Safety, the two main provisions of the proposed ordinance prevent the transfer of licenses from one person or firm to another and would set up a committee of three members to examine applicants for licenses. It also would prevent persons not holding licenses from installing, altering or repairing electrical wiring.

The chief objections voiced against the ordinance were that it would prevent a citizen from making minor electrical repairs in his own home and that it would set up another licensing body subject to political control with all the attendant possibilities of graft.

A. C. CONNER, LOS ANGELES ARTIST, DIES

Widely Known Painter of Grand Canyon Scene Expires in Eightieth Year

Widely known as a painter of western scenes until his advancing age compelled him to abandon his art, Albert Clinton Conner, 80 years of age, died yesterday at his home, 703 Thirteenth street, Manhattan Beach, as the result of a paralytic stroke.

His masterpiece, an immense painting of the Grand Canyon, was purchased many years ago by the Santa Fe Railway and is displayed prominently in its Chicago station. It has been pronounced one of the finest pictures of its kind ever put on canvas. Mr. Conner also won distinction as a portrait painter in his younger days and many of his pictures are hung in Los Angeles homes.

He was one of the organizers of the Painters' Club. He was born in Fountain City, Ind., September 5, 1848, and came to California nearly a half-century ago.

He leaves his widow, three daughters, Mrs. Ralph Thompson and Mrs. Myrtle Stockwell, both of Manhattan Beach, and Mrs. Jessie McIntyre of Los Angeles, and two sons, Fred Conner of Los Angeles and Frank of San Bernardino.

Arrangements for the funeral will be announced.

NEVADA GIRL AGAIN WINNER

Mary Morris in Oratorical Contest Fifth Time

Eligibility Upheld on Basis of Age at Entrance

Victors Also Chosen in District No. 53

Mary Katherine Morris of Churchill County High School, Fallon, Nev., who won the Nevada finals last year and placed third in The Times grand finals, is again a contender for higher honors in the Sixth National and Fourth International Oratorical Contest on the Constitution.

Wednesday evening she won first place in the finals of district No. 48 and will compete at the Nevada State finals to be held at Reno the night of the 26th inst. This year the winners of Nevada and Arizona progress direct to the Pacific Coast grand finals. This latter achievement is the goal toward which this young lady aspires.

ELIGIBILITY QUESTIONED

The eligibility of Miss Morris was questioned by other schools of Nevada as she had participated in the National Oratorical Contest four years, this being her fifth attempt. She did not attend school during the final semester last year, although she lacked only half a credit to graduate and was a speaker during the Presidential campaign for the Democratic party, which some of her objectors held constituted Miss Morris as "semiprofessional." Nor did she attend high school in January, but openly declared that she desired to wait in order to participate in the Oratorical Contest.

The protest was submitted to contest headquarters at Washington, D. C., and the decision rendered held that Miss Morris was eligible as she was under 19 years of age on February 1, 1929, that there is no rule against deferred graduation and no rule against professionalism. The persistency and "try, try again" spirit which Miss Morris has shown and the fact that she was willing to delay her entrance to college a whole year is, after all, a tribute to the value of the contest from a student's standpoint.

RENO BOY SECOND

Vincent Casey, representing Reno High School, won second and Paul Fontana of Sparks High School of Sparks, Nev., took third. Judges were Mrs. Sam Belford of Reno; Prof. Robert Griffin and Prof. Edwin Duerr of the University of Nevada.

The Nevada contest is sponsored by the Nevada State Journal of Reno and the district prizes being offered are $25, $15 and 10 for first, second and third places, respectively.

District No. 53 finals were held in the auditorium of White Pine County High School, Ely, Nev., resulting in the selection of Merle Matheson, first; Virginia Hinckley, second, and George Swallow, third. All winners are students of White Pine High School. The judges were Guy E. Baker, District Attorney; Virgil Pittman, newspaper editor, and Harry M. Watson, attorney.

There are still four of the six districts of Nevada which are to report. The time and place of the contests is as follows: District No. 52, at Las Vegas High School, today; district No. 50, at Humboldt High School, Winnemucca, Nev., tomorrow; district No. 51 at Elko County High School, Elko, held Wednesday, and district No. 49 at Tonopah High School on the 23rd inst.

Chest Explains Objections to Veterans' Drive

Information that despite the opposition of the Community Chest, the "Forget-Me-Not Day" drive for funds, scheduled for tomorrow by the Chandler Porter Wright Chapter of the Disabled American Veterans of the World War, will proceed, yesterday led D. C. MacWatters, general manager of the Community Welfare Federation, to issue a statement setting forth the Chest's objection.

"Not only is the Chest opposed to this drive," he said in part, "but the national headquarters of the Disabled Veterans withdrew its sanction of it more than a week ago. In my opinion, there is no reasonable excuse for it. The Community Chest supports the relief work done by the American Legion, the D.A.V., W.W., the Red Cross, the Central Employment Bureau for Veterans and other agencies.

"Citizens who contribute to the Community Chest's annual campaign for funds for 131 human welfare agencies, of which eight are engaged in veterans' relief, should not be harrassed by a multiplicity of small drives. The Chest exists to obtain money enough for all the agencies and to administer it economically."

Patton Asked to Return to Local Pulpit

Dr. Carl S. Patton of the chair of Homiletics at Chicago Theological Seminary, and formerly pastor of First Congregational Church of Los Angeles, will again become pastor of First Church if he accepts the invitation sent him yesterday following a meeting of the congregation. The meeting was called following recommendations by officials that Dr. Patton be asked to accept the pastorate.

Dr. Patton, who was pastor of First Congregational Church for about nine years, resigned the pastorate two years ago to become a member of the faculty of the Chicago Theological Seminary. Dr. Lloyd C. Douglas, who later became pastor, resigned last January, since which time the supply pastor has been Dr. J. H. Ballard of Occidental College.

MISS WITH SILVER TONGUE TRIES AGAIN

Mary Katherine Morris

NEW PHONE DIAL PREFIX ANNOUNCED

"PLeasant" Scheduled for Addition to Company's List on May 1, Next

A new telephone prefix to be known as PLeasant will be placed in service May 1, next, in the southwest district of the city, according to S. L. King, general commercial manager of the Southern California Telephone Company. Mr. King said that the new prefix will represent a new unit of dial-system equipment to be placed in the building of the company at 6900 South Vermont avenue, representing an expenditure of approximately $160,000.

The telephones to be included in the new PLeasant unit will be in the same area generally as those served by the Thornwall and York units. Approximately 450 telephones now served from the Axridge central office will become members of the PLeasant central office this summer. When completed, the new unit will serve about 8000 additional Los Angeles telephones.

NOrmandie, another new prefix, went into service the 1st inst. This unit was established at an expenditure of $268,000, and will serve about 4600 telephones in the vicinity of the OLympia central office. It will be a seven-digit telephone number similar to those in the new MOrningside central office.

Forest Lawn Memorial-Park has been built in accordance with a new creed of beauty, a new conception of love and memory. Gloomy symbols of death and finality are forbidden a place within its gates. Rather, here are gathered all those things which speak of the certainty of life everlasting.

To Forest Lawn have been brought the greatest examples of the world's treasures of art, its sculptures, fountains and gems of architecture. These objects of surpassing beauty have as their setting the perpetual glories of nature—green lawns, great trees and joyous flowers.

This lovely garden of memory constitutes a great civic possession, receiving the interest and admiration of surrounding communities, visited by thousands every day.

A booklet, "The Truth About Burial Customs and Costs," will be mailed *free* on request. A beautifully illustrated art book, "Chimes," descriptive of the works of art in Forest Lawn, may be obtained by sending 25 cents to partially cover printing cost.

Bad laws, if they exist, should be repealed as soon as possible; still, while they continue in force, for the sake of example they should be religiously observed.

—Abraham Lincoln.

Today's Bible Text

As for Me, this is my covenant with them, saith the Lord; My Spirit that is upon thee, and my words which I have put in thy mouth, shall not depart out of thy mouth, nor out of the mouth of thy seed, nor out of the mouth of thy seed's seed, saith the Lord, from henceforth and for ever. Isa. lix:21.

SAVING MONEY

They tell us that the District-Attorney's office will be run for at least $100,000 less than had been expected for the year. These little items reach the ear of the taxpayer now and then and help him materially to stand the gaff. Now let some of the boys see what they can do over in the City Hall.

BUTTON, BUTTON

Now the dressmakers are making some sort of a harness that will permit a lady to string a line of jewels or beads down her spine—to set off these backless gowns. If a dame has a rhinestone button opposite every rib she is supposed to be all dressed up. Seems as if they should be fine things for dancing partners to play with.

GREEN-EYED MONSTER

It seems to be judicial opinion that jealousy constitutes cruelty. Anyhow, a husband who is persistently and causelessly jealous of his wife may be divorced on grounds of cruelty. It is a mental cruelty, but just as trying as if brass knuckles had been used. But if jealousy is cruelty there is an awful lot of brutality in the world.

SAFETY IN AIR

Now a British aviator has invented a foolproof plane, but the world will be slow to believe until it beholds the nit-wits flying them. But it seems to be a fact that the new machine cannot fall into a tail-spin and that should help a lot in overcoming the hazards of the air. These sky-boats are being made safer and safer every day.

THERE IS NO PEACE

Calvin Coolidge craves a life of peaceful retirement, but does he get it? He does not. Only the other day a delegation hunted him up, dragged him out on the front steps of his Northampton home and in the presence of more cameramen hung a prison reform medal on his chest. Is this any way to treat a citizen of probity who seeks only seclusion? A medal doesn't mean any more to Calvin Coolidge than it does to Charlie Lindbergh.

FIRE HAZARDS

Ordinarily speaking a bowl of goldfish would scarcely be considered a fire hazard of serious import, but there are at least two authenticated records in which flames fierce enough to burn down a home were inspired by the fish bowl. The circle of glass concentrated the rays of the sun and the reflection falling upon inflammable matter finished the trick. Maybe the moral of this is to keep the goldfish out of the sun or else have a dog instead.

MORE SKULLDUGGERY

Local scientists who have been delving in the mounds on San Nicolas—most remote of our coastal islands, have collected many curios as traces of ancient peoples. The exhibits include at least two skulls in which stone arrowheads are found imbedded in the bone. This would indicate a violent death at the hands of some one wielding a powerful bow. Even in the days of the mound builders it wasn't safe to bump into a bozo with a bow and arrow. How these boys got to San Nicolas is another question. The island is sixty miles west of Catalina. It is a long swim and even canoeing would be risky.

COLLEGE DAYS

The dean at George Washington University has been conducting a bit of research work, covering nearly 300 American colleges, and he finds that the average collegian is very much different from the type presented in the movies and even in the college papers. The student is rather serious and reflective. He rarely excels in anything, but is likely to be responsible and intelligent. Of course a great many students are fresh, slangy and dissipated, but these do not represent the massed body. By and large the college boys are a good sort and reflect credit upon their country and their alma mater.

THE CAMPAIGN IN ENGLAND

Spring has cast her mantle of green, tapestried with pink buds and white blossoms, over the British Isles. The skates are in the bag and the golf clubs are mutilating the turf. But the robin is donning his scarlet vest of spring unobserved and the "wanton lapwing" struts about in his vernal headgear without attracting an envious glance, for the air is hoarse with echoing, raucous, ranting human notes and choked by fluttering political handbills. All the peace and tranquillity of spring is rudely broken by one of the noisiest campaigns that has ever swept over England and Scotland. Parliament elections are on May 30, and in the interim England and Scotland will be a bedlam.

Judging from the cables, the Liberals are making the greatest racket. Headed by Lloyd George, they are fighting to come back, at least as the opposition party. If promise were performance, they would remove those evils of unemployment, homelessness, agricultural depression and overcrowded poverty of towns from which the nation is suffering. They have taken as their battle cry, "We can conquer unemployment." They promise a job to every worker of either sex; and when asked how they will fill the pay envelopes, they reply that they are going out to conquer all the foreign markets of the world. They are coming into this country, to illustrate, and compete with the Ford Motor Company, the United States Steel Corporation and the American cotton and woolen mills. They will pay higher wages than Germany and France, and undersell them in the world's markets. There will be 5,000,000 new women voters in the May elections, and they are basing their campaign on a more or less laudable intention to win them all.

The Labor party, with its Socialist mercenaries, doesn't promise nearly so much. It only holds forth a prospect of "Land and the Nation." Its leaders are not so sanguine about winning industrial supremacy over the rest of the world. Ramsay MacDonald has cautioned his followers that "Defea is preferable to a victory won on promises that cannot be brought to fulfillment." Experience has given him political wisdom. He headed a Labor government that won through rash promises; and the resentment of his own followers brought about a collapse from which the Labor party has not yet recovered.

The Conservatives are in possession of the work. They can lose forty or fifty seats and still retain control of the government. But the activities at Conservative headquarters attest that they are taking no unnecessary chances, that they are lulled by no false security. They have lost some seats in recent by-elections and they know by experience the fickle character of the British electorate, rendered still more unstable by woman suffrage.

British Communists have put twenty-five candidates into the field. Their only hope is to get a few mouthpieces placed in Parliament, to give to their inflammatory utterances and violent actions a mask of authority. Curiously enough, they have chosen in almost every instance constituencies represented by Labor members in Parliament. If they should win, the Labor party would be weakened, but the Conservatives would lose no seats.

Viewed from the outside, Great Britain has been well governed under the present Conservative administration. Chamberlain, Churchill and Baldwin have proved themselves statesmen. They have not made much progress; but they have kept the ship from drifting in a rough sea. Compared with the rest of Europe, the British have done well, but the opposition press persists in comparing conditions in Great Britain with those in this country and Canada, and the comparison is strikingly to our advantage.

Industrial discontent has been intensified rather than mollified under the Baldwin government, for the people insist on political specifics for economic ills. Some of the neutral observers in London are of the opinion that the Conservatives will not have a majority in the next Parliament, although all the neutrals concede to the Conservatives a plurality.

ETHICS OF LOBBYING

If investigation should substantiate the charges against J. W. Buzzell, informally made in the State Assembly, that he attempted to intimidate Assemblyman Badham by claiming to control the processes of the Los Angeles Municipal Court and City Prosecutor's office, and should criminal prosecution follow, a needed jolt will have been administered to lobbyists at Sacramento and elsewhere. A supplementary investigation to determine whether the processes of the court and prosecutor were so controlled may also be found desirable.

There is little doubt that lobbyists of a certain type frequently do skin close to the line and occasionally overstep it. Such activities bring all lobbyists under suspicion. The boundaries of ethical lobbying are clearly defined. It is proper for organizations or individuals who are or may be interested in pending legislation, to keep near a legislative body agents who, before committees or individual legislators, may present facts bearing on legislative work or arguments on its merits. This is unobjectionable and at times useful. It is improper to use threats or to attempt coercion, and any such practice should be punished sternly and swiftly.

Buzzell, who is secretary of the Los Angeles Central Labor Council, is of course entitled to his day in court and this paper has no desire to prejudge him. The facts that his career has been one long series of bounces from blunder to blunder, that he was eliminated as a public official for trying to use his post as Civil Service Commissioner to influence an election, or his acceptance of Communist support in labor-union politics, have no bearing on the present matter. There are only two questions involved: did he threaten Assemblyman Badham, and if so did he have power to carry out his threats? A positive answer to either question discloses a very serious situation.

DISHWASHING

A Chicago University girl won her Ph. D. by a thesis on "Dishwashing." She may have got her facts from the library,

The Lee Side o' L.A.

By Lee Shippey

BUSINESS has courage all its own. Out on Sunset Boulevard we note the sign: "Filmland Cleaners."

The New Phone Numbers

A good many people are wondering what is the significance of their new telephone numbers. The number, for instance, which used to be 596767 now is Morningside 16767—five numerals besides a key name.

The reason is that the telephone company sees the time rapidly approaching when it will have 1,000,000 phones in use here, and is preparing for it.

Seven Figures

The key names are only for the subscriber's convenience. It would be confusing to have such numbers as 5916767. They would be hard to remember, easy to transpose. So when telephones get up into the seven-figure class or even the six-figure class the company substitutes such key names as Morningside, Gladstone, Granite, Capitol, Metropolitan. But when you dial a key name, no name, but only numbers, register in the central office. You think you are calling Morningside 16767, but really you are calling 6616767. In other words, whenever you dial a letter you really are dialing the number on that same dial. When you dial A, B or C you dial 2 and when you dial D, E or F you dial 3, and so on. And when you vocally call for GLadstone 1616 "central" translates it to 451616. To the company's way of thinking, there's more safety in smaller numbers.

Not Doing It Casually

But when such an organization as the telephone company goes to a lot of trouble and a good deal of expense in order to prepare for the time when 1,000,000 phones will be in use here, it's a pretty impressive evidence of faith based on careful consideration of facts.

Asylumists Mightn't Have Minded

Lee: Prisoners in the Redlands county jail rioted because they were served brown bread instead of white. Criminals, you know, aren't in it for their health. —N. D.

Sometimes

"I read your column every day," writes R. M. H., "and sometimes it is very good."

That's what you call an overwhelming compliment.

The Voice of the Peepul!

Another frank reader writes: "You don't need to punish all your readers, besides jeopardizing your reputation for humor. Yes, I know, but who wants to be educated at breakfast four or five times a week?"

Hurriedly Whispered Reply

Sah! Maybe you can't realize it, but California isn't an old story to us. Most of it is a new book which we peruse with wide eyes of wonder. And when we have a chance to run around and see the most interesting parts of it—at the paper's expense—we feel it our deep religious duty to do so. And you can't see the remarkable contrasts of Southern California for the first time without writing about them. We have no idea of being "educational." We're just enthusiastic. But we'd like more letters about what, if anything, you readers like about this colyum. It might help us a lot. We'd burn all those that didn't suit us and show the rest to the boss.

Worst Spring Poem Contest Ends

Such a funny old world!
It goes round in a whirl,
Seasons come, seasons go,
First rain, then snows;
The sun shines bright
Or the clouds lower,
But they all bring spring,
With its wealth of flowers.

EFFIE CASEY.

Our Guess—He's a Jobless Extra

Leeside: Pittsburgh needn't take on airs because a mill there was opened by a mechanical man. Every director in Hollywood has handled hundreds of 'em.—Bertrand Willoughby.

Death Unexpected, Though a Good Deal Aled Him

A Hollywood friend calls our attention to the news dispatch saying a man was drowned in 400 gallons of ale in London the other day; the remarkable thing about it, he thinks, is that it was an Englishman, not a visiting American.

"Prescription" Druggists

I've heard it said that drug stores
"Sell everything but drugs"—
Lunches, smokes and clocks and jokes
And magazines by legs.
But now full many a pharmacy
Belies such harsh description,
Because they make a specialty
Of what's now called "prescription."

ADAM SINNICK.

CHARLES E. SEBASTIAN

Had Charles E. Sebastian continued his police career instead of attempting one for which he was temperamentally unfitted, he doubtless would have made a record of brilliance which long would be remembered. As a police officer and as police chief, he was honest, able, and exceptionally efficient; during his incumbency Los Angeles was a poor place for criminals; and the police department seldom has functioned better than when he was at its helm. It is to his credit also that he himself came to recognize that he was a failure as Mayor, since he resigned after a year of turmoil; it is given to few men to understand their limitations.

His success was real and genuine, and should be remembered as a standing example of what a police officer ought to be. If he had a fault, it was too much loyalty to supposed friends, a trait of character it is difficult to condemn.

Though his later years were passed in comparative obscurity, his service to the community was sufficient to earn him its gratitude, which had been, perhaps, somewhat poorly expressed. At his death, at least, let it be said of him that, as a police officer, he was an example which many of the present department should emulate.

PURPLE AND GOLD

It would be hard to find a more intriguing spot on the globe than Southern California in April. Purple and gold are the dominant colors in Nature's scheme. Nor does one have to race off to the desert to see it.

Every vacant lot seems to have caught the bride's bouquet. The movement last year to sow wild flower seeds in waste places is bearing fruit in flowers The recent edict of the County Supervisors against plucking wild flowers is giving some of our rarest growths a chance to bloom.

Here Nature does not have to be coaxed or cajoled into artistry. No subsidy is exacted even. All she wants is to be let alone and she will festoon every old stump or rock with a lacery of green and gold. She will even heal the great gashes in the soil that man has made and make them urns filled with flowers. No Turkish rug can compete with her carpet of green. The seasonal showers from October to April have tacked it down with buttercups driven in by raindrops.

The sun shines double, sun and poppy, in multiple repetition. The very stars repeat themselves in the shining petals in the grass. Golden poppies and purple lupins are the royal colors that make a landscape for kings.

He who is fortunate to have windows toward the mountains has pictures that are the despair of artists. Sunsets and sunrises are folded away in the canyons and arroyos. Splotches of colors run riot like flame everywhere.

Even the late frosts painted the leaves of many trees and commingle back East autumn with the traceries of California spring. The very fruit trees, the almond and cherry, first glorify the fields as decorative plants. Utility become artistry. Even the pastels of summer have their fascinations.

Pasadena and Redlands display wonderful offerings for blue ribbons. But all Nature is extravagant with blossoms that cannot be confined in an; nursery. Every bush is a burning bush with reddening resurrection. Orange blossoms make the month one continuous wedding procession.

LADIES CAN'T SMOKE

A Michigan city has just adopted an ordinance which forbids women from smoking in hotels, restaurants, churches and other public places. Just because a lady has the vote is no sign that she can blow cigarette smoke in the Mayor's eye. Girls may be taking heavily to tobacco, but there will be no encouragement from this particular town.

THE LITTLE RED SCHOOLHOUSE

By James J. Montague

Farewell to the glorious great,
The men of illustrious fame,
Who have sat in the councils of state
And earned universal acclaim.
No statesman can hope to carve out a career
Like those of the noble departed,
For the little red schoolhouse must soon disappear,
And how can they ever get started?

It was there that true genius was bred,
It was there that real talent awoke
Amid lives that so humbly were led
By the simple and plain country folk
No grand city schoolhouse of brick or of stone
Unknown to the nation's progenitors
Can instill solid worth in the sinew and bone
Of the future's far overfed Senators.

Their wagons were hitched to the stars,
As the late Mr. Emerson said,
When urchins were taught the three r's
In schoolhouses painted dull red.
There alone was aroused in the infantile breast
The splendid and high aspiration
Which sent our young men on their ambitious quest,
And gained them the praise of the nation.

Moreover we all will cry "shame";
When a candidate boldly presumes
To say on the stump that he came
From a schoolhouse with forty-six rooms!
The little red school as the birth place of brains
Is a legend the nation still cherishes,
And if any fond hope of the future remains
That hope will be lost when it perishes.

(Copyright, 1929, by the Bell Syndicate, Inc.)

LETTERS TO The Times

[Name and address of writer must accompany all letters for this column. Letters of a personal nature or involving contentious religious questions are not acceptable.]

Functions Confused

LOS ANGELES, April 16.—[To the Editor of The Times:] In the "Letters to The Times" column of April 13, one A. T. S. finds fault with an editorial which appeared several days prior to that in your paper. The editorial in question condemned the practices of transient promoters who are in the business of selling tickets and soliciting funds for various charity benefits, which usually receive a mere 15 or 20 per cent of the money collected after the promotional charges, expenses, etc., often amounting to 80 or 85 per cent, have been deducted.

What A. T. S. found fault with was your pointing out, in contrast, that the cost of collecting the Community Chest fund was only 6 per cent of the receipts. The fact is that the Community Chest campaign expense has averaged even less than 6 per cent. However, A. T. S.'s point was that "all the rest does not go to charity," meaning, of course, directly to the quarter of a million people helped annually through the Community Chest's 131 agencies. A. T. S. declares that "this is partly misleading, that all the rest goes to charity after the various agencies to which the Chest gives the funds take out their operating and promoting costs."

For one thing, Community Chest agencies have no "promoting costs." They have operating costs. But so have the small free-lance agencies which transient promoters usually gather funds for. And, in proportion to the quantity of services rendered, such small organizations are bound—through lack of a central unifying body like the Community Chest—to have higher operating costs. Any business man understands this. Furthermore, those operating costs are on top of the 80 to 85 per cent garnered by the transient promoters; whereas, the operating expenses of the Community Chest agencies are on top of a 6 per cent expense which includes not only that of collecting the fund, but that of administering the central unifying body, viz., the Community Chest.

A. T. S., undoubtedly sincere in bringing this matter up, adds that "just as the 'percentage' given promoters and other hired help was revealed in the War Mothers' benefit functions, it might be interesting to show what are the operating costs of some of the more than 100 agencies operating under the Community Chest."

A. T. S. was, of course, confusing promotional—or fund-raising—expense, in the case of the War Mothers, as against operating expense in the case of the Chest agencies!

Now, just as 6 per cent against 80 per cent (in some cases) indicates the difference in fund-raising expense between the Community Chest method and the method of many transient promoters; it will be found, in virtually all cases, that the operating expense of any Community Chest agency is considerably less, in proportion to the number of persons served, than that of any free-lance welfare agency engaged in the same type of work.

In either case, whether an agency is inside or outside the Community Chest fold, "the rest of the money" (after campaign promotion expenses are deducted) does not go to "charity," if by "charity" A. T. S. means directly into the pockets of sick, crippled, aged, orphaned or poor persons (to name a few classes) who apply for aid. It costs money, indeed, to operate hospitals, clinics, orphanages and homes for the aged, for instance. In the case of the poor, it is the custom of charitable agencies to pay money to their landlords for shelter, and to their grocers for food; and to buy them clothes; but not to give the poor cash.

Community Chest agencies do not pauperize individuals or families by making them chronic beggars for cash. Instead, they try to regenerate them. While one agency is helping the father of a family to get a job, another is giving medical treatment to the mother. If a man dies and his wife has to go to work, one of the Community Chest day nurseries will take care of the children during the day. And there are neighborhood settlements, for instance, where people may find free recreation, music, dancing and various communal entertainment, to keep them physically, mentally, morally and spiritually healthy.

Our agencies certainly require money to operate, yet they operate with a maximum economy. They not only operate, but cooperate, intelligently aiding individuals and families in solving complex problems. At our offices, any one interested in studying their operating costs may do so. Our books are open. And we feel grateful to A. T. S. or any one else who sincerely questions anything for the Community Chest will live only so long as it represents the most humane and most economic method of serving human beings in their times of need.

D. C. MacWATTERS,
General Manager, Community Welfare Federation, operating the Community Chest.

MANY TONGUES

BY FAITH HOLMES HYERS

The day of a universal language is dawning! But it is the language of thought rather than phraseology. The indefatigable linguists and translators are breaking down the barriers between literatures and languages. Reflected in current writing with publications appearing almost simultaneously in original version and translation is the Fascism of Italy, the polished sophistication of France, the philosophy of Germany, the unrest of Russia, the stoical realism of Norway and Sweden, the undying romance of Spain and the hard-headed idealism of United States.

Interesting conjecture arises as to the ultimate significance of this universalizing of thought. A case in point is the simultaneous publication in eight languages of a German biographer's study of Jesus, Ludwig's "The Son of Man."

Evidence of the cosmopolitan reading carried on in our own city is given by the foreign book department of the Los Angeles Public Library. In this room works of Tolstoi at one extreme of thought, and versions of the Bible at the other extreme, are read in no less than twenty-one languages. Gorki is found in fifteen tongues. Such widely divergent authors as England's Dickens, France's Dumas and Jules Verne, Germany's Goethe and our own Jack London are read here in thirteen languages. The classics of Shakespeare, Anatole France, Victor Hugo, the works of Dostoevski, Hamsun and Turgenev are available in as many as twelve tongues.

Nor do American humor, American enterprise, adventure and philosophy lack a ready market in translation in other lands. We find "Uncle Tom's Cabin," the book by the "little woman that caused the Civil War," in ten translations. Tom Sawyer has gone abroad in Hebrew, Italian, Czecho-Slovakian, Danish, Polish, Ruthenian, Spanish and Swedish languages.

Henry Ford is enjoyed in Serbo-Croatian. Indian stories of Charles Eastman are known to Czecho-Slovakians, while Frank Crane's essay sermons are read in Armenian. Two of our Presidents are well represented in translation: Theodore Roosevelt's writings have appeared in Polish, Czech, German, Norwegian and Spanish, while the scholarly letters and speeches of Woodrow Wilson are available at the library in Arabic, Armenian, French, German and Serbo-Croatian.

It is estimated that a foreign-born population of about 300,000 is reached by our public library service. A collection of 35,000 books representing thirty-three languages is provided and a circulation of over 120,000 foreign books a year is recorded.

Languages most in demand, and, therefore, represented in the larger collections of the foreign room are French, German, Spanish, Italian, Russian, Yiddish and Hungarian. Less inclusive collections are available in Hebrew, Dutch, Danish, Polish, Swedish, Czech, Armenian, Icelandic, Lettish and Serbo-Croatian. Smaller groups of books are provided for those who read Japanese, Chinese, Portuguese, Bulgarian, Greek, Finnish, Lithuanian and Ruthenian.

The existence of such a common meeting ground of many nationalities and language as this foreign book department of our public library, and of other large libraries, is a promising sign of the times. Through the medium of print, and lingual dexterity, the lines of communication between nations are being rapidly strengthened. The cables of thought are being stretched to encompass the reading world.

WHERE CAN I LEARN

About Books of Today?

BY LOUISE L. TEMPLE

[Prepared in co-operation with the Los Angeles evening high schools. Questions concerning free evening classes will be answered if stamped addressed envelope is inclosed. Address, Louise L. Temple, care of The Times.]

"Have you read—?" How often some one embarrasses us with that question! But the Belmont Evening High School, at 1575 West Second street, has solved the problem for being too busy to keep up to date. Miss Constance Campbell, a teacher of literature and a trained public speaker, does the reading and tells the class all about the latest books.

Books recently read are: "The Divine Lady," "God's Trombones," "Bridge of San Luis Rey," "Elisabeth and Essex." Sometimes the teacher reviews an old book that the class specially wants to know about.

The class costs not one cent to the student, for this is a part of the free public school system. Neither are there books to buy. Students simply go to room 115, on Tuesday and Thursday evenings from 8 to 9 o'clock, sign an enrollment card, and then sit and enjoy themselves.

For those who can go as early as 7 p.m., Miss Campbell conducts a class in public speaking. This class also is free.

Autos Cause Traffic Jam

With the rapid increase of automobiles, Foochow, China, has a serious traffic problem. In most of the sixty miles of streets there is not sufficient room for even two rickshas to pass with ease, two automobiles cannot pass, and frequently when a motor car approaches, ricksha passengers are compelled to alight and the ricksha carried off the roadway. Some of the thoroughfares are being widened to forty-eight feet, but the majority are still too narrow to accommodate the traffic.

Best Way Out

Cop: Confound these pedestrians, anyway—you broke this one's leg!
Taxi Driver: Wot'll we do—shoot 'im?—Judge.

PEN POINTS

So a uniform divorce law would solve the problem? Then we have a uniform liquor law.

Blessed are the poor. They go on to jail instead of waiting till some lawyer stops them.

A conservative is one who never found himself in a given town, broke and in need of a shave.

Yet 90 per cent of those who bought violets last year will be in winter will soon be in some shady place.

Fourteen laboratory tests indicate, among other things, that the patient has money.

A million years of government, resulting in half the woman who gets a thrill from a string of beads.

Still, when you're headed the wrong way on a one-way street, you can always pretend you are learning to back.

A born leader, apparently, is one who can persuade others to do the work while he takes the glory.

Home is a place where you make your own peanut butter sandwiches.

Americanism: Riding in a queer-looking antique, but in a good car because it is out of date.

It isn't hard to love your fellowmen, until you see one who has accomplished very little trying to be modest.

A republic is a land in which there is no tyranny except that approved by the majority conscience.

Funny man! Strange to acquire property he must leave, and yet feeling a call to cattle because they think.

The old-fashioned cook wasn't like a sweet pickled things she served, including girls.

Hell, for wicked men, is doubtless will be something like a hick town on a rainy morning.

Alas! When you graduate from a correspondence school and attend a party primed to show off, have to sit still to listen.

Perhaps the most beautiful evidence of spring is the woman's conviction that love is the ideal life.

A "more efficient business system" is one that enables you to get more money for less.

Correct this sentence: "Joy parties," said the flapper, "and yet at times I long for solitude and the opportunity to meditate on serious things."

Blessings come often, which is undoubtedly why we don't recognize them.

A boss is a man who is early when you are late and late when you are early.

RIPPLING RHYTHM

Southern California Women Clash for Title
Southern Golfers Beaten in Semifinal Round
Championship Battle Carded at San Mateo Club
SAN FRANCISCO, April 18. (AP)—Pounding victories today, two Southern California feminine stars swept to the finals of the State women's golf championship. Mrs. Harry Pressler of Los Angeles, western women's title-holder, stroked through her semifinal match to eliminate Mrs. Milton Bernard, Sequoyah, by the overwhelming score of 7 and 6. Miss Kathleen of Pasadena took the measure of Mrs. Louis Lengfeld, Berkeley, in the almost equally impressive score of 5 and 4.
A result of today's matches, Hunter and Miss Wright will tomorrow at the Beresford Club course for the title. The Premier, medalist in the tourney, was too powerful for Mrs. Bernard today and finished the match from the start. Her drives were almost perfect and her short game was sure at the greens was sure at all times.
Miss Wright brought a great putting game into play, sinking one of twelve feet for a birdie on the thirteenth. Mrs. Lengfeld, however, promptly dropped her putt, an eagle, for a halve. The hole which Miss Wright dormie five, and won out on the next green when she halved it in five.

PEN POINTS

So a uniform divorce law would solve the problem? Well, we have a uniform liquor law.

Blessed are the poor. They go on to jail instead of waiting until some lawyer strips them.

A conservative is one who never found himself in a strange town, broke and in need of a shave.

Yet 90 per cent of those who bought violet ray lamps last winter will soon be hunting a shady place.

Fourteen laboratory tests indicate, among other things, that the patient has money.

A million years of development, resulting at last in a woman who gets a thrill from a string of beads.

Still, when you're caught headed the wrong way on a one-way street, you can always pretend you are learning to back.

A born leader, apparently, is one who can persuade others to do the work while he takes the glory.

Home is a place where you make your own peanut butter sandwiches.

Americanism: Hunting for queer-looking antiques; trading in a good car because it is out of date.

It isn't hard to love your fellowmen, until you see one who has accomplished very little trying to be modest.

A republic is a land in which there is no tyranny except that approved by the common conscience.

Funny man! Struggling to acquire property he must die to leave, and yet feeling superior to cattle because they do not think.

The old-fashioned sweetheart wasn't like a sweetie. She pickled things she adored including girls.

Hell, for wicked traveling men, doubtless will be something like a hick town on a rainy Monday morning.

Alas! When you absorb literature from a correspondence school and attend a party primed to show off, nobody will sit still to listen.

Perhaps the most certain evidence of spring is the young man's conviction that family life is the ideal life.

A "more efficient heating system" is one that enables you to get more heat by spending more money for fuel.

Correct this sentence: "I enjoy parties," said the flapper, "and yet at times I long for solitude and the opportunity to meditate on serious things."

Blessings come disguised which is undoubtedly why we don't recognize them.

A boss is a man who arrives early when you are late, and late when you are early.

RIPPLING RHYMES
by Walt Mason

HUMAN FOLLY

The daring bandit takes to gat and shoots some rube through the hat, and robs him of an ample roll that does and soothes his sinful soul. It is the easy way to get the coin which hard workers sweat for when the bandit's made his haul he doesn't salt the roll with skill; he doesn't put it in a crock, or in a vault with safe lock; he has no thrift, he has no bent on bonds that yield six per cent; he doesn't save the B. & L., which treats patrons passing well, and teaches them to earn and scrape and like wise delegates behave. The bandit always has some trice. His coin comes easy, it goes as freely as the sighs blows. He bets on ponies or stakes his money on some fiddled fakes; he tries to beat a gambling game, and soon his bank account is lame; or palled girls with steel-hard eyes believe him of his little prize; haply coke or bootleg booze show the sinner how to lose. One bandit in ten thousand salts his treasure down in proof vaults; and when you known he has a pile, some old bandit, full of guile, comes and shoots him full of lead, and swipes his bundle when he's dead. The workers groan and sweat and swear, and sometimes think it isn't fair; but when the hours of labor close they toddle home to calm repose, and when they get their weekly pay, they wisely put some bucks away; they bear the burden and the heat, but live at last in peace street.

RUTH CLOUTS HOMER AS YANKEES OPEN SEASON

Seraphs End Slump and Beat Sacramento, 11-4

BERGER LEADS ANGEL ATTACK

Cherub Clouter Drives Five Runs Over Plate

Kunz Walloped by Krugs in Third and Fourth

Walsh Weakens, Carl Holling Comes to Rescue

BY BOB RAY

After considerable staggering around, especially in the immediate vicinity of the pitching mound, where Augie Walsh was doing a lot of earnest as well as nervous perspiring, Marty Krug's ambitious Angels hammered their way back into the win column yesterday at Wrigley Field. The score of 11 to 4 should impress the reader that the Seraph war clubs broke their two-day silence that began when Buddy Ryan's Sacramento Solons arrived here last Tuesday.

WALTER BERGER

The Angels contented themselves with twelve hits off the offerings of "Finches" Kunz and Pudgy Gould, the Sacramento slabsters, but they got them in bunches, like bananas, and confined all of their scoring to three fruitful innings.

BERGER LEADS ATTACK

Walloping Walter Berger, who switched his fielding activities back to left field yesterday because Slug Tolson got back into the line-up at first, was the big noise in the Angel attack. Berger slammed out a single and a home run and got credit for either driving across or scoring no less than six of the Cherubs' eleven runs.

However, to return to the antics of Augie the Walsh, the Angel speed-ball hurler, after being presented with a seven-run lead at the end of four innings, started wobbling all over the lot in the closing rounds and finally had to be replaced by Carl Holling in the eighth after the first two men to face him had singled. Holling checked the Solon sluggers in their mad rush

Genaro Cops Bout on Foul Over Pladner

PARIS, April 18. (AP)—Frankie Genaro, American flyweight, defeated Spider Pladner of France, claimant of the world title, on a foul in the fifth round of a fifteen-round match tonight. Both weighed in under the 112-pound limit.

AMATEUR ATHLETES TRANQUIL

Harmony Rules Supreme in A.A.U., Collegiate Ranks; May Battle Later

BY ALAN J. GOULD
Associated Press Sports Editor

NEW YORK, April 18. (AP)—The olive branches may be waved with a great deal of enthusiasm by the two outstanding powers in American amateur athletics — the A.A.U. on one side and the college group on the other—but it will not mean a great deal unless the much-advertised harmony of 1929 is extended to 1930 and the quadrennial Olympic Association sessions.

The rival leaders are talking peace and working toward harmony. There is no doubt of that. But many, if not most of them, are thinking what can be done about the next Olympic organization—whether they happen to be thinking about maintaining A. A. U. control or breaking it.

It is the opinion of the college group headed by the National Collegiate Athletic Association that this quadrennial Olympic plum tree has been shaken long enough by the Amateur Athletic Union.

Three years ago there was a bit-

YES, SIR, IT'S THE SAME OL' BABE

Mr. G. Herman Ruth, the well-known Yankee outfielder, officially opened the baseball season yesterday for a million admiring youngsters all over the country, when, at his first appearance at the plate, he parked one of Ed Ruffing's offerings in the distant left-field bleachers. It was not only a prodigious clout, but proved that Mr. Ruth was spoofing no one when he informed the world at large that he would do considerable left-field hitting this season. Photo shows the "Busting Bambino" trotting across the plate in the first inning of yesterday's New York-Boston tilt, and being congratulated by "Larruping Lou" Gehrig, his hard-hitting team-mate, who himself added a homer to the festivities in the sixth inning.

HUGMEN DOWN BOSTON SOX 7-3 IN INITIAL CLASH

Fans Mob Bambino as Contest Ends in Yank Victory; Gehrig Also Starts Year With Circuit

BY BRIAN BELL
Associated Press Sports Writer

NEW YORK, April 18. (AP)—A daring and successful effort of the New York Yankees and Boston Red Sox to open the belated major league baseball season in New York was dwarfed by a demonstration for Babe Ruth, the world champions' bridegroom and home-run hitter, immediately after hostilities closed on the field.

Hundreds of fans surrounded the big Babe as soon as the final Red Sox out was registered and he literally had to be rescued from his friends. The Yankees won their first game of the season by a score of 7 to 3, but to a portion of the crowd of approximately 35,000 this was only an incident. Ruth was vital and he was caught before he could reach the Yankee dugout.

LOU GEHRIG

Possibly the slugger's friends were trying to extend two-fold congratulations on his marriage yesterday and inauguration of another home-run campaign by a circuit clout on his first time at bat today. Whatever their purpose as they milled about the big outfielder he seemed frightened. There was a wild look of terror on his face as he tried to evade the none too gentle backslapping from hundreds of hands.

CHEER WIFE

Ruth finally reached the steps leading to the clubhouse and the crowd then turned its attention to his bride, satisfying itself however,

man. While passing the baton to Beiman, he fell and broke a collar bone. However, Pipal expects Appleton to be able to run this, the rest of the team is in fine shape. Today was the first time many of the fellows have run on a cinder track. All expressed pleasure in the condition of the track, and fast times are expected.

FIELDS GETS RECOGNITION

California Athletic Commission Votes to Accept Claims to Welterweight Laurels

BY RUSSELL J. NEWLAND
Associated Press Sports Writer

SAN FRANCISCO, April 18. (AP)—Jackie Fields, one of the greatest welterweights ever developed on the Pacific Coast, strengthened his claim to the world's welterweight title, today when the California Boxing Commission voted to recognize him as champion in this State.

With but a short discussion, the commission ruled that Fields hereafter will displace Joe Dundee as the recognized title holder. Records were produced to show that Ancil Hoffman, fight promoter of this city, had made numerous offers to Dundee to defend his title here against Fields and that Dundee has repeatedly ignored the offers.

Jackie Fields

Today's action gives the Los Angeles boxer titular recognition in twenty-eight States as the National Boxing Association has already named him champion in the twenty-seven States with commissions affiliated with its organization.

CORBETT OUT

In getting behind Fields, the commission set aside a protest entered in behalf of Young Corbett, whose representatives claimed that Fields has refused to meet the Fresno fighter. The State's boxing

HAROLD MITCHELL CAPTURES TROY'S ANNUAL PUNT PRIZE

Harold Mitchell, former Oxnard High School all-around athlete, and substitute quarterback on last year's S.C. football varsity, won the Preston-Sampsell trophy in the annual kicking contest for Trojan gridders, held on Bovard Field.

ERNIE PINCKERT

NATHAN BARRAGAR

Mitchell scored 9 points in the four different events that make up the competition, and led Tom Wilcox, his nearest competitor by two points. Wilcox, who was out most of last season because of continual injuries, gathered seven digits to place second; Ernie Pinckert, the frosh star quarterback, was third with 6½; Capt. Nate Barragar was fourth, and Nelson Berry, who won the event last year, was fifth.

Drop-kicking, punting for accuracy, punting for distance and place kicking make up the contest. Manuel Laraneta won the contest in 1926, the year of its inception. Howard Elliott, gathered honors the following year and Berry won the trophy last season.

LEWIS ASKS HUGE SUM TO MEET STECHER HERE

In a wire to Promoter Lou Daro yesterday, Ed (Strangler) Lewis, former mat champion, demanded a $10,000 guarantee to wrestle Joe Stecher, the powerful Nebraskan, in a finish battle at the Olympic the night of May 1.

The demand is as big as that given Champion Gus Sonnenberg here two weeks ago for his match with Stanley Stasiak, the Polish giant, and more than twice as big as any offered a top-notch grappler for a match in this section of the country.

A match between Lewis and Stecher, however, is rated as being bigger and more important than any mat battle ever held on the Coast. It would be the first time that these two had met without a title at stake, and for this reason their bout would probably pack more colorful and sensational mat

Tommy Jones in Debut at Hollywood Stadium Tonight in Bout With Dick Hoppe

JUNIOR WELTER BOXERS TANGLE

Atlanta Fighter May Enter Ring Favorite to Win

Glendale Veteran Has Proved Tough Hurdle in Past

Featherweights Collide in Semi-Wind-up Bout

Hollywood fight fans get first look at Tommy Jones, the Atlanta (Ga.) junior welterweight, in action when he fights Dick Hoppe in the main event at the American Legion stadium tonight. Jones has a record that has installed him the favorite. The most noted of his accomplishments are his two victories over Billy Wallace, who recently stopped Joey Medill and beat Tommy Grogan. Jones took a decision from Wallace in Cleveland two months ago.

When Dick Hoppe is one end of a main event there is usually a fight. Hoppe doesn't win all of his fights but during his long career which dates back to the four-round days he has lost very few starts. Today some experts believe that Hoppe is a better fighter than Mushy Callahan.

Tommy Jones is angling to get Callahan to agree to a title fight. That is his reason for being in Los Angeles. The Southerner hasn't been a bit backward about predicting Hoppe's downfall tonight. He believes Hoppe is as good as beaten.

The stadium card has some good club fighters fighting tonight. Jimmy Piela and Ray Montoya, featherweights, in the semi-wind-up stack pretty even. Montoya may outsmart Piela to grab the decision. Piela is rated the better puncher.

Carmen Tussalino, the Italian welterweight who packs a knock-out wallop, fights a newcomer in Eddy Gooty. Gooty may be a good fighter but Tussalino will go to the post the favorite. The Italian is a promising youngster.

The four-rounders are Matt Coden and Reginald Aguaya, lightweights, in the second spot and Pat Hayward fighting Ferris Brown, heavyweights, in the curtain-raiser.

A FISTIC GENT FROM ATLANTA

Here we have Tommy Jones, a newcomer from southern sectors, who will meet Dick Hoppe, the old war horse, in the ten-round main event at Hollywood Legion Stadium tonight. Jones comes here with a recent victory over Billy Wallace, Cleveland lightweight.

Prep Netters Battle Today in Cup Play

The eleventh annual Dudley Cup interscholastic tennis championships will open this morning in Santa Monica. The tournament will be staged on the municipal courts at Seventh and Wilshire streets, at Clover Field, and at the Brentwood Country Club. A. R. Veenker, of Santa Monica High School, is chairman of the committee.

The drawings and schedule follows:

BOYS' SINGLES

John MacCarty (Loyola) vs. Thomas Mathews (Woodrow Wilson); bye; Ormond Arthur Blaniar (Inglewood) bye; John Hoge (Santa Monica) vs. John Hoge (Harvard); Jimmy Schlitt (Pasadena) vs. Charles Good (Fairfax); Jack Tidball (Hollywood) vs. Jack Shaster (Hollywood); Charles Appell (Alhambra) vs. Earl Swee; (Compton); Herbert Butler (Los Angeles) vs. Marshall Roach (Corona); Dilliver Crowe (Huntington Park) vs. James Pluck (El Monte).

William Dees (Santa Monica) vs. Marvin Woodside (El Monte); Al Smith (Compton) vs. Howard MacDavitt (San Pedro); Jack Moslin (Los Angeles) vs. Nathan Sundr (Harvard); Robert Little (San Bernardino) vs. Richard Leach (Hollywood); Paul Stanley (Huntington Park) vs. Xavier Escadero (Loyola); Bert Carlson (Fairfax) vs. Dave Johnson (Redondo); Reginald Andrew (Woodrow Wilson) vs. Robert Bowler (Alhambra); Hugh MacArthur (San Diego) vs. Jay Marshall (Inglewood).

GIRLS' SINGLES

Helen Marlowe (Hollywood) vs. Peggy Phillips (Girls' Collegiate); Cheryl Stroud (Westlake) bye; Marian Bond (Compton) vs. Patricia Hartelroy (Pasadena); Mildred Verpoort (Santa Monica) bye; Virginia Andrews (Marlborough) vs. Carolyn Howlett (Inglewood); Florence Wallace (Redondo) bye; Doris Vieth (Santa Ana) vs. Margaret Andrew (Corona); Marion Wood (Fullerton) bye.

Elizabeth Marlowe (Hollywood) bye; Carolyn Ascot (Marlborough) vs. Florence Maximara (Redondo); Phyllis Lee Westfield (Fullerton) vs. Alice Coleman (Inglewood); Dorothy Debiney (Girls' Collegiate) bye; Grace Wheeler (Santa Monica) bye; Helen Otis (Fullerton) vs. Dot Workman (El Monte); Elizabeth Matthourne (Pasadena) bye; Grace Mayer (Compton) bye.

Today's schedule, Seventh and Wilshire: 9 a.m.—MacCarty vs. Mathews; Robbitt vs. Good; Appell vs. Sweet; Butler vs. Roach.

9:40 a.m.—Dees vs. Woodside; Smith vs. MacDavitt; Woodin vs. Sundr; Stanley vs. Escadero.

10:20 a.m.—MacCurgen vs. Rowley; MacArthur vs. Marshall.

Clover Field:

9 a.m.—Arthur vs. Moore; Tidball vs. Shafer; Crowe vs. Fluck.

9:40 a.m.—Little vs. Leach; Carlson vs. Johnson.

STECHER, LEWIS BOUT PLANNED

(Continued from First Page)

work than any of the others they have had. Stecher and Lewis have wrestled twice in the last nine years. In their first meeting, July 4, 1916, they wrestled five hours to a draw.

Every match Stecher and Lewis have had has drawn anywhere from $25,000 to $50,000, and a bout between them here at this time would probably draw a sum between these two figures.

AMATEURS AT PEACE AGAIN

(Continued from First Page)

ter fight over Olympic control. The A.A.U. marshalled its forces and won. The N.C.A.A. leaders walked out in high indignation.

In spite of all peace conferences, there may be another and perhaps keener contest next year, with the Olympics having their scene at Los Angeles for 1932. The A.A.U. is strong in California so that the eventual line-up may find the East and Far West arrayed against the Middle West, where the Big Ten and other groups are closely allied and in complete sympathy with the N.C.A.A.

VENTURA HAS GOOD SYSTEM

Boyd Comstock Claims Northern County Has Best Organized Junior Olympic Unit

BY BRAVEN DYER
"Times" Staff Representative

VENTURA, April 18.—Ventura county has the best organized Junior Olympic Games system in Southern California. That's the verdict of Boyd Comstock, director of the program, after viewing the excellent results obtained by Wilbur Cobb and his associates in this locality.

The county is solidly enrolled in the program. This means that between fifty and sixty schools are competing with every boy taking part in the five events. This is a record of which Ventura county may well be proud, whether or not the section turns out a champion in either division. The Junior Olympic Games events have been made part of the physical-education program for Ventura county and Cobb, who is director of physical education, states that it works in very nicely with the system which is in vogue the year around.

The county is divided into six districts and several well-known Southern California athletes are in charge of the work at various schools. Eugene "Red" Kennedy, former Pomona College fullback, has several promising athletes at Fillmore. Red is known as the smallest chap that ever held down a 'fullback berth on a college football team. He never weighed more than 135 pounds soaking wet. Over in the Oxnard section Phil Buckman is doing fine work. Buckman used to run a mean quarter mile for Occidental College and also got in some fleet sprinting when the occasion demanded.

Ray Reel is one of the enthusiastic workers of Santa Paula and has three splendid aides in W. J. Beerkle, J. W. McGinnis and F. W. Eckstrand.

Present plans call for the holding of the Ventura county meet in Santa Paula on May 18 at 9 a.m. Dates for district finals at Santa Paula, Fillmore, Moor Park, Simi, Oxnard, Ojai and Ventura have already been announced. Most of these meets will be concluded within the next three weeks.

This section of the country has produced some of the greatest athletes in the history of Southern California. In the old days there were such men as Charley Richardson and his cousin, another Richardson, of U.S.C., Charley Borgstrom, the great pole-vaulter, Capt. Rogers, the low-hurdler, and more lately Bud Houser, the big shot and discus man of the Trojans; Cliff Aruge, Occidental's all-around ace, and many others.

Cobb feels that this year's program will be a distinct success whether or not Ventura county turns out a champion, because all the boys are getting a tremendous amount of good out of the competition.

To go back to Santa Barbara county for a moment—Walter Herreid, former Washington State College gridiron star, has a very promising senior performer in Sowland Itria, a young chap who has done some splendid sprinting and broad jumping. Herreid expects him to be among those competing in the finals at Los Angeles.

At Oxnard, Principal L. H. McKenzie is doing fine work with a large group of boys. Some of the principals and coaches should get medals along with the boys for their fine efforts. Robert Bruce, Superintendent of Schools at Santa Maria, is workings with all the grammar schools and achieving fine results.

A. S. Pope, superintendent of schools for Santa Barbara county, has the aid of two rural supervisors in putting over the Junior Olympic Games program in the small towns. Boys from these schools will compete in the county finals to be held in the city of Santa Barbara probably on May 11 or 18.

The Oakland all-American six which Comstock and the writer have been pushing along at rapid speed for the last four days, shows no signs of weakening, which will be good news to Reeve Gartzmann, Los Angeles distributor for the car.

End of Swing Test of Drive

BY SOL METZGER

One can be his own best golf teacher if he will check each drive at its finish. There is only one way to wind up the shot. You have had to fight with the braced left leg to keep from going out after the ball. The clubhead has actually pulled you that way. If you wind up unbalanced, or with the left foot not flat on the ground or with the club pulling you to the rear because of its quick swing around your body, you may rest assured that you did not hit the ball properly.

One does not have to look at the ball in flight to tell if it has been rightly hit. Your finish will inform you. Then seek the cause. Undoubtedly you will find it rests in one of these faults:

Your backswing was so fast it pulled you off balance. You did not pivot properly, that is, you either started the backswing with the hands, instead of the hips, or if the hips, you let the right one turn back from its position instead of gliding straight to the right.

Or you took the club back with the right helping. Possibly you let the right start the downswing. Whatever the cause it occurred nine times out of ten in the backswing. You can make only four errors in the downswing: (1.) Starting the left too fast. (2.) Using the right to start. (3.) Getting the right in too soon. (4.) Not starting with the hips. Tomorrow—a resume of the Mitchell drive.

Why continue to slice when the fault can be absolutely cured by following a few simple instructions? Write Sol Metzger, care of The Times, and request his illustrated leaflet on "Slicing." In writing inclose stamped, addressed envelope.

LOYOLA TOSSERS DOWN HOLLYWOOD

With Larry McNess hurling shutout ball, Loyola High School trounced Hollywood, 8-0, on the Redshirt diamond yesterday. The star Loyola twirler fanned twelve men. Amastoy, Lion backstop, gathered two doubles and a single in four tries. The score:

	R.	H.	E.
Loyola	8	10	1
Hollywood	0	3	1

McNess and Amastoy; Collins, Conner and Campbell, Rheum.

SERAPHS BUMP SACS, 11 TO 4

Berger Swats Home Run and Leads Angel Attack

Cherubs Chase Across Five Runs in Third Round

Kunz, Walsh Both Fail to Go Full Nine Innings

(Continued from First Page)

from nowhere and assured the home guards of their first victory of the week.

Walsh had a terrible time locating the plate most of the afternoon, issuing six walks to the Solons. However, Augie got by the first four rounds without a run scoring, but from the fifth on the Sacs began nicking the plate with a regularity that was nothing, if not trying, on the nerves of Marty Krug. One run crossed in the fifth which was ended by a double play, two more Sacs scored in the sixth and still another run came across in the seventh. The Angels' seven-run lead was cut to three and Marty had the hook all ready for Walsh when he failed to fool the first two Solons to face him in the eighth.

Kunz, who started on the mound for Sacramento, was just as wild as Walsh, he also giving six free trips to first. Kunz, however, did not let the walks work against him. It was solid Angel base hits that caused his undoing.

GET FIVE IN THIRD

The Seraphs got the range on Kuns in the third inning and pounded out six hefty base knocks to put across the first five of their runs. Jigger Statz opened the inning with a single to right and Bobby Jones followed with an infield hit to Monroe. Camilli also went after Jones's hit, so there was no one for Monroe to throw to at first when he got the ball. Earl Webb bunted the boys along and then Berger drove 'em home with a single just out of Monroe's reach. Tolson sent a one-base shot to center and Ray Jacobs thereupon smote a mighty double to left. Berger tallying. Truck Hannah, who had a perfect day at the plate yesterday, singled between Krasovich and French to drive Tolson and Jacobs across the plate with the final runs of the inning.

Statz also opened the fourth round with a single and scored when Berger lined one of Kunz's offerings over the left-field fence for his fifth home run of the season.

Walsh filled the bases with three walks in the second, but retired Krasovich and Kunz to get out of the hole unscathed. In the fifth, though, Angie was not so fortunate and the first Sac score resulted. Dittmar put Krasovich on first with a wild throw and Kunz singled to left. French also singled, filling the bases. Monroe's sacrifice fly scored Krasovich, but Camilli hit into a double play to end the excitement.

Two more Solons came across in the sixth. Harris walked and Koehler doubled. Osborne rolled out to Tolson. Hoag hit to Walsh and Harris was trapped between third and home. However, the good work went for naught when Krasovich singled to score Koehler and Hoag also came in when Statz fumbled the ball.

Singles by French and Harris, with a walk to Camilli sandwiched in, gave the visitors their fourth run in the seventh.

Kunz retired to let Severeid bat for him in the eighth after Hoag and Krasovich had singled. Holling here replaced Walsh and forced Hank to hit into a double play.

Gould was touched for the last four Angel runs in the eighth, singles by Tolson and Jacobs, a walk and an error by Osborne being bunched with some stupid baseball to account for the scores. Score:

TROJANS FACE SAINT SQUAD

(Continued from First Page)

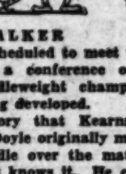
but either the Trojans or Santa Clara could offer a strong dispute. The locals defeated the Broncos in the only game played between the two institutions, the other two contests being rained out. Santa Clara could demand the right to play off those two postponed contests, and if victorious, could take the league flag.

A pennant would be somewhat more difficult for the Trojans to obtain. They would have to win both games from St. Mary's, three straight from U.C.L.A., and then two from Santa Clara, if the play-off could be arranged.

Gorman suffered a broken wrist on the recent northern trip, and will be out of the line-up. Holzhausen probably will hold down the initial bag with Johnny Von Aspe at second. Pete Tarchone, short and Ed Caballero third. Either Karl Kreiger, "Stan" Stanier, Doug Hanby or "Bing" Boswell will perform in the outfield. Coach Sam Crawford has a couple of talented hurlers in Dick Schuis and Larry Dihel, with Joe Ward receiving.

RABBIT PUNCHES

By Paul Lowry



TOO MUCH FOR WALKER

JACK KEARNS and his lawyer were scheduled to meet with Promoter Jack Doyle yesterday for a conference on a Walker-Hudkins match for the middleweight championship, but there was a mix-up and nothing developed.

From inside sources comes the story that Kearns is angling for a $50,000 boost on the offer Doyle originally made.

Without anybody going into a huddle over the matter, that's too much for Walker, and Kearns knows it. He can't get it in New York or in Chicago, and if I read Mr. Doyle's words correctly at the Hudkins-Emanuel fight the other night he will not be a sucker for Kearns's idea of Walker's worth.

Kearns wants a $20 top on ringside seats with a gallery of $3. That's a lot of money for fans who have been educated to a top scale of $5 with $2 gallery.

There have been only two instances in this city in the past four years when anything higher than $5 was charged, and both times the boys refused to fall for the extra freight.

One was Walker's appearance against Bert Colima at Vernon in a ten-round "gigantic" in 1925. The top was $15 There were plenty of empty seats.

Then there was Dick Donald's disastrous attempt to get a $60,000 guarantee in the house with which to pay Joe Dundee before the latter entered the ring to risk his welterweight title against Ace Hudkins in 1927.

And mark it well, Hudkins is the boy who will have to draw the big bulk of the crowd against Walker.

And if Hudkins couldn't get more than $80,000 through the gate at a $10 top the night he was to have fought Dundee how in the world, pray, is he going to much more than double that amount at a $20 top?

And a $150,000 gate which sees Kearns getting $150,000 for Walker will see Mr. Doyle deep, deep in that "red" he talked about the other night.

* * *

A WAR HORSE EMERGES

THE old war horse of the four-round days and still later the ten-round game goes to the post at Hollywood tonight.

Dick Hoppe furnished Ace Hudkins with his first fight at Hollywood over four years ago, and tonight he gives Tommy Jones, a newcomer from Atlanta, a chance to show his stuff.

Hoppe has been one of the Hollywood Legion fixtures for years. He is almost as much a cog in the place as the ring.

Whenever some tough lightweight comes along that all the other boys duck Tom Gallery gets on the Glendale exchange and phones for Hoppe.

Hoppe has been out of service for over six months, but that's no drawback to him.

He's fighting a tough monkey in Jones, who comes here with a victory over Billy Wallace, the Cleveland lightweight. And as Wallace just recently took the measure of Joey Medill and Tommy Grogan, it appears that the visitor must have something on the ball.

* * *

A TRUE FAIRY TALE

CARNATION LOU DARO picked a $20 gold piece off a punch tree on Spring street yesterday.

Believe it or not Daro has the gold piece to corroborate his story.

Carnation Lou's yarn is just like one of those sweet fairy tales we read about in younger days.

According to Lou he was bustling down Spring street when he was accosted by a perfect stranger.

"Mr. Daro," said the stranger. "You don't know me but I know you.

"You are the world's greatest wrestling promoter. I never miss one of your shows. I've always wanted to hand you something in appreciation of your efforts generously given to uplifting our great city with your wrestling shows.

"Will you take this slight token and buy something by which you can remember me?"

And with that the stranger slipped a $20 gold piece in Carnation Lou's hand and forthwith darted away.

Believe it or not that's Lou's story and he's going to stick to it.

* * *

FIELDS AND McLARNIN

MATCHMAKER HAYDEN WADHAMS of the Olympic has had a wire from Pop Foster, manager of Jimmy McLarnin, saying the boy will be ready to fight here some time in June.

With the California Athletic Commission ratifying the N.B.A.'s bestowal of the welterweight title on Jackie Fields that means a Fields-McLarnin match can be made here with the title at stake.

* * *

MORAN'S APPOINTMENT STICKS

THERE were no fireworks as hinted at the meeting of the State Athletic Commission in San Francisco.

Bill Bomb's suspension as State inspector under Commissioner James Wooda stuck and the appointment of Frank Moran in his place stood.

In his few weeks on the job Moran has made a hit.

He is working for a man who unselfishly gives of his time to the boxing game at no remuneration, and one who necessarily must rely largely on his chief inspector.

It is up to Moran to "make" or "break," and all reports are that he is "making."

PREP COMPETITION CLOSE

Four Schools Have Good Chance for Title in California Track and Field Title

BY IRVING ECKHOUT

Four schools have excellent chances to win the Southern prep track title which will be at stake at the Coliseum tomorrow. The preliminary trials will be held tomorrow at the Coliseum. The quartet "in the money" for the championship are San Diego High, L. A. High, Fairfax and Santa Ana.

Another quartet of schools can also be listed as dark-horses, any one of which may crash through with the title. They are Redondo, Chaffey Union, Redlands and Muir Tech of Pasadena.

Twenty-five points will win the meet, inasmuch as the competition will be very close. Below is shown how the individual schools can take that many points.

(1.) San Diego High, Jimmy Willson and Fernando Ortiz taking a first and a fourth in the 100-yard dash. Willson coming back and winning the furlong. Irvine Warburton and Staker copping a first and a fourth in the quarter. Dowers placing fourth in the mile. Ortiz getting another fourth in the low hurdles. Bill Miller winning the pole vault and Joe Dobbins grabbing second in the broad jump. That would give the Hilltoppers 25 points without the relay.

(2.) L. A. High. It seems as if the Romans will have an easy time running up 25 points. Red Houck has to grab second in the century and another second in the quarter. Wiley has to get fourth in the 220. Dave Moore will have to repeat his last year's triumph in the 880 for 5 points. The Roman broad jumpers, Crawford and Johnson, will have to take 5 points between them. Reeves Linebarner place second in the pole vault, and Lemly and Campbell take 2 points in the shot. Campbell pick up two more in the discus. Five more in the relay would give Cliff Reynolds's boys 30 points.

(3.) Fairfax — Crockett grab fourth in the 220, Reed Miller place third in the quarter. Carlson pick up a fourth in the mile. Berry and Johnson place first and third in the lows, and first and fourth in the highs. Stainback cop the broad jump, and Bergner place second in the high jump. Exactly 25 points again without the relay.

(4.) Santa Ana—Much depends on Alva Reeves. He will take both [illegible] pole vault. Paul will [illegible] the broad jump and [illegible] low hurdles and shot.

Suit skating to popular rope.

CUBS MASSACRE PIRATE OUTFIT

Cardinals Win 3-to-1 Game from Cincinnati

New York Rallies to Down Phillies 11 to 9

Braves Outlast Robins and Win Clash, 13-12

BY PAUL R. MICKELSON
Associated Press Staff Writer

CHICAGO, April 18. (AP)—Sheriff Wade oiled up his handcuffs, his fellow mates snapped them shut and the Cubs handed the Pittsburgh Pirates another unmerciful 11-to-1 trimming today.

It was a repetition of yesterday's game, and the result gave McGraw's heavy-hitters a two-to-one edge over the Pirate brigade in their series.

Wade, ordinarily a slow starter, was invincible today. He allowed but four scattered singles, while his mates crashed out two home runs, seven doubles and eight singles off the southpaw deliveries of Jess Petty and Larry French. One of those four-ply clouts was blasted by Charlie Grimm in the fourth inning with the bases jammed.

The Pirates got their only run in the first inning on a single by Lloyd Waner, an error by English, and two walks.

Only 9000 fans braved the frigid temperature to watch the game.

Mile Gallop Will Feature at Coliseum

Ray Conger, who is rated as the best miler in America today, will arrive here the 27th inst. for his race with Nick Carter, L.A.A.C. on May 4. The Conger-Carter clash is one of the big features on the bill of the S.P.A.A.U. meet, which is being held under the auspices of the L.A.A.C. at the Coliseum. Conger has made the best time in America this year, having galloped the four-lap race in 4:13.4 in an indoor meet two months ago. Carter has kept in training from the date of the Nurmi meet in which the Flying Finn failed to show up. Winners and men who make a good showing in the meet May 4 will be sent to Denver in July to represent the Mercury Club in the National A.A.U. meet there.

Runs batted in—Wilson, Hallahan, Bottomley, Haines, Hafey, Wilson 2, Bell, Vaughan, Wright, Grimm. Two-base hits—Wilson, Bottomley, Haines, Hafey, Wilson, Bell, Vaughan, Wright. Double plays—Bell to Wright to Bottomley; Vaughan to Wright to Bottomley; Bell to Wright to Bottomley. Left on bases—Chicago, 7; Pittsburgh, 6. Bases on balls—Off Hallahan, 1; Kremer, 1; Morrison, 1; Meine, 1; Swetonic, 1. Struck out—By Hallahan, 1; Kremer, 1; Meine, 1; Swetonic, 1. Hits and runs—Off Kremer, 5 in 3 innings; Morrison, 2 in 1; Meine, 3 in 2; Swetonic, 4 in 3. Losing pitcher—Kremer. Umpires—Klem, Rigler and Dunkle. Time of game—2h. 10m.

ROBINS LOSE

BOSTON, April 18. (AP)—Boston opened its twice-postponed baseball season today under frigid conditions. The Braves gave the few fans who turned out a bit of cheer by taking the free-hitting game from the Brooklyn Robins by a 13-to-12 score. A shivering crowd of 5000 saw the game and the brief opening ceremonies.

Gov. Frank Allen threw out the first ball and just before the start of the game presented President-Manager Fuchs of the Braves with a silver loving cup from the Boston fans, who took this method of wishing him success in his new managerial role.

Center Fielder Earl Clark ran into the center-field bleachers in the fifth inning and was knocked unconscious. He was carried off the field and regained consciousness shortly afterward. It was said that he had sustained a slight concussion of the brain but no bones were broken. Nick Cullop hit the ball, which went for three bases. Heinie Mueller replaced Clark.

Brooklyn used five pitchers, all of them erratic. Although the Braves were outhit, they made better use of their blows. Babe Herman, Del Bissonette and Harvey Hendrick each made home runs for the Robins. Bissonette's came with two on in the sixth. Herman led the attack on Bobby Smith and Johnny Cooney, who relieved him, with a single and two doubles in addition to his homer.

MISSIONS NAB THIRD IN ROW FROM DUCKS

PORTLAND, April 18. (AP)—The Missions made it three straight from Portland today, winning, as usual, in the first inning. In this frame the Reds piled over three runs. The score was 4 to 3.

Dutch Ruether coasted along on his opening three-run lead, taking it easy until Portland lacked one run of tying the score, and then tightening up in his usual impenetrable manner. Slade had a big day at short with thirteen chances. Score:

Gehrig Also Smacks Homer in Initial Contest

(Continued from First Page)

with cheers at a fairly respectable distance.

The season was opened two days late but it was sent away with a flare of trumpets and participation of baseball notables.

The sun remained away, but the customers came.

Before play began Commissioner K. M. Dandis presented the Yankees of 1923 with gold wrist watches emblematic of their championship rating. The Stars and Stripes and world championship pennant were run up. The baseball commissioner, President E. S. Barnard of the American League, a proud Jacob Ruppert, owner of the Yankees, and Joseph V. McKee, president of the Board of Aldermen, pinch-hitting for Mayor James J. Walker, who was kept away by a meeting, looked on. Later Mr. McKee acted as pinch hitter for the Mayor and tossed out the first ball.

Babe Ruth soon showed that his new stance, by which he proposes to hit many balls to left field, to the confusion of clubs looking for them in right, is no joke. On his first chance, with his left foot far back, he hoisted one of Ruffing's curves far into the left-field bleachers. Ira Flagstead, patrolling that sector at the time for the Red Sox, is a man thoroughly home-run wise, and he took only two steps toward the stands before giving up that quest as hopeless. Later the big Babe flied to center and drew two bases on balls.

Lou Gehrig, the other member of the Yankee home-run duo, had no plans for hitting home runs to left, but he drove one into the right-field bleachers.

BROWNS MAKE IT THREE STRAIGHT

ST. LOUIS, April 18. (AP)—The St. Louis Browns bunched hits today and chalked up their third consecutive victory over the Chicago White Sox to make a clean sweep of the opening series of the season. The score was 4 to 1.

Ogden held the visitors to six hits while Lyons limited the Browns to five. Blue kept up his sensational hitting, knocking a home run in the third inning and clipping in a double during a three-run rally in the fifth. A walk, an error and two singles also contributed to the three runs.

FONESCA STOPS DETROIT TIGERS

CLEVELAND, April 18. (AP)—The Indians won their second victory in three days by nicking Owen Carroll and Frank Barnes for fourteen hits in six innings for an 8-to-4 decision over Detroit.

John Miljus, former National Leaguer, went the route for Cleveland and although he was wild and issued eight passes, he was able to stop the Detroiters whenever they threatened seriously.

Fonseca, Indians' first baseman, led the attack with four singles, he also stole three bases.

STARS DEFEAT INDIANS AGAIN

(Continued from First Page)

Kallio to the showers.

Lamanske held the Sheiks to one run—made in the sixth—until the ninth, when another trio of Hollywood hits produced two more scores and pewed up the struggle for the Whimers. Collard replaced Lamanske in the ninth and retired the side.

Hank Hulvey started on the mound for Hollywood and allowed only two hits in the first six rounds. However, the Tribe got the range in the seventh with three safeties for two runs and finally drove Hulvey from the mound in the ninth with a belated rally. Dick McCabe came to Hulvey's rescue and stopped the Indian uprising with but one run resulting.

Louie Alamada, young Seattle center-fielder, batted out the only home run of the game in the ninth. Almada, McDaniel and Eckhart gathered in seven of the Tribe's nine hits. Score:

RACE TRACK WAR LOOMS

Agua Caliente Jockey Club Organizes to Run Competition to Tia Juana Club; $100,000 Bowman Handicap Tops Stake List; Modern Plant Planned

AGUA CALIENTE, April 18.—The opening gun of a race-track war was sounded here today, with the announcement that the Agua Caliente Jockey Club would launch a meeting this year to start Christmas Day, and run through to April 1. These dates are almost identical with those of the Lower California Jockey Club, operating the Tia Juana track, which runs from Thanksgiving Day until early in April.

Sportsmen behind the new project are Wirt G. Bowman, president of the Agua Caliente Company; Baron Long, well-known San Diego hotel man and owner of a fine string of horses; and James N. Crofton. This is the group that conceived, built and established Agua Caliente, present site of the dog-racing track, golf course, hotel and casino.

The site for this course has been selected and is ideal for purpose. It lies southeast of the Campanile, the chimes tower that tops the hill leading down to the Agua Caliente Hotel and casino. The San Diego and Arizona Railroad runs directly to the site, and a main automobile road, a continuation of the California Highway, borders property.

MODERN TRACK

The racing strip will be a mile oval, with eleven starting chutes, designed by Marshall Cassidy, whose new stalls and brand new starting gate will be used out of each chute.

Barns will be of concrete, mission style, with metal roofs, making them absolutely fireproof, thus insuring safety for men and horses. A unique feature in connection with stable arrangements will be a school for jockeys and other employees with competent teachers in charge of a head master. There will also be a free motion-picture theater, with nightly shows, and clubhouse and community center for jockeys, stable help and other employees at track.

The grand stand is to be fashioned along Spanish lines of architecture and will be of steel and concrete construction. The lawn in front of the grand stand will be terraced, stadium style, so that a complete view of races can be had from every spot.

An innovation that will appeal to the public will be installation of a modified and Americanized totalizer system for mutuel play. A prominent cash-register company is now working out plans for perfection of this machine. Through its operation the public sees at all times exact amount wagered on each horse as well as the grand total. Another innovation will be the use for the first time in this country of a German photographic-finish system, which records exact finish of race as horses pass under wire. Still another, will be the French automatic timing device, that clocks time to one-tenth second, instead of one-fifth. There will be a public address system to announce running of races. This will be presided over by a master broadcaster.

Departing from usual custom, the clubhouse will be located directly at finish line. In it will be a glassed-roof dining patio. Entertainers and serenaders will entertain between races. The clubhouse veranda and balcony will provide 200 private boxes, mostly subscribed for by the season, with some reserved for occasional visitors or guests' season box holders.

RICH STAKES

The outstanding feature race of the Agua Caliente Jockey Club will be the Bowman Handicap, one and one-quarter miles, $100,000 added. The Agua Caliente Derby will carry added value of $25,000 and will be one and one-eighth miles. The Crofton Handicap, one mile, will have $10,000 added money and Quick Step, six furlongs, $5000. In distribution of Bowman Handicap money, the trainer of the winning horse will receive $5000; trainer of the second horse, $2500; third, $1500; fourth, $1000. There will be seven races daily and eight on Sundays and holidays. Purses will be graduated according to quality of horses.

HAIL FIELDS AS NEW KING

(Continued from First Page)

body agreed that Fields's record is superior to Corbett's. Fields twice defeated Young Jack Thompson, a Los Angeles negro battler, the first victory coming shortly after Thompson had knocked out Dundee in a nontitle bout. He also knocked out Sammy Baker, New York, and Pete Meyers, San Francisco, and won a decision over Baby Joe Gans. Corbett also holds two decisions over Thompson, won at an earlier date, and fought draws with Meyers and Baker and lost a decision to Baker.

Shortly after the commission made known its decision, Promoter Hoffman of the Monarch Athletic Club, announced that he would repeat his offer of $40,000 to Dundee to meet Fields. Hoffman has already come to terms with Gig Rooney, manager of Fields.

If there is no response from Dundee, Promoter Hoffman said he would conduct a welterweight elimination tournament with the winner meeting Fields. Hoffman said he would try to sign the following fighters: Young Jack Thompson, Young Corbett, Pete Meyers, Tommy Freeman, Cleveland, O.; Gorilla Jones, Akron, O.; My Sullivan, St. Paul; Mushy Callahan, Los Angeles, and any other outstanding ringsters.

APPROVE MORAN

The commission also supported the action of Commissioner James Wood of Los Angeles in dismissing Chief Inspector Bill Bomb of the Southern California district. Appointment of Frank Moran as Bomb's successor was approved. Bomb was removed from office for reasons stated as "discourtesy."

HERNANDEZ MAY LAND MAIN-STREET TOP GO

Kewpie Hernandez, Mexican midget, has been promised a main-event shot if he wins his twelfth straight bout tomorrow night at the Main-street Athletic Club. The hard-punching 115-pounder has made himself a favorite with the fans at "the house of action," and if he conquers Dick Chang, Chinese sailor-fighter, in tomorrow night's special event he will be due for a main event.

Dario Barron, Mexican lightweight, and Boston Benny Cruize are the headliners on the six-bout program.

KEARNS IN DEAL WITH CALLAHAN

Mushy May Fight Under Dempsey's Former Pal After Confab Today

Jack Kearns, who may sign Mushy Callahan to a contract today at a conference between the two, paints a rose - colored future for the junior welterweight champion.

"If Callahan is in the shape I think he is he can figure in three big matches within the next few months and make more money than he has ever done," said Kearns yesterday.

The Kearns program calls for a Joe Dundee title bout in Chicago, a Jimmy McLarnin fight either in Los Angeles or Detroit and Ruby Goldstein in New York.

Callahan boxes Spug Meyers in the Olympic Tuesday night. It will depend on his showing with Meyers how the Kearns program will unfold.

Meyers has fought Callahan three times and all were tough fights. Mushy lost a decision to Meyers in Chicago a little over a year ago.

In the gymnasium Meyers stacks up as being just as tough as ever. He had one of the best boxing instructors in the country for his teacher, Spider Roach brought Meyers up from the amateurs.

Callahan will weigh around 142 or 144 for Meyers. He has not yet boxed at 140 pounds since he started his comeback.

Jackie Mandell and Sid Torres meet in the six-round semi-windup Tuesday night. They are two youngsters. Neither has had much over twenty fights yet they rate as two of the best 130-pounders on the Coast.

Benny Miller, once a stablemate of Callahan as a lightweight, makes his comeback as a middleweight in the special event against Joe Bell.

Kearns and Callahan are slated to meet this afternoon for a final conference over signing a contract. Mushy is to receive a bonus for signing.

CAL-CHRISTIAN FROSH DOWN TIGER NINE, 4-1

The California Christian College freshmen downed the Occidental College frosh baseball nine yesterday on the former's grounds by a 4-1 score. Pitcher Power of the home team featured with nineteen strikeouts during the nine-inning tilt. The Tiger frosh were severely lacking in their usual batting eyes. Score:

	R	H	E
California	4	7	1
Occidental	1	3	3

Power and Bennison; Brown, Tetterler, Bell and Turner.

Stanford After Record Victory

GOLDEN BEARS SURE TO LOSE

Cards Hope to Score Total of 92 Points

Seek to Fracture Mark Set by Bear Runners

Only One Record Now Held by California

BY BUD SPENCER
Holder of World's 400-meter Record

SAN FRANCISCO, April 18.—Stanford and California tangle in their thirty-sixth annual track meet Saturday in what should be Stanford's sixth successive victory over the Blue and Gold in this sport. Conceded to be a Redshirt triumph, the question remains as to the number of first places that the Bears may annex, and whether Stanford can obtain her goal of 92 points.

The first annual battle between the two institutions took place in 1893, in the days of beards and monkey suits, in the days when Herbert Hoover attended the Palo Alto institution. In that year California scored 91 points, and in 1927 and 1928 Stanford scored 90 1-4 and 90 1-2, just short of the coveted goal.

IN TOP FORM

This year many of the Stanford athletes have confided that unless they can better that mark of the Blue and Gold ancients they will consider the contest a failure. That is just how earnest the athletes of Dink Templeton are these days, having no object except for a big score, and they enter the battle Saturday with spikes sharpened and muscles highly tensioned for this sole purpose.

On the record book the names of Stanford heroes fill the space after each event except in the 100-yard dash, where the 9 4-5s. mark of the California captain, Phil Barber, made in 1926, stands out. This is the one supreme effort of a Bear runner in these thirty-six years of track competition that has withstood the attacks of the athletes of Dink Templeton. A note of interest is found that Templeton has coached every record holder with two exceptions, that of Barber, and Skin Wilson, the old Stanford miler who turned in a 4m. 20 1-5s. performance in 1914.

However, a few Bears this year, at least two out of the three having chances, should break into the Stanford record book and erase the name of Stanford greats. Spud Mossman, the plucky little brick-topped sophomore, stands a good chance to better Hank Coe's 9:38 1-5 mark of last year.

Mossman bettered this mark by his 9:34 3-5 race against Reed of Washington last Saturday. If Coach Christie sends in a man to pace Mosaman a fast first mile, the red-haired Californian should eclipse Coe's mark.

Capt. Emory Curtice has a good chance to break Tom Joaquin's javelin mark of 200ft. 2in., made in 1927. However, he will have plenty of competition in Leo Kibby of Stanford, who also has a good chane of setting a new record. In fact the winner of this event Saturday should be the holder of a new "big meet" javelin record.

McKINNON OUT

Harry Carter, the Bear's star miler, has a chance at Skin Wilson's long-standing 4:20 1-5 race in the mile. This was great running, and even though Carter did 4:23 against Washington last Saturday, he will probably lack the necessary competition to draw him out to 4:20. Templeton's announcement that he may not use McKinnon in the mile run signifies that the Stanford coach hopes to win the half mile with the hero of the Trojan meet.

MESA TRIMS PHOENIX

MESA (Ariz.) April 18. (AP)—Before a big opening-day crowd, Bill Whitaker's Mesa Jewels battle their way to victory over the downtrodden Phoenix Senators in the first game of organized baseball ever played in Mesa. The score was 4 to 2.

DORFMAN SUBS FOR TAYLOR

NEW YORK, April 18. (Exclusive)—Matchmaker Tom McArdle of Madison Square Garden today signed Sammy Dorfman to substitute for Bud Taylor against Tony Canzoneri at the Garden, April 26, Otto Von Porat to meet K.O. Christner for ten rounds in the semifinal of the Milk Fund Show on June 27 and Billy Wallace to fight Louis (Kid) Kaplan at the Garden May 3. Since the switching of Dorfman from the semifinal to the main bout left Irish Bobby Brady with nobody to fight on April 26, McArdle decided to send the Jersey battler in for a return bout with Leo (Kid) Roy whom he shaded in a great ten-round fight at the Garden several weeks ago.

VANCOUVER PUCKS HERE TOMORROW FOR SERIES

Mel Malwick's Hollywood Millionaires are ready to uphold the honors of the West when they clash with the Vancouver Lions, the most powerful team to invade Los Angeles, for the fifth annual intersectional ice-hockey series. The first game will be played Monday night at the Winter Garden Ice Palace. Vancouver is here for a five-game series, and will also be pitted against the husky Los Angeles Richfields.

The Lions will arrive in Los Angeles tomorrow morning over the Southern Pacific, and many prominent Canadians will greet the northern champions on their arrival here. Mayor Cryer has consented to drop the puck to start the club off in the series.

Outstanding among their victories this season, Vancouver has the distinction of defeating two of the country's outstanding teams, the New York Rangers and the Les Canadiens of Montreal. Local hockey officials rate them on a par with the Vancouver club of 1923, which at that time was recognized as the most powerful ever assembled.

Capt. Artie Sumers, their captain and center, is the flashiest player to make his appearance on the ice here. He is a wicked stickhandler and dead shot. Bill Phillips and Sandy Sanderson, his wingmen, are also exceptional players and work well together. Once they are off together, it takes a stonewall defense to stop them.

The Millionaires have been working out daily for two weeks, and for the first time in two months the squad are in good shape, free from injuries or sickness.

MILLIONAIRES WIN OVER UNION OIL

Proving themselves in top shape for the series with Vancouver, Hollywood trounced the Union Oil squad, leaders of the amateur circuit, 9 to 2, at the Winter Garden last night. O'Connell, Headley, Williams, Carrigan, Wells and Brandow ran up the Hollywood scores, scoring almost at will.

Salo Gains on Bunion Leader With Lap Win

INDIANAPOLIS (Ind.) April 18. (AP)—Winning his third consecutive lap, Johnny Salo of Passaic, N. J., threatened the leadership of Pete Gavuzzi, bearded Italian of Southampton, Eng., and Ed Gardner of Seattle, Wash., negro, today in C. C. Pyle's bunion derby.

Salo led the pavement pounders into Indianapolis, their nineteenth control point, covering the 35.3 miles from Knightstown in 4:27:15, lessening the gap between third and second places by twenty-two minutes.

Gavuzzi finished second in 4:39:20 and Gardner was third in 4:49:10. The three ran side by side for twenty miles, but in the last stages the Finn stepped away from his rivals.

Large crowds at Indianapolis watched the runners finish, and mounted police kept a lane open for them.

The bunioners have covered 805.8 miles of their 3400-mile trek to Los Angeles.

The first ten in elapsed time:

Pete Gavuzzi, England	123:37:47
Ed Gardner, Seattle, Wash.	125:00:25
John Salo, Passaic, N. J.	127:38:27
Quinto Cimek, Italy	130:37:27
Sam Richman, New York	132:39:00
Paul Simpson, Burlington, N. C.	145:33:28
Phillip Draycitis, Hamilton, Ont.	146:11:17
J. B. McNamara, Australia	149:40:22
Herbert Hedeman, New York	160:34:28
Arthur Newton, South Africa	160:39:04

Beverly Hills Tennis Tourney to Open Today

Southern California's leading tennis stars will do battle this afternoon in first-round matches of the Beverly Hills Hotel invitational tournament. Matches start at 1 o'clock. Only the men's singles field starts today.

Lester Stoefen, Los Angeles Athletic Club ace, and Art Kussman of Occidental are scheduled for 1, while Sidney Wood of Pasadena and Leanord Dworking of the varsity team at U.C.L.A. will mix at 4.

The schedule:

1:00—Kussman vs. Stoefen; Herd vs. Hinckley.
2:00—Gorchakoff vs. Jones; De Lara vs. Barker.
3:00—Herrington vs. Robbins; Vines vs. Berry.
4:00—Wood vs. Dworkin; Gledhill vs. Sindorf.

HOOD FLOORS FOE IN PASADENA BOUT

Manager Morrie Cohen opened his remodeled Pasadena Arena last night with a sparkling card, and the punchers rewarded the customers with four knockouts in the five bouts. Ernie Hood, the ever-popular Pasadena bantam, flattened Clayton Gouyd in the fifth round of their feature encounter. Jack Haywood dropped Kid Gordon in three heats; Don Kennedy knocked out Georgie Erne in three; Oriel Astudillo knocked out Ray Alvarado in one round, and Ralph Leonard outpointed Frankie Leonard in the only bout that went the limit.

SAN BERNARDINO DEFEATS OILERS

SAN BERNARDINO, April 18. (AP) Mickey Hannan's home run with the bases loaded in the fifth inning gave the San Bernardino Padres their second straight victory over Bakersfield, 7 to 4, here, today. Loose fielding behind Lefty Richards paved the way to three of the Padres' runs. The score:

	R.	H.	E.
Bakersfield	4	10	3
San Berdino	7	8	2

SAN DIEGO WINS LEAGUE CONTEST

ANAHEIM, April 18. (AP)—Manager Sam Agnew's San Diego batsmen had little difficulty in taking their second straight game from the Orange county Class D team here today, 6 to 3. Brandle poled a home run in the Orangemen half of the first with two on base for their three runs. Score:

	R.	H.	E.
San Diego	6	13	1
Orange Co.	3	6	3

SAGEHENS LOSE DIAMOND STARS BY INJURY ROUTE

CLAREMONT, April 18. (Exclusive)—A double accident, weird in its proportions and strange as to circumstance, robbed Coach Earl Merritt of his two first-string catchers here today and puts the Pomona varsity baseball team in a bad hole. Al Putnam and Wilton Williams, sophomore back-up men, both suffered badly torn thumbs and will probably be out for the rest of the season, as the result of fouled balls which hit their bare hands here today.

Putnam was the first victim and was catching for Pitcher Shorty Ingram when the batter barely touched a fast ball, deflected it, and sent it spinning into his bare hand. It tore the thumb almost off his hand and he was rushed to the college infirmary. Williams went in to take Putnam's place and, before six balls had been thrown, he was on his way to the infirmary with a broken and mangled right thumb, sustained in the same manner.

It is probable that neither man will be able to play again this year, although Putnam's injury is somewhat less serious.

Just who Coach Merritt will use in the places of these men is unknown. They had been alternating behind the bat all year and were the only two catchers on the squad. Possibility of converting Lee Williams or Leo Sawyer, outfielders, into catchers, was announced.

RINEHART MAY NOT COMPETE

BLOOMINGTON (Ind.) April 18. (AP)—A back injury may keep Wilmer Rinehart, Indiana's star javelin thrower, from competing in the Kansas relays Saturday.

Oxy-La Verne Nines Tangle

Occidenal and La Verne baseball nines will battle at La Verne tomorrow afternoon. The Tigers must win to retain the conference leadership and a clean slate of victories. To succumb to the Leapards would allow the rival squad to tie the Bengals in the 1929 race.

Two other tilts take place. Caltech meets San Diego at San Diego, while Redlands takes on Ye Sagehens at Pomona. The Engineers have plenty to groan about, not having won a contest to date, and are set to trim Ye Aztecs good, if possible. Redlands and San Diego are both making their bow into the diamond race.

The standings of the teams:

	W.	L.	P.c.
Occidental	2	0	1.000
La Verne	2	1	.667
Whittier	1	1	.500
Pomona	1	1	.500
Redlands	1	2	.000
San Diego	0	2	.000
Caltech	0	2	.000

SADDLE CLUB HORSEMEN FACE UPLIFTERS SUNDAY

Polo will take its share of the Southland's sportlight Sunday afternoon at the Uplifters' Ranch, There the Uplifters' horsemen captained by Hal Roach, sensational left-handed star, play the Saddle Club with Bob Millsap leading the way. The game may bring out some of the best low-goal competition of the year. The Saddle Club, a new organization, is making its bow in Southern California mallet circles and is more than anxious to register a victory over the Uplifters.

An added feature to the game itself will be the appearance of Will Rogers, Jr., the 17-year-old son of the famous self-appointed Ambassador of the United States. Rogers is starting his second year of polo and he is looked upon by some of the experts as a coming star. He will ride at No. 1 for the Uplifters.

Scott Hastier, another [illegible] in his teens, will ride at No. 2 for the defending team. Hastier is only left-handed player of polo in Southern California and will play No. 3. Clair Brenner, who played for the Uplifters at No. 1 position is considered one of the most dependable goal hangers in the game of polo circles.

Besides hitting the ball, Rogers will send Harry Sinclair, Pathe star; J. G. T. Coleman, Jr., and Stoddard Jones to the field. Lieut. Crawford may play the fourth man for the Saddle Club. The game will be located in Rustic Canyon, near Santa Monica, just off Pacific Coast Highway.

START TWILIGHT LEAGUE

A twilight baseball league is being organized by the [illegible] of Kansas City, Mo.

CAP PISTOL TRIAL EXHIBIT

A toy cap pistol commanded the center of attention yesterday in Judge Aggeler's court when four youthful defendants went on trial for attempted robbery.

The defendants, Weldon Wilkins, Tommy Vienna, Charles Chapman and Frank Gagliano, are charged with using the toy gun in an attempt to hold-up Motorcycle Officer Will D. Strinz of the Alhambra police force February 24, last.

According to evidence introduced, Strinz was detailed out to watch a suspected liquor-law violator and was sitting in an automobile when the attempted robbery took place. In a statement to the police at the time of their arrest the boys said they mistook the officer's car for that of a "spooning" couple.

schools will address the meetings. An exhibit of student activities will be open every evening at Manual Arts High School.

The names of schools and the speakers, who will address the meetings will be published next week. Only selected schools are presenting programs, but they are so widely distributed that the whole community may be brought into touch with the school system.

CARTOON BOOK ISSUED

A clever little book called "Pit and Pat," designed for young people interested in learning how to draw cartoons has been placed on the market by Ed Shultz, its author, who lives at 95 West Peoria street, Pasadena.

Child Run Down by Autoist Dies

Marciano Villenuvea, 3 years of age, of 1215 Mateo street, died yesterday in General Hospital of injuries received Wednesday night, when he was struck by an automobile in front of his home. The car was driven by R. M. Drew of 3909 Denker street.

At Georgia-street Receiving Hospital the child's injury was diagnosed as skull fracture. Newton-street police learned that the child was playing in the street when hit.

COOLEY BEATING BAFFLES POLICE

Automobile Man Victim of Murderous Attack

Bedside Watch Set in Hope of Obtaining Clew

By a "Times" Staff Correspondent

PASADENA, April 18.—Police tonight admitted they are baffled by the mysterious assault upon Victor A. Cooley, prominent automobile man, who was found unconscious in his North Vernon-avenue apartment late last night, having apparently been beaten about the head by some one who ransacked his apartment.

Late last night Cooley was reported in a dying conditions and physicians despaired for his life. His spine was tapped in an effort to relieve pressure on his brain caused from the fractured skull he received in the attack.

In hopes that the injured man may regain consciousness for a moment, police, under direction of Chief of Police Kelley, who have exhausted every clew so far uncovered, established a two-man detective guard at Cooley's beside in the belief that if he does regain his sense for a moment he can name his assailant, who apparently attacked him while he slept.

Investigating detectives practically have eliminated robbery as a motive. Although the apartment has been ransacked throughout, nothing of value was taken, police said. Detectives, called to the apartment by Cooley's roommate, who found the injured man, discovered nothing that would materially aid them. A letter couched in the most endearing terms was found among Cooley's effects.

WOMAN QUESTIONED

Mrs. Evlyn Merritt Hanan, daughter of the late Louis J. Merritt, millionaire mining man, was questioned at length today by detectives working under Chief Kelley but she was unable to throw any light upon the assault.

The woman, who came here by airplane today from Reno, Nev., where she recently obtained a divorce from Ralph Hanan, formerly the Merritt family chauffeur, is said to have been an acquaintance of Cooley's of long standing and made the air flight upon hearing of the attack.

Mrs. Hanan's name was connected with Cooley's, police reports state, following statements attributed by them to Mrs. Cooley, estranged wife of the victim.

While Cooley lies hovering between life and death, his wife, who is said previously to have agreed that he go to Reno to obtain a divorce, sits at his bedside.

Mrs. Hanan visited Cooley's room last night for a moment under a special dispensation granted by hospital attaches, who previously had stated that she would not be allowed a visit without Cooley's consent, police reported. Mrs. Cooley was in another part of the hospital and did not see the woman, officials said.

Detectives revealed last night that when they went to Cooley's apartment a picture of his wife and one of Mrs. Hanan hung upon a wall near each other.

The letter found in Cooley's apartment was unsigned. It was postmarked Reno, Nev., and was posted the 14th inst. It reads:

TELLS OF LONGING

"My own sweetheart:

"I am going to get your letter off before we start on our trip this morning, as I am always so tired when I get back, dear, and you come first anyway, sweetheart.

"It just seems ages since I heard from you, Boney, though it was only last Thursday. And, oh, how excited I am going to be when I hear my beloved is coming. I can't help it. Maybe you will be with me a week from today.

"The Masons are being very good to me, and after driving all day, Harry insists on eating out and they will be here until Wednesday.

"Augusta told me to give you her regards. There was really no necessity of trying to keep anything from them, as they already knew everything, but I am sure they will be close mouthed, as they never will see the crowd any more, anyway.

"Harry is really a good chap and never talks anyway. They don't blame me, and seem to wish to see me happy.

"Well, honey, we can't help it. I guess it will all be known soon and will all be over soon. Won't it dear?

"As I take the drives around, it makes me a lthe lonelier for me, as I picture you and me taking them together. It will be heavenly, dear, and right now in the spring is the loveliest time of the year to drive.

"Oh, honey, dear, I do want you so. Your little apartment will soon be vacant for you. I am going to fix it up real nice for you, honey.

"Isn't it going to be heavenly. Did I tell you we are going to Pyramid Lake today. I have not been there, dear, since I went there with you last September.

"I will just feel you with me, dear, and picture it all with you by my side.

SIGNED WITH KISSES

"That is how I love you, dear. Are you wanting your little sweetheart again, or are you still quiet as a lamb. You weren't last Sunday night, just a week ago today. Oh, honey, I was happy—I will be feeling fine again very soon, when I get rid of this cold. So hurry to me, sweetheart. I must go now as Junior is here with the car. Bye, bye, dearest. All my love always.

[Signed]

"Your little wife to be."

The love missive was signed by eight crosses apparently indicating kisses and following the signs was the phrase "Just all for you."

A DEAD HORSE

Is Not a Good Buy

But look at this fellow Isn't he worth owning?

We Are Not Selling Horses

We are just telling you that land in

Orange County

Is NOT a Dead Horse

And Here Is Some of the Proof

SOCIETY

BY JUANA NEAL LEVY

One of the lovely affairs of yesterday afternoon was the luncheon with which Miss Josephine Moorehead Thomas, daughter of Mr. and Mrs. George C. Thomas of Beverly Hills, formerly of Philadelphia, entertained at her parent's home, the occasion serving to announce formally to a small coterie of intimate friends her betrothal to Francis Paul Gardner, son of Mrs. Everett Alva York of Hollywood.

Spring flowers and a profusion of roses were artistically combined in the decorations of the luncheon table and the news was told by means of cards bearing the names of the betrothed.

No date has been set as yet for the wedding.

Miss Thomas is one of the most popular members of the younger set and is an enthusiastic equestrienne, always having several horses entered at the National Horse Show which exhibits each year at the Ambassador Auditorium.

In the North

Among the Angelenos who are enjoying visits this spring in the north are Mrs. James Calhoun Drake of South Hoover street and her sister, Mrs. Mary Wilcox Longstreet, who are visiting in San Francisco. They have been there for ten days and will not return home before the last of next week.

Mrs. Longstreet, who has been abroad for several years, is planning to leave early in May for Paris, where she will join her sister and brother-in-law, Capt. and Mrs. Randolph Huntington Miner, who are making their home there. Her return to Los Angeles is indefinite.

Going Abroad

Mr. and Mrs. David E. Llewellyn of Muirfield Road and their two daughters Dorothy and Virginia will leave today for the East, planning to remain for several days in New York City before sailing the 27th inst., aboard the liner Augustus for Naples, Italy.

They will be met in the Italian city by a motor and will tour the countries by machine, stopping as long as they like, and going on where fancy directs.

They will visit in Italy, France, Germany, Holland, Switzerland, Austria, Holland and Belgium, then crossing over to the British Isles, motoring through England, Scotland, Ireland and Wales.

They have set no definite date for returning but at least will be abroad all summer.

In Gotham

Mr. and Mrs. Daniel Murphy of West Adams street are in New York City, having gone East accompanying their daughter Bernardine and Mrs. Murphy's sister, Miss Sue Sinnot, who are leaving in a few days for Europe.

Mr. and Mrs. Murphy who will return to Los Angeles after seeing them off, are planning to join them on the continent this summer.

Alumnae Meeting

Los Angeles alumnae of Alpha Delta Pi are anticipating an interesting meeting tomorrow afternoon, which is to be held in the Alpha Psi chapter house of University of Southern California for at this time, Miss Emma Schlappi, vice-president and banquet chairman, will announce plans for the sorority's Founders' Day banquet to be held the middle of May celebrating the seventy-eighth anniversary of the founding of Alpha Delta Pi, oldest of national sororities. This year's event promises to be a gala one and it is hoped that Miss Irma Tapp, national president, and Miss Dorothy Shaw, province president, who have been wintering in California, will be present. The banquet is to be attended by all active and alumnae members of the two Los Angeles chapters, Alpha Chi at U.C.L.A. and Alpha Psi at U.S.C. and alumnae from chapters throughout the United States and Canada.

Mrs. Beth Wilson, president, assisted by Miss Vivian Murphy, Mrs. Robert Beggs, and other officers of the Alpha Psi group, will act as hostesses meeting tomorrow. Following a short business meeting, the afternoon will be passed playing bridge. Alumnae are welcoming home their president, Mrs. Frank D. Maclean, of Carthay Center, who has been spending the past month with her parents in Albuquerque, N. M.

Visitor Entertains

One of the loveliest affairs of the week at the Mary Louise was the luncheon party given last Tuesday, by Mrs. J. A. Overstreet of Columbus, O., who is spending a few weeks in Los Angeles. A large bowl of bright spring flowers with tall tapers accenting the color tones of the flowers, and pansies scattered on the cloth, richly decorated the luncheon table. Those entertained were Mrs. George Hart, Mrs. George Carpenter, Miss Park, Miss Lyda Park, Mrs. C. R. McLaughlin, Mrs. Lena Freeman, and Mrs. Thomas F. Smith, also of Columbus.

Far Eastern Visitors

Wilbur May was host at a week-end house party at the Lake Norconian Club, the especial guests of honor being Mr. and Mrs. Morton May and Miss Henrietta Butler of St. Louis, who are visiting in the Southland.

Saturday evening an attractive dinner party was given for the guests, those included being Mr. and Mrs. Stanley Beiger, Mr. and Mrs. Milton Baruch, Mr. and Mrs. Paul Lowenthal, Mr. and Mrs. Herman Stern, Ralph Wolf, Herbert Archer, Julas Jacoby, Charles Stern, the host and honor guests.

Plan Extensive Trip

Dr. and Mrs. Elmer Ellsworth Helms are leaving this week for Philadelphia from where they will tour for a month by automobile through the historic places of Virginia, Massachusetts and the New England States.

At Arrowhead Hot Springs

A series of gay social functions including luncheons, teas and dinner-dances are planned at Arrowhead Springs Hotel by Mrs. Ollis Lunt Draper, the new hostess, and will serve to further entertain the guests at this popular mountain watering place. Many Angelenos were registered at the hotel during the past week. Among the guests were: Misses Mildred L. Anita S. Watson, Pearl Sorenson, Grace Kingsley, Watson, Albert L. Lippincott, H. G. Mears, Leo Dern, W. P. Curtis, A. V. R. O. McOmsted.

CHEF WYMAN'S RECIPES

Every Tuesday and Friday at 1:30 o'clock ... conduct a free class and demonstration of good cookery ... room of the Southwest Building, 130 South Broadway.

SCOTCH SCONES

Sift two cupfuls of sifted flour with one teaspoonful of salt, a half a teaspoonful of soda, and three level teaspoonfuls of baking powder, rub into this mixture four tablespoonfuls of butter or shortening, and work to a soft dough with one cupful of sour cream or buttermilk, add half a cupful of seedless raisins, divide into equal pieces, form into large biscuits, press the handle of a knife each way across the scones. Place on a well-oiled baking sheet, brush with beaten egg yolk, to which has been added a tablespoonful of water, bake for twenty minutes in a moderate oven.

CABBAGE AND NUT SALAD

Mix two cupfuls of finely shredded cabbage with one cupful of chopped celery, one cupful of coarsely chopped blanched almonds, four tablespoonfuls of chopped pimientos, and a half a cupful of French dressing. Allow to stand in a cold place for two hours. Place on lettuce-garnished plates, place around it radishes and ripe olives.

PAPRIKA SCHNITZEL

Place in a saute pan one cupful of finely chopped salt pork, one large onion, thinly sliced, stir and cook until the onion is a golden brown. Add Punch to the Party

Cheer and refresh them with Welch's grape punch—color, taste and fragrance of luscious Concords—glorious refreshment indeed!

So simple—so easy to make—so brimful of jollity and zest! Here's the recipe: a pint of Welch's, 2 pints water, juice of 2 lemons, an orange and a cup of sugar. It makes enough for 20 punch cups.

Three other famous recipes are on the label

Welch's Grape Juice

Try it for breakfast — *A welcome change!*

Note FREE OFFER in Coupon Below

You, Too Will Prefer This Dessert

because it Jells so WELL

HOLD Jell-well to the light as it comes from the mold? Observe how firm it is—yet how dainty and delicate!

See it sparkle! Clear, beautifully transparent, full of color. A decoration as well as a delicious dessert.

Taste it! Tart, luscious flavors of western fruits; Berries from Washington and Oregon; Oranges from California.

For a delightful change try Loganberry. Jell-well is healthful, too. Doctors and dietitians recommend it as a direct digestive aid.

And so economical! One 10c package gives you a dessert for the whole family.

Order a package now from your grocer. Just be sure he gives you the Jell-well in the bright RED box. None other is genuine.

VIRGINIA HOLMES,
4440 East District Blvd.,
Los Angeles, Calif. Dept. E-13
I enclose one Jell-well package from grocer. Send me your FREE set of hostess cards, including menus, recipes, costs and entertainment suggestions for evening cocktails, bridge luncheons, children's parties, Sunday suppers, etc. Only one packet to a home. Void after Oct. 1, 1929.

I like Jell-well and will recommend it to five of my friends.

HEALTH and DIET ADVICE

By Dr. Frank McCoy

Questions on health and diet, addressed to Times stamped, addressed envelope for reply.

tions is necessary to secure the most complete results.

Do not think you can substitute laxatives for the enemas! This has been tried and found to fail, with often disastrous results.

It seems that the reason you eliminate so much when you are taking only the orange juice is because your body is not burdened with much food and the necessity for digesting and assimilating food. All of the energies of the body can be used in the processes of elimination. It would be reasonable to suppose that elimination would be doubled, but in reality it is increased a great deal more than that, as we have every evidence to believe from careful examination made during the fast of the toxins thrown out through the lungs, skin, urine and bowels.

You who do not have the reassuring benefit of laboratory examinations must have the courage to believe that the same changes will take place with you as they have with thousands of others who have been under my personal observation.

Tomorrow you are to follow exactly the same instructions as today. If you missed the first article, secure a copy of yesterday's Los Angeles Times containing the initial instructions.

Watch for additional instructions in tomorrow's paper! (The usual Friday menus have been eliminated today and will not appear next Friday, while this cleansing diet course is being given.)

QUESTIONS AND ANSWERS

Baby's Bath

Question: M. C. asks: "Is it necessary for a 10-months-old baby to have a bath every day?"

Answer: It is a good plan for everyone, from a few days old to extreme age to take at least one and preferably two or three baths a day. These should be mostly sponge or shower baths. The baby has a better chance of living to a great age if the skin is kept thoroughly cleansed through bathing as I have suggested.

Hot Cakes and Sorghum

Q.: O. J. M. asks: "What do you think of sorghum with hot cakes or waffles? Has it any particular food value? Is it fattening? I have been using honey, but I have become tired of it."

A.: Sorghum molasses is as good as any other kind of sugar to use with hot cakes or waffles. Only a small amount of any kind of sugar should be used and the hot cakes or waffles should be baked thoroughly so as to dextrinize them as much as possible.

YOUR BABY AND MINE

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope, formatted reply, to this office, will bring a personal reply.

This department offers advice on weaning and feeding the child from 6 weeks to 6 years, prenatal care and diet for the nursing mother, complexion, eczema, rashes for the new baby, sleeping, walking, teething, thumb-sucking, nervousness, bed wetting, training in cleanly habits, regularity of nursing, cod liver oil, orange juice, bitots, worms, vomiting, refractory children, prune juice, lime water, rupture, styes, and boils and cradle cap. Before taking a personal question about one of these subjects, it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

RELATION BETWEEN CLEAN TEETH AND DECAY

The decay of the first teeth must be attributed to the mother's diet during pregnancy; the child's diet the first year, or to severe illnesses suffered by the child which resulted in faulty nutrition over a long period. I doubt very much if healthy, strong teeth would decay because of any neglect to scrub them, or due to eating candy or some of the other causes usually included by parents in trying to round up a plausible offender.

If all the children in a family, as well as the parents, possess crumbly, decayed teeth, it is obvious that the diet of the whole family is lacking those foods which are necessary for the growth of good, solid teeth, and it would be looking sideways to attribute them all to heredity. The teeth of the parents might be ever so faulty, but if the children are well nourished and are given the benefits of sunlight and air and milk and fresh, green vegetables and fruits and whole grain cereals during the first year, they will have teeth of which any mother can be proud.

REPAIR BOTH DIET AND TEETH

Once the teeth have begun to decay there is little that one can do about building up those particular teeth, but they should be repaired and filled and kept in the mouth in a wholesome condition until they are ready to fall out. Meanwhile, the diet should be looked upon as at fault and the child given good and nourishing food in order to build up a strong set of permanent teeth.

Misshapen permanent teeth are not hopeless in these days of orthodontia, and it seems almost a crime to allow children to go through life with crooked, protruding teeth when so much can be done toward making them perfect. The plaster casts of mouths, and the photographs of children before and after correction are almost too astounding for belief. Perhaps we are so enthusiastic because we are watching one of these transformations take place.

WHAT CLEANLINESS DOES

The object of a brush and paste or powder is to clean the surface of a tooth. Any medium which does this and doesn't destroy the enamel is a good one to use. Keeping teeth clean won't prevent decay if the composition of the teeth is poor, but there is an esthetic quality about shining, white teeth that is above even that consideration. Even if a clean tooth does decay, we still want clean teeth. And there is this much to be said for clean teeth; they do not offer then such an encouraging medium in which the decay can flourish.

Baby's first tooth may be washed with absorbent cotton and a sprinkling of prepared chalk. When there are several small teeth, one may use a small, soft brush and any pleasant tasting powder or paste. At 18 months, baby will find he can poke at his own teeth, if not quite so competently, at least more enjoyably, and when he gets the hang of it the tooth-brushing habit will be established for life.

GUIDING YOUR CHILD

BAD LANGUAGE

By Mrs. Agnes Lyne

When we have taken pains to see that our child hears from us only such English as is correct and polite, it is something of a shock to have him come home one day with slang and vulgarity upon his lips.

We are pained, and perhaps angry. Very likely we check him sharply. We forbid the use of such expressions, we even threaten punishment if he continues to offend. And thus we take the worst possible tack.

The child may have used the offensive expressions without knowing what they mean, or realizing, even faintly, how they sound to our ears. He may be imitating some playmate whom he justly admires—for there are other virtues besides those of refinement and gentle breeding.

He may have spoken consciously and deliberately just to "get a rise" out of us, to see the fireworks set off by a bad word.

The less fuss we make about it the more likely we are to nip in the bud this profane, slangy or Rabelaisian tendency. If we are on good terms with our young offenders we may suggest that his expressions are unpleasant because they are fraught with vulgar connotations, that while we are not horrified we consider such language disagreeable. He will see the point.

But if at the time we are not on the best of terms with him it would be well to absorb the shock of his "language" in silence, allowing nothing to betray our real feelings. In this way we deny him the satisfaction he perhaps expects. Having produced no great effect, the fad of bad language will tend to diminish while the standards of the home reassert themselves.

Briefs in Film Scenario Tax Suit to Be Filed

At least eighty days will elapse before the first legal definition of a motion-picture scenario is written into California law.

This was indicated yesterday when the suit brought by the Universal Pictures Corporation against County Assessor Hopkins and Los Angeles county for a refund of $1139.80, paid in taxes under protest on film scenarios, was submitted on briefs before Superior Judge Bowron.

This means that the plaintiff in the action has thirty days in which to file briefs, then the defendant has thirty days to file an answer, and after that the plaintiff has another twenty days to prepare an answer to the defendant's answer—eighty days in all.

The action, pending since 1924, is the first of its kind in United States court history.

COUNCIL HEARS APPEALS

Council is scheduled to hear appeals today against the confirmation of the assessments for the improvement of Regent street between Hughes avenue and Jasmine street, Longfellow street between Avenues 52 and 54, White Oak avenue between Ventura and Burbank boulevards and Elm street between Isabel street and San Fernando Road.

Newsboy Club Survey Voted by Commission

After hearing a stirring talk from Irving Messenger, a former newsboy who put himself through high school and college, on the need for a recreation center in the central business district for newsboys, boot blacks, messengers and other working youngsters during their spare time, the Playground and Recreation Commission yesterday decided to come to the rescue.

The commission instructed Supt. Hjelte to investigate and present some plan whereby a Boys' Club may be located in the downtown district, with room for recreation, reading, showers and other conveniences, and report at the next meeting.

Messenger, who had been seeking aid from various organizations for establishing such a club, was brought to the meeting by Commissioner Weaver.

Los Angeles, Messenger asserted, is the only city in the United States of more than 250,000 population which has no recreation building for newsboys.

Sticky Raisins

Put the whole pack of raisins or dates into the oven for a few minutes before opening. Then the paper will not stick to the fruit and be hard to remove.

Change Sought in Firefighters' Working Hours

An amendment to the double-platoon ordinance providing ten-hour day and fourteen-hour night shifts for city firemen, so that the firemen will be permitted to remain on duty twenty-four hours and then have time off for a similar period, was requested of the City Council yesterday by the Fire Commission on recommendation of Fire Chief Scott.

At the present ordinance was an initiative measure which met approval of the voters, Council is asked to present the amendment on the June 4 ballot, with provision for legalizing the appointment of eight special details now on duty without specific authority. These details consist of the public relations bureau, fire prevention bureau, arson investigation bureau, fire college detail, storeroom detail, hydrant and water mains department, telephone operations division and mountain patrol.

NEW SHORTHAND CLASS

A new class in beginning shorthand is being opened this week at the Mt. Vernon Junior High School, Seventeenth street and Norton avenue. This course will be ten weeks long and will finish the book. Class meets on Monday and Wednesday at 7 p.m.

Children's Pets to be Exhibited

Los Angeles Playground children will display their pet animals tomorrow in a series of events arranged in celebration of "Kindness to Animals Week," according to the announcement of Supt. Hjelte of the Playground Department.

Pet shows and pet parades will take place at five playgrounds and similar events are being planned at other recreation centers. Prizes and ribbons will be awarded to the best entries.

The following is the schedule of pet parades and shows for tomorrow: Sawtelle Playground, 10:30 a.m.; Exposition Playground, 2 p.m.; Griffith Playground, 2 p.m.; Queen Anne Playground, 2 p.m.; Harvard Playground, 2:15 p.m.

Judge Denies Use of Court in Collecting

Declaring that the evidence showed the criminal courts were being used to enforce a civil contract by an automobile finance company, Municipal Judge McDill yesterday ordered the dismissal of grand-theft charges against Jack Harris. The dismissal was ordered on a motion made by Nathan O. Freedman, defense attorney.

Freedman disclosed that Harris was arrested on grand-theft charges when his contract for payment of the automobile became twelve days delinquent.

"It appears to this court that the finance company is using criminal prosecution as a club to enforce a civil contract," declared Judge McDill. "There is no place for such cases in this court."

Builders Score Delay on Garage

Complaint was made to the Fire Commission yesterday by Morgan, Walls & Clements, architects and engineers, that operation of a new garage at Western avenue and Ninth street, which had been approved by the Building and Safety Department, had been held up by the fire department as failing to comply with the fire ordinances.

President Werdin, of the commission, asserted "he was tired of having the Building and Safety Department approve structures which could not meet approval of the fire department under city regulations."

The complainants decided to take the matter up with the City Attorney for a ruling.

HIGH LIGHTS IN HISTORY 1318 The Story of the World War 88.—The Situation in Greece.

by J. CARROLL MANSFIELD

AT THE OUTBREAK OF THE WORLD WAR, GREECE WAS BOUND BY TREATY TO HELP SERBIA SHOULD THE LATTER BE ATTACKED BY BULGARIA, THEIR COMMON ENEMY IN THE BALKAN WAR OF 1913. HOWEVER, IN 1916 WHEN THE BULGARIANS, WITH THE GERMANS AND AUSTRIANS, INVADED SERBIA, KING CONSTANTINE OF GREECE, WHO SECRETLY FAVORED THE CENTRAL POWERS, INSISTED THAT HIS COUNTRY SHOULD REMAIN STRICTLY NEUTRAL.

PREMIER VENIZELOS AND THE BULK OF THE GREEK PEOPLE WISHED TO JOIN THE ALLIES. CONSTANTINE DISMISSED VENIZELOS, WHEREUPON THE LATTER SECEDED AND IN SEPTEMBER, 1916, SET UP A PROVISIONAL GOVERNMENT AT SALONIKA, WHERE AN ALLIED ARMY, FOR THE PURPOSE OF AIDING SERBIA AND THWARTING AN INVASION OF NEUTRAL GREECE BY THE CENTRAL POWERS, HAD LANDED IN THE FALL OF 1915.

BY FEBRUARY, 1917, THE ALLIES HAD SUCCEEDED IN EXTENDING THEIR LINES FROM SALONIKA THROUGH MACEDONIA UNTIL, MEETING THOSE ESTABLISHED BY AN ITALIAN ARMY OPERATING IN ALBANIA, THEY HAD CUT GREECE OFF COMPLETELY FROM THE CENTRAL POWERS.

JUNE 10, 1917, KING CONSTANTINE WAS FORCED TO ABDICATE IN FAVOR OF HIS SECOND SON, ALEXANDER. THE NEW KING WAS WILLING TO JOIN THE ALLIES. VENIZELOS WAS REINSTATED AS PREMIER, AND ON JUNE 30, 1917, GREECE DECLARED WAR ON GERMANY, TURKEY AND BULGARIA.

FRIDAY MORNING.

CLUB SESSION INSPIRATIONAL

Federation Programs Given at Pasadena Meeting

Huntington Library Visited by Women on Tour

Talks and Music Features Scheduled for Today

BY MYRA NYE

"To win honorably, to lose gracefully, to co-operate generously—these are the results of the education of the spirit," said Dr. Susan [illegible] Dorsey in her address, "Education and the Spirit," before the convention of federated women's clubs in Pasadena yesterday, Mrs. William [illegible] Hayden presiding.

"The business of education is one of the greatest of life's problems—greater even than government itself. Anything short of a distinct moral objective in education will not be acceptable to government and anything less can never long, much less inspire education. Only good men can make good citizens and the common business of education and government should be the fostering of good men. The purposes of all schools, all laws of education must work toward this end," said Mrs. Dorsey, whose address came under the federation division, education, of which Mrs. Martha Anna Clark is chairman.

AUTO TOUR MADE

The afternoon devoted to pleasure came midway in the three-day convention rather than at its close as has been the custom in other years. Mrs. C. H. Abernethy conducted 500 women to the Huntington Gallery and Library and an automobile tour of some 500 women over places of interest near Pasadena in charge of the conservation chairman, California history and landscape gardens. The highlight of the day's affairs was the press and patron dinner at the Hotel Maryland when Superior Judge Collier was the chief speaker, his subject being, "What the Spirit of the Press Means to the People." Representatives of the press spoke for their own newspapers on the subject, "The Spirit of My Paper." This was in connection with the theme of the entire meet: "It Is the Spirit That Giveth Life." Mrs. [illegible] Cage, who has served the past as press chairman for the past year and who planned for the meet, was ill and unable to be present. Her place was taken by Mrs. G. S. Jennings and Mrs. J. [illegible], as chairman of radio, presided. The program was broadcast over KFSG with the announcer for the station in charge.

PRESS SESSION

This evening the hostess club, the Ebell Shakespeare Club, presented through its music department a costume recital. A chorus and string ensemble were featured with other artists who participated Mrs. E. N. McAdam, Mrs. Powell, Mrs. Norman Hassler, soprano, Mrs. L. O. Eastman general chairman and assisting were Mrs. Burton Laird, Mrs. [illegible], Mrs. Edward McDowell and Mrs. Constance Jayred.

The speakers of the evening were:

BANQUET TONIGHT

The music, under the direction of the district chairman, Miss Lucy Wolcott, has been of a high order of merit throughout the convention. This afternoon Mme. Ellen Beach Yaw, prima-donna soprano, with Georgiella Lay at the piano, will give a musical recital preceding two addresses. Mrs. Lillian Burkhart Goldsmith will appear after a long absence from the lecture platform in address, "Woman Today, Yesterday and Tomorrow." Mrs. Alice Ames Winter, junior past president of the General Federation of Women's Clubs, will speak on "The Cup of Life."

The convention will conclude with the annual banquet tonight when nearly 1000 club women and their husbands from the five counties of the district are expected to be seated in the banquet room of Hotel Maryland.

ART STUDENT WINS INDUSTRIAL PRIZE

University Training Scores in Kitchen Sink Contest

This Idea Has Brought Her $300

Mrs. Helen Stangeland pointing out the advantages of her design of a modern sink that won third prize in a national contest.

ART students of the University of California at Los Angeles are turning to the application of artistic principles to domestic and industrial design. Mrs. Helen Stangeland having won third prize in the recent model metal kitchen sink design contest conducted by the Art Alliance of America for the International Nickel Company, and six other students being awarded honorable mention in the contest. Mrs. Stangeland received a cash award of $300, and the honor of being the only woman and the only person west of Pennsylvania to win a prize in the contest. Her prize-winning design will form part of a collection that will be exhibited throughout the country.

Of the six art students awarded honorable mention in the contest, Charlotte P. Little, Grace L. Huguinin and Grace Emerick, and Mrs. Stangeland have been asked permission to reproduce their designs in a booklet now being prepared by the International Nickel Company. Bernice Stewart, Dorothy Battey and Agnes Ginter are the others whose designs were given honorable mention.

All of the designs submitted from U.C.L.A. were the original work of students in Miss Annita Delano's class in industrial design.

Southland Has Gain in Airports

There now are 325 airplane landing fields on the Pacific Coast, according to the new directory just issued by the Standard Oil Company of California, which now is being received by local pilots. This is an increase of sixty new fields since the previous edition was published in June, 1928.

Southern California has eighty-four landing fields as compared to sixty-four last June, a much larger increase than is shown by the rest of the Pacific Coast. Rapid improvement in airport facilities is noted in the guide, particularly as to better lighting facilities.

RING GIVEN TO CHINESE BY ACTRESS

Miss Rubens Explains It is Not Wedding Band and Was Reward for Favors

The platinum ring found in the possession of Henry Tape, 25-year-old Chinese drug addict, and identified as the property of Miss Alma Rubens, film actress, was presented to Tape for favors while the actress was in the State Narcotic Hospital at Spadra.

Miss Rubens personally assured the authorities yesterday that Tape had a perfect right to the ring.

"Please explain," said Miss Rubens yesterday, "that the ring is not a nuptial band. It is what is known as a 'guard ring.'

"During my stay in Spadra Tape was an attendant in the kitchen and dining-room and numerous times went out of the regular routine to prepare special dishes for me, and usually saw that my meals were a little more palatable than the regular fare served other inmates.

"Patients are not allowed funds, so the next best thing I could do was to give him the ring. My mother is in possession of all my jewelry, which includes my wedding ring."

Miss Rubens was permitted only a few moments' conversation yesterday by the sanatorium specialists. She said she is still rather weak, but slowly improving and expects to be sent home within the next ten days.

Rites Today for Trolley Veteran

Funeral rites for Meredith T. Spencer, a California resident for sixty years and an employee of the Pacific Electric for thirty years, will be conducted at 2 p.m. today at the funeral chapel of Gates, Crane & Earl, 1724 North Highland avenue. Interment will be at Forest Lawn Memorial Park.

Mr. Spencer was 69 years of age. Born in New York, he came to California with his parents in 1869. Entering the employ of the Pacific Electric in 1899, he had been superintendent of the air-brake department several years. He was a member of the Masonic Lodge. His home was at 839 Larrabee street. He leaves his widow, Mrs. Nellie M. Spencer; one daughter, Mrs. Helen Spencer Moeller of Palos Verdes, and two sons, George B. and Meredith D. Spencer, both of Los Angeles.

Council Asked to Put Doctors on Ambulances

The co-operation of the City Council in the plan of Dr. Wallace Dodge, chief surgeon of the Receiving Hospital, to place doctors on all the city ambulances was requested in a resolution presented in the Council yesterday by Councilman Hall. The resolution was referred to the Council's Police and Fire Committee.

It is asserted in the resolution that victims of accidents have died en route to the receiving hospitals because of the absence of skilled medical attention. Most of the ambulance attendants now are police officers and, the resolution adds, "therefore not possessed of the necessary skill and knowledge."

If the resolution is adopted Dr. Dodge will be requested to notify the Council of the program necessary to place in effect his plan for replacing the present ambulance attendants with qualified doctors.

NEWS OF THE CAFES

"Syncopation Season" will start Saturday evening when the Roof Garden Cafe, located on the thirteenth floor of the American Storage Building, Beverly Boulevard, near Vermont avenue, is opened as Los Angeles' newest and most unique cafe.

The management plans to present an elaborate revue, featuring a number of smart cabaret novelties, while Bert Crossland's orchestra, famed as a radio and talking-picture organization, will furnish the dance music. A large number of motion picture and stage actresses plan to attend the new supper club's opening, among those who are expected to appear being Helen Ware, Frederick Burt, Richard Arlen and Jobyna Ralston.

THEY'LL WEAR WHOOPEE WIGS

Colored "whoopee wigs," latest novelty from the Folies Bergere, Paris, will be worn by the show girls at the Pom Pom, Hollywood, tonight in a new dancing number which will be added to "East of Suez," current musical revue. These wigs have been turned out by Mme. Sadye Nathan, Hollywood wig maker, from designs by Fabiano of La View Parisienne, and will be revealed in shades of royal nasturtium, Lido blue, spun silver and other vivid colors.

COFFEE SALON TO OPEN

Premiere festivities will attend the grand opening of the Roosevelt College Inn Thursday night, according to plans just announced. Carrying out the campus idea in its every detail, this intimate downstairs grill will be open into the wee small hours each morning.

The Roosevelt College Inn, a "coffee salon de luxe," promises to become one of the most favored spots in Hollywood. More than two months have been devoted to the preparation and decoration under the direct supervision of Sid Grauman, a vice-president of the Roosevelt.

HOME COOKING POPULAR

Since the recent inauguration of the policy employing only women cooks in Jahnke's Grill, on West Sixth street at Rampart Boulevard, business for that cafe has increased twofold, according to Carl Jahnke, proprietor. Real home cooking with delicious pies, cakes and puddings prepared in their own pastry shop are being served. Jahnke's Grill enjoys an excellent family business evenings and Sunday due to the moderately priced dinners served.

FILM PLAYERS HONOR GUESTS

Sally Eilers, moving-picture player, and Thelma Todd, leading woman for First National, will be honored guests at a colorful cinema luncheon given this noon at Mme. Helene's Paramount Tea Room. These luncheons have become popular with tourists because of the number of film players who lunch there, often in make-up, due to the close proximity of such studios as Lasky's, Tec-Art and R.K.O. Miss Eilers and Miss Todd will be accompanied by fellow screen artists as their guests.

STUDENT TO JUDGE DANCES

Collegiate night, to be celebrated at the Montmartre this evening, will be sponsored by Phi Kappa Psi Fraternity of the University of Southern California. Appearing as guest of honor, C. Herschel Bonham, Trojan student, will judge the dancing contest in which college students compete for the Montmartre trophy. Saturday afternon will be featured by another of the series of tango tea dances which are proving of such wide popularity. Alberta Vaughn and Adamay Vaughn, prominent film players, will sponsor the affair.

FORTUNE TOLD AT TEA

Situated on Hollywood Boulevard across from Grauman's Egyptian Theater stands a little green cottage, almost entirely hidden from view by the surrounding tall buildings. The cottage is occupied by the Bottom of the Cup Tea Room, owned and operated by "Peggy" Moran and Nantein Basten. Luncheons, afternoon teas and dinners are served daily and Sunday except Monday. A unique feature of the tea room is the reading of the patron's fortune either with cards or tea leaves by the clever hostess, Nantein Basten.

NEWLYWEDS HONORED

Mr. and Mrs. J. L. Snavely, bride and groom, were entertained this week in the Pollyana Tea Room on West Seventh street, opposite Westlake Park, with a wedding breakfast given by the bride's mother, Mrs. W. J. Dooly. Those present were Father Thompson, Mr. and Mrs. F. L. Carley, Robert Carley, B. Murphy, Ralph Flynn, Mary Foley, Mrs. Warren Garden, Janice Gardner, Ethel Sawyer, Mrs. Robert Hills and Mr. and Mrs. Roberts. The tables were decorated artistically with spring flowers.

CAFE'S POPULARITY GROWS

Situated in the heart of the theater and shopping district, Carl Jahnke's Coffee Shop in Ninth street, between Spring and Broadway, is becoming a Mecca for dinner engagements and after-theater gatherings.

ALUMNI CLUB PLANS DANCE

The Business Men's Club of Manual Arts High School Alumni will hold a dinner-dance at Beverly Hills Hotel tomorrow night. H. Arthur Mann, 356 North Laurel avenue, president, is making reservations.

WIDOW OF JURIST'S BROTHER SOUGHT

In a letter from United States District Judge Davis of St. Louis police of the missing-persons detail yesterday were asked to institute a search for the widow and son of Henry F. Davis, the jurist's brother, who died in the Panama Canal Zone the 9th inst. The widow, Mrs. Myrl Thomason Davis, the communication stated, formerly lived in West Los Angeles. Detective Lieutenant Ackley, detailed to investigate, reported he was unable to find any trace of her whereabouts.

COUPLE TO CELEBRATE

The golden wedding anniversary of Mr. and Mrs. Joseph Mesmer will be celebrated by the Los Angeles County Pioneers Society Sunday evening at St. Joseph's Hall, 1224 South Los Angeles street, 7:30 o'clock. There will be refreshments and entertainment.

Bank Robbery Suspect Held

Clarence W. Chase, 28 years of age, who jumped $10,000 bond while awaiting trial for his asserted part in the robbery of the Pacific National Bank at 5784 Melrose avenue July 12, 1926, according to police records, is reported in custody in Lawrence, Kan.

Chester Ward, alias W. C. Crockett, Chase's asserted partner in the robbery, now is serving a sentence of from five years to life in San Quentin, the records show. The bandits in the robbery obtained $1934.

Detective Lieutenant Trosper of the Hollywood division, who conducted the investigation which resulted in the arrest of Chase and Ward several weeks after the robbery, will leave to bring Chase back here, he stated yesterday.

POLICE GUARD QUITS FILM ACTOR'S HOME

Police guard was withdrawn yesterday from the home of Ralph Graves, motion-picture actor, 364 Hillside avenue, where a "death threat" had been received by telephone Wednesday night. Detective Lieutenant Wearne said he is convinced the phone call had been made by mischievous youths who have been annoying the neighborhood.

RABBI'S SERMON ANNOUNCED

"Does Civilization Need Religion?" is the subject of a sermon to be preached by Rabbi Isadore Isaacson at 8 p.m. today at the Methodist Church at Vine and Lexington streets, Hollywood. Dr. Isaacson also will discuss the campaign to raise $100,000 for a new building for members of Temple Israel. More than $50,000 already has been subscribed.

CLASS IN RADIO THEORY TO OPEN

Amateur Research Club Will Promote Instructions

Meetings Planned Friday and Monday Evenings

Los Angeles Experiment Attracts Interest

BY DR. RALPH L. POWER

Today the Amateur Radio Research Club starts a radio theory class which will meet hereafter each Friday and Monday at 8:30 to 10:30 p.m. at 823 West Forty-first street.

There will be lectures on the slide rule, theoretical radio, history of wireless, code practice, and other topics related to the activities of the amateur.

Except in commercial schools there has been no instruction of this type for several years, and the experiment of the radio club will be watched with considerable interest. Killian V. R. Lansingh will be the instructor and Morecroft's "Principles of Radio Communication" will be the class text.

It is anticipated that, as the class advances, the study will include a study of various oscillating circuits and vacuum tubes, the assembly of short and long wave sets, certain testing work and home problems.

ORIENTAL DANCING CLUBS QUIZ ASKED

The Police Commission and Chief of Police Davis were petitioned to make an investigation of dancing academies and clubs conducted by orientals in a resolution introduced in the City Council by President Bonelli yesterday and unanimously adopted. These establishments are licensed by the commission and the resolution asks that body to revoke the licenses if various charges against them are proved. The charges, as recited in the resolution, are that "young white girls are employed as dancing partners for males of the Japanese, Filipino, Chinese, and other oriental races," that "white men are not admitted to these places," and that "these establishments are not only fire traps, but are operated in open violation of the city's fire ordinances."

Ready—Set—GO!

That's the kind of Breakfast you want

The kind of breakfast that wakes you up all over. Tempts you with its *different* taste. Satisfies your eager appetite and starts you off on a happy day.

A Heinz Rice Flakes Breakfast!

Golden-brown little flakes of rice with a flavor like toasted nut-meats. Crispy. Crunchy. *Good!*

And good *for* you, of course. That goes without saying. For Heinz Rice Flakes have a special health quality due to a new, patented Heinz process of cereal-making. A process which transforms the natural roughage of the rice into a pure *cellulose* that acts as a gentle, *natural* laxative.

What a pity you didn't know before. But you *will* have these breakfasts from now on, won't you?

Public Talks Announced by Krishnamurti

The first of the public talks to be given on this appearance in America of Krishnamurti, Hindu philosopher protege of Annie Besant, international theosophist, will take place in the Oak Grove, Meiner's Oaks, just west of Ojai, tomorrow at 5 p.m. He will talk again at 10 a.m. Sunday. At corresponding hours he will speak at the same place on each Saturday and Sunday to and including May 12.

The Order of the Star, an organization formed to disseminate the teachings of the philosopher, will hold its annual congress in America there next month. Krishnamurti is head of it. His followers will come from various parts of America and the Old World to hear his discussions.

Removal Order on Mail Fraud Again Denied

For the second time the United States government failed in its attempts to have Frederick H. Whitfield, a Los Angeles attorney, removed to Portland, Or., for trial on a charge of using the mails to defraud. United States Commissioner Head yesterday ruled the government had not given good reasons why there was so much delay in the action. The original indictment was returned in Oregon nine years ago.

Asst. U. S. Atty. Armstrong said that today he will file an action for removal in the United States District Court.

The charges deal with the promotion of a liquid-air engine.

Red Heads to Vie Tonight in Shrine Event

Titian haired girls are enrolled to compete tonight in the beauty contest at Al Malaikah Temple. The red-head pulchritude event is but one of many features of a fashion show being conducted for the Shriners by Peggy Hamilton, fashion editor and style expert of The Times.

Many leading style women's fashions shops are competing in the style show, exhibiting numerous stunning style novelties. For the beauty feature of the show, the contestants will appear in bathing suits.

A children's beauty show is another event scheduled, while dancing in the pavilion adjoining the auditorium is to follow the judging. Priscilla Dean and Dorothy Mackaill have promised to act as judges. The entertainment was arranged by Illustrious Potentate LeRoy M. Edwards and Noble Joseph Musgrove, who announce that all Shriners will be admitted free.

Store Will Give Music Program

Dr. Bruce Gordon Kingsley will interpret the music for the last symphony concert of this season at Bullock's tomorrow at 10:30 o'clock.

Dr. Kingsley will also give several request numbers, among them "Don Juan," "Till Eulenspiegel," the overture from "The Meistersinger" and Franz Liszt's "Faust Symphony."

GERMAN CLUB ELECTS

At the general meeting of the German Club of Los Angeles the following officers were elected for the ensuing year: President, Siegfried C. Hagen. German consul at Los Angeles; vice-president, Dr. Werner Rammelt; secretary, G. E. Martens; assistant secretary, Ernest Seiler; treasurer, Karl L. Ratzer; directors, Dr. Konrad Burchardi, Emil Kirchner, William S. Martin and Hans Peters. The first entertainment of the season will be a spring festival and ball the 25th inst. at the Masonic Club, 623 South Grand avenue.

McNUTT'S ITINERARY ANNOUNCED

Legion Commander Will Arrive Tomorrow for Inspection of Posts

Councilman Ingram yesterday announced the itinerary in Los Angeles of National Legion Commander Paul V. McNutt, scheduled to arrive at the Grand Central Airport in Glendale at 4 p.m. tomorrow.

Commander McNutt, who is making a tour of inspection of the American Legion posts, will leave the Biltmore at 6:20 p.m. to lead a parade to the Chamber of Commerce Building, where a banquet is to be held at 7 p.m. Later he will attend a dance given by the Aqueduct Post.

On Sunday he will leave for the Sawtelle Hospital at 8 a.m., going from there to inspect the Hollywood Post clubhouse, after which he will return to the city and attend services at the Methodist Episcopal Church, where he will speak at 11 a.m. At noon he will attend a banquet in the South Pasadena Post clubhouse. From Pasadena he will leave for Monrovia, after which he will go to Huntington Park. He will leave the park at 2:45 p.m., going to the Glendale Airport, from where he will take off for Fresno at 4 p.m.

Two Policemen Held Not Guilty in Assault Case

Police Officers Kelly Kirksey and E. J. Romero yesterday were found not guilty by Municipal Judge Galbreth of assaulting Axel Hayrinen, cement contractor. Hayrinen charged that following his arrest without cause on March 1, last, at Fifth and Crocker streets he was taken to Central Police Station and beaten there by Romero while Kirksey looked on.

In handing down his decision, Judge Galbreth declared that he does not believe the testimony of Hayrinen, who, on the stand, identified Romero as the officer who assaulted him. William Kendrick, Jr., defense counsel, introduced twenty-six witnesses during the three-day trial. Among them were Capt. Bright of the Sheriff's office, Police Captain Bean and Deputy Sheriffs Poese and Gray.

Bright and Bean swore that Romero was on duty at the Sheriff's office on the night of the asserted assault and that he left there at 11:05 p.m. to go to Wilshire Police Station to get a prisoner. Poese and Gray accompanied him in an automobile and testified that they were en route from the Hall of Justice to Wilshire station at the time Hayrinen said he was being beaten.

Grade-Crossing Survey Sought

The State Railroad Commission is asked in a resolution introduced in the City Council yesterday by President Bonelli to co-operate with this city in making a comprehensive survey of the area traversed by the tracks of the Santa Fe Railway and the Los Angeles and Salt Lake Railroad between the Los Angeles River and Raymond Station with a view to the elimination of all dangerous grade crossings. The resolution was referred to the Council's Public Utilities Committee for report.

The resolution calls attention to the fact that the Railroad Commission has ordered the abandonment of passenger service over the Los Angeles and Salt Lake tracks between the river and Pasadena and says that the abandonment of the tracks altogether would eliminate a number of hazardous grade crossings.

Apartment Deal Results in Suit

All the way from England came J. L. Crown, only to pay $50,000 too much for his apartment-house, he testified in Superior Judge Smith's court yesterday.

Crown deposed that Ben Kagen and several other contractors agreed to sell an apartment-house to him for $160,000, representing that it cost $153,000. Later he found that it cost $110,000, and as a result filed suit. The defendants contend that the property will be worth $200,000 in a few years and suggest that Mr. Crown's old-world sense of stable values has prejudiced his valuation of the apartment.

Grocers Have Show Tickets

One hundred thousand partly paid tickets, each entitling the holder to attend the fifth annual Food and Household Show at half-price, yesterday were reported in the hands of members of the Southern California Retail Grocers' Association. S. M. White, president, said the tickets to the event, which will be held from Monday to the following Saturday in the Ambassador auditorium, will be distributed free to the grocers' customers for the asking.

He said there will be more than 100 booths, with several thousand firms represented.

Valentino Estate Tax Liens Filed

Two income tax liens totaling $64,103.63 were filed yesterday in United States District Court by Collector of Internal Revenue Welch against the estate of Rudolph Valentino, motion-picture actor. The two items are $28,191.24 for 1925 and $35,912.39 for 1926.

George Ullman, manager for Valentino, of 7211 Santa Monica Boulevard, is named in the liens as executor.

FOX ANNOUNCES THREE SPECIALS

Child Actress Chosen by M.-G.-M. for "Eva the Fifth;" Paramount School Graduate Will Be in "Lummox;" William Boyd Borrowed by United Artists

BY GRACE KINGSLEY

Leo Fall's operetta, "The Dollar Princess," will go into production shortly as a Movietone special at the Fox studio, with a notable cast from the New York stage. These actors will come west when shows in which they are appearing close down for the summer. "The Dollar Princess" was produced in Vienna several seasons ago, and was a sensational success. It has an American setting, and its music is said to be extremely good.

Elinor Glyn's "Such Men Are Dangerous" is another story which is to be made into a special by the Fox company. No cast is yet selected.

"The Man Who Came Back" is again to be produced, this time as a talker. The play has had a long life, starting as a stage melodrama something like fifteen years ago in New York, being played on the road and in stock for many seasons, produced as a picture by Fox ten years ago, later as a musical in New York, and now as a talking picture.

George O'Brien probably will be starred in "The Man Who Came Back."

Ben Stoloff, who is to direct "The Girl from Havana," will take his company, which he is now casting, to Panama to film many of the scenes. The players, director and cameraman will leave May 6.

M.-G.-M. FINDS CHILD FOR "EVA THE FIFTH"

When it came to finding an actress young enough and still clever enough to play the role of Oriole in "Eva the Fifth," Metro-Goldwyn-Mayer found themselves hard put to it.

After taking tests of dozens of young girl actresses, they finally have decided on little Nancy Price, 9 years of age, who is to have the title role, in support of Bessie Love, who, of course, plays Hattie, otherwise Eva the Fourth.

Miss Nancy has been on the stage and screen since she was 2 years of age. Of late, she has appeared in "The Doctor's Secret" and in "Orchids and Ermine."

Greg Blackton in "Lummox"

No contracts are yet signed, we hear, but we understand nevertheless that when Fannie Hurst's "Lummox" goes into production at United Artists' Studios, Greg Blackton, a young actor hitherto fairly unknown, will have the leading masculine role.

Greg Blackton was a member of the Paramount School of Acting established about four years ago by Jesse L. Lasky. He came West, and has been playing bits and extras, following his appearance in the Paramount school picture.

United Artists officials have taken many tests for the "Lummox" male lead, but evidently have made up their minds that Blackton is the best bet for the role.

Bill Boyd in "Locked Door"

Quite an exchange of players between United Artists and Pathe seems to be taking place these days. Now it is William Boyd, Pathe star, who is to be featured with Rod La Rocque and Barbara Stanwyck in "The Locked Door," which George Fitzmaurice will direct for United.

Boyd has just finished Starring in a Pathe feature called "High Voltage." He is scheduled to go into another as soon as he finishes "The Locked Door."

Beth Laemmle With M.-G.-M.

Just to show you that Beth Laemmle is a good actress in her own right, and doesn't have to depend on her Uncle Carl for a job, we are pleased to announce that Miss Laemmle has been signed by Metro-Goldwyn-Mayer for a nice part in the "M.-G.-M. Revue of Revues," which later, we hear, is to be renamed "The Hollywood Follies."

Miss Laemmle studied classic dancing for some time, and has appeared in a number of Universal pictures. This is the projects.

her first engagement, we believe, away from U.

Ralph Ince Arrives Today

Ralph Ince, director, is to arrive in Hollywood this morning following the completion back east of a Columbia picture starring Bert Lytell.

He will at once start work on another Columbia feature, "Hurricane," in which Ince will act as well as direct. Hobart Bosworth has another important featured role.

Merna Kennedy Renews

The wolf is to have no chance at Merna Kennedy's door for some time to come. Universal is seeing to that by signing Miss Kennedy on a new long-term contract with increased salary.

Miss Kennedy at present is playing opposite Reginald Denny in "Companionate Marriage." It is not known what her next picture will be.

Robert Ellis also was signed yesterday on a long-term contract by Universal.

Ethel Jackson on Stage

That charming young actress, Ethel Jackson, who played several small parts in pictures at the Metro-Goldwyn-Mayer studios, is going to try her hand at stage acting.

She will make her stage debut at the Vine Street Theater next week in "Tons of Money," starring Franklin Pangborn, who is just completing his engagement at that theater in "Broadway."

Lois Wilson an Extra

Lois Wilson, stage and screen star, turned extra girl last night and appeared in three scenes filmed on the sound stages at the Paramount studios. Her salary was a star's and a director's smile.

Miss Wilson was visiting Ruth Chatterton, being featured in "The Marriage Holiday," when Director Robert Milton called the principals before the camera. Miss Wilson was apparently forgotten in the excitement of the scene, which showed Miss Chatterton and William Powell at the races.

When the rushes were shown to B. P. Schulberg yesterday, he espied Miss Wilson among the extra throng. For a lark she had joined the extras and cheered with the $10-a-day players.

Former Officer Held for Trial in Theater Hold-up

James J. Davis, former Los Angeles policeman and ex-convict, was ordered held for trial on robbery charges by Municipal Judge Ambrose yesterday at the conclusion of his preliminary hearing. Bail was ordered in the sum of $30,000.

Davis was arrested by police following a hold-up of the Mar-Cal Theater, 6021 Hollywood Boulevard, on the 8th inst., in which his asserted fellow-bandit, John Gazick, was fatally shot by Police Officer James Alexander. The two escaped in an automobile after a gun battle. Davis was captured at Avalon Boulevard and Forty-seventh street after abandoning Gazick's body near there.

Art Acord Files Bankrupt Plea

Art Acord, cowboy cinema actor, who gave his address as Los Angeles, yesterday filed a voluntary petition in bankruptcy. The hero of western films stated that he will file a list of liabilities and assets within ten days.

GRADUATES PLAN DINNER

About 400 students of the Los Angeles College of Law, it was announced yesterday, are expected to be present at the graduates' annual farewell dinner to the class of '29 at the Mayfair Hotel, May 18. Officers of the class are, Abner W. Bandler, president; Harry G. Whitmore, vice-president; Frances Schmidt, secretary-treasurer, and Max P. Perrin and James J. Shea, delegates to the board of bar governors.

ORDINANCES ADOPTED

Ordinances of intention were adopted by the City Council yesterday for the improvement of Crestwood Way between Annandale Boulevard and Crestwood Terrace, Lyric avenue between St. George street and Monon street, and One Hundred and Sixth street between Wilmington avenue and Santa Ana Boulevard. May 24 was set as the date for hearing protests against the projects.

"TORTURE BANDITS" GUILTY

Jury Returns Verdict Against Dayly and De Hoog; Former Subject to Life Imprisonment

Walter Dayly and Roy De Hoog, asserted "torture bandits," were found guilty by a jury in Judge Murray's court late yesterday on one count each of first-degree burglary and two counts each of first-degree robbery. The judge set next Monday as the day for sentence.

In admitting three previous convictions on felonies Dayly becomes subject to life imprisonment without the prospect of parole, under the habitual criminal law, according to Dep. Dist.-Atty. Aggeler, who prosecuted. The asserted unlawful acts being accomplished with the aid of a deadly weapon, requires the imposition of a sentence on each count of not less than seven years, according to Aggeler. De Hoog faces a possible sentence of from twenty-one years to life if sentences on the three counts are ordered to run consecutively, according to Aggeler.

The jury retired at 3:12 p.m. and returned with a verdict in an hour and ten minutes. Following the verdict the Deputy District Attorney made a motion to remove from the calendar a State Poison Act charge pending against Dayly.

The men were charged with entering the home of Mr. and Mrs. Abraham Zacharonsky at 1537 West Twenty-ninth street on January 23, last, and robbing them of diamonds and cash valued at several thousand dollars, after torturing them to compel them to reveal the hiding place of the valuables.

Taking the witness stand during the trial Dayly, who acted as his own attorney, admitted his guilt and declared De Hoog was not the man who helped him in the robbery. De Hoog admitted a previous conviction of a felony in 1917, according to the prosecution.

DIX CANNOT TELL LIE AT PARAMOUNT

"Nothing But the Truth" Heard from Screen; Old Farce Talkified

BY PHILIP K. SCHEUER

Closely imitating in structure and content the stage success of fifteen years ago, "Nothing But the Truth," a farce comedy, was shown on the screen at the Paramount Theater yesterday. It presages, beyond peradventure, the revival of a host of similar plays which, thanks to the movies, may claim an endlessly new lease on life. Jazz up the dialogue and they'll never know the difference.

Naturally, "Nothing But the Truth" depends on this dialogue for nine-tenths of its effectiveness. The almost inevitable result is an excessively talky series of scenes in which the big action moments are confined to a character's crossing of his left leg with his right, and the equivalent of a sweeping climax achieved when someone walks out of one room into another. One felt that cheeky little Helen Kane had hit upon the ideal theme-song for the picture when she sang, in the cabaret sequence, "Do, Do Something!"

Judged purely by its articulate powers, the film is agreeable enough. Richard Dix is surrounded by a cast of well-known and respected troupers from the realm of the footlights; the speeches which William Collier, Sr., has put into their mouths are provocative of frequent chuckles; and the pert piping of the already mentioned Miss Kane is never allowed to be lost in the shuffle. Yesterday's audience, appreciative of small favors, hailed these delightedly.

Although the fact is obviously not so if one is to believe one's own eyes, the voice of Richard Dix sounds constantly as it would if it were struggling through tightly pursed lips—a curious effect. Others among the talkers fare better, among them Burton Churchill, the inimitably solemn Ned Sparks, Dorothy Hall and Louis John Bartels, whose famous "Show-Off" laugh drifts in from offscreen at least once. Also in the cast are Madeline Grey, Wynne Gibson and Nancy Ryan.

The story is built upon the rash wager made by Dix—as one of the partners in the brokerage firm of Burke, Connelly & Bennett—that for twenty-four hours he will tell the truth, the whole truth and nothing but the truth. The subsequent feverish efforts of those who have accepted his bet to give him the lie lead to a night club, to Burke's home and to the near collapse of his romance and all his dreams of the future. At the finish, just as they always do on the stage, everybody enters from right, left and rear and waits for the denouement. It comes, and the film is over.

Victor Schertzinger, directing, has kept his camera moving backward and forward in a commendable effort to simulate motion. The picture, a Paramount, was made under Monta Bell's supervision.

The Paul Oscard-Raymond Paige presentation of "Nevin's Melodies" rates as more artistic than the Publix show, "The Magic Rug." The Nevin melodies are symbolized in various tableaux, of which the most impressive is a devout conception for "The Rosary."

A talented pair of adagio dancers, Emilie and Romaine, and Joseph Griffin, tenor, prove worthiest in the Publix offering. Others are Starr and Rollo, Burns and Kissel, Harry Johnson and the Foster Girls.

LAUGH TEAM RIOTOUS HIT AT LOEW'S

Clark and McCullough Win Plaudits; "Barker" Brought Downtown

When two such genial gentlemen as Clark and McCullough consent to grace the stage of Loew's State Theater, it seems a certainty that the stage offering will be no mere "prologue" but an offering of merit of its own. Such is the case this week.

These two rotund and mildly benign in appearance, but packing an awful wallop in their quips and sallies, walked briskly to the front of the rostrum at Loew's State yesterday and proceeded to deal gently but ironically in speech and song with the ways of politicians and affairs of state. The audience did all but roll on the floor. Messrs. Clark and McCullough, nothing daunted, continue with their sallies at the expense of the cream of the nation—Rube Wolf's Orchestra keeping up the proper tum-te-rah—boom-boom accompaniment.

Perhaps the appreciative reception accorded these comics may in part be accounted for by the good humor the audience was in due to a preceding stage offering, "Wheels" from Will Ritchie & Co. Mister Ritchie had such a collection of bicycles as has never been seen before. They were double-barreled, antiques, collapsible, form-fitting—of every type. Mister Ritchie rode them. He fell from them. They fell into parts, from under him. Mister Ritchie's costume, that of a gentleman of careless fashion of the Gay Nineties, added much to the "qui vive" of the occasion.

In addition there were dancers from the Fanchon and Marco chorus disguised as lovely ladies, and roguish-faced youths dressed in the height of fashion of forty years ago. One of the smartest chorus numbers climaxed the offering. It brought a troupe of the girls, this time in modernistic chorus dress, performing maneuvers adroitly and strikingly on the wheels.

The feature picture of the week is "The Barker," colorful, clamorous story of carnival life, which has already been shown at the Carthay Circle and reviewed in these columns and is now in its first downtown showing at Loew's.

"The Barker" is synchronized with sound and some of its sequences are in dialogue. It is one of the excellent pictures of the season and presents Milton Sills in the leading role of the carnival barker or spieler. Douglas Fairbanks, Jr., plays the role of Sills's son, while Betty Compson and Dorothy Mackaill have the two featured women's roles. George Fitzmaurice directed for First National from the stage play by Kenyon Nicholson, adapted for the screen by Benjamin Glazer.

PASADENANS SEE "EVA THE FIFTH"

"Uncle Tom" Company Glorified in Barnstorming Comedy at Community

BY KATHERINE T. VON BLON

That drama-wise and astute gentleman of the theater, John Golden, has with the able connivance and contrivance of one Kenyon Nicholson, concocted a mirth producer of no mean proportion in "Eva the Fifth." I do not know whether Mr. Golden is a student of numerology or not, but he must somehow believe in the magic of numbers. Witness "Two Girls Wanted" and "Seventh Heaven" and others which I could name of numerical title. Anyhow, if there is necromancy in five, it must signify rollicking merriment, for "Eva the Fifth" is rocking the house with laughter at Pasadena Community Playhouse, where it is romping right lustily over the boards.

This opus of the genus Americanus would indeed earn the gibes of one H. L. Mencken, since it is a glorification of the "Uncle Tom's Cabin" companies of an earlier day which "Eva the Fifth" essays. If all the hokum and traditional pyrotechnics of the theater have been utilized, the authors are perhaps but following in the trail blazed by those pioneering barnstormers which they depict with such excruciating accuracy. At this moment the public mind is manifesting a singular curiosity as to backstage goings-on, and the play strikes a note which is particularly opportune.

In the good old days there were companies which prided themselves upon their exclusiveness, and interpreted this patrician feeling by limiting their repertoire to the hardy old perennial "Uncle Tom's Cabin."

In these companies there was a tradition that "Little Eva" should be the especial prerogative of a certain family of thespians, and as such be handed down even unto the fourth and fifth generation. Hence the title.

The denouement is a riot of fun. That irresistible little blond, Ruth Covell, as the incorrigible sister was delicious at the moment when as "Little Eva" in the death scene finds herself suddenly stricken with terrifying pains and nausea from too many chocolates. This is the climax of an evening of unalloyed merriment, and Miss Covell played no small part in the success of the evening.

Marion Clayton with her spirited loveliness played the part of Hattie Hartley for all it was worth and was just as temperamental and "hard boiled" as she should have been. George Reis gave a splendid account of himself as the lovable Mal Thorne. His characterization was virile and convincing. As the small-town admirer of Eva, Richard Menefee contributed work which was humorous and finely drawn. Jerome Coray as the aged actor of the company was also clever.

COMEDY OF HOLLYWOOD

"Son Kissed," described as a sophisticated comedy drama of Hollywood life by Charles Enfield Ramsay, will be presented at two performances at the Cordova Play Shop Saturday evening. The performances will begin at 8:15 and 11:30. Included in the cast are Alan Paull, Frances Waymire, Eva Young, Russell Schofield, Robert Pontany and Evelyn Lois Lester.

VAMPIRE PLAY COMING BACK

O. D. Woodward announces a popular revival of the international vampire thriller, "Dracula," with the Hungarian star, Bela Lugosi, Monday night at the Hollywood Music Box. Since its presentation here last year at the Biltmore Theater, the "Dracula" company has been performing continuously in other cities, including Chicago, where the piece is still running.

Lugosi leaves the Chicago troupe to appear here.

"Syncopation" Queen of the Day

Dorothy Lee

Is prominent in a specially recruited cast which features Waring's Pennsylvanians, Morton Downey, Barbara Bennett and others, on the screen at the Fox Criterion Theater today. "Syncopation" is a Radio picture. Photophone recorded.

"MAKING THE GRADE" HARD JOB

Whoever named the production at the Fox Boulevard Theater this week, "Making the Grade," could have saved himself a lot of trouble by just borrowing a "ready-cut" one from Shakespeare. "Much Ado About Nothing"—for no more appropriate title could be found for this new film featuring Lois Moran and Edmund Lowe.

"Making the Grade" is really nothing more than three short subjects which might, for the sake of convenience, be designated "His First Public Speech," "His First Tuna" (on the hook, of course,) and "His First Welfare Work." Which of these three you like the best, if at all, depends upon your individual taste. If embarrassing moments are your weakness, go in time to see the episode about the speech (this one is talkie.) If slapstick is your forte, the welfare portion of the program might appeal. And if you like the "tang of the sea," all mixed up with tuna and fishing tackle, it is quite possible that you will derive a second-hand thrill from watching Edmund Lowe pursue and capture a very obstinate "chicken of the sea."

This feat and others must be accomplished by Eddie before the girl, played by Lois Moran, consents to become his bride. This is all clearly understood early in the unreeling.

He falls in every instance, however, and the girl marries him, anyway, all of which brings up the question as to just why she didn't marry him when he first returned from Europe, and thus have saved him the trouble of fishing, speeching and welfaring.

In spite of the handicaps looming on every side, Lowe's comedy was good. Lois Moran's opportunities were limited. Lucien Littlefield scored in a bit of pantomime offered late in the production.

The story is by George Ade, directed by Alfred Green.

In addition to the feature picture the Boulevard offers a talkie comedy and a Fox Movietone news reel.

HEIFETZ ART REVEALED IN NEW ASPECT

Impressionist Composers Are Violinist's Best Medium of Expression

BY ISABEL MORSE JONES

Jascha Heifetz and Isador Achron pleased a large audience at the Auditorium last night—an audience quite personally interested in the young czar of the violin because of his Hollywood connections. His performance was artificial, the program typical of Heifetz. The first half was devoted to classic Italian, Bach and old French preciosities. The frothy Ernst concerto was idealized into a showpiece for amateur listeners and the concert concluded with a lighter group of diversified and charming numbers which suited the Heifetz temperament. Achron is an impeccable accompanist for this elegant stylist of the violin.

The concert began with Locatelli sonata, cold, exquisite, brief and chaste. The first Adagio from the six Bach sonatas for violin alone and the prelude of No. 6 with the fine Kreisler accompaniment, were then played in a way to make violin students gasp with admiration. Heifetz's Bach would be more human with a few technical flaws. The intricate prelude was taken at a terrific pace which made it a feat, and it was not notable for shapeliness on the part of the soloist. The honors of direction, rather, belonged to the pianist.

The Rameau Rigaudon arranged by Heifetz was a dainty delicacy with more than a suggestion of modernistic modulation. It was skillfully harmonized and altogether charming. The group closed with a little mill story by Couperin arranged by Michael Press which proved Heifetz with another stunt piece.

There is not enough excuse for performing the out-moded Ernst concerto before a sophisticated concert audience. Much of it is dressed up sentimentality and its repetitions and length are wearisome.

Of the last group, Ravel's Habanera pleased me utterly. The poetry of Ravel inspires Heifetz to respond with some of his finest playing and that is very fine playing, indeed. Later, Debussy's "maid with the flaxen hair" seemed to set in motion the same inner vibration and the result was perfect art.

"Interlude" to Close Earlier for Road Tour

"Strange Interlude" is to close its engagement at the Biltmore Theater a week from tomorrow, the 27th inst. Though it was announced last week that the run would continue a week longer than this, extending through May 4, the Theater Guild of New York has decided to curtail the engagement in order that the play may be given in several of the smaller cities in the northern part of the State before the end of the season, at which time the company now at the Biltmore will return to New York.

Nyiregyhazi to Play Concerto

Tonight's program of the Woman's Symphony Orchestra at the Philharmonic Auditorium will be more than of passing interest to local devotees of good music.

Conductor Henry Schoenefeld has again arranged a brilliant program, the outstanding number of which will be the appearance of Erwin Nyiregyhazi, gifted young Hungarian pianist, as soloist in the Schumann piano concerto in A minor.

Ruth St Denis Dancing Today

Ruth St. Denis, distinctive and individual dance artist, will be seen once again on the Figueroa Playhouse stage in a unique program, this afternoon under the management of L. E. Behymer.

WANT-AD RATES

EFFECTIVE DECEMBER 1, 1928

Rates for consecutive insertions: consecutive times, 24c Daily; 28c Sunday; 7 to 29 consecutive times, 22c Daily; 25c Sunday; 30 consecutive times, 20c Daily; 23c Sunday; 3 consecutive times, 15c Daily; 20c Sunday; ONE TIME, 15c Daily; 20c Sunday.

Advertisements not to rule-holder rates on application.

Advertising rates from outside of Los Angeles on application.

MINIMUM CHARGES 2 LINES

The minimum charge for any ads count averaging more than 5 letters to the word. Ads containing more than 5 letters are charged for at the rate of the number of words.

Advertisers should retain receipts given by the times for payment of want ads, as no allowance will be rectified without them.

Cancellations of advertisements before appearance cannot be guaranteed to take effect until after the first appearance of the advertisement. Countermands must be received by 9:30 p.m. for daily issue and 4 p.m. Saturday for Sunday issue. Cancellation of advertising running consecutively after the 4:30 p.m. cannot be noted below.

Rates for display advertising will be furnished on request.

The Times will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one time.

In case of omission or incorrect publication of advertising will be rectified only by cancellation of the charge made for the service rendered.

Display, 6 p.m., is closing hour for all ads for the early issue of the Sunday Times. Closing hour for the final and complete Sunday Times is 8:30 p.m. Saturday. Classified Ad Section is Saturday 12 noon. Cancellation of all advertisement running consecutively after this hour may be accepted after this hour.

OCCIDENTAL DAY MADE NOTABLE

Ground Broken for New Music Building

Forty-second Anniversary Likewise Observed

Throng at Dinner-Reception; Gifts Announced

Ground was broken yesterday afternoon at the forty-second anniversary of Founders' Day at Occidental College for a new music building, construction on which will commence next month to be ready for occupancy by the opening of the fall semester in September. Participating in the ground-breaking service were Dr. Remsen D. Bird, president; Alphonzo E. Bell for the board; Prof. Walter E. Hartley for the faculty, Lyle McAllister, student president; Fleda Brigham, women students president, and H. C. Chambers, representing Myron Hunt and H. C. Chambers, architects for the building. This structure, costing $45,000, represents the first unit of a music quadrangle and chapel building program, which has been planned by the board of trustees. It will contain the offices and practice rooms for the music department and an organ studio capable of serving as a small chapel.

At the meeting of the board of trustees yesterday afternoon two new trustees were elected. Frank N. Bush, vice-president and general manager of the Southern California Telephone Company, who has served three years as an alumni trustee, was elected as permanent trustee. Mrs. Elizabeth Clapp McBride of Pasadena is the other new trustee. She also is an alumna, class of 1919, and has been chosen by the board to succeed the late Mrs. David B. Gamble. She is the daughter of Dr. E. P. Clapp, who has been for many years a trustee of the college and a grand-daughter of Mrs. Matthew Norton of Pasadena, long a friend and benefactress of the college.

THRONG AT RECEPTION

More than 300 attended the Founders' Day reception and dinner in the College Union. On Founders' Day a year ago announcement was made of the gift of funds for the erection of this College Union. That building was financed wholly and erected last year and many returning alumni viewed it for the first time last evening.

At the evening gathering in Alumni Hall a candle-lighting service commemorating the founders and friends of the college followed the academic procession of the faculty. Mrs. R. W. Cleland, J. Hartley Taylor, Prof. Walter E. Hartley, Lucille Jackson and Kenneth Holland participated.

The Founders' Day address on "The Writing of History" was delivered by Dr. Max Farrand, director of research at the Huntington Library and Art Gallery, who last year received an honorary Doctor of Laws degree from Occidental.

GIFTS ANNOUNCED

President Bird announced a special gift from Mrs. Calvin Pardee of Philadelphia for the further beautification of the campus. Much credit for the present attractiveness of Occidental grounds is due to Mrs. Pardee, who made the first contribution many years ago for this purpose and has contributed annually, according to Dr. Bird.

A new tennis court, thoroughly modern in construction and equipment for the exclusive use of women students, has been made possible by an anonymous gift. Dr. Bird further announced that the board of trustees will assemble certain otherwise undesignated bequests and gifts made to the institution by Mr. and Mrs. David B. Gamble, and establish thereby the David B. and Mary H. Gamble Foundation. The income from this foundation shall be devoted to the interests of the department of religion at Occidental College, at the head of which is Prof. J. Hudson Ballard, Ph. D. The professor at the head of the department shall be known as the Gamble professor. The amount of this foundation, by virtue of these gifts so assembled, is $150,000.

HISTORIC SHOVEL USED

The shovel that lifted the first earth at the ceremonies yesterday has been used to break ground for every building erected on the campus since 1913. The buildings for which the implement has served are: Johnson Hall of Letters in 1913, Fowler Hall of Science in 1913, Patterson Stadium in 1914, Men's Dormitory in 1914, President's Home in 1921, Clapp Library in 1924, Orr Hall in 1925, Alumni Gymnasium in 1926, Greek Theater in 1926, Erdman Hall in 1927, College Union in 1928, and the Music Building in 1929. Eight units have been added to the college since the beginning of the administration of Dr. Bird as president in 1921.

OLD-FASHIONED HUSBAND FOUND

He Balked at Her Bobbed Hair, Says Wife in Plea for Divorce

Jason W. Swind is one of those old-fashioned husbands who never has become reconciled to the present-day fashions in women's dress and bobbed hair, according to Mrs. Lulu M. Swind, who appeared before Superior Judge Dehy yesterday asking for a divorce.

"I bobbed my hair, like other women, and my husband got so angry he refused to eat at the same table with me for two weeks," Mrs. Swind testified.

OIL CURBING PLAN BEGINS NEXT WEEK

Twenty-four Fields in Southern California Will Reduce Output Monday

The oil-curtailment program for twenty-four fields in Southern California will be effective Monday, according to an announcement yesterday by Umpire F. G. Van Denise.

More than 600 printed orders are in the mails today on their way to the various operators in these fields, giving the number of barrels to be reduced and information relating to the curtailment program.

The area affected in the first general order is all that south of Watsonville. Production figures for February were used to determine what the reduction for this area would be. There were 663,481 barrels of oil produced daily in the twenty-four fields during February. This will be reduced to 530,313 barrels, as of the 1928 production level.

The curtailment schedule is yet to be prepared for the San Joaquin Valley operators. It is reported that 15,000 barrels is the total reduction for this area, but there may be a slight revision. Mr. Van Denise will have completed by May 1, he said, the necessary details for San Joaquin Valley, at which time the general order will be issued for that area.

MAGIC TO BE FEATURE

Entertainment Set for Sunday by Society of Magicians

Ancient and modern magic is to be demonstrated at the entertainment of the Los Angeles Society of Magicians on Sunday evening in the Figueroa Playhouse. The society is composed of amateurs and professionals and its entertainments are for the purpose of raising funds for charitable and benevolent work. T. Roy Barnes is announced as the master of ceremonies.

Entertainers announced are Arthur Valli, crystal gazing; Sid Marion, ventriloquist; L. O. Gunn, magic; Bill Brown's missing link; Frank Allen & Co.; Siamese sword box; Baby Gloria, Frank Fewins and Ed Lutz. Officers of the society are Frank Fewins, president; W. H. Brown, vice-president; Arthur Valli, secretary, and Alex T. Williams, treasurer.

SPANISH LUNCHEON TO BE CLASS TOPIC

Mrs. Mabelle (Chef) Wyman's recipes today will give her class several suggestions for serving at a Spanish luncheon. Following is the program: Cheese custard pudding, Spanish creamed eggs, Spanish brown cake, peanut patties and macaroni in jelly. Classes are held every Tuesday and Friday beginning at 1:30 p.m. in the Southwest Building, 130 South Broadway. There is no admission fee.

LODGE WOMEN TO BE GUESTS

Members of the Associate Matrons Association, Order of the Eastern Star, will be guests at a theater party to be tendered them tomorrow at the Figueroa-street Playhouse, by the Conductresses Association. They will assemble outside at the theater at 1:45 p.m.

PHYSICIAN USES PLANE TO WIN RACE AGAINST DEATH

A faint smile and a scarcely audible "Daddy" greeted Dr. C. C. Harrod of Littleton, Colo., at the end of a race with death yesterday. The physician, anxious to reach the bedside of his 2-year-old daughter, Shirley Lenore, who is reported dying of pneumonia at the Children's Hospital, flew to Los Angeles from Salt Lake City after a journey of more than 500 miles by rail.

DR. C. C. HARROD

Awaiting him at the Western Air Terminal were his wife and brother-in-law and two motorcycle officers, who led the way to the hospital with sirens demanding the right of way.

The mother, almost frantic as she awaited the arrival of the plane bearing her husband, collapsed in his arms as he stepped from the plane and asked if the little one still was alive. When informed that she was the father leaped into the waiting car and the trip to the hospital was made in ten minutes.

The child developed pneumonia several days ago while visiting with her mother at the home of Mr. and Mrs. Ray Hudson, 2760 Clearwater street. Two days ago her condition became alarming and hospital physicians advised notifying the father. This was done and Dr. Harrod started for this city, traveling by train to Salt Lake, where he boarded an air-mail plane at noon yesterday.

Word from the hospital last night said the child's condition is extremely critical.

SHE'S BACK ON COAST SO HE'S SMILING NOW

Lupe Velez and Gary Cooper

Gary Cooper wore his first smile in several weeks yesterday. Lupe Velez, Mexican film actress, is back in Hollywood. When she leaped off The Chief on its arrival in the morning she landed right in the outstretched arms of the towering Cooper.

"Oh migosh I'm glad to be here—right here in your arms again," she cried.

Gary and Lupe then joshed about their engagement and wedding so oft rumored, but they did say "maybe" this time.

While Miss Velez was making appearance in the East, Cooper remained here. Their phone bills while she was away were sufficiently large, according to friends.

Film Actress Leaves for East to Wed

Phyllis Haver, who won her fame in motion pictures as a Mack Sennett bathing beauty, slipped quietly out of Los Angeles on Wednesday for New York where she is to be married the latter part of the month to William Seeman, wealthy Eastern merchant. She is accompanied by her mother.

PHYLLIS HAVER

Prior to her departure for the East, it was said the wedding date had been fixed tentatively for the 24th inst., but Miss Haver failed to confide in her friends before leaving just when the ceremony will take place. She took with her a Hollywood-bought trousseau.

The wedding which is to be solemnized by Mayor Walker of New York at the home of Rube Goldberg, comic strip artist, will end her film career, which she is giving up for marriage. While she has not yet closed her home here, her friends declare she plans to live in New York. It is probable her mother will return to the home here.

Miss Haver brought her picture career to a close by an appearance opposite Lon Chaney at Metro-Goldwyn-Mayer. She was released from a long-term contract by that company to pave the way for her marriage.

Sally Eilers Troth Broken

The engagement of Sally Eilers to William Hawks, a broker, is broken, according to an admission made by the Wampas Baby Star last night.

SALLY EILERS

"It just didn't work out happily," Miss Eilers said in verifying the reports she had returned a large diamond ring to Hawks, brother of Kenneth and Howard Hawks, prominent motion-picture figures at the Fox lot.

The engagement between Miss Eilers and Hawks was announced a number of months ago. Shortly after she gained recognition at the Mack Sennett lot her engagement to Matty Kemp, film actor, was reported, but this, too, was broken off. She was a 1928 Wampas star.

"I'm going to devote all of my time to pictures and forget about marriage," she said last night. "It's too easy to get a reputation in Hollywood of being engaged too often."

Commander Byrd's South Pole Flight Puzzle

$375 Cash Prizes

You can start to solve this educational and fascinating puzzle with any installment. The entire Byrd Flight Puzzle will be printed in this column, adding an installment each day until eighteen chapters have been published. No answers may be submitted until the entire puzzle has been published. Substantial cash prizes are offered for the best set of answers. In each line there is a missing word, the key to which is given you in the explanatory phrase. Look them up in the atlas.

RULES FOR COMMANDER BYRD PUZZLE

1. The Commander Byrd South Pole Flight Puzzle Contest is open to everyone, except employees of the Los Angeles Times and their families. It is not necessary to be a subscriber to The Times.
2. To the person submitting the nearest correct, neatest and best-presented list of answers a prize of $100 will be given. The second prize will be $75; third prize $50. There will be four prizes of $25 each and five prizes of $10 each for those in 4th to 12th place, inclusive.
3. In event of a tie, duplicate prizes will be given to each tying contestant.
4. No contestant is allowed to submit more than one set of answers, and but one set will be accepted from any one address. The name and address of the contestant must be written plainly on the entry.
5. An entry with insufficient postage will not be accepted. The Times cannot be responsible for delay, loss, or non-delivery of entries. No contribution entered in this contest can be returned. All entries must be sent by mail.
6. This competition opens April 7, and closes April 27, the final installment of the puzzle will appear April 23. Contestants will be allowed four days additional thereafter to prepare and submit their answers. Al answers must be postmarked before midnight, April 27, 1929, to be eligible for a prize. Address all entries to the Puzzle Editor, care of The Times, Los Angeles, California.
7. The judges will be a committee appointed by The Times, and their decision will be final. Announcement of winners will be made in The Times as soon after the close of the contest as possible.
8. Acceptance of these rules is an express condition of entry.
9. Two or more people may co-operate in answering the puzzle, but only one prize will be given to any one household or to any one group.
10. Answers may be submitted in any form desired, though preferably on white paper, size 8½x11 inches. Write on one side of paper only. Neatness will be a factor, next to correctness in the judging.

London Will See Mrs. Leighton's Indian Paintings

Nine superb specimens of the paintings of Mrs. Katherine E. Leighton, California's distinguished woman painter of the American Indian, will be exhibited in London shortly by Vose, Philadelphia art connoisseur.

Mrs. Leighton will leave tomorrow for New York, where she will embark for the exhibition and also for a seven or eight months' tour of Europe, studying and perhaps painting some as she travels.

Some of the great Indian chiefs of her time have been subjects of Mrs. Leighton's portraiture and paintings of nine of them will go abroad for the London showing. Vose recently purchased one of her works for his home collection.

GARDNER GROUP ELECTS

The Gardner Business Men's Association meeting at luncheon at the De Vil, elected the following officers for the ensuing term: President, Paul B. Kent, manager of the West Hollywood Branch of the California Bank; first vice-president, H. E. Burt, 1436 Sierra Bonita avenue; second vice-president, Franklin Richardson, 7520 Sunset Boulevard; secretary, Lulah J. Myers, librarian of the West Hollywood Branch Library; treasurer, A. W. Hoiz. The aim of the association is to increase the usefulness of the many enterprises centering around Gardner Junction.

FINAL RITES FOR JUDGE TOMORROW

York's Funeral Set for Presbyterian Church at 2:30 o'clock

Funeral services for Judge Waldo Marvin York, who died Wednesday at the family home, 1809 Virginia Road, will be conducted tomorrow afternoon at 2:30 o'clock at the First Presbyterian Church, Twentieth and Figueroa streets.

Dr. Hugh K. Walker, assisted by Dr. Lindsay McNair, will officiate at the services. Interment will be in the Inglewood Mausoleum.

Judge York's body will lie in state today and tomorrow morning in the Reed Brothers Company funeral parlors at 721 West Washington street.

He is survived by his wife, Clara Whitworth York, his daughter, Miss M. Jessie York, and his son, Judge John M. York.

Judge York died of heart disease aggravated by bronchitis after an illness of several weeks.

For many years he had been a leader of the bar and also was known for his poetical ability. He composed many verses that have received commendation of critics.

INDIANS TAKEN AFTER BATTLE

(Continued from First Page)

breaking it in. The fence gate was padlocked and resisted the car's impact. At the same time D'Avili opened fire on the car with a shotgun. The deputies ran, abandoning their car. They deployed around the place, calling for the D'Avillis to surrender additional forces then were called.

After waiting until darkness settled, Deputy Sheriff Thompson volunteered to creep up and recover the car. Searchlights were played on the shack from a number of automobiles to dazzle the besieged pair, while Thompson crept forward under cover of darkness. He had reached the car and was in the driver's seat preparing to back away when D'Avili popped up in the yard and let drive with his scattergun.

DEPUTY WOUNDED

Thompson was shot in one elbow. He made his escape on foot and was removed to the General Hospital.

Tear bombs were hurled by the deputies through windows into the shack. D'Avili and Angelita, carrying guns, walked out, leaving the bombs to burst in a deserted house. Then they returned and barricaded themselves. In the course of an hour fifteen deputies were surrounding the place. Then followed more shooting.

Deputy Sheriff Penpraise decided to call firemen to turn streams of water into the shack and drive the D'Avili pair into the open. After playing water from a fire hose on to the house for an hour and creating a miniature flood, officers abandoned the plan because it failed to have any effect upon the Indian couple's fort.

LIGHT SHOWERS LIKELY TODAY

(Continued from First Page)

season total to 10.15. Last year's figures were 12.64.

NORTHERN AREAS GET ADDITIONAL PRECEPITATION

SAN FRANCISCO, April 18. (Exclusive)—Light rains throughout Northern and Central California today, with the prospect of additional moisture tomorrow and snows in the Sierras, were greeted by farmers and cattle raisers with gratitude, according to reports to the Weather Bureau. Precipitation came from a storm area central over Oregon and moving slowly eastward and marked by winds of very moderate intensity.

Precipitation in inches reported up to 5 p.m. by northern stations:

	Last 24 hrs.	Season to date	Last year
Eureka	.02	25.78	28.62
Red Bluff	.02	13.97	21.39
Sacramento	.02	9.15	11.54
San Francisco	.30	14.27	19.38
San Jose	T.	8.54	9.91
Fresno	.02	7.03	6.75

Bullet Victim in Hollywood Hills Identified

The body of the man found shot to death in Hollywood hills off Beachwood Drive on the 6th inst., has been identified as Jack St. Claire, 32 years of age, formerly of Cleveland, O., according to Detective-Lieutenants Keynette and Sanderson, who completed their investigation last night.

The identification was made by the confirmation of several clews which included the tracing of letters found in his room, false teeth, and the clothing on the body. According to the detectives, they communicated with the man's sister, Mrs. Laura Krajewski of Cleveland, by addressing letters to several addresses found in his papers.

She wrote the Los Angeles officers that her brother's original name was Frank Jaskiewicz, born in Cleveland of Austrian descent. He changed his name legally in 1918, she said, and came to Hollywood to go into motion pictures.

The police are awaiting word from the man's sister as to disposition of the body.

Agents to Make Needles Arid

Needles, reputed oasis of the desert, yesterday was scheduled to be made arid, sans wine, sans moonshine and sans jollification. With eight warrants in their possession, Federal prohibition agents and Deputy United States Marshal Jones left for the border town.

It was stated that the dry agents intended to raid numerous places said to be speakeasies.

POLITICS

THE WATCHMAN

Trend of Political Thought and Action

—BY THE SHEIK OF THE BEAT—

Whether true in all particulars, the story related to The Watchman today by one of the Councilmanic candidates, and herewith repeated for the delight and pleasure of all who may care to read, is one of the best thus far developed in the municipal campaign.

It seems that an enterprising candidate for City Council purchased several bundles of ordinary building lath, sharpened the end of each lath and tacked upon the other end thereof a placard bearing the portrait, name and sundry political commitments of the candidate.

Having thus equipped himself, the candidate hired a truck, and, late one afternoon, drove through his district, planting his hand-made signs along the street at intervals of 100 feet or more. The effect is said to have been impressive.

However, so The Watchman is informed, this original plan of campaigning suffered a serious setback when most of the signs disappeared one evening between the setting and the rising of the sun. The consternation of the candidate was comparable only to his indignation and—later—suspicion that some of his more ruthless opponents had destroyed his handiwork out of malice and chagrin.

The truth of the matter, according to The Watchman's informant, may be discovered in the rear yard of a practical citizen whose chickens have given himself, and his neighbors, far more concern than the present outbreak of politics. In other words, it seems, a nice new chicken coop has been reared in the Councilmanic district where this novel lath-and-card method of campaign advertising first appeared. And it further seems that each lath in this substantial and efficient structure is, for no apparent reason at all, neatly and uniformly sharpened at one end.

Taking for his subject the assertion that a man's complete life should be an open book when he is running for high public office, Lloyd S. Nix, City Prosecutor and candidate for Mayor, yesterday spoke from a local radio broadcasting station.

With Roy Dunham, World War veteran in charge, headquarters for the Los Angeles County Council, United Veterans of the Republic, ex-service men's political organization, has been established at 624 South Olive street to campaign for the U.V.R. candidates in the coming primary, including John R. Quinn for Mayor, John S. Meyers for Controller, and Peirson M. Hall for City Attorney. The ten Municipal Court candidates indorsed by the veterans were honor guests at a meeting of the U.V.R. Luncheon Club at the Alexandria yesterday noon.

Headquarters for Councilman Ernest L. Webster, Third District, 607 South Western avenue, yesterday released the following indorsements of Mr. Webster's candidacy for re-election: Retail Grocers' Association, San Vicente Boulevard Association, Wilshire Boulevard Owners' Association, Los Angeles County Council of the United Veterans of the Republic, Judge Benjamin F. Bledsoe, Frank B. Belcher, Third Street Major Artery Association, Crenshaw District Improvement Association, International Union of Operating Engineers, Local No. 73, William M. Bearman, W. E. Jacobsen Company and G. D. Robertson Company.

The candidacy of John R. Quinn for Mayor was indorsed yesterday by Rev. John Albert Eby, D.D., pastor of the Wilshire Presbyterian Church, Third street and Western avenue.

The letter follows:

"I am slow to indorse candidates for political office. But when a man of your type, character and record consents to be a candidate for the very important office of Mayor of our city I feel it my privilege and duty to assure you of my hearty indorsement and my sincere hope for your success in the coming primary election.

"I have much admiration for some of the other candidates who are running for this office, but you undoubtedly have the best outlook for election and since you have all the fine, high qualifications for this great office, health, firmness, cleancut moral standards, a high sense of public righteousness and loyalty to our city and its people and the evident unbounded confidence of thousands of our best citizens, I want to join with your many friends in pledging you my hearty support in every way that I can help.

"My fellowship with you in past days only confirms and supports my judgment of your splendid adaptibility to the high position of Mayor of Los Angeles."

The conservation of fig, palm, eucalyptus and other trees typical of California, as is planned in a program now being outlined, yesterday was heartily indorsed by Councilman Charles H. Randall. He also recommended that such trees be planted and maintained along the main streets and highways in order to preserve the city's reputation of possessing beautiful tropical trees.

John S. Myers last night spoke before the United Veterans of the Republic at a special meeting in Patriotic Hall, to which he had been invited as the candidate whom they have indorsed for the office of city controller. He then briefly explained the duties of his office in controlling the finances of the city, the administration of the budget and the supervision of the accounting of the many departments of city government.

Notification was received at the Colden headquarters today that the East Wilmington Property Owners' Association unanimously has pledged its support for Councilman Charles J. Colden for Mayor, saying, "We freely and gladly offer our services in aiding him to win the nomination." It was signed by J. W. Patton, president, and W. J. Williams, secretary.

Overlapping and special assessments on property of Los Angeles home owners, especially in connection with the financing of the major traffic street plan, were pronounced an unmitigated evil yesterday by Boyle Workman, candidate for Mayor at the May 7 primaries.

"The main burden of the $317,000,000 bill for the major traffic street plan is being footed by the small home owner, the modest-salaried man and those citizens who are buying property on risky margins," Mr. Workman said. "Public funds are paying only [illegible] cent. of the [illegible]

[illegible] Mayor with [illegible] ing [illegible] over KMTR. [illegible] day at 6 p.m. [illegible] Monday between 1 and 2 [illegible] Saturday, the [illegible] KFI programs [illegible] Sunday, the [illegible] when [illegible] Monty, will [illegible] inst., at 7:30 p.m. [illegible] musical program [illegible] day, May 5, at [illegible] on Monday at 7:30 [illegible] be the evening [illegible] election and [illegible] his final address [illegible]

E. A. Meserve, [illegible] ney, yesterday [illegible] strongly indorsing [illegible] Donald Keith for City [illegible]

Unqualified [illegible] dustrialization of [illegible] tricts was voiced [illegible] Walter Kaye, Com[illegible] date from the Third [illegible] expressed himself as [illegible] opposed to the [illegible] quarry and crushing [illegible] Tract Canyon.

Wilmer E. Bowles, [illegible] youngest candidate [illegible] manic race, leading [illegible] teenth District, is [illegible] candidacy started [illegible] serve the people if [illegible]

Neal B. Olsen, candidate [illegible] Fourth District for the [illegible] came out against the [illegible] tization of the outside [illegible] ea Mountains yesterday [illegible] an important issue in [illegible] Olsen served as a member [illegible] City Council from 1921 to [illegible] ly indorsed by a number [illegible] provement and business [illegible] tions, and has been active [illegible] posting the progress of [illegible] his backers stated.

Indorsement by Municipal [illegible] well-known attorney of [illegible] dacy of Judge Guy P. [illegible] eed himself in Office [illegible] Municipal Court was announced [illegible] Judge Bush's supporters [illegible]

Judge R. Morgan [illegible] candidate to succeed him [illegible] vision No. 3 of the Municipal [illegible] yesterday received the [illegible] of the United Veterans [illegible] League and the Disabled [illegible] erans of the Twelfth Dist[illegible]

"Your work in the [illegible] bench, shows that you [illegible] fairness, impartiality and [illegible] temperament, rendered [illegible] office," said we feel [illegible] have made an excellent [illegible] bench should be retained [illegible] Harry Mangel, president [illegible] ganization. "We wish to [illegible] of the wholehearted [illegible] port of all members of [illegible] sation."

Judge Caldwell has received the indorsements of the [illegible] les Bar Association, [illegible] League, Colored Women's [illegible] san League, Eighth Street [illegible] tive League and the Ladies [illegible] erans of the Republic.

Many of the city's [illegible] ner civic leaders are [illegible] bers of the committee [illegible] the campaign of Judge [illegible] Carleton, former district [illegible] Montana, now a resident [illegible] ording to an announcement [illegible] ing from Carleton-for-Judge [illegible] quarters, which have been [illegible] 1110 C. C. Chamberlain [illegible]

The following is the complete list of the committee: [illegible] Arthur W. Bowles, C. C. [illegible] Merrill L. Granger, [illegible] Carl Hyde, Grover L. [illegible] McNamara, Robert [illegible] Mounger, W. W. Whitsett, [illegible] B. Green, Mrs. Alma [illegible] Mrs. Frank Spring, Mrs. [illegible] Schlosser, Mrs. John [illegible] Miss Ruth Sherry, Mrs. [illegible] Stearns, Mrs. R. E. [illegible] Harriet W. Wells, Mrs. [illegible] Mathers and John A. [illegible] campaign director.

That the City Council [illegible] robed of powers which [illegible] delegated to city commissions [illegible] statement of C. C. Young, [illegible] who is running for City [illegible] the Fifth District, and who [illegible] himself to work for an [illegible] to the city charter which [illegible] store authority to the [illegible] nounced.

"The City Council is a [illegible] body which, because [illegible] because its members [illegible] them and not responsible [illegible] We have had numerous [illegible] just how arbitrary and [illegible] our councilmen can be [illegible] are not amenable to the [illegible] the same room as our [illegible] here, and consequently [illegible] city to become [illegible] marked."

In Inglewood [illegible] election to office [illegible] nicipal Court, the [illegible] of the Republic [illegible] and organizations [illegible] believe that to [illegible] and organizations [illegible] both as a county [illegible] as a member of the [illegible] Committee, it was [illegible] day by George [illegible] of the co-workers [illegible] tion.

"Mr. Thomas [illegible] equipped attorney [illegible] he [illegible] who will [illegible] clean, honest and [illegible] ment." Mr. Gilmore [illegible] ord is above [illegible] ice to the city [illegible] uable."

Youth Arrested in Plunder Fo[illegible]

Recovery of [illegible] clothing and jewelry [illegible] detectives last night [illegible] arrest of Harry [illegible] of age, who [illegible] East First street [illegible] and Lyon [illegible] of burglary [illegible] who booked [illegible] of burglary [illegible] valuables [illegible]

Gaines is [illegible] detectives [illegible] at Fifth and [illegible] after they [illegible] stolen goods [illegible]
